MARKING KEY (FOR MUM)

1. Q1 · 15m **One good figuring: 5/3 · 6 · 5/3 · 5/3 · 6 · 5/3 · 5/3 · 5/3.**

Marking: start from 15. Take off 2 for each figure that gives a chord without the melody note or makes a bad progression; 1 for a weaker choice. Other good figurings earn full marks.

2. Q2 · 15m **Ideas that work (other good answers are possible).**

- 9-8 suspension in the tenor: hold A3 from chord 2 into chord 3, then fall to G3.
- 7-6 suspension in the soprano: hold B♭4 from chord 3 into chord 4, then fall to A4.
- 9-8 suspension in the alto: hold E♭4 from chord 4 into chord 5, then fall to D4.

Marking: about 4 marks per well-made suspension (prepared, on the beat, resolving down a step, resolution note not doubled) and the rest for stylish decoration that keeps the harmony.

3. Q3 · 20m **Mark with the checklist; one model answer below.**

1. Every strong-beat note belongs to the chord underneath (other notes may be passing or auxiliary notes)
2. The opening's rhythm comes back, changed or developed
3. A clear shape with a high point, mostly steps with some leaps
4. Bar 4 sounds like a half-way point (imperfect cadence); bar 8 ends on the tonic
5. Leading notes rise and 7ths fall where the chords change
6. It suits the instrument: range, breathing or bowing
7. Tempo, dynamics with a change, slurs and some articulation

4. Q4 · 3m **D: VI7.** Sounding notes: C, E♭, G, B♭: C-E♭-G-B♭ with C in the bass, so VI7.

5. Q4 · 3m **D: A4**. In the alto clef, middle C is on the middle line. The note at X is A4.
6. Q4 · 3m **B: V**. Sounding notes: C#, G#, C#, E#: C#-E#-G# with C# in the bass, so V.
7. Q4 · 3m **D: IV**. Sounding notes: Eb, Eb, G, Bb: Eb-G-Bb with Eb in the bass, so IV.
8. Q4 · 3m **B: VII7**. X is E#-G#-B-D with E# in the bass: VII7, a diminished 7th, root position.
9. Q4 · 3m **D: a diminished 7th**. X is C#-E-G-Bb (VII7d): a diminished 7th. Built on the raised leading note, it is a stack of minor 3rds; it resolves to I.
10. Q4 · 3m **A: a note of the next chord, sounded early**. Anticipations are common at cadences: the tonic arrives a moment early.
11. Q4 · 4m **B: I**. Sounding notes: B, B, F#, D: B-D-F# with B in the bass, so I.
12. Q5 · 3m **B: the double bass sounds an octave lower**. The double bass always sounds an octave lower than written, so it doubles the cello an octave below.
13. Q5 · 3m **C: percussion**. Score order: woodwind, brass, percussion (here the timpani), then strings.
14. Q5 · 3m **D: percussion**. Score order: woodwind, brass, percussion (here the timpani), then strings.
15. Q5 · 3m **B: IV**. Read the strings (they don't transpose): Eb, Bb, Eb, G: Eb-G-Bb, so IV.
16. Q5 · 3m **C: 4/2**. X is I7d (Bb-D-F-A). Counting up from the bass A: 4 2.
17. Q5 · 3m **A: breit**. breit means "broadly (German)".
18. Q5 · 3m **B: both players play the same part**. a 2 means "both players play the same part".
19. Q5 · 4m **A: E**. A Bb trumpet sounds a major 2nd lower than written, so it doubles the violin I tune: E.

MARKING KEY (FOR MUM)

1. Q1 · 15m **One good figuring: 5/3 · 6 · # · 5/3 · b6 · # · 5/3.**

Marking: start from 15. Take off 2 for each figure that gives a chord without the melody note or makes a bad progression; 1 for a weaker choice. Other good figurings earn full marks.

2. Q2 · 15m **Ideas that work (other good answers are possible).**

- 4-3 suspension in the alto: hold C#4 from chord 4 into chord 5, then fall to B#3.
- Passing note in the soprano between chords 2 and 3: F#4-E4-D#4 (quavers).
- Passing note in the tenor between chords 2 and 3: A3-G#3-F#3 (quavers).
- Passing note in the bass between chords 2 and 3: F#2-G#2-A2 (quavers).

Marking: about 4 marks per well-made suspension (prepared, on the beat, resolving down a step, resolution note not doubled) and the rest for stylish decoration that keeps the harmony.

3. Q3 · 20m **Mark with the checklist; one model answer below.**

1. Every strong-beat note belongs to the chord underneath (other notes may be passing or auxiliary notes)
2. The opening's rhythm comes back, changed or developed
3. A clear shape with a high point, mostly steps with some leaps
4. Bar 4 sounds like a half-way point (imperfect cadence); bar 8 ends on the tonic
5. Leading notes rise and 7ths fall where the chords change
6. It suits the instrument: range, breathing or bowing
7. Tempo, dynamics with a change, slurs and some articulation

4. Q4 · 3m **D: imperfect**. The last two chords are I-V: an imperfect cadence.
5. Q4 · 3m **D: G**. The clarinet in A sounds a minor 3rd lower than written: written B $\flat$ sounds as G. You can check it against the piano, which has the same harmony.
6. Q4 · 3m **D: V**. Sounding notes: F $\sharp$, F $\sharp$, C $\sharp$, A $\sharp$: F $\sharp$ -A $\sharp$ -C $\sharp$ with F $\sharp$ in the bass, so V.
7. Q4 · 3m **A: A3**. In the tenor clef, middle C is on the 4th line up. The note at X is A3.
8. Q4 · 3m **C: a Neapolitan 6th**. X is C-E-G (N6): a Neapolitan 6th. Its root is the flattened 2nd of the scale; it usually comes in first inversion and goes to V or Ic-V.
9. Q4 · 3m **D: $\sharp 4/3$** . X is VII7c (A $\sharp$ -C $\sharp$ -E-G). Counting up from the bass E: $\sharp 4$ 3. The accidental shows a note that differs from the key signature.
10. Q4 · 3m **A: alto, into chord 4**. In the alto, hold C from chord 3 into chord 4, then fall to B: a 4-3 suspension. It works because that part already moves down by step there, the held note clashes with the new bass on the beat, and the note it resolves to isn't doubled.
11. Q4 · 4m **D: D5**. In the alto clef, middle C is on the middle line. The note at X is D5.
12. Q5 · 3m **D: A**. A B $\flat$ trumpet sounds a major 2nd lower than written, so it doubles the violin I tune: A.
13. Q5 · 3m **A: I**. Read the strings (they don't transpose): F, A, F, C: F-A-C, so I.
14. Q5 · 3m **B: 4**. Flute, oboe, clarinet and bassoon: four woodwind staves, at the top of the score.
15. Q5 · 3m **B: B**. A B $\flat$ trumpet sounds a major 2nd lower than written, so it doubles the violin I tune: B.
16. Q5 · 3m **A: VII7**. X is E-G-B $\flat$ -D $\flat$ with E in the bass: VII7, a diminished 7th, root position.
17. Q5 · 3m **B: en dehors**. en dehors means "brought out, prominent (French)".
18. Q5 · 3m **D: attacca**. attacca means "go straight on to the next movement".
19. Q5 · 4m **C: G**. A B $\flat$ trumpet sounds a major 2nd lower than written, so it doubles the violin I tune: G.
