MARKING KEY (FOR MUM)

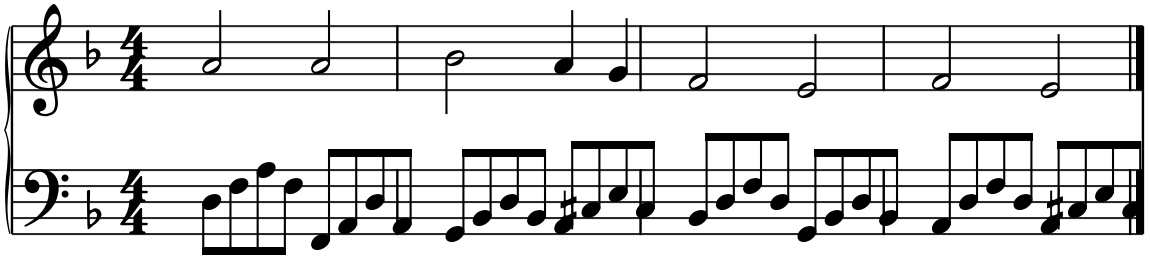

1. Q1 · 15m **Mark with the checklist; one model answer below**.

    1. Every chord follows the figures, with the 3rd present
    2. No consecutive 5ths or octaves between any two parts (including the bass)
    3. The two violins are independent: contrary or oblique motion, some imitation or sequence
    4. Leading notes rise, 7ths fall, suspensions are prepared and resolve down
    5. The violins stay mostly within an octave of each other (they may cross)
    6. Some quaver movement for life; a clear cadence at the end

    Marking: start from 15. Take off 2 for each wrong chord, missing 3rd or consecutive; 1 for a weak part (no movement, too far apart). Other good answers earn full marks.

2. Q2 · 15m **Mark with the checklist; one model answer below**.

    Chords: I – Ib – II7b – V – VI – II7b – Ic – V

    1. The pattern from bar 1 is kept exactly in shape and rhythm
    2. Every bar fits the harmony implied by the melody and bass
    3. Chromatic notes (secondary dominants, augmented 6ths) are spelled correctly
    4. No consecutive octaves or 5ths between the melody and the bass
    5. The cadence is clear, ending on a full tonic chord
    6. The texture suits the piano: comfortable for the hands

    Marking: start from 15. Take off 1–2 for each bar with a wrong chord or a broken pattern, and 2 for each consecutive.

3. Q3 · 20m **Mark with the checklist; one model answer below**.

   1. Bars 1–4: the arpeggio opening and an answer falling to G, the dominant.
   2. Bars 5–8: the opening again; F♯ takes the music to G major, with a cadence in bar 8.
   3. Bars 9–12: F♮ returns to C major; the last phrase ends with a falling 5th, G to C.

   Checklist:

   1. At least 12 bars, every bar the right length
   2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
   3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
   4. A modulation to a related key with the right accidental, then a clear return
   5. One high point, a good balance of steps and leaps, a strong ending on the tonic
   6. Written for the instrument: range, breathing or bowing, idiomatic figures
   7. Tempo, dynamics with changes, phrasing and articulation
4. Q4 · 3m **B: F♯3**. In the alto clef middle C is on the middle line, so X is F♯3.
5. Q4 · 3m **B: G♭3**. In the alto clef middle C is on the middle line, so X is G♭3.
6. Q4 · 3m **D: compound minor 6th**. The violin I sounds B♭4; the cello sounds D3. That's 13 letter names apart: a compound minor 6th.
7. Q4 · 3m **A: a secondary dominant (dominant 7th of V)**. At X the notes are B–D♯–F♯–A: a secondary dominant (dominant 7th of V).
8. Q4 · 3m **D: V7/II**. X is C–E–G–B♭: V7/II, a secondary dominant (dominant 7th of II). It is V7 of the key of II, so its leading note (E) rises to the root of II.
9. Q4 · 3m **B: It6**. X is A♭–C–F♯: It6, an Italian augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
10. Q4 · 3m **D: pressing on, getting faster**. stringendo means "pressing on, getting faster".
11. Q4 · 4m **D: B**. The horn in F sounds a perfect 5th lower than written: written F♯ sounds as B.
12. Q5 · 3m **A: D**. The horn in E♭ sounds a major 6th lower than written: written B sounds as D.
13. Q5 · 3m **C: in unison: the piccolo sounds an octave higher than written**. The piccolo sounds an octave higher than written, so its part, written an octave below the flute's, sounds at the same pitch.
14. Q5 · 3m **C: 4**. Cor anglais, clarinet in A, horn in E♭ and trumpet in D. (The piccolo and double bass only transpose by an octave.)
15. Q5 · 3m **D: 4**. Cor anglais, clarinet in A, horn in E♭ and trumpet in D. (The piccolo and double bass only transpose by an octave.)

17. Q5 · 3m **A: at half voice, restrained**. mezza voce means "at half voice, restrained".
18. Q5 · 3m **C: distant**. lontano means "distant".
