

Day 18: Choosing chords for a melody

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: “Harmonising a melody is like choosing the right shoes for each step: each chord must contain its note, and the walk has to make sense.”

- Exam question 2 gives a melody and asks for chords, either as Roman numerals or chord symbols, or as a bass line with figures.
- For each melody note, list the chords that contain it. In C major, E could be I (C-E-G), III or VI (A-C-E).
- Then choose: start on I, plan the cadence, and use a mix of I, II, IV, V and VI with some inversions.
- Change chord on each beat, or as the question asks. Avoid V going to IV. Use the same chord across a bar line only rarely.

Worked example

Choose chords for the melody E-D-C in C major (a perfect cadence).

1. E: I, III or VI. D: II, V or V7. C: I, IV or VI.
2. For a perfect cadence end V-I.
3. So: I (or VI) – V – I.

Watch out for

- A chord that doesn't contain its melody note.
- V going to IV.

In the exam: Question 2 asks for chords (Roman numerals or chord symbols) or a bass with figures.

Show him these cards

1

For each melody note, list the chords that contain it. In C major, E is in I (C-E-G), III and VI (A-C-E).

2

Plan the cadence first, then work backwards to the start.

3

Use I, II, IV, V and VI, with some inversions. V can go to I or VI, but not to IV.

3 · DO TOGETHER (10 MIN)

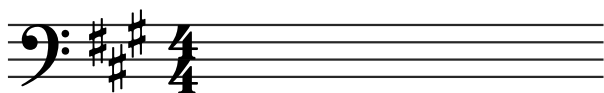

- Take a six-note melody and list every chord that fits each note. Then choose a route through it.

Four questions to work through together

1. Choose a chord for each beat, ending with a perfect cadence. (A major)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

Answer: One good answer: I - IV - IIb - Ic - V7 - I.

2. Which chords fit the last 2 melody notes (A, B) and make a plagal cadence? (C minor)

A. V - Ic

B. IV - I

C. Ic - Ic

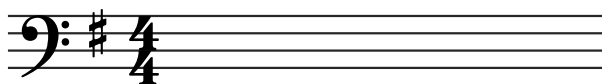

D. V7 - V7

Answer: IV - I. The melody notes are A $\flat$, G. IV (F-A $\flat$ -C) contains A $\flat$; I (C-E $\flat$ -G) contains G. The wrong answers each have a chord without its melody note.

3. Choose a chord for each beat, ending with an interrupted cadence. (G major)

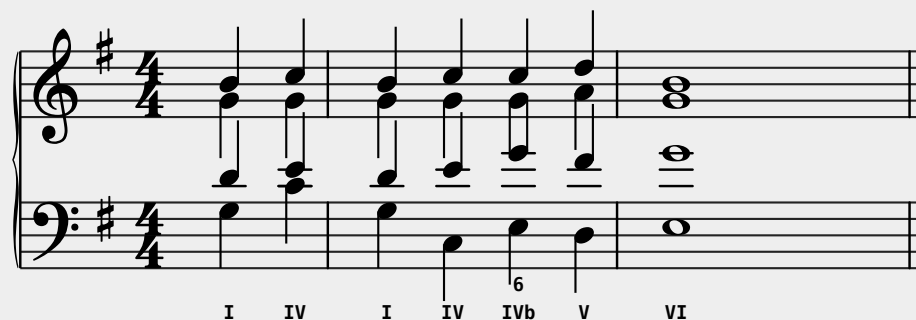

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

Answer: One good answer: I - IV - I - IV - IVb - V - VI.

4. Which chords fit the last 2 melody notes (A, B) and make a perfect cadence? (C major)

A. Ib - Ic

B. V7 - I

C. I - IIb

D. IIb - IV

Answer: V7 - I. The melody notes are B, C. V7 (G-B-D-F) contains B; I (C-E-G) contains C. The wrong answers each have a chord without its melody note.

4 • ON HIS OWN (12 MIN)

- Harmonise a melody game.

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Chord detective: you play a melody note; he names three chords that contain it.

MOVE ON WHEN

He harmonises a short melody with chords that fit and a sensible progression.

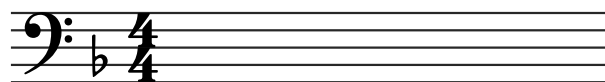

Philip's worksheet · Day 18

Name _____ Date _____ Score ____ / 8

1. Choose a chord for each beat, ending with a perfect cadence. (D minor)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

2. Which chords fit the last 2 melody notes (A, B) and make a plagal cadence? (D major)

A. Ic - I

B. IV - I

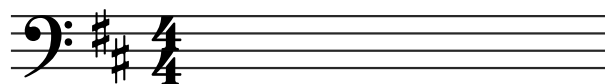

C. V - IV

D. I - II

3. Choose a chord for each beat, ending with a plagal cadence. (B minor)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

4. Which chords fit the last 2 melody notes (A, B) and make an imperfect cadence? (E minor)

A. IV - V

B. Ic - IIb

C. Ic - V

D. I - V7

5. Which chords fit the last 2 melody notes (A, B) and make an imperfect cadence? (C major)

A. V - I

B. Ic - Ic

C. I - Ib

D. IV - V

6. Which chords fit the last 2 melody notes (A, B) and make an interrupted cadence? (E $\flat$ major)

A. IIb - V7

B. Ib - IV

C. V7 - VI

D. Ib - I

7. Which chords fit the last 2 melody notes (A, B) and make a plagal cadence? (A minor)

A. Ic - V7

B. I - Ic

C. IV - I

D. IIb - IIb

8. Which chords fit the last 2 melody notes (A, B) and make a perfect cadence? (C $\sharp$ minor)

A. V - I

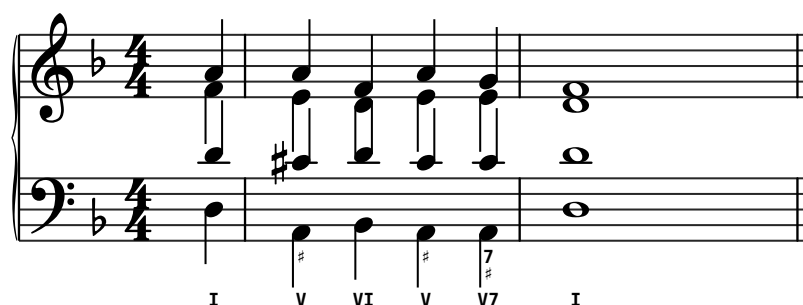

B. VI - IV

C. IV - IV

D. Ic - VI

ANSWERS (FOR MUM)

1. One good answer: I - V - VI - V - V7 - I.

2. **B: IV - I.** The melody notes are B, A. IV (G-B-D) contains B; I (D-F-A) contains A. The wrong answers each have a chord without its melody note.

3. One good answer: I - IIb - V - V7 - I - Ib - IV - I.

4. **A: IV - V.** The melody notes are A, F#. IV (A-C-E) contains A; V (B-D-F#) contains F#. The wrong answers each have a chord without its melody note.
5. **D: IV - V.** The melody notes are A, G. IV (F-A-C) contains A; V (G-B-D) contains G. The wrong answers each have a chord without its melody note.
6. **C: V7 - VI.** The melody notes are F, Eb. V7 (Bb-D-F-Ab) contains F; VI (C-Eb-G) contains Eb. The wrong answers each have a chord without its melody note.
7. **C: IV - I.** The melody notes are D, C. IV (D-F-A) contains D; I (A-C-E) contains C. The wrong answers each have a chord without its melody note.
8. **A: V - I.** The melody notes are G#, G#. V (G#-B#-D#) contains G#; I (C#-E-G#) contains G#. The wrong answers each have a chord without its melody note.

Day 19: Cadence points in a melody

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: "Find the punctuation first: where the melody breathes and where it ends."

- Find the cadences first: at the end of each phrase (often bars 4 and 8).
- Melody 2-1 or 7-8 at the end: perfect cadence (V-I). Melody 3-2-1: Ic-V-I. Melody ending on 2, 5 or 7: imperfect cadence (ends on V). Melody 1-1 or 8-8: plagal (IV-I) is possible.
- The chord before the cadence matters: IIb, IV or Ic lead into V well.

Worked example

A melody ends G-F-E in C major. Which cadence?

1. E is note 3, F is 4, G is 5. Ends on 3.
2. 3 fits I: so a perfect cadence (V-I) under F-E? F is in V7 (G-B-D-F).
3. So: I - V7 - I.

Watch out for

- Choosing V for a melody note that isn't in V.
- Forgetting that 7 must rise to 8 at a perfect cadence.

In the exam: Cadence points are usually at bars 4 and 8.

Show him these cards

1

Melody 2-1 or 7-8 at the end:
perfect cadence (V-I).

2

Melody 3-2-1: Ic-V-I.

3

Melody ending on 2, 5 or 7:
imperfect (ends on V).

4

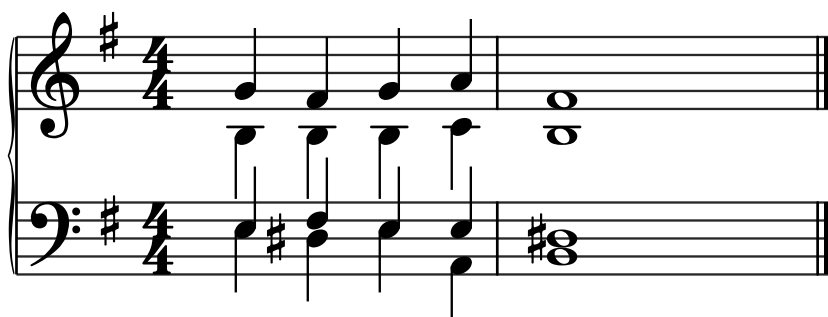

The chord before the cadence: IIb,
IV or Ic.

