Day 89: Grade 8: what's new

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Grade 8 is about colour: chords that borrow a sharp or a flat to lean harder towards where they are going.”*

- Grade 8 is 3 hours on paper, out of 100 (pass 66, merit 80, distinction 90).
- Question 1 (15): continue the two upper parts of a Baroque trio sonata over a figured bass. Question 2 (15): complete a keyboard piece in the style of Haydn or later, carrying on its accompaniment pattern. Question 3 (20): continue an opening to make a melody of at least 12 bars for an instrument. Question 4 (25): questions on a score of up to 5 staves. Question 5 (25): questions on a full orchestral score of up to 24 staves.
- New chords: secondary dominants (V of V and friends), diminished 7ths on other degrees, and the Italian, French and German augmented 6ths.

Worked example

Which questions in Grade 8 ask you to write music, and which ask about a score?

1. Questions 1, 2 and 3 are writing: the trio, the keyboard piece and the melody.
2. Questions 4 and 5 are about scores: a chamber score and a full orchestral score.
3. Writing questions: 50 marks. Score questions: 50 marks.

Watch out for

- Thinking question 1 is four-part harmony: it's three real parts (two violins and the bass).

In the exam: Five questions, 3 hours. Leave 25 minutes to check.

Show him these cards

1

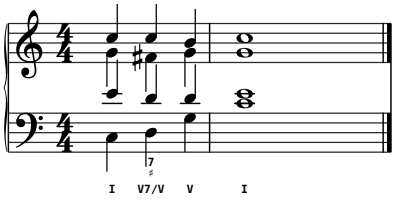

Grade 8 is 3 hours, on paper, out of 100: pass 66. Five questions, like Grades 6 and 7, but harder music.

2

Q1: two violins over a figured bass (a trio sonata). Q2: finish a keyboard piece. Q3: a melody of 12+ bars. Q4: a chamber score. Q5: a big orchestral score.

3

New chords: secondary dominants like V7 of V, and the augmented 6ths.

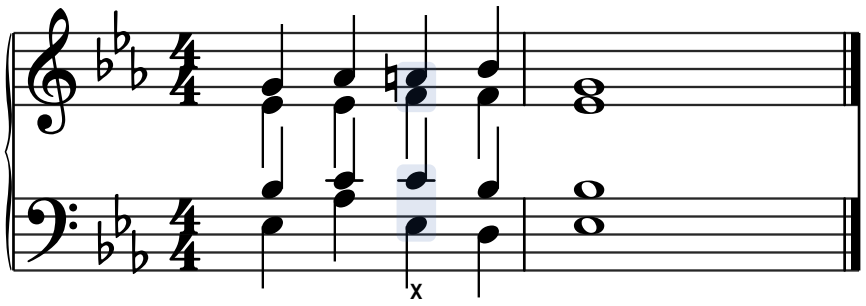

3 · DO TOGETHER (10 MIN)

- Look at the Grade 8 section of the reference book together. Play V7/V–V–I and an augmented 6th going to V.

Four questions to work through together

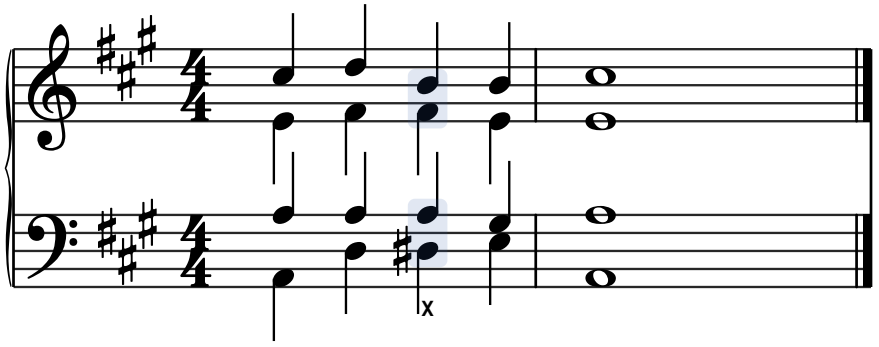

1. In E♭ major, V7d/V (F–A–C–E♭) usually goes to which chord?

A. I B. II C. V D. IV

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to Vb.

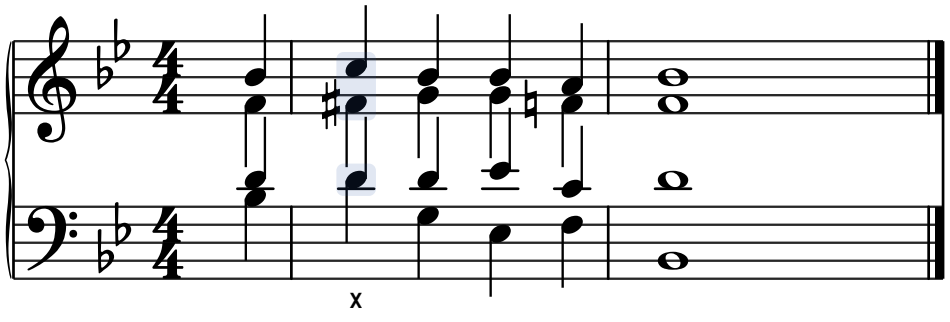

2. In A major, V7b/V (B–D♯–F♯–A) usually goes to which chord?

A. V B. VI C. IV D. II

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

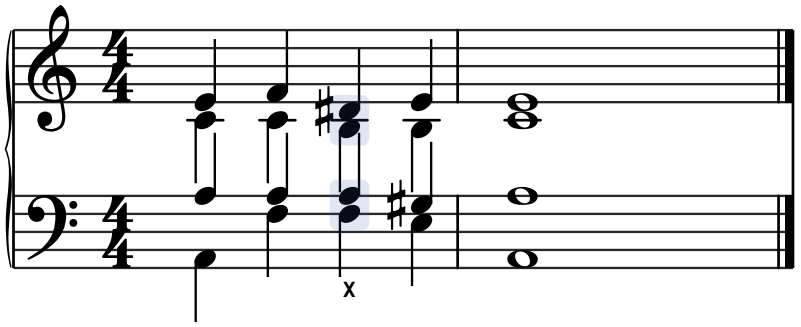

3. This passage is in B♭ major. Name the chord marked X.

A. V7/VI B. IIb C. VII7b D. II

Answer: V7/VI. X is D–F♯–A–C: V7/VI, a secondary dominant (dominant 7th of VI). It is V7 of the key of VI, so its leading note (F♯) rises to the root of VI.

4. This passage is in A minor. What kind of chord is X?

A. a secondary dominant (dominant of V) B. a German augmented 6th C. a diminished 7th D. a French augmented 6th

Answer: a French augmented 6th. X is F–A–B–D♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.

4 · ON HIS OWN (12 MIN)

- Today's practice: Grade 8 chords (a first look).

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Colour quiz: you play a plain IV–V and then V7/V–V; he says which one 'leans' harder towards V.

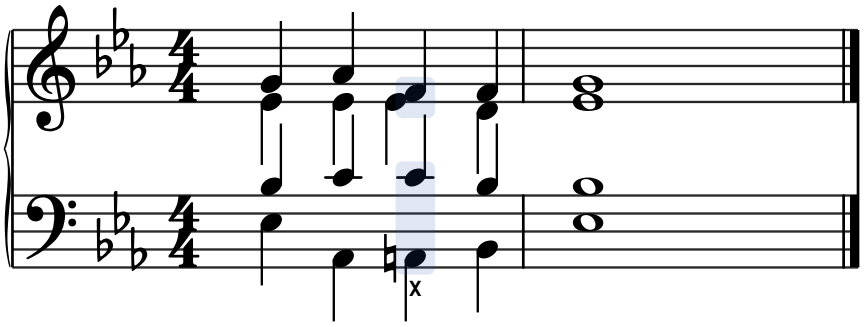

MOVE ON WHEN

He can say what each of the five questions asks.