3 · DO TOGETHER (10 MIN)

- Mark the cadence points in three melodies and choose chords for them.

Four questions to work through together

1. Name the cadence at the end of this passage in E minor.

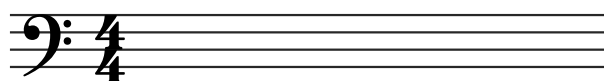

- A. perfect B. plagal C. imperfect D. interrupted

Answer: imperfect. The last two chords are IV and V: ending on V is an imperfect cadence.

2. Choose a chord for each beat, ending with an imperfect cadence. (C major)

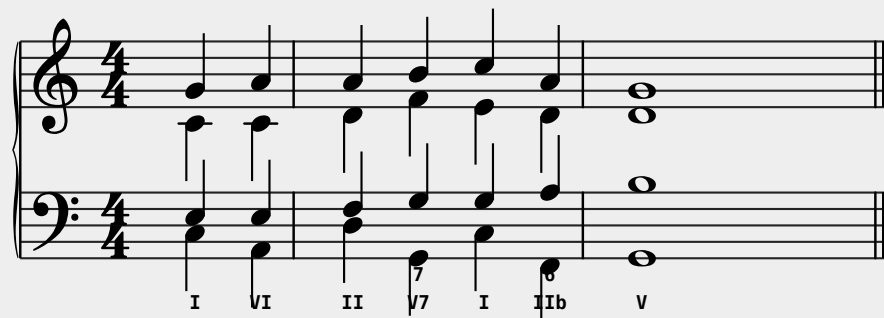

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

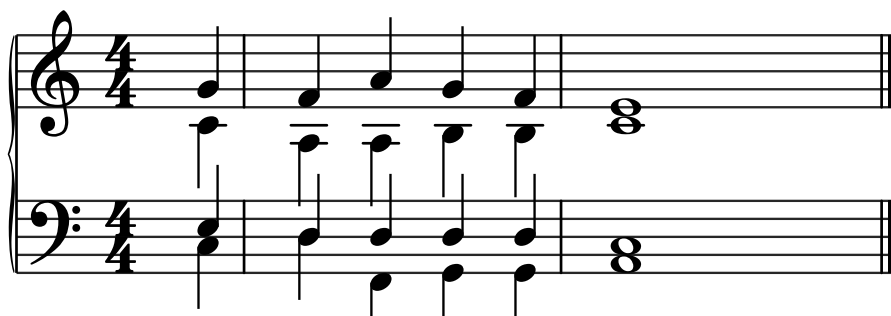

Or write a bass line with figures on the staff above.

Answer: One good answer: I - VI - II - V7 - I - IIb - V.

3. Name the cadence at the end of this passage in C major.

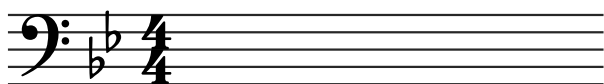

- A. perfect B. interrupted C. imperfect D. plagal

Answer: interrupted. The last two chords are V7 and VI: V-VI is an interrupted cadence.

4. Choose a chord for each beat, ending with an imperfect cadence. (G minor)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

Answer: One good answer: I - VI - V - VI - IIb - V7 - I - V.

4 • ON HIS OWN (12 MIN)

- Cadences game: which chords fit these melody notes?

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Cadence guessing: play the last three notes of a tune; he names the cadence and the chords.

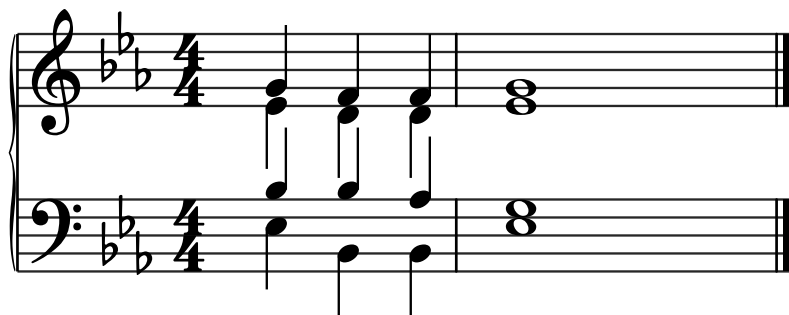

MOVE ON WHEN

He finds the cadences in a melody and chooses chords that fit them.

Philip's worksheet · Day 19

Name _____ Date _____ Score ____ / 8

1. Name the cadence at the end of this passage in E $\flat$ major.

A. interrupted

B. perfect

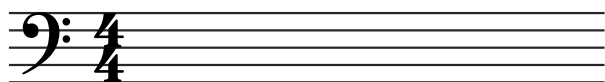

C. plagal

D. imperfect

2. Choose a chord for each beat, ending with an interrupted cadence. (C major)

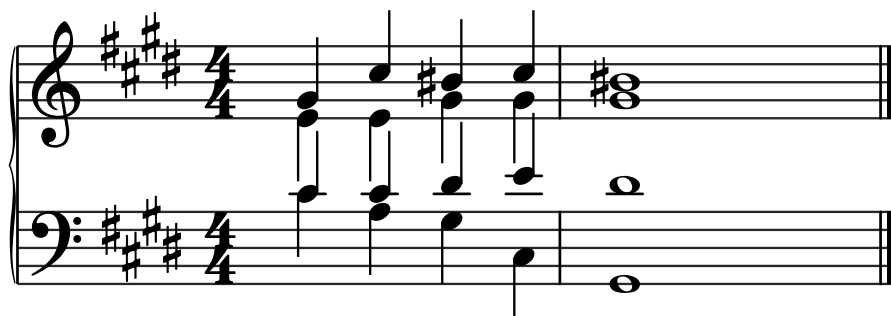

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

3. Name the cadence at the end of this passage in C $\sharp$ minor.

A. imperfect

B. perfect

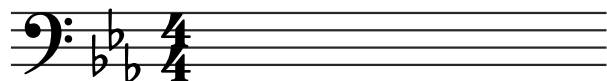

C. interrupted

D. plagal

4. Choose a chord for each beat, ending with a plagal cadence. (C minor)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

5. Which chords fit the last 2 melody notes (A, B) and make a perfect cadence? (G major)

A. V - I

B. IIb - V7

C. IIb - II

D. Ib - V7

6. Which chords fit the last 2 melody notes (A, B) and make a perfect cadence? (E minor)

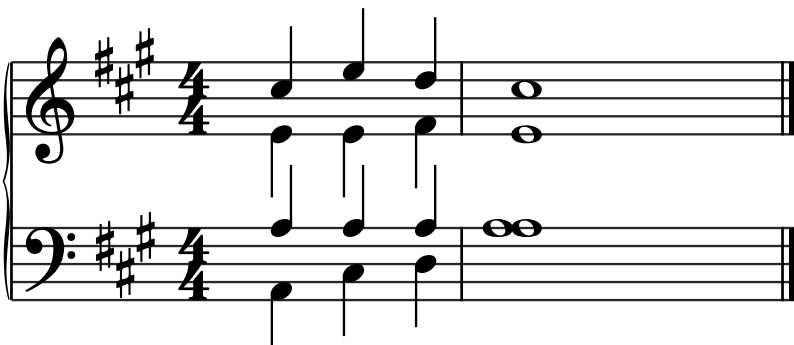

A. V - IIb

B. Ic - Ib

C. V7 - I

D. V - IV

7. Name the cadence at the end of this passage in A major.

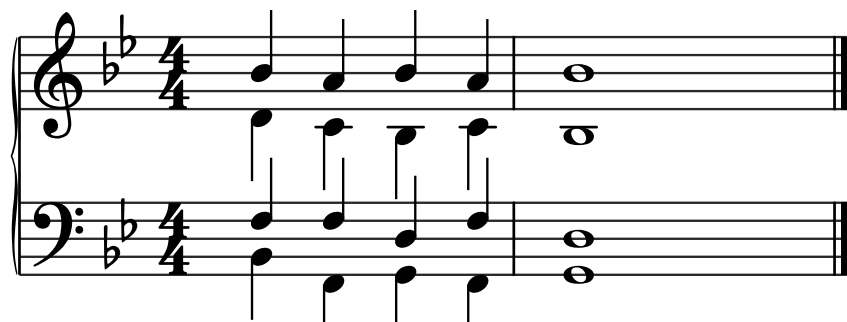

A. perfect

B. plagal

C. imperfect

D. interrupted

8. Name the cadence at the end of this passage in B $\flat$ major.

A. interrupted

B. perfect

C. plagal

D. imperfect

ANSWERS (FOR MUM)

1. **B: perfect.** The last two chords are V7 and I: V-I is a perfect cadence.

2. **One good answer: I - V7b - I - II - V7 - VI.**

I V7b I II V7 VI

3. **A: imperfect.** The last two chords are I and V: ending on V is an imperfect cadence.