Philip's worksheet · Day 89

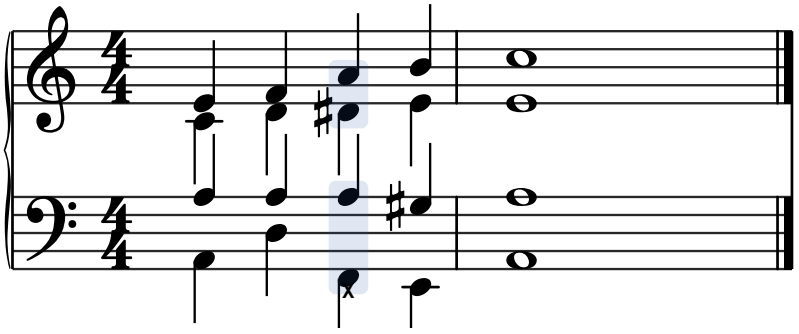

Name _____ Date _____ Score ____ / 8

1. In E♭ major, V7b/V (F–A–C–E♭) usually goes to which chord?

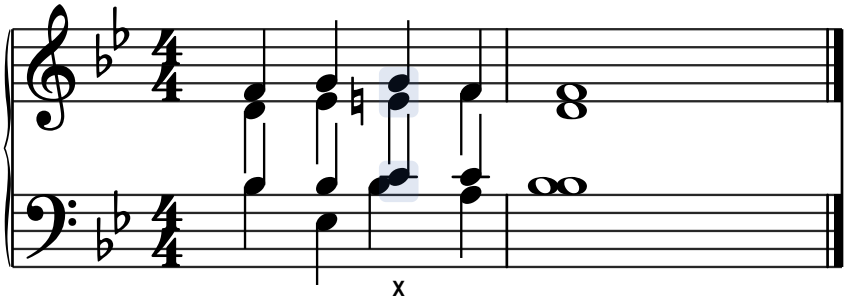

A. VI B. IV C. V D. I

2. This passage is in A minor. What kind of chord is X?

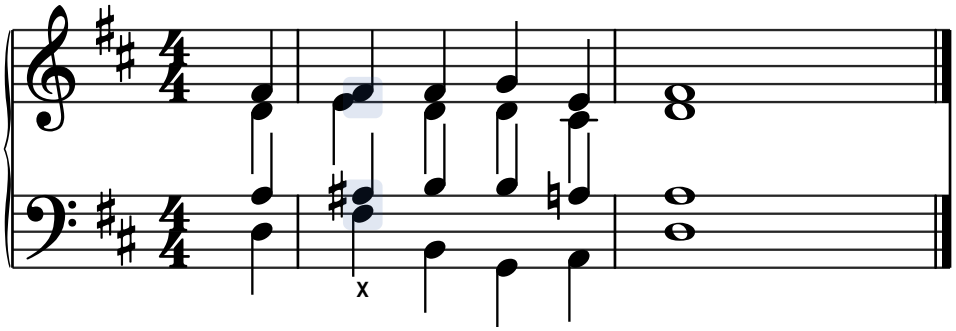

A. a French augmented 6th B. an Italian augmented 6th C. a secondary dominant (dominant of V) D. a Neapolitan 6th

3. This passage is in B♭ major. Name the chord marked X.

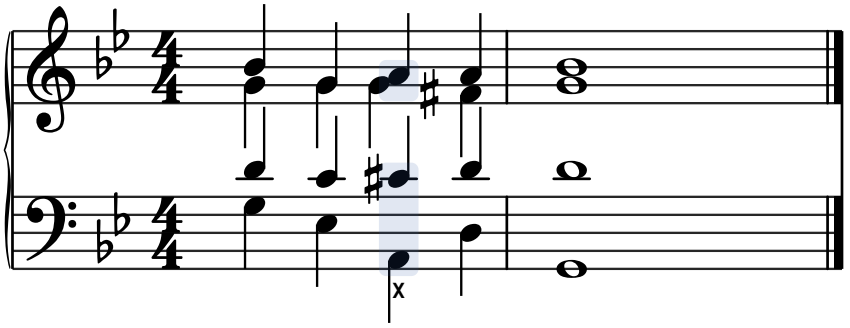

A. VI7b B. I7b C. IVb D. V7d/V

4. This passage is in D major. What kind of chord is X?

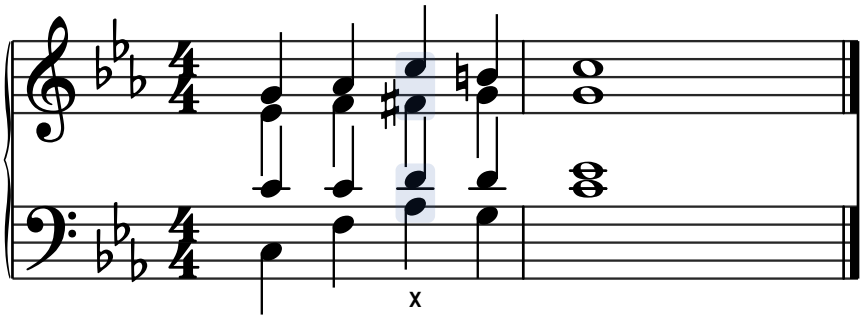

A. a Neapolitan 6th B. a secondary dominant (dominant 7th of VI) C. a French augmented 6th D. a German augmented 6th

5. In G minor, V7/V (A–C♯–E–G) usually goes to which chord?

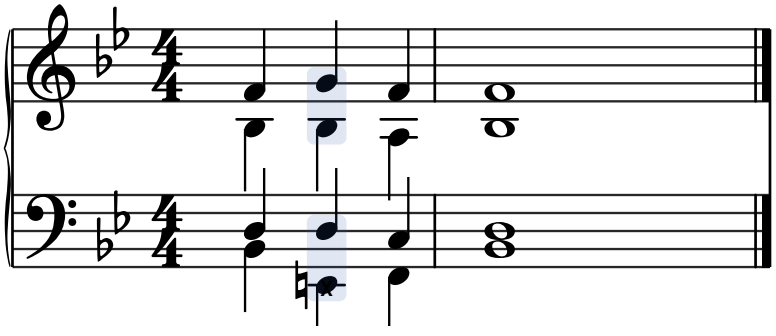

A. IV B. VI C. V D. I

6. This passage is in C minor. What kind of chord is X?

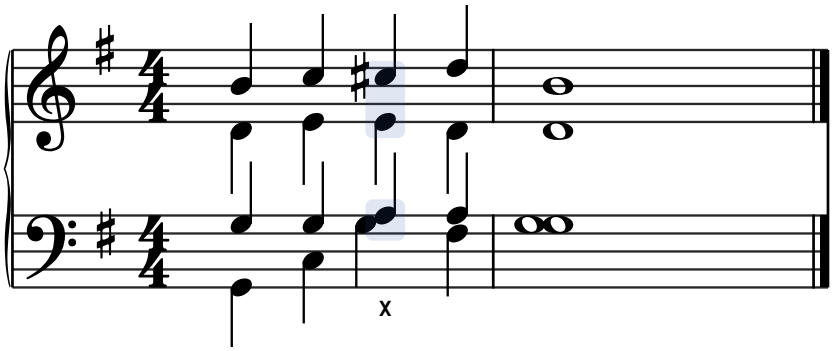

A. a diminished 7th B. an Italian augmented 6th C. a French augmented 6th D. a German augmented 6th

7. In B♭ major, VII7/V (E–G–B♭–D) usually goes to which chord?

A. V B. IV C. VI D. I

8. This passage is in G major. What kind of chord is X?

A. a secondary dominant (dominant 7th of V)

B. a French augmented 6th

C. a Neapolitan 6th

D. a German augmented 6th

ANSWERS (FOR MUM)

1. **C: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
2. **B: an Italian augmented 6th**. X is F–A–D♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
3. **D: V7d/V**. X is C–E–G–B♭: V7d/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (E) rises to the root of V.
4. **B: a secondary dominant (dominant 7th of VI)**. X is F♯–A♯–C♯–E (V7/VI): a secondary dominant (dominant 7th of VI).
5. **C: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
6. **C: a French augmented 6th**. X is A♭–C–D–F♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
7. **A: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
8. **A: a secondary dominant (dominant 7th of V)**. X is A–C♯–E–G (V7d/V): a secondary dominant (dominant 7th of V).

Day 90: Secondary dominants: V of V

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

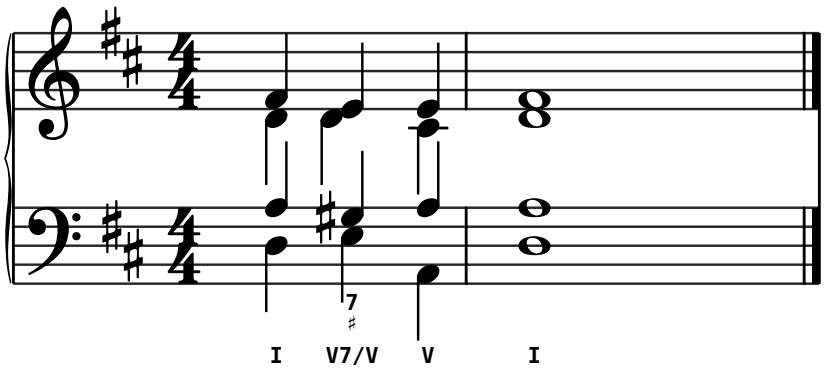

Say: *“V of V is the dominant's own dominant: it borrows a sharp to point at V.”*

- A secondary dominant is the dominant (or dominant 7th) of a chord other than I. The most common is V of V: in C major D–F♯–A (V/V) or D–F♯–A–C (V7/V).
- The F♯ is the leading note of G major, so it rises to G; the 7th (C) falls to B.
- V7/V goes to V (or to Ic then V). In first inversion (V7b/V, F♯ in the bass, figured 6/5 with ♯) the bass rises a semitone to the dominant.
- Figures: V7/V in C is 7 with ♯ (for the F♯).

Worked example

Spell V7/V in D major and say where its notes go.

1. The dominant of D is A. The dominant of A is E.
2. E7 = E–G♯–B–D.
3. G♯ (A major's leading note) rises to A; D (the 7th) falls to C♯; it goes to V (A–C♯–E).

Watch out for

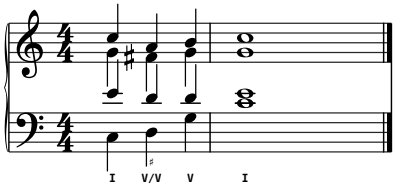

- Forgetting the sharp: E–G–B–D is II7, not V7/V.
- Letting the new leading note fall.

In the exam: Question 4 and 5 often ask for the name of a chord like V7/V; questions 1 and 2 may imply one with an accidental.

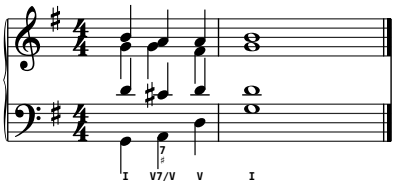

Show him these cards

1	2	3

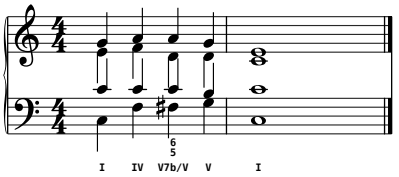

V of V is the dominant of the dominant. In C major: D–F♯–A. The F♯ is G major's leading note.

Add the 7th (C) to make V7/V. The F♯ rises to G; the C falls to B.

In first inversion (V7b/V) the F♯ is in the bass and rises a semitone to the dominant.

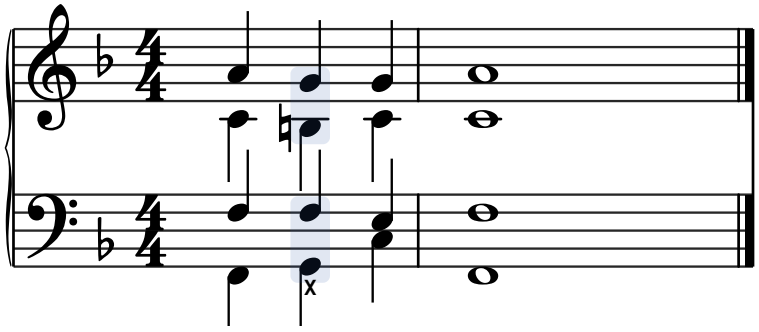

3 · DO TOGETHER (10 MIN)

- Write V7/V–V–I in C, G, D and F major, then V7b/V–V–I.

Four questions to work through together

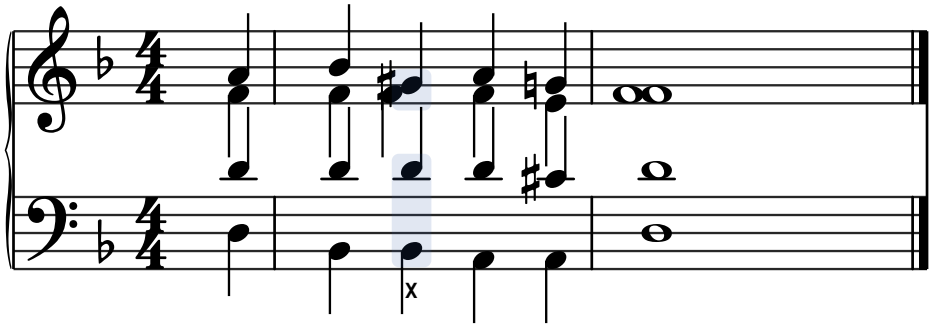

1. In F major, V7/V (G–B–D–F) usually goes to which chord?

A. IV B. I C. V D. VI

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

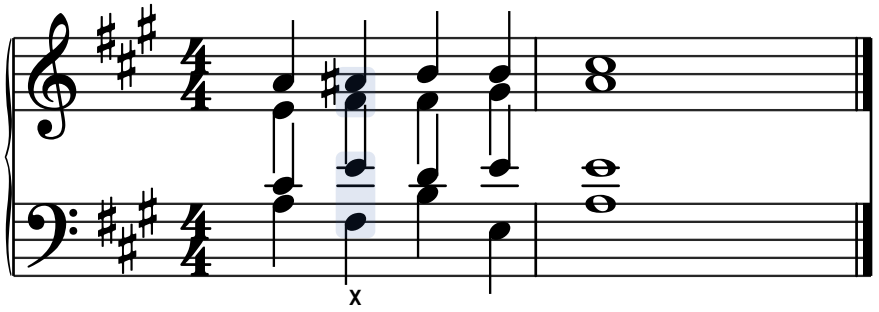

2. In D minor, Ger6 (B♭–D–F–G♯) usually goes to which chord?

A. V B. I C. VI D. Ic, then V

Answer: Ic, then V. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.

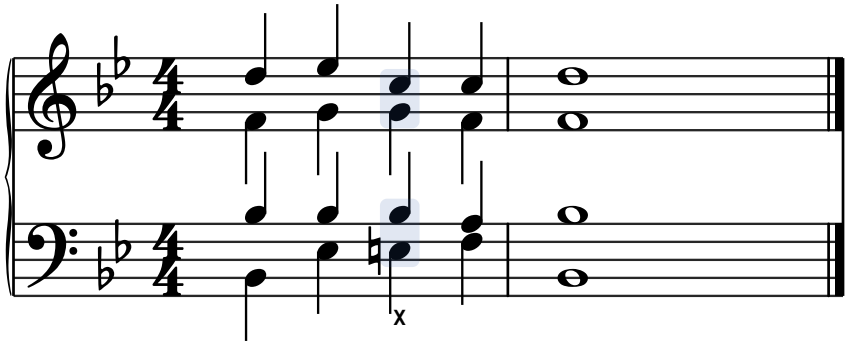

3. This passage is in A major. What kind of chord is X?

A. a secondary dominant (dominant 7th of II) B. a French augmented 6th C. a Neapolitan 6th D. a secondary dominant (dominant 7th of V)

Answer: a secondary dominant (dominant 7th of II). X is F♯–A♯–C♯–E (V7/II): a secondary dominant (dominant 7th of II).

4. This passage is in B♭ major. Name the chord marked X.

A. IV B. V7 C. II7 D. V7b/V

Answer: V7b/V. X is C–E–G–B♭: V7b/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (E) rises to the root of V.

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Find the extra sharp: you play V7/V–V–I; he sings the note that rises.

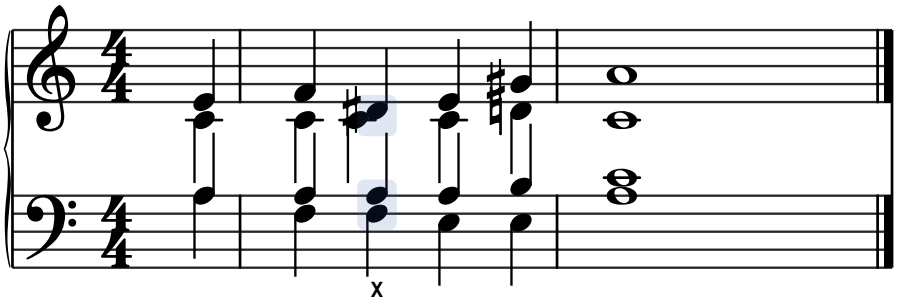

MOVE ON WHEN

He can spell V7/V in any major key and resolve it.