4. **One good answer: I - IIb - V7 - VI - V - I - IV - I.**

I IIb V7 VI V I IV I

5. **A: V - I.** The melody notes are D, B. V (D-F#-A) contains D; I (G-B-D) contains B. The wrong answers each have a chord without its melody note.

6. **C: V7 - I.** The melody notes are A, G. V7 (B-D#-F#-A) contains A; I (E-G-B) contains G. The wrong answers each have a chord without its melody note.

7. **B: plagal.** The last two chords are IV and I: IV-I is a plagal cadence.

8. **A: interrupted.** The last two chords are V and VI: V-VI is an interrupted cadence.

Day 20: Adding a bass line and figures

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: “The bass is the second most important line. Make it a good tune in its own right, moving against the melody.”

- The other way to answer question 2: write a bass line under the melody, with figures to show the chords.
- A good bass moves in contrary motion to the melody, mixes steps and leaps, and lands on the root at cadences.
- Check outer parts: no consecutive 5ths or octaves between melody and bass.
- The figures follow the chords: 6 for first inversion, 6/4 for Ic, 7 for V7 and so on.

Worked example

Melody E-D-C in C major: write a bass with figures.

1. Chords I – V – I (a perfect cadence needs V and I both in root position).
2. Bass C – G – C. Check the outer parts: E over C (a 3rd), D over G (a 5th), C over C (an octave): no consecutive 5ths or octaves.
3. Let the bass leap against the melody's steps. In the middle of a phrase, Vb (bass B, figure 6) is a smooth alternative, but not at a perfect cadence.

Watch out for

- The bass moving in parallel with the melody.
- Figures that don't match the chord.

In the exam: Question 2 lets you choose: chords as numerals or symbols, or a bass with figures.

Show him these cards

1

A good bass moves in contrary motion to the melody, mixes steps and leaps, and has the root at cadences.

2

Watch the outer parts: no consecutive 5ths or octaves between melody and bass.

3

Add figures to show the chord: 6 for first inversion, 6/4 for Ic, 7 for V7.

4

Exam melodies often have a quaver after the beat: a passing

or auxiliary note. Choose the chord for the beat note and ignore the decoration.

3 · DO TOGETHER (10 MIN)

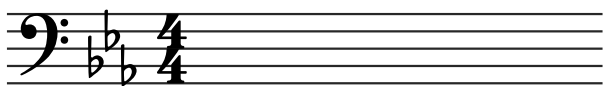

- Take yesterday's melodies and write a bass with figures under one of them.

Four questions to work through together

1. Choose a chord for each beat, ending with a perfect cadence. (C minor)

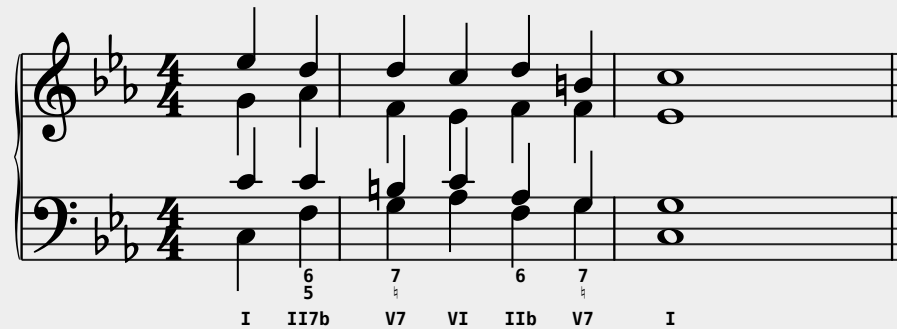

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

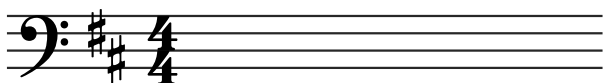

Answer: One good answer: I - II7b - V7 - VI - IIb - V7 - I.

2. Choose a chord for each beat, ending with a plagal cadence. (D major)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

Answer: One good answer: I - Vb - I - V7 - I - VI - IV - I.

3. Which chords fit the last 3 melody notes (A, B, C) and make a perfect cadence? (A major)

A. II - II - V

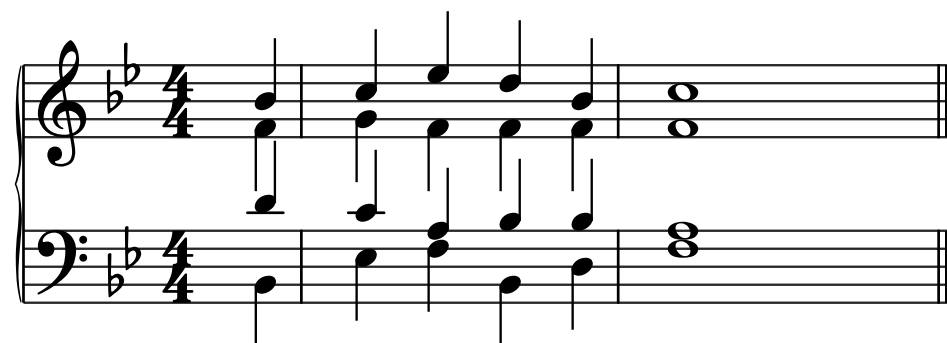

B. Ic - V7 - I

C. IIb - IIb - IIb

D. VI - Ic - II

Answer: Ic - V7 - I. The melody notes are A, G#, A. Ic (A-C#-E) contains A; V7 (E-G#-B-D) contains G#; I (A-C#-E) contains A. The wrong answers each have a chord without its melody note.

4. Name the cadence at the end of this passage in Bb major.

A. perfect

B. plagal

C. interrupted

D. imperfect

Answer: imperfect. The last two chords are Ib and V: ending on V is an imperfect cadence.

- Harmonise a melody: after each answer, look at the bass line and figures the app shows.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Bass line race: same melody, two bass lines; you and him, then compare.

MOVE ON WHEN

His bass lines move against the melody and his figures match the chords.

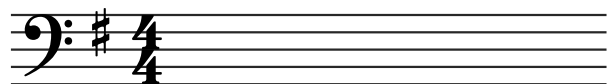

Philip's worksheet · Day 20

Name _____ Date _____ Score ____ / 8

1. Choose a chord for each beat, ending with an imperfect cadence. (E minor)

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

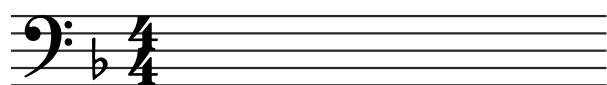

Or write a bass line with figures on the staff above.

2. Choose a chord for each beat, ending with a plagal cadence. (F major)

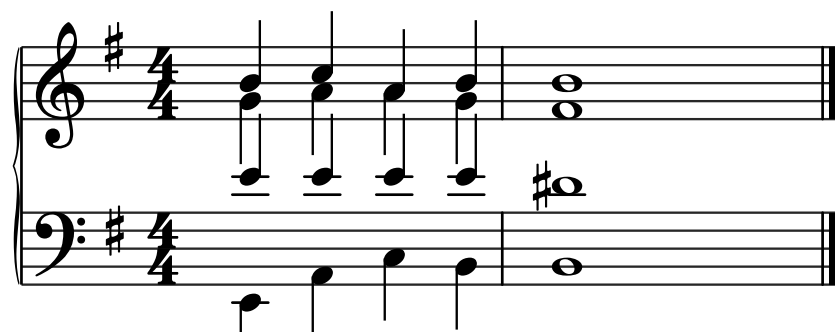

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

3. Name the cadence at the end of this passage in E minor.

A. plagal

B. imperfect

C. perfect

D. interrupted

4. Which chords fit the last 2 melody notes (A, B) and make an imperfect cadence? (C major)

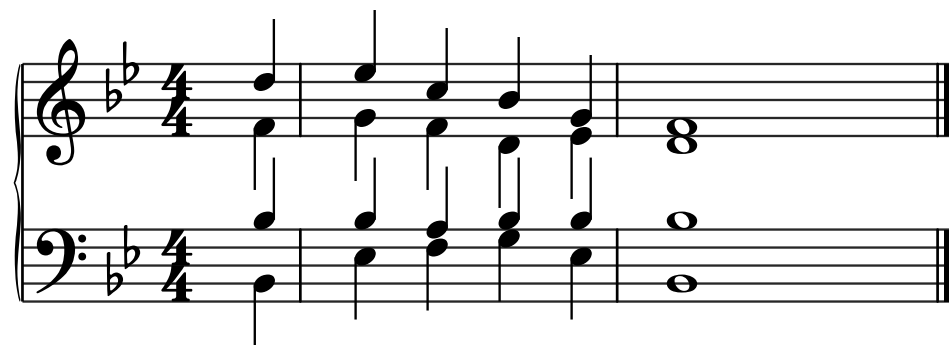

A. Ic - I

B. I - II

C. V - I

D. Ib - V

5. Name the cadence at the end of this passage in B $\flat$ major.

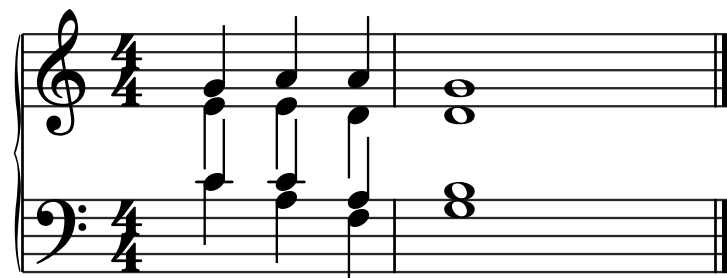

A. interrupted

B. plagal

C. imperfect

D. perfect

6. Name the cadence at the end of this passage in C major.

A. imperfect

B. perfect

C. interrupted

D. plagal

7. Which chords fit the last 3 melody notes (A, B, C) and make a perfect cadence? (A major)

A. IV - V7 - II

B. II - I $\flat$ - V

C. I $\flat$ c - V7 - I

D. IV - I $\flat$ c - V

8. Which chords fit the last 2 melody notes (A, B) and make an imperfect cadence? (B $\flat$ major)

A. II $\flat$ - V

B. IV - IV

C. II - VI

D. V7 - I

ANSWERS (FOR MUM)