Philip's worksheet · Day 90

Name _____ Date _____ Score ____ / 8

1. This passage is in A minor. What kind of chord is X?

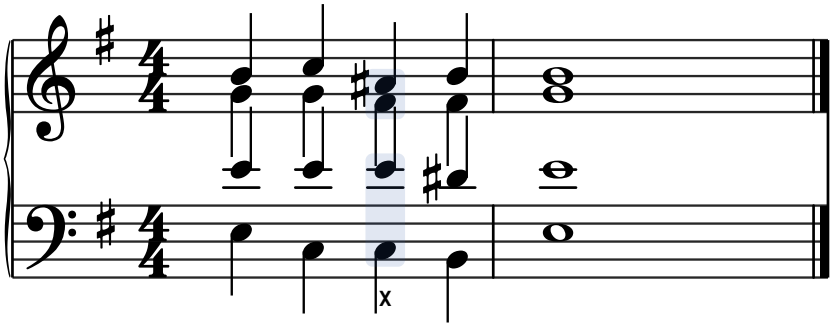

A. a French augmented 6th

B. a secondary dominant (dominant 7th of V)

C. an Italian augmented 6th

D. a German augmented 6th

2. This passage is in E minor. Name the chord marked X.

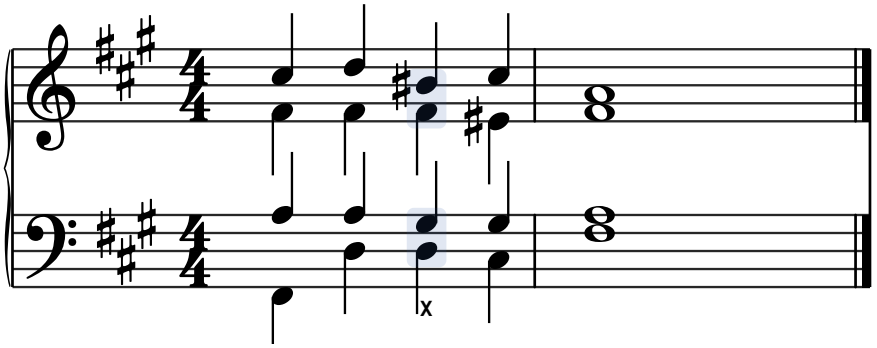

A. V7

B. IVc

C. IV

D. Fr6

3. This passage is in F♯ minor. What kind of chord is X?

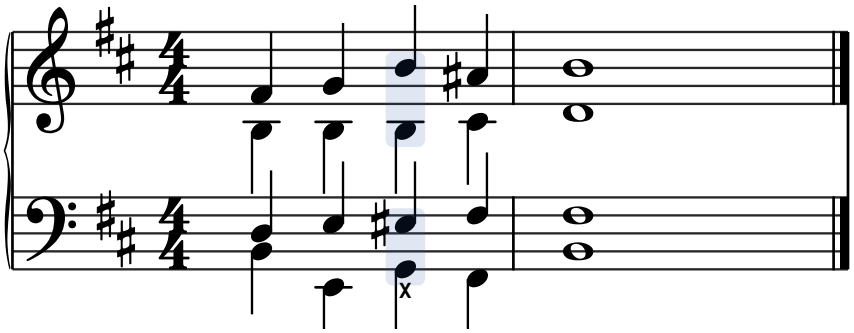

A. a Neapolitan 6th

B. a secondary dominant (dominant 7th of IV)

C. a French augmented 6th

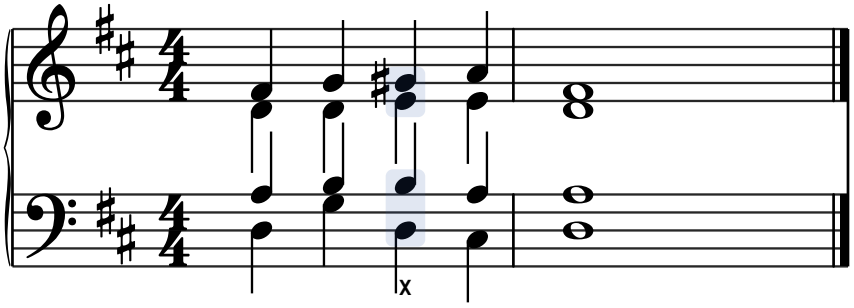

D. an Italian augmented 6th

4. In B minor, It6 (G–B–E♯) usually goes to which chord?

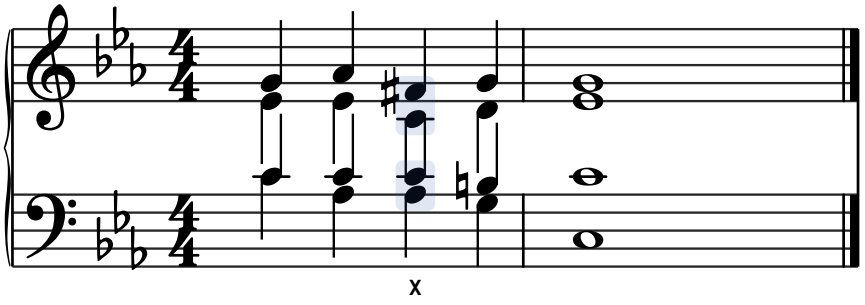

A. V B. IV C. I D. VI

5. In D major, V7d/V (E–G♯–B–D) usually goes to which chord?

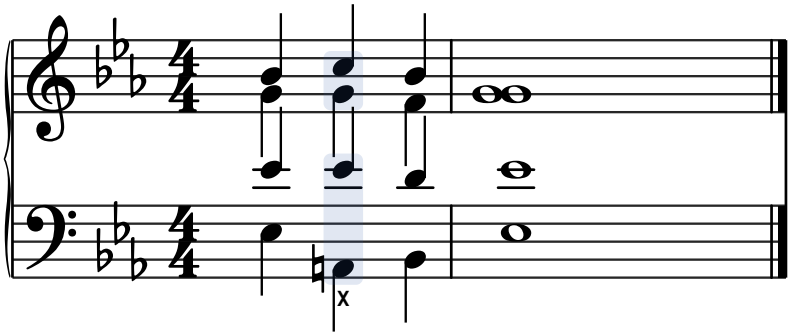

A. VI B. V C. IV D. II

6. This passage is in C minor. What kind of chord is X?

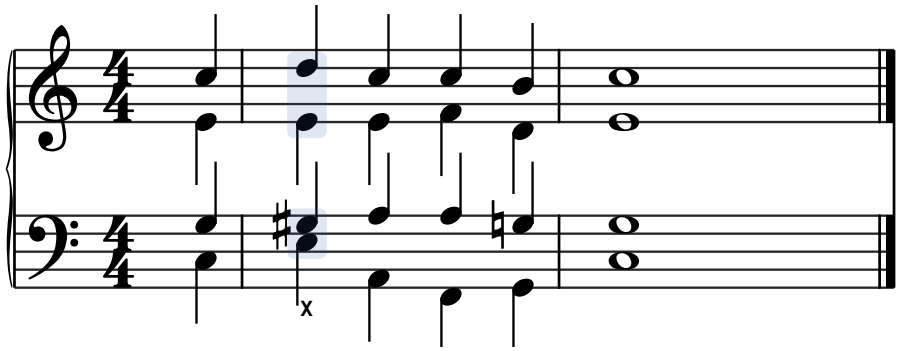

A. a German augmented 6th B. an Italian augmented 6th C. a secondary dominant (dominant 7th of IV) D. a secondary dominant (dominant 7th of V)

7. This passage is in E♭ major. What kind of chord is X?

A. a diminished 7th B. a secondary dominant (dominant 7th of V) C. a German augmented 6th D. an Italian augmented 6th

8. In C major, V7/VI (E–G♯–B–D) usually goes to which chord?

A. I B. IV C. V D. VI

ANSWERS (FOR MUM)

1. **D: a German augmented 6th**. X is F–A–C–D♯ (Ger6): a German augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
2. **D: Fr6**. X is C–E–F♯–A♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
3. **C: a French augmented 6th**. X is D–F♯–G♯–B♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
4. **A: V**. Augmented 6ths resolve to the dominant. Here it goes to V.
5. **B: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to Vb.
6. **B: an Italian augmented 6th**. X is A♭–C–F♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
7. **B: a secondary dominant (dominant 7th of V)**. X is A–C–E♭–G (VII7/V): a secondary dominant (dominant 7th of V).
8. **D: VI**. A secondary dominant resolves to the chord it is the dominant of: VI. Here it goes to VI.

Day 91: More secondary dominants: V7 of IV, II and VI

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Any major or minor chord can borrow its own dominant 7th. Look for the accidental and where it goes."*

- Any major or minor chord can have its own dominant. V7/IV in C is C–E–G–B♭ (the B♭ falls to A). V7/II is A–C♯–E–G (to D minor). V7/VI is E–G♯–B–D (to A minor).
- Spot them by the accidental: a sharp that rises a semitone (a new leading note) or a flat that falls (a new 7th).
- In minor keys, V7/IV and V7/V are the most common.

Worked example

In G major, which chord is D–F♯–A–C, and which is G–B–D–F?

1. D–F♯–A–C is V7 of G: the ordinary V7.
2. G–B–D–F has an F♮: it is the dominant 7th of C, which is IV in G.
3. So G–B–D–F is V7/IV; the F♮ falls to E.