1. One good answer: I - IV - V7 - VI - IV - I - IIb - V.

2. One good answer: I - II7b - V - I - IV - I.

3. **B: imperfect.** The last two chords are Ic and V: ending on V is an imperfect cadence.
4. **D: Ib - V.** The melody notes are G, B. Ib (C-E-G) contains G; V (G-B-D) contains B. The wrong answers each have a chord without its melody note.
5. **B: plagal.** The last two chords are IV and I: IV-I is a plagal cadence.
6. **A: imperfect.** The last two chords are IIb and V: ending on V is an imperfect cadence.
7. **C: Ic - V7 - I.** The melody notes are C#, B, C#. Ic (A-C#-E) contains C#; V7 (E-G#-B-D) contains B; I (A-C#-E) contains C#. The wrong answers each have a chord without its melody note.
8. **A: IIb - V.** The melody notes are C, A. IIb (C-Eb-G) contains C; V (F-A-C) contains A. The wrong answers each have a chord without its melody note.

Day 21: Notes outside the chord: passing, auxiliary and changing notes

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: "Composers decorate melodies with notes that aren't in the chord. Each kind has a name, and you can tell them apart by how they move."

- Melodies often include notes that aren't in the chord.
- A passing note fills the gap between two chord notes a 3rd apart, by step, usually on a weak beat.
- An auxiliary note steps away from a chord note and comes straight back.
- Changing notes are two notes, one above and one below the chord note, before it returns.
- In the exam you're asked to name them and sometimes to add them to a melody.

Worked example

C major chord. Melody C-D-E. What is D?

1. C and E are in the chord.
2. D is between them, approached and left by step.
3. It's a passing note.

Watch out for

- Calling an auxiliary note a passing note: it comes back to where it started.
- Naming the chord using a passing note.

In the exam: Score questions ask you to name a marked note, or to find one.

Show him these cards

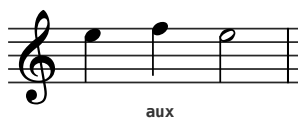

1

A passing note fills the gap between two chord notes a 3rd apart, by step.

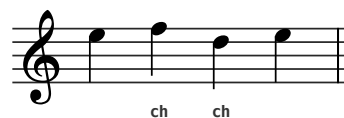

2

An auxiliary note steps away from a chord note and comes straight back.

3

Changing notes: one above and one below the chord note, then back to it.

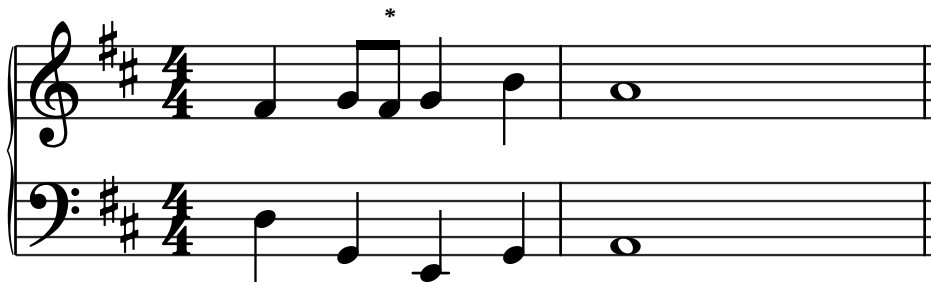

3 · DO TOGETHER (10 MIN)

- Find the passing and auxiliary notes in two melodies from the lesson pack.

Four questions to work through together

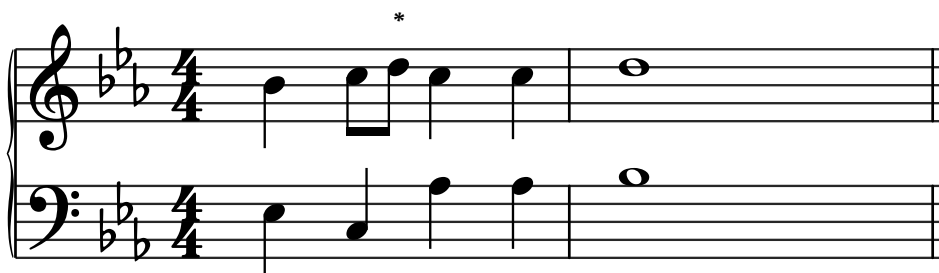

1. The note marked * is which kind of note? (D major)

- A. passing note B. auxiliary note C. changing notes D. appoggiatura

Answer: auxiliary note. An auxiliary note steps away from a chord note and comes straight back to it.

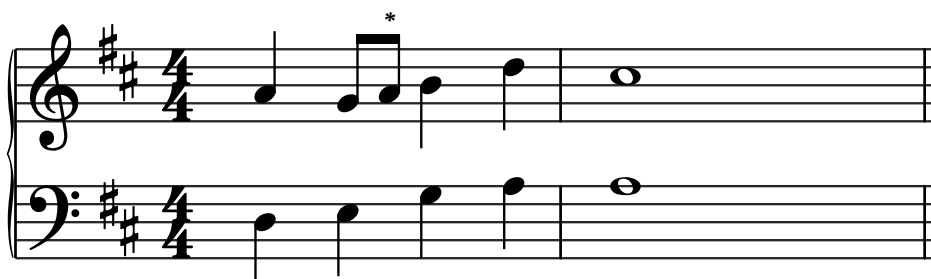

2. The note marked * is which kind of note? (E $\flat$ major)

- A. auxiliary note B. appoggiatura C. changing notes D. passing note

Answer: auxiliary note. An auxiliary note steps away from a chord note and comes straight back to it.

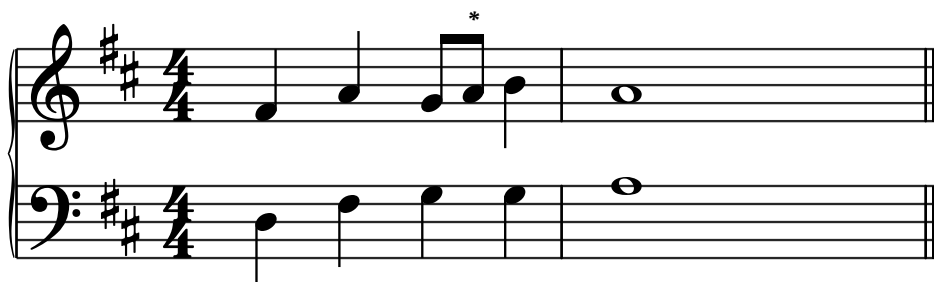

3. The note marked * is which kind of note? (D major)

- A. changing notes B. passing note C. appoggiatura D. auxiliary note

Answer: passing note. A passing note fills the gap between two chord notes a 3rd apart, by step.

4. The note marked * is which kind of note? (D major)

A. passing note

B. changing notes

C. appoggiatura

D. auxiliary note

Answer: passing note. A passing note fills the gap between two chord notes a 3rd apart, by step.

4 • ON HIS OWN (12 MIN)

- Passing notes and more game.

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Decorate it: take a plain tune and add one passing and one auxiliary note.

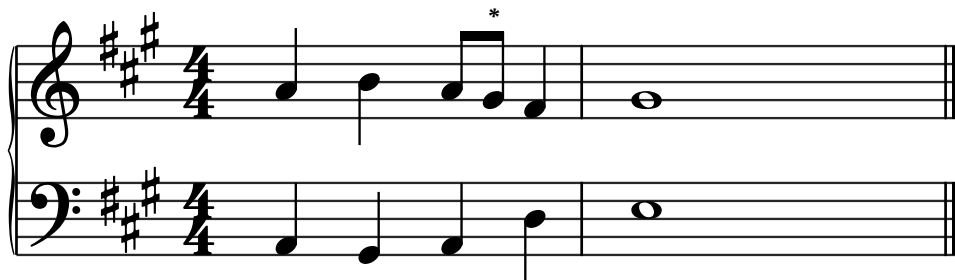

MOVE ON WHEN

He names passing, auxiliary and changing notes correctly.

Philip's worksheet · Day 21

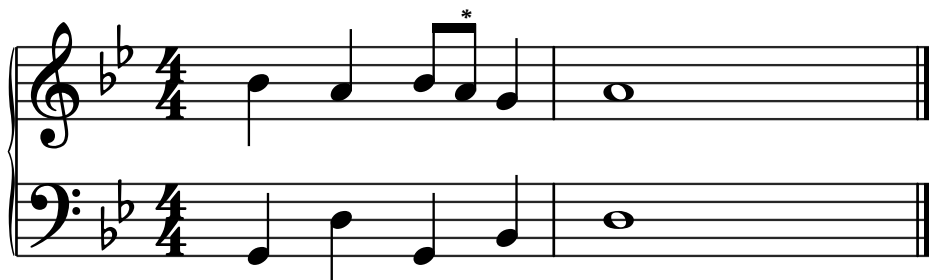

Name _____ Date _____ Score ____ / 8

1. The note marked * is which kind of note? (A major)

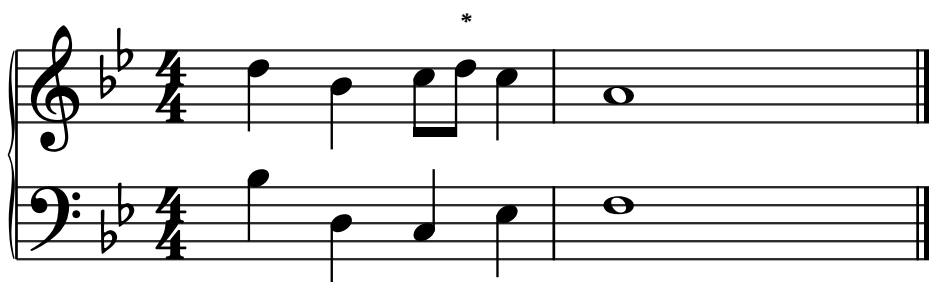

- A. passing note B. auxiliary note C. appoggiatura D. changing notes

2. The note marked * is which kind of note? (G minor)

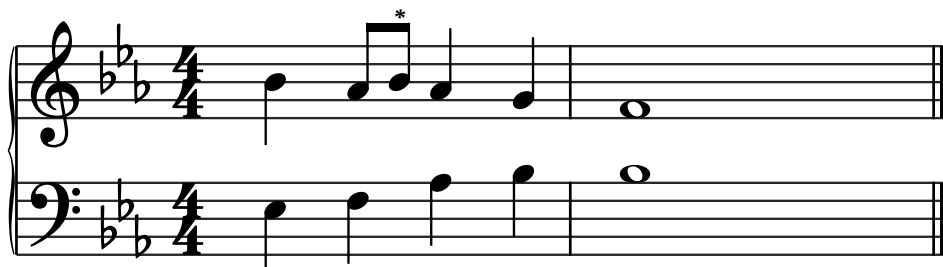

- A. passing note B. appoggiatura C. auxiliary note D. changing notes

3. The note marked * is which kind of note? (Bb major)

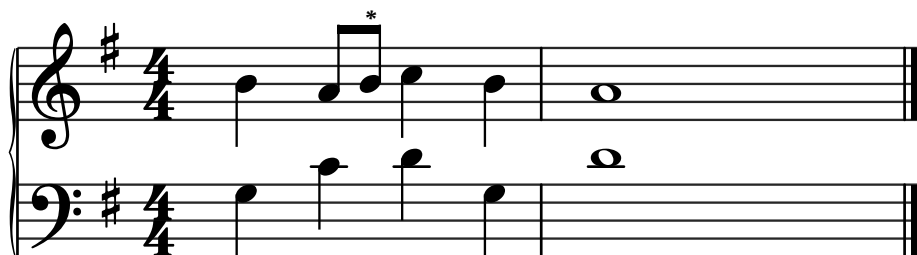

- A. auxiliary note B. appoggiatura C. changing notes D. passing note

4. The note marked * is which kind of note? (Eb major)

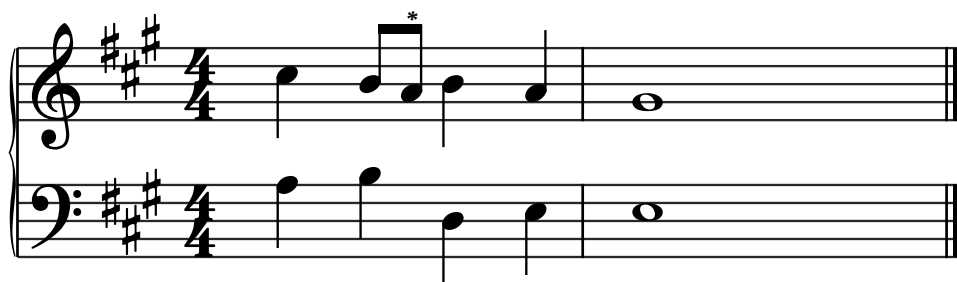

- A. appoggiatura B. auxiliary note C. passing note D. changing notes

5. The note marked * is which kind of note? (G major)

- A. appoggiatura B. passing note C. auxiliary note D. changing notes

6. The note marked * is which kind of note? (A major)

- A. passing note B. appoggiatura C. auxiliary note D. changing notes

7. The note marked * is which kind of note? (A major)

- A. passing note B. appoggiatura C. changing notes D. auxiliary note

8. The two notes marked * are which kind of note? (G major)

- A. appoggiatura B. changing notes C. auxiliary note D. passing note

ANSWERS (FOR MUM)

1. **A: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
2. **A: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
3. **A: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
4. **B: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
5. **B: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
6. **C: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
7. **A: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
8. **B: changing notes.** Changing notes are a pair: one above and one below the chord note, before returning to it.

Day 22: Appoggiaturas, suspensions and anticipations

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: “These are the expressive ones: an appoggiatura leans, a suspension holds on and lets go, and an anticipation jumps the gun.”

- An appoggiatura falls ON the beat: a clash, often approached by a leap, that resolves by step to the chord note.
- A suspension holds a note over from the previous chord (the preparation), clashes on the beat (the suspension) and then falls by step (the resolution). Common ones: 4-3, 7-6 and 9-8.
- An anticipation sounds a note of the next chord early, just before the chord changes.

Worked example

A note is tied over the bar line, clashes with the new chord, then steps down. What is it?

1. It was prepared in the previous chord.
2. It clashes on the strong beat.
3. It resolves down by step: a suspension.

Watch out for

- Mixing up appoggiatura (struck on the beat) and suspension (held over).
- Forgetting that an anticipation belongs to the next chord.

In the exam: You may need to name these in a score question.

Show him these cards

1

Appoggiatura: a clash ON the beat, usually approached by a leap, that falls (or rises) by step to the chord note.

2

Suspension: a note held over from the chord before (preparation), clashing on the beat (suspension), then falling by step (resolution). 4-3 and 7-6 are common.

3

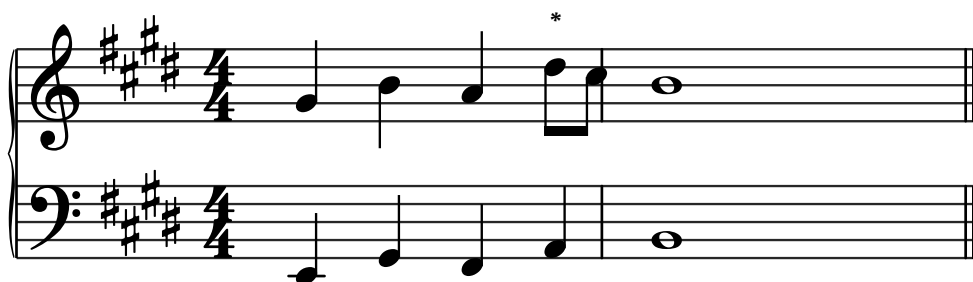

Anticipation: a note of the NEXT chord, sounded just before the chord changes.

3 · DO TOGETHER (10 MIN)

- Find each kind in the lesson pack examples and label them.

Four questions to work through together

1. The note marked * is which kind of note? (E major)

A. passing note

B. auxiliary note

C. suspension

D. appoggiatura

Answer: appoggiatura. An appoggiatura leans on the beat: it's a clash on the strong part of the beat that then falls (or rises) by step to the chord note.

2. The note marked * is which kind of note? (E $\flat$ major)

A. auxiliary note

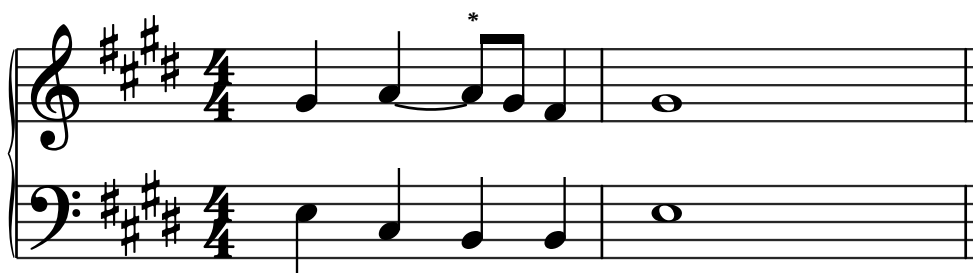

B. suspension

C. passing note

D. changing notes

Answer: passing note. A passing note fills the gap between two chord notes a 3rd apart, by step.

3. The note marked * is which kind of note? (E major)

A. suspension

B. anticipation

C. auxiliary note

D. changing notes

Answer: suspension. A suspension holds a note over from the chord before (prepared), clashes on the beat, then resolves down by step.

4. The note marked * is which kind of note? (A $\flat$ major)

A. appoggiatura

B. auxiliary note

C. anticipation

D. passing note

Answer: appoggiatura. An appoggiatura leans on the beat: it's a clash on the strong part of the beat that then falls (or rises) by step to the chord note.

4 • ON HIS OWN (12 MIN)

- Passing notes and more game.

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Clash or not? You play a melody note over a chord; he says if it belongs.