Watch out for

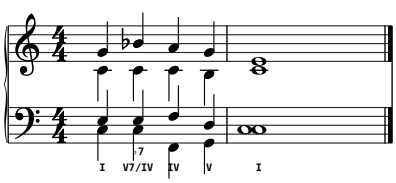

- Calling V7/IV 'I7': I7 has a major 7th (B in C), V7/IV has a minor 7th (B♭).

In the exam: In scores, a flat that falls a semitone is often the 7th of V7/IV.

Show him these cards

1

V7/IV in C: C–E–G–B♭. The B♭ falls to A in IV.

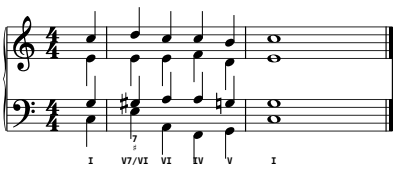

2

V7/II in C: A–C♯–E–G, going to D minor (II).

3

V7/VI in C: E–G♯–B–D, going to A minor (VI).

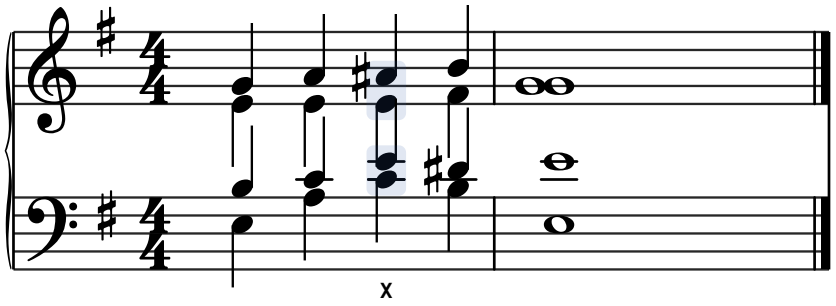

3 · DO TOGETHER (10 MIN)

- Write each secondary dominant in G major, resolving it. Then find them in a hymn or Bach chorale.

Four questions to work through together

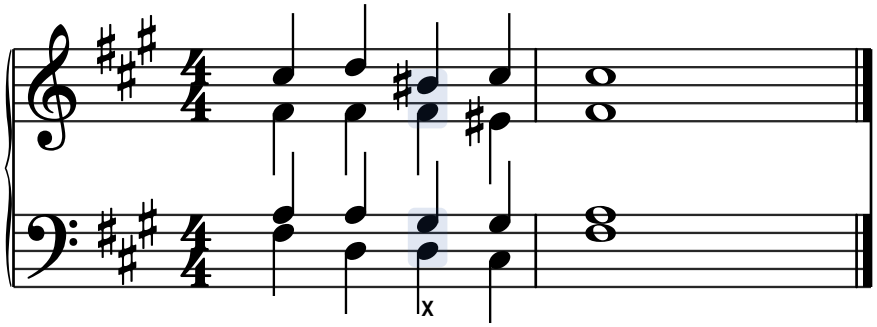

1. This passage is in E minor. What kind of chord is X?

A. an Italian augmented 6th B. a diminished 7th C. a secondary dominant (dominant 7th of V) D. a Neapolitan 6th

Answer: an Italian augmented 6th. X is C–E–A♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.

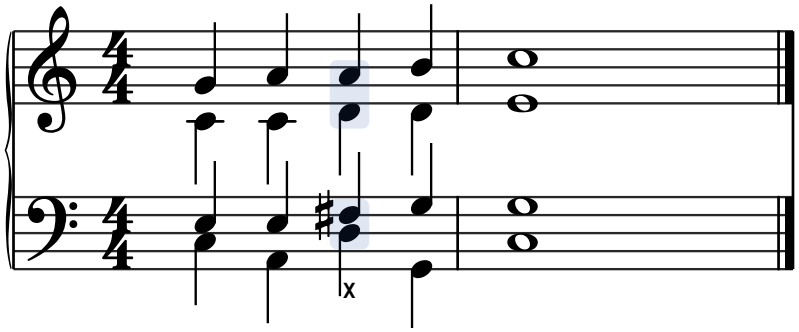

2. This passage is in F♯ minor. What kind of chord is X?

A. a secondary dominant (dominant 7th of IV) B. a French augmented 6th C. a German augmented 6th D. a secondary dominant (dominant of V)

Answer: a French augmented 6th. X is D–F♯–G♯–B♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.

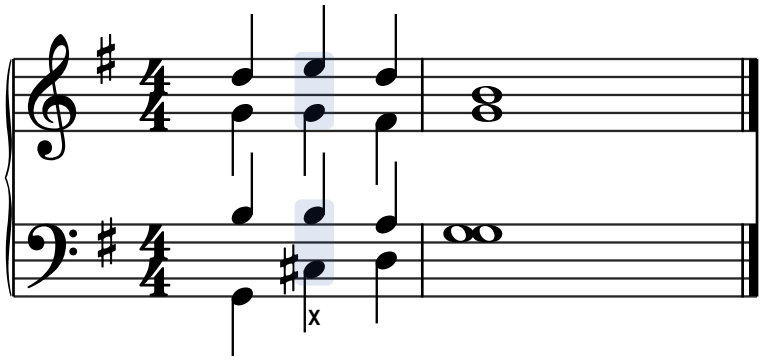

3. This passage is in C major. What kind of chord is X?

A. a secondary dominant (dominant 7th of IV) B. a diminished 7th C. a secondary dominant (dominant of V) D. a secondary dominant (dominant 7th of V)

Answer: a secondary dominant (dominant of V). X is D–F♯–A (V/V): a secondary dominant (dominant of V).

4. In G major, VII7/V (C♯–E–G–B) usually goes to which chord?

A. I B. V C. VI D. II

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Name the target: you play a secondary dominant and stop; he sings the chord it wants to go to.

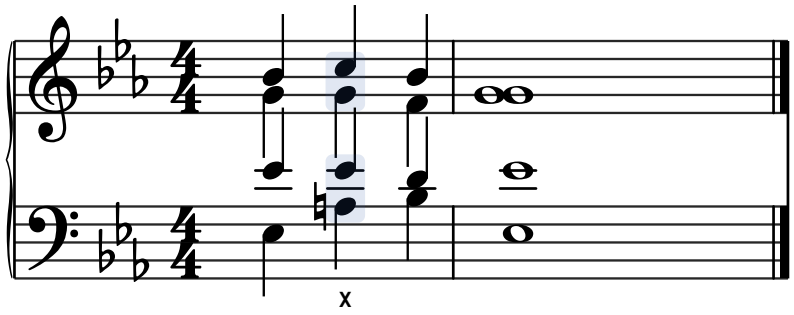

MOVE ON WHEN

He can say which chord any secondary dominant goes to.

Philip's worksheet · Day 91

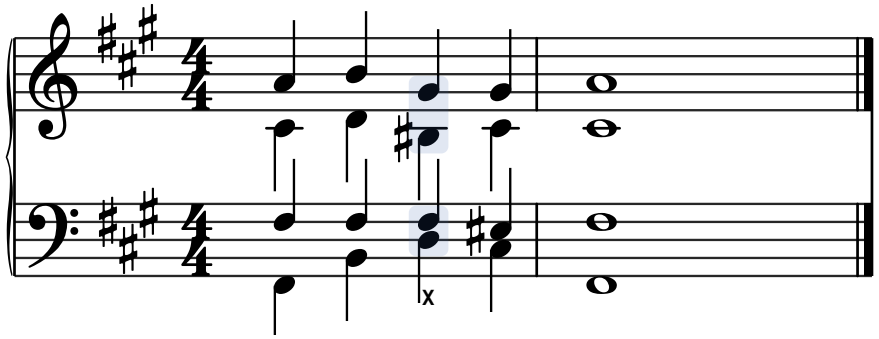

Name _____ Date _____ Score ____ / 8

1. In E♭ major, VII7/V (A–C–E♭–G) usually goes to which chord?

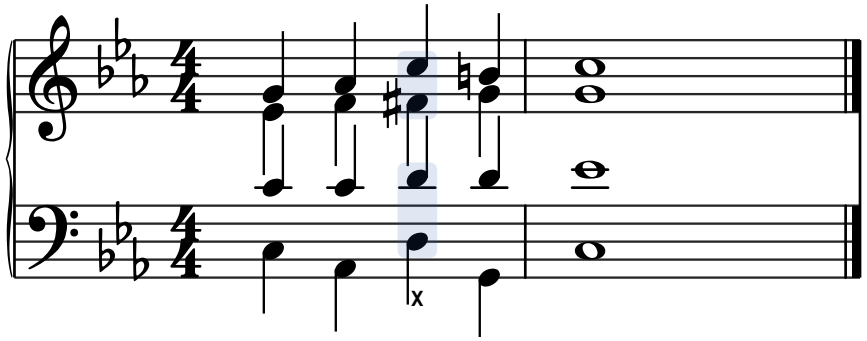

A. VI B. IV C. V D. I

2. This passage is in F♯ minor. Name the chord marked X.

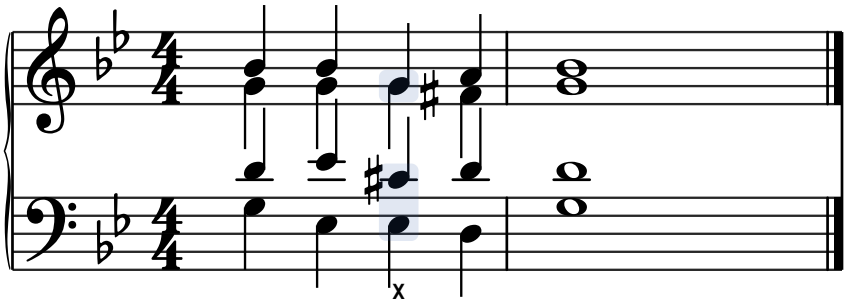

A. IV B. IVb C. VII7b D. Fr6

3. In C minor, V7/V (D–F♯–A–C) usually goes to which chord?

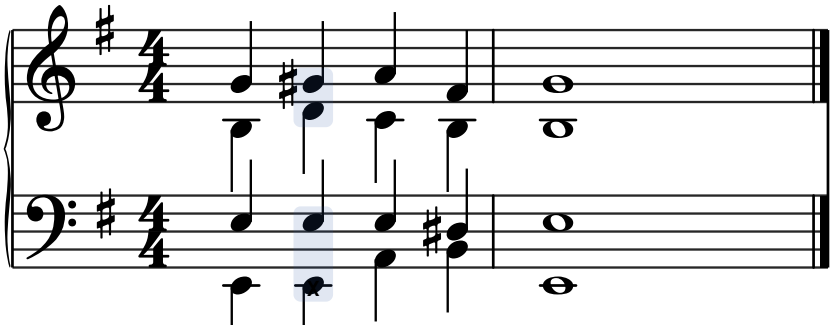

A. II B. V C. IV D. I

4. This passage is in G minor. Name the chord marked X.

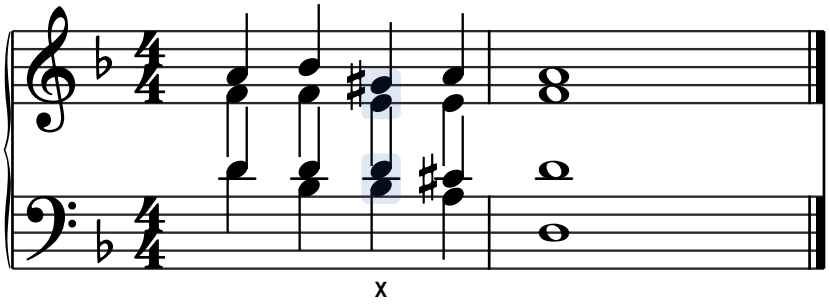

A. It6 B. V7b C. VI7 D. Ic

5. This passage is in E minor. Name the chord marked X.

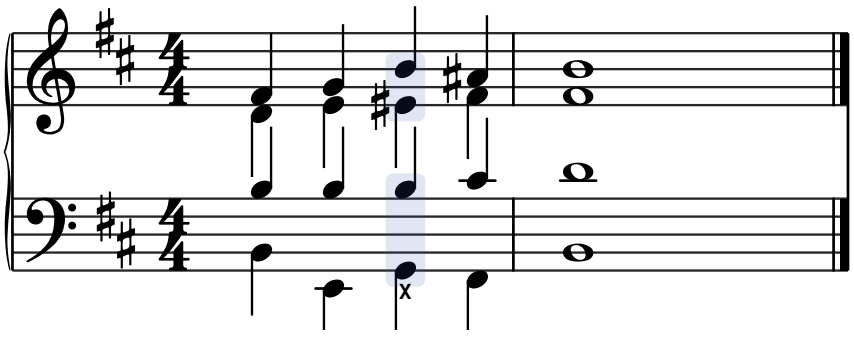

A. V7/V B. V7/IV C. VII7/V D. II7b

6. This passage is in D minor. Name the chord marked X.

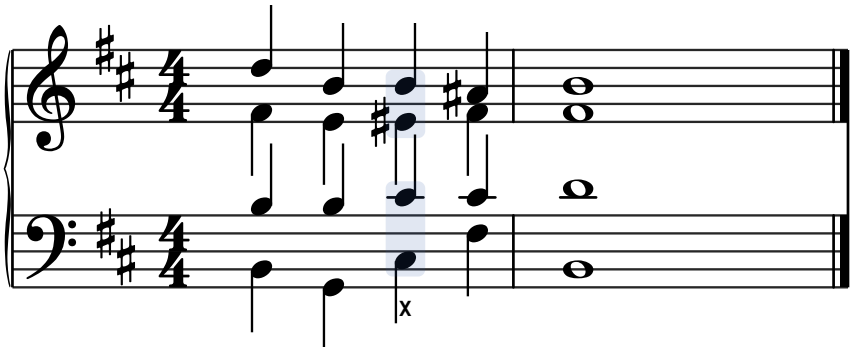

A. IVc B. VI7b C. Fr6 D. VIb

7. This passage is in B minor. What kind of chord is X?

A. a German augmented 6th B. a diminished 7th C. an Italian augmented 6th D. a Neapolitan 6th

8. This passage is in B minor. Name the chord marked X.

A. I7d

B. V7/V

C. V/V

D. I

ANSWERS (FOR MUM)

1. **C: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
2. **D: Fr6**. X is D–F♯–G♯–B♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
3. **B: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
4. **A: It6**. X is E♭–G–C♯: It6, an Italian augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
5. **B: V7/IV**. X is E–G♯–B–D: V7/IV, a secondary dominant (dominant 7th of IV). It is V7 of the key of IV, so its leading note (G♯) rises to the root of IV.
6. **C: Fr6**. X is B♭–D–E–G♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
7. **C: an Italian augmented 6th**. X is G–B–E♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
8. **B: V7/V**. X is C♯–E♯–G♯–B: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (E♯) rises to the root of V.

Day 92: Diminished 7ths on other degrees

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"The diminished 7th of V does the same job as V7/V, with even more tension."*

- Just as V7/V is the dominant 7th of V, VII7/V is the diminished 7th of V: in C major F♯–A–C–E♭.
- Its root (F♯) is the leading note of G, so it rises to G; the 7th (E♭) falls to D.
- Any diminished 7th can be read as the leading-note chord of a new key, so it is a useful pivot for modulating.

Worked example

Spell VII7/V in F major.

1. V in F is C. The leading note of C is B.
2. Build minor 3rds up from B♮: B–D–F–A♭.
3. B rises to C, A♭ falls to G.

Watch out for

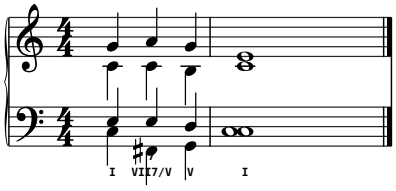

- Spelling the chord with enharmonic notes (C♭ instead of B): spell it up from the leading note in 3rds.

In the exam: Name it as VII7/V (or 'diminished 7th on the sharpened 4th').

Show him these cards

1

VII7/V is the diminished 7th of V. In C: F♯–A–C–E♭.

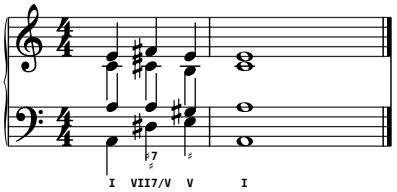

2

F♯ rises to G and E♭ falls to D: both lean into V.

3

In A minor, VII7/V is D♯–F♯–A–C, leaning into E.

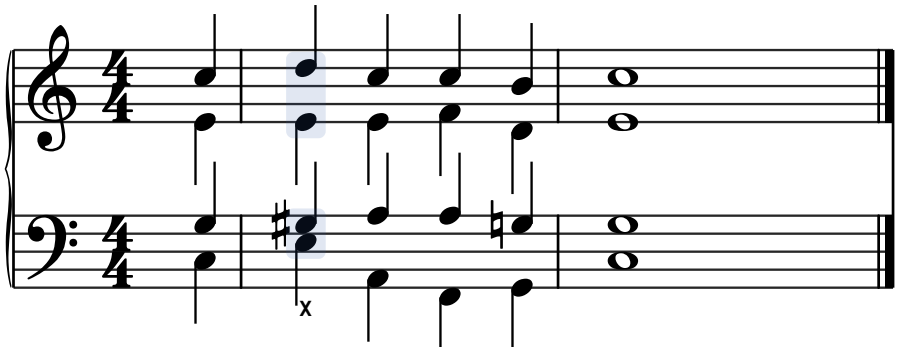

3 · DO TOGETHER (10 MIN)

- Write VII7/V–V–I in C and in F, then in A minor (D♯–F♯–A–C).