MOVE ON WHEN

He tells all six kinds of note apart.

Philip's worksheet · Day 22

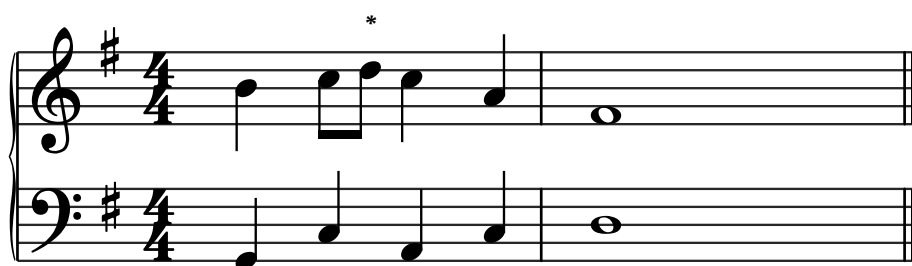

Name _____ Date _____ Score ____ / 8

1. The note marked * is which kind of note? (F major)

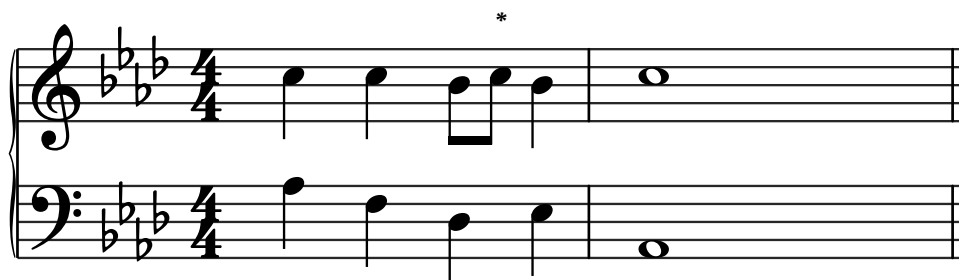

- A. changing notes B. appoggiatura C. suspension D. passing note

2. The note marked * is which kind of note? (G major)

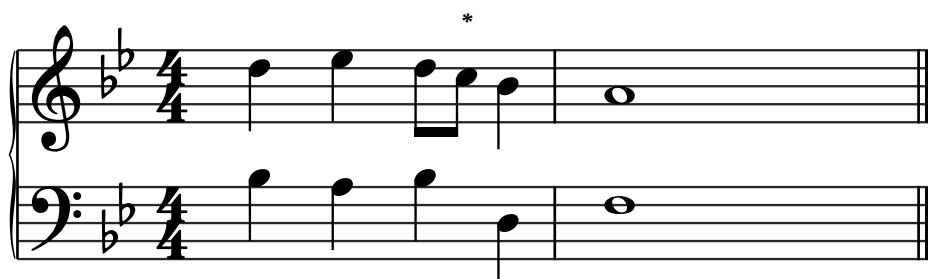

- A. suspension B. passing note C. auxiliary note D. appoggiatura

3. The note marked * is which kind of note? (Ab major)

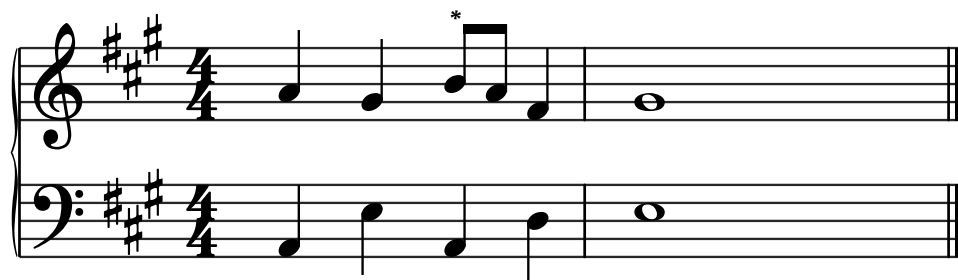

- A. passing note B. appoggiatura C. suspension D. auxiliary note

4. The note marked * is which kind of note? (Bb major)

- A. anticipation B. passing note C. auxiliary note D. appoggiatura

5. The note marked * is which kind of note? (A major)

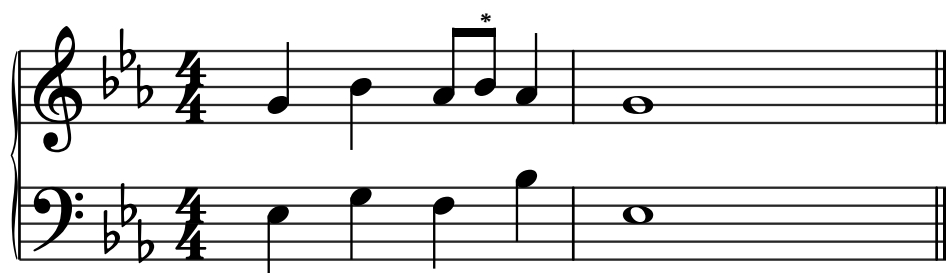

A. appoggiatura

B. anticipation

C. changing notes

D. suspension

6. The note marked * is which kind of note? (E♭ major)

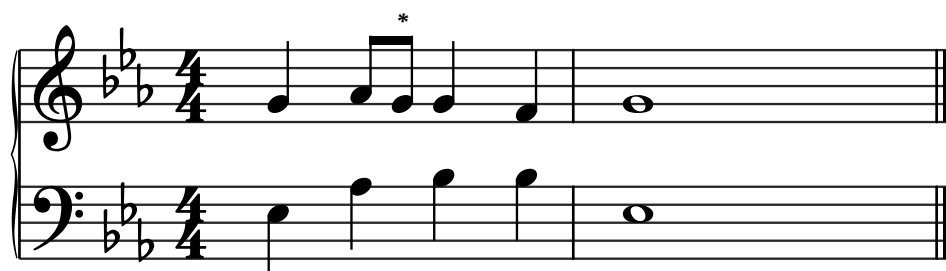

A. anticipation

B. auxiliary note

C. passing note

D. suspension

7. The note marked * is which kind of note? (E♭ major)

A. anticipation

B. appoggiatura

C. passing note

D. auxiliary note

8. The two notes marked * are which kind of note? (D major)

A. changing notes

B. passing note

C. appoggiatura

D. suspension

ANSWERS (FOR MUM)

1. **D: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
2. **C: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
3. **D: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
4. **B: passing note.** A passing note fills the gap between two chord notes a 3rd apart, by step.
5. **A: appoggiatura.** An appoggiatura leans on the beat: it's a clash on the strong part of the beat that then falls (or rises) by step to the chord note.
6. **B: auxiliary note.** An auxiliary note steps away from a chord note and comes straight back to it.
7. **A: anticipation.** An anticipation sounds a note of the NEXT chord early, before the chord changes.
8. **A: changing notes.** Changing notes are a pair: one above and one below the chord note, before returning to it.

Day 23: Modulation: related keys and how music changes key

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: "Music loves to travel to nearby keys and come home. The accidentals are the road signs."

- Most melodies in the exam modulate: they move to a related key and back.
- Closely related keys: the dominant, the subdominant, the relative, and their relatives. From C major: G major, F major, A minor, E minor and D minor.
- A modulation is shown by a new accidental: usually the new key's leading note. In C major, an F# suggests G major; a G# suggests A minor.
- A pivot chord belongs to both keys and links them: in C to G, A minor is VI in C and II in G.
- To harmonise a modulating melody: spot the new accidental, choose a pivot chord (a chord in both keys) just before it, then name the chords after it in the new key, ending V-I there. From today some Chords for a melody questions do this.

Worked example

A melody in D major starts using G#. Where has it gone?

1. G# is the leading note of A.
2. A major is D's dominant.
3. So it has modulated to A major.

Watch out for

- Thinking every accidental means a modulation (some are just chromatic decoration).
- Forgetting minor keys modulate to the relative major.
- Harmonising the new accidental with a chord from the old key: F# in a C major melody needs D major (V in G), not a C major chord.

In the exam: Score questions ask which key a passage moves to; a modulation makes a question 3 melody stronger.

Show him these cards

1

Related keys of C major: G major (dominant), F major (subdominant), A minor (relative), E minor and D minor.

2

A new accidental near a cadence shows the new key: F# in C major points to G major; G# points to A minor.

3

A pivot chord belongs to both keys: A minor is VI in C and II in G.

4

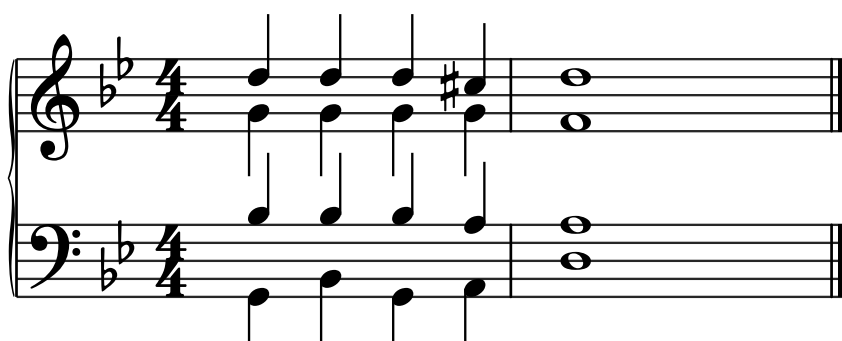

Harmonising a melody that modulates: find the new accidental, choose a pivot chord just before it, then name every chord after it in the new key. End with V-I in the new key.