Four questions to work through together

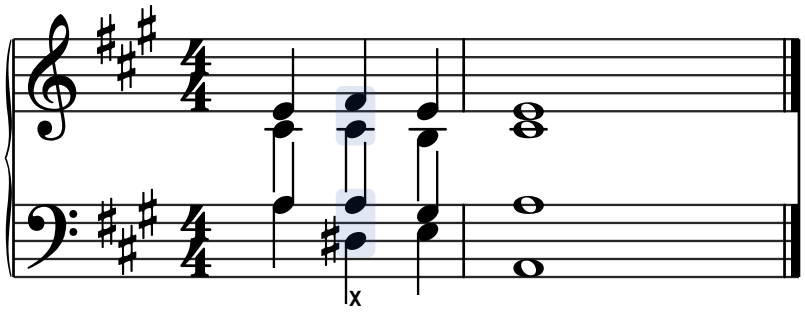

1. This passage is in C major. What kind of chord is X?

A. a secondary dominant (dominant 7th of VI)
B. a secondary dominant (dominant 7th of IV)
C. a secondary dominant (dominant 7th of V)
D. a diminished 7th

Answer: a secondary dominant (dominant 7th of VI). X is E–G♯–B–D (V7/VI): a secondary dominant (dominant 7th of VI).

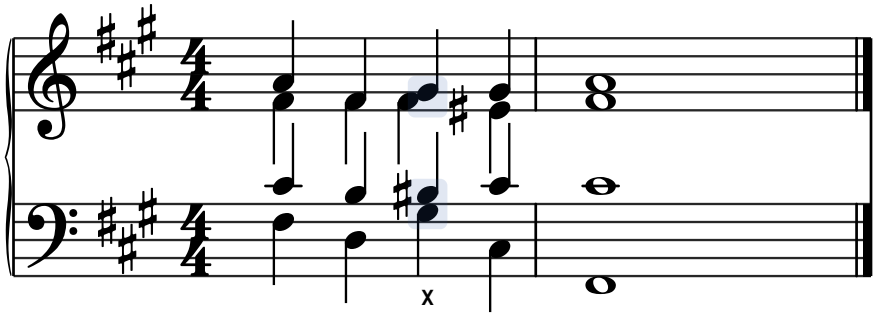

2. In A major, VII7/V (D♯–F♯–A–C♯) usually goes to which chord?

A. II
B. IV
C. I
D. V

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

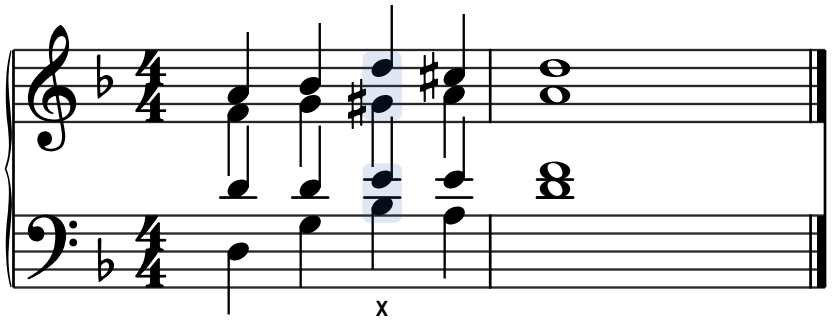

3. In F♯ minor, V7/V (G♯–B♯–D♯–F♯) usually goes to which chord?

A. IV
B. VI
C. V
D. I

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

4. This passage is in D minor. What kind of chord is X?

A. a German augmented 6th B. a diminished 7th C. a Neapolitan 6th D. a French augmented 6th

Answer: a French augmented 6th. X is B♭–D–E–G♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Tension game: VII7 then I, VII7/V then V; he says which key the chord points to.

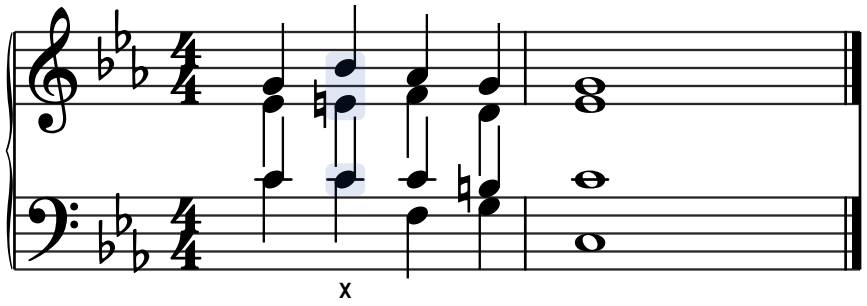

MOVE ON WHEN

He can spell VII7/V in three keys.