3 · DO TOGETHER (10 MIN)

- List the related keys of three keys.
- Find where two melodies modulate, and to which key.

Four questions to work through together

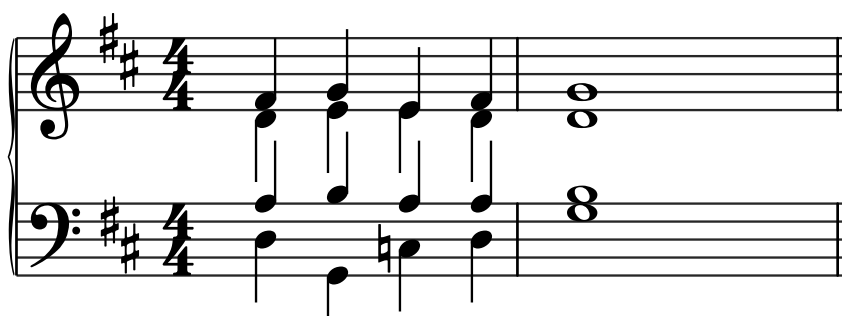

1. This passage starts in G minor. Which key does it end in?

- A. B♭ major B. D minor C. F major D. C minor

Answer: D minor. It ends with a perfect cadence in D minor: A-C♯-E-G then D-F-A. Look for the new accidental: C♯ is the new key's leading note.

2. This passage starts in D major. Which key does it end in?

- A. D major B. A major C. E minor D. G major

Answer: G major. It ends with a perfect cadence in G major: D-F♯-A then G-B-D. Look for the new accidental: F♯ is the new key's leading note.

3. What is the dominant key of G minor?

- A. F major B. D major C. D minor D. F minor

Answer: D minor. The dominant key is built on note 5: D minor.

4. This passage starts in B $\flat$ major. Which key does it end in?

A. F major

B. E $\flat$ major

C. C minor

D. B $\flat$ major

Answer: E $\flat$ major. It ends with a perfect cadence in E $\flat$ major: B $\flat$ -D-F-A $\flat$ then E $\flat$ -G-B $\flat$. Look for the new accidental: D is the new key's leading note.

4 • ON HIS OWN (12 MIN)

- Keys and modulation game.

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Key change spotter: point to the note that shows the new key.

MOVE ON WHEN

He names related keys instantly and spots modulations from their accidentals.

Philip's worksheet · Day 23

Name _____ Date _____ Score ____ / 8

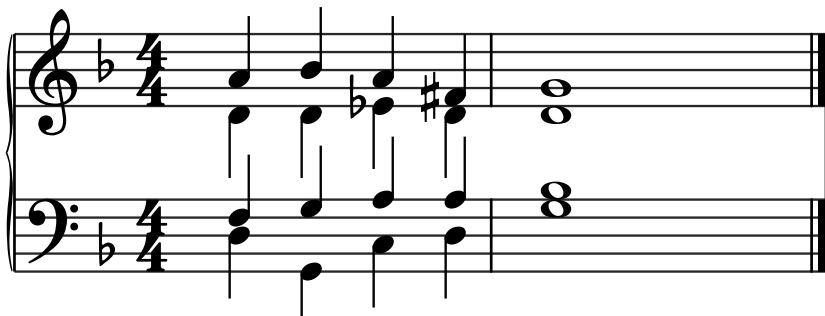

1. What is the subdominant key of E minor?

- A. A minor B. B $\flat$ minor C. C major D. G major

2. A passage moves from E minor to G major. Chord IV in E minor (A-C-E) is the pivot. What is it called in G?

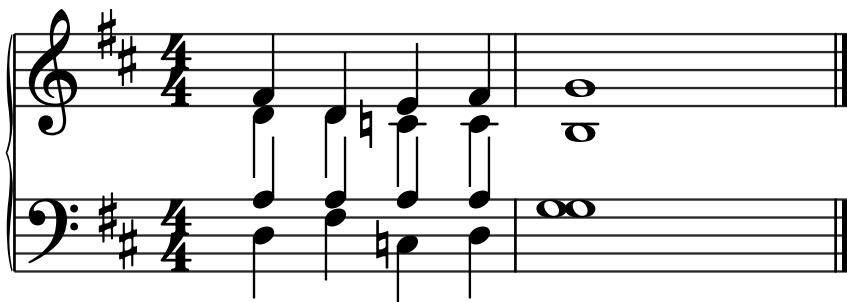

- A. IV B. I C. V D. II

3. This passage starts in D minor. Which key does it end in?

- A. B $\flat$ major B. G minor C. A minor D. D minor

4. This passage starts in D major. Which key does it end in?

- A. A major B. B minor C. G major D. E minor

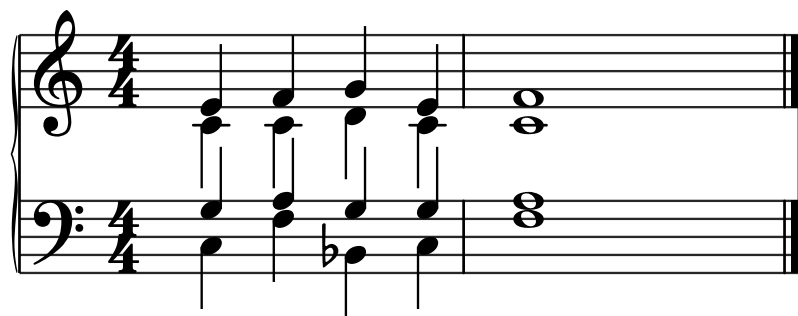

5. What is the relative minor of F major?

- A. E $\flat$ major B. D minor C. C major D. B minor

6. A passage moves from F major to C major. Chord I in F major (F-A-C) is the pivot. What is it called in C?

- A. V B. I C. IV D. II

7. This passage starts in C major. Which key does it end in?

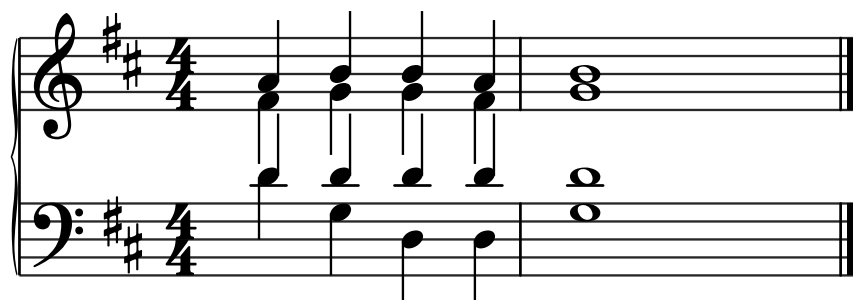

A. G major

B. A minor

C. F major

D. D minor

8. This passage starts in D major. Which key does it end in?

A. G major

B. E minor

C. B minor

D. A major

ANSWERS (FOR MUM)

1. **A: A minor.** The subdominant key is built on note 4: A minor.
2. **D: II.** A-C-E is built on A, which is degree 2 of G major, so it is chord II there. A chord that belongs to both keys makes a smooth pivot for a modulation.
3. **B: G minor.** It ends with a perfect cadence in G minor: D-F $\sharp$ -A then G-B $\flat$ -D. Look for the new accidental: F $\sharp$ is the new key's leading note.
4. **C: G major.** It ends with a perfect cadence in G major: D-F $\sharp$ -A-C then G-B-D. Look for the new accidental: F $\sharp$ is the new key's leading note.
5. **B: D minor.** Relative keys share a key signature: F major and D minor.
6. **C: IV.** F-A-C is built on F, which is degree 4 of C major, so it is chord IV there. A chord that belongs to both keys makes a smooth pivot for a modulation.
7. **C: F major.** It ends with a perfect cadence in F major: C-E-G then F-A-C. Look for the new accidental: E is the new key's leading note.
8. **A: G major.** It ends with a perfect cadence in G major: D-F $\sharp$ -A then G-B-D. Look for the new accidental: F $\sharp$ is the new key's leading note.

Day 24: Review: harmonising melodies (Days 18-23)

Melody · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

- Go back over Days 18-23: chords for a melody, cadences, bass lines, decorations and modulation.

Show him these cards

1

For each melody note, list the chords that contain it. In C major, E is in I (C-E-G), III and VI (A-C-E).

2

Melody 2-1 or 7-8 at the end: perfect cadence (V-I).

3

Exam melodies often have a quaver after the beat: a passing or auxiliary note. Choose the chord for the beat note and ignore the decoration.

4

A passing note fills the gap between two chord notes a 3rd apart, by step.

5

Appoggiatura: a clash ON the beat, usually approached by a leap, that falls (or rises) by step to the chord note.

6

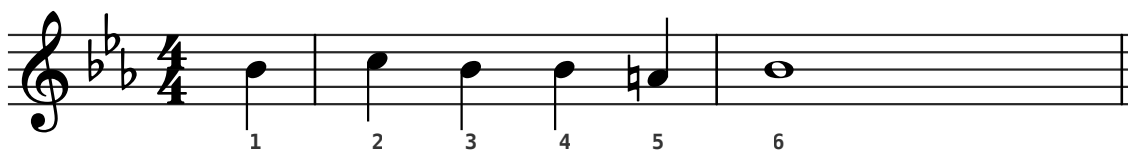

Related keys of C major: G major (dominant), F major (subdominant), A minor (relative), E minor and D minor.

3 · DO TOGETHER (10 MIN)

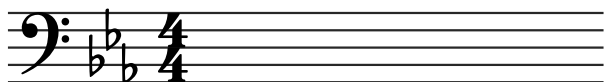

- Harmonise one melody together, start to finish, using the lesson pack.

Four questions to work through together

1. This melody modulates from E $\flat$ major to B $\flat$ major. Choose a chord for each beat, ending with a perfect cadence in the new key. From note 3, name the chords in B $\flat$ major.

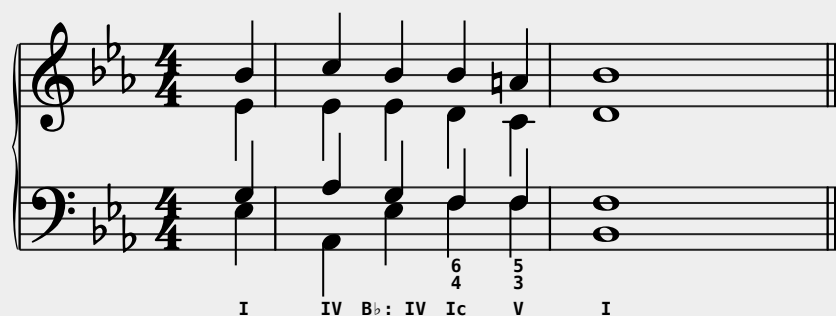

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

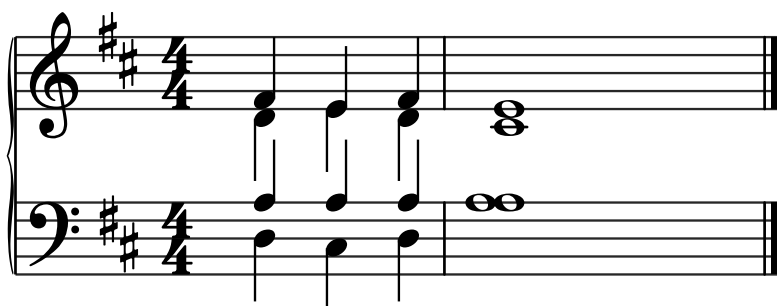

Or write a bass line with figures on the staff above.

Answer: One good answer: I - IV - B $\flat$: IV - Ic - V - I.

2. Name the cadence at the end of this passage in D major.

A. imperfect

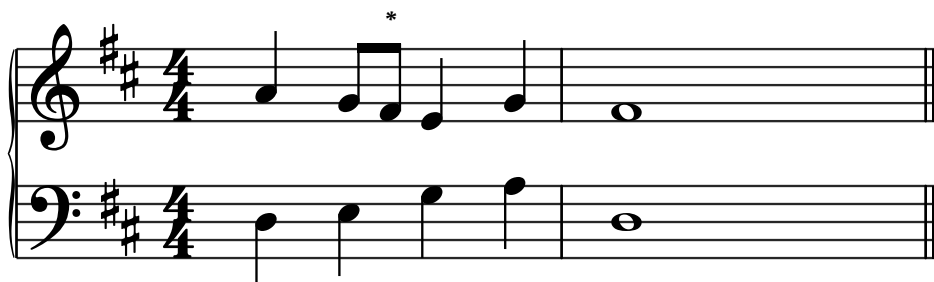

B. perfect

C. interrupted

D. plagal

Answer: imperfect. The last two chords are I and V: ending on V is an imperfect cadence.

3. The note marked * is which kind of note? (D major)

- A. anticipation B. auxiliary note C. appoggiatura D. passing note

Answer: passing note. A passing note fills the gap between two chord notes a 3rd apart, by step.

4. What is the relative minor of F major?

- A. E major B. B major C. A major D. D minor

Answer: D minor. Relative keys share a key signature: F major and D minor.

4 • ON HIS OWN (12 MIN)

- Today's practice.

His worksheet is on the next page (answers at the end).

5 • GAME (3 MIN)

Harmonise a melody: best of three.

MOVE ON WHEN

He harmonises a melody with a correct cadence and no wrong chords.

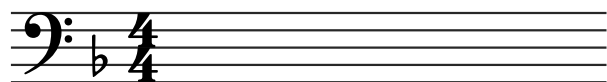

Philip's worksheet · Day 24

Name _____ Date _____ Score ____ / 8

1. Choose a chord for each beat, ending with a plagal cadence. (F major)

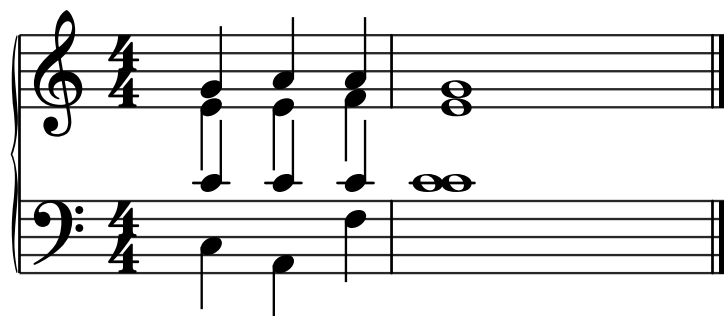

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the staff above.

2. Name the cadence at the end of this passage in C major.

A. plagal

B. interrupted

C. imperfect

D. perfect

3. The two notes marked * are which kind of note? (Bb major)

A. passing note

B. appoggiatura

C. changing notes

D. suspension

4. A passage moves from E minor to G major. Chord VI in E minor (C-E-G) is the pivot. What is it called in G?

A. VI

B. IV

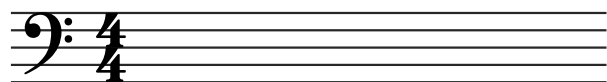

C. V

D. II

5. This melody modulates from C major to G major. Choose a chord for each beat, ending with a perfect cadence in the new key. From note 4, name the chords in G major.

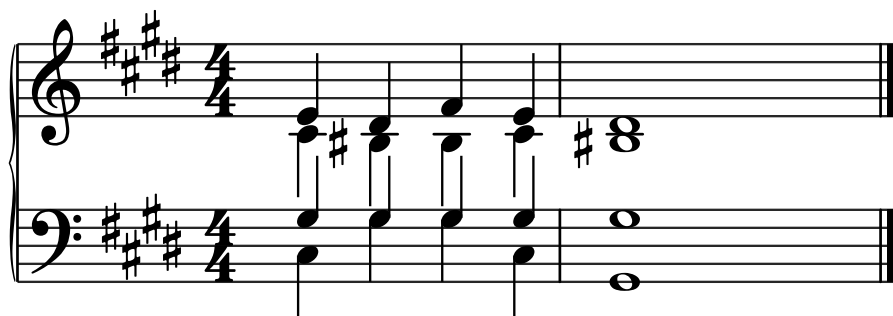

Chords: 1 ____ 2 ____ 3 ____ 4 ____ 5 ____ 6 ____ 7 ____ 8 ____

Or write a bass line with figures on the stave above.

6. Name the cadence at the end of this passage in C# minor.

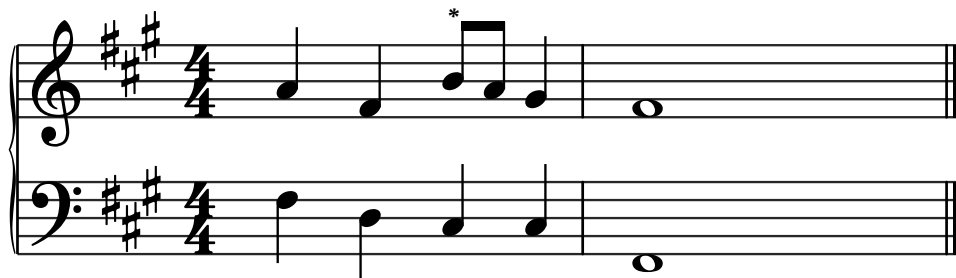

A. perfect

B. interrupted

C. plagal

D. imperfect

7. The note marked * is which kind of note? (F# minor)

A. appoggiatura

B. suspension

C. changing notes

D. passing note

8. A passage moves from D minor to F major. Chord IV in D minor (G-B $\flat$ -D) is the pivot. What is it called in F?

A. II

B. I

C. IV

D. V

ANSWERS (FOR MUM)

1. One good answer: I - Ib - IIb - V7 - I - VI - IV - I.

I Ib IIb V7 I VI IV I

2. **A: plagal.** The last two chords are IV and I: IV-I is a plagal cadence.
3. **C: changing notes.** Changing notes are a pair: one above and one below the chord note, before returning to it.
4. **B: IV.** C-E-G is built on C, which is degree 4 of G major, so it is chord IV there. A chord that belongs to both keys makes a smooth pivot for a modulation.
5. One good answer: I - II - V - G: II - Ic - V - I.

I II V G: II Ic V I

6. **D: imperfect.** The last two chords are I and V: ending on V is an imperfect cadence.
7. **A: appoggiatura.** An appoggiatura leans on the beat: it's a clash on the strong part of the beat that then falls (or rises) by step to the chord note.
8. **A: II.** G-Bb-D is built on G, which is degree 2 of F major, so it is chord II there. A chord that belongs to both keys makes a smooth pivot for a modulation.