Philip's worksheet · Day 92

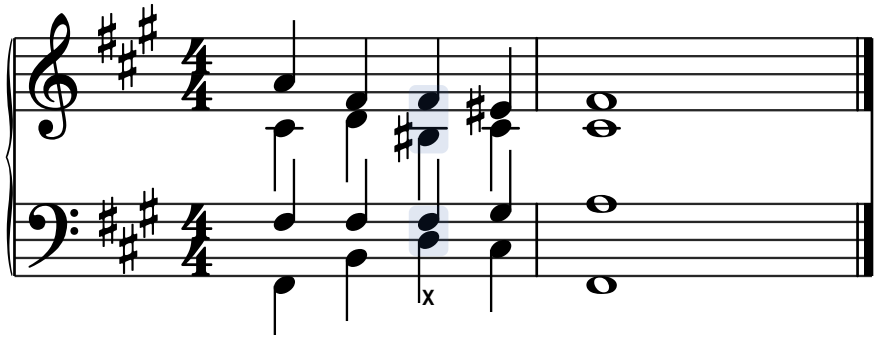

Name _____ Date _____ Score ____ / 8

1. This passage is in C minor. What kind of chord is X?

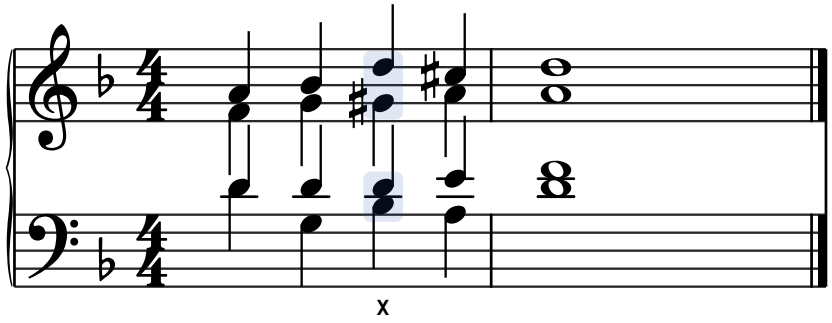

A. a secondary dominant (dominant 7th B. a diminished 7th C. a Neapolitan 6th D. an Italian augmented 6th of IV)

2. This passage is in F♯ minor. Name the chord marked X.

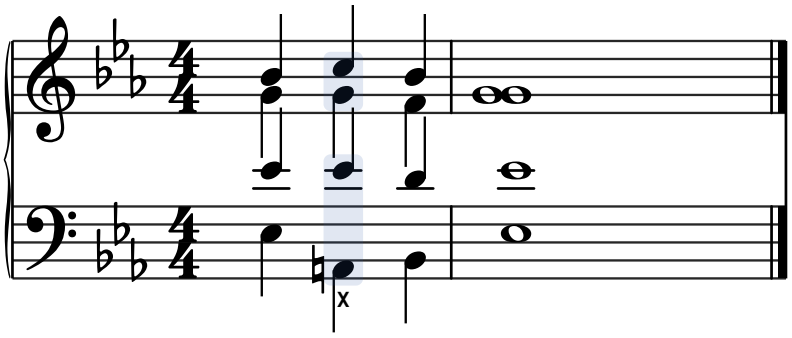

A. I7d B. VIIb C. It6 D. IV7b

3. This passage is in D minor. What kind of chord is X?

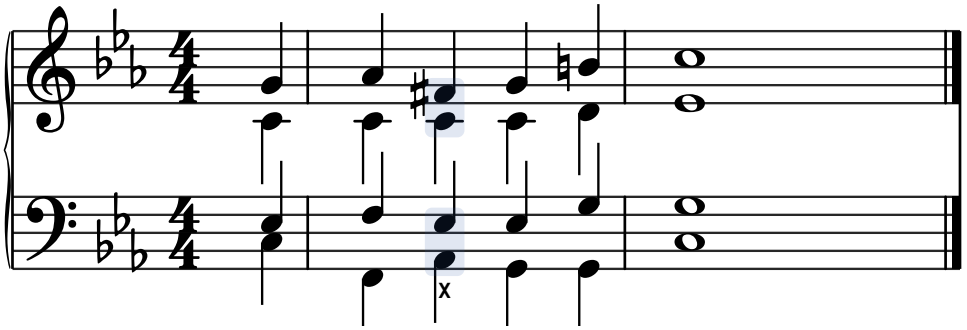

A. an Italian augmented 6th B. a Neapolitan 6th C. a German augmented 6th D. a French augmented 6th

4. In E♭ major, VII7/V (A–C–E♭–G) usually goes to which chord?

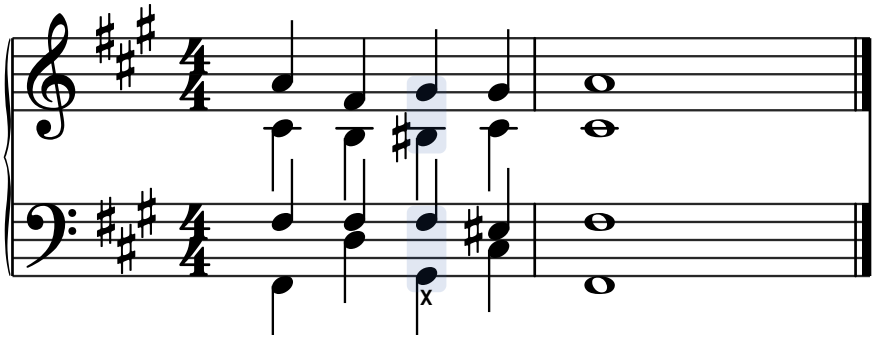

A. VI B. II C. V D. I

5. This passage is in C minor. Name the chord marked X.

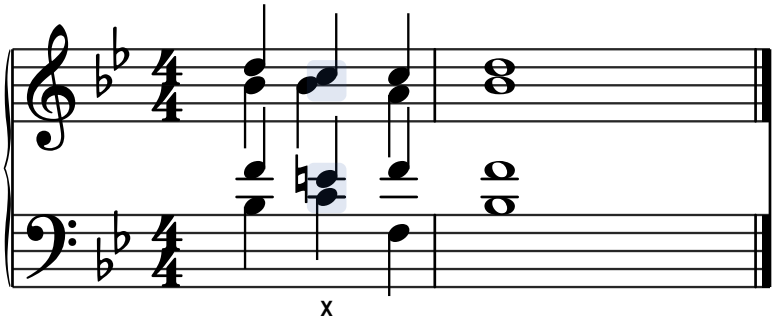

A. Ger6 B. I7c C. IV D. IIb

6. This passage is in F♯ minor. Name the chord marked X.

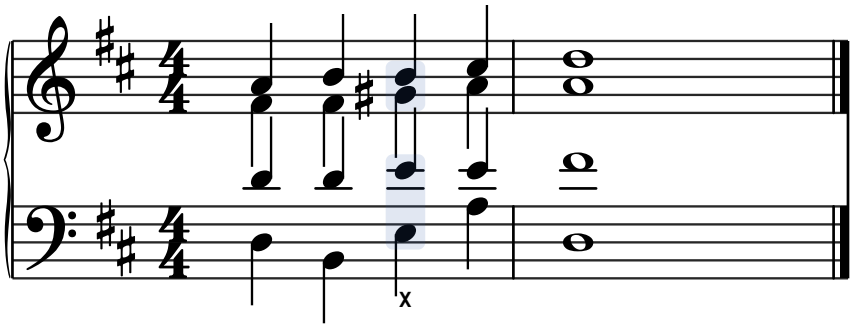

A. V7/V B. VII7b C. Vc D. IV7

7. This passage is in B♭ major. Name the chord marked X.

A. V7/V B. V7/IV C. Vc D. IV7b

8. This passage is in D major. What kind of chord is X?

A. a secondary dominant (dominant of V)

B. a French augmented 6th

C. an Italian augmented 6th

D. a German augmented 6th

ANSWERS (FOR MUM)

1. **A: a secondary dominant (dominant 7th of IV)**. X is C–E–G–B♭ (V7/IV): a secondary dominant (dominant 7th of IV).
2. **C: It6**. X is D–F♯–B♯: It6, an Italian augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
3. **A: an Italian augmented 6th**. X is B♭–D–G♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
4. **C: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
5. **A: Ger6**. X is A♭–C–E♭–F♯: Ger6, a German augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
6. **A: V7/V**. X is G♯–B♯–D♯–F♯: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (B♯) rises to the root of V.
7. **A: V7/V**. X is C–E–G–B♭: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (E) rises to the root of V.
8. **A: a secondary dominant (dominant of V)**. X is E–G♯–B (V/V): a secondary dominant (dominant of V).

Day 93: The Italian augmented 6th

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

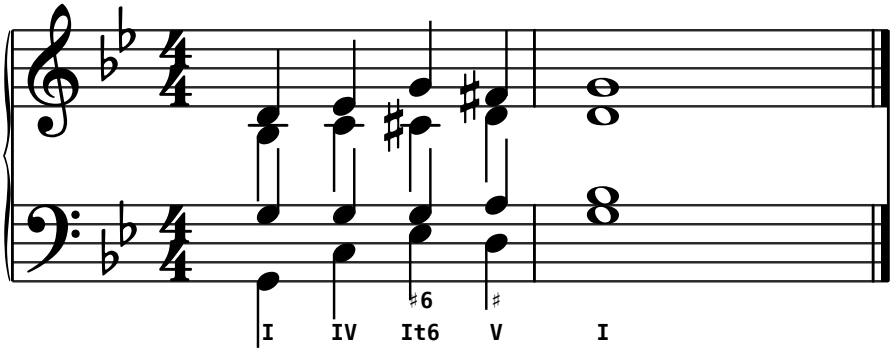

Say: *"An augmented 6th is two notes squeezing outwards onto the dominant from a semitone each side."*

- Augmented 6th chords are built on the flattened 6th in the bass. Above it: the tonic and the sharpened 4th. In C minor: A♭–C–F♯ (Italian 6th).
- The interval A♭ up to F♯ is an augmented 6th. It opens out to an octave on the dominant: A♭ falls to G, F♯ rises to G.
- Figured ♯6. Double the tonic (C), never the A♭ or F♯.
- In a major key the bass is flattened too: in C major A♭–C–F♯.

Worked example

Write the Italian 6th in G minor.

1. ♭6 of G minor is E♭: that's the bass.
2. Add the tonic, G, and the sharpened 4th, C♯.
3. E♭ falls to D, C♯ rises to D, G stays or moves to D or F♯.

Watch out for

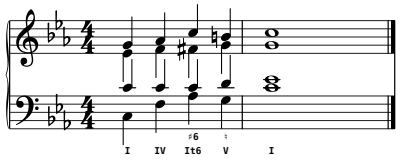

- Spelling the ♯4 as a flat (D♭ instead of C♯ in G minor): then it's not an augmented 6th.
- Doubling the A♭ or the F♯.

In the exam: The Italian 6th has only three different notes; double the tonic.

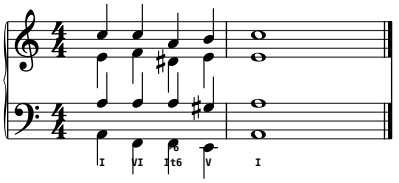

Show him these cards

1	2	3
		In A minor: F–A–D♯, going to E.

The Italian 6th: ♭6 in the bass, then 1 and ♯4. In C minor: A♭–C–F♯.

A♭ and F♯ make an augmented 6th. They spread out to the octave G.

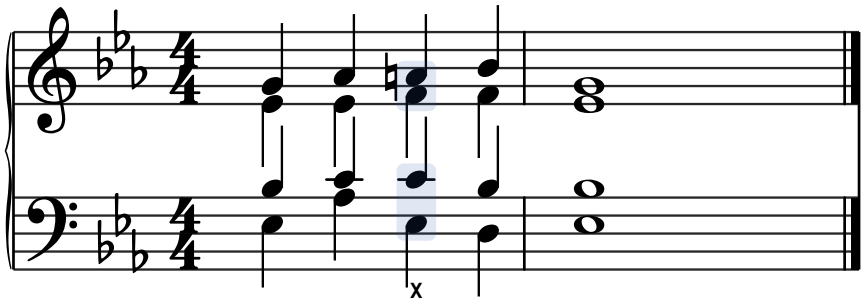

3 · DO TOGETHER (10 MIN)

- Write It6–V–I in C minor, G minor and A minor. Play them.

Four questions to work through together

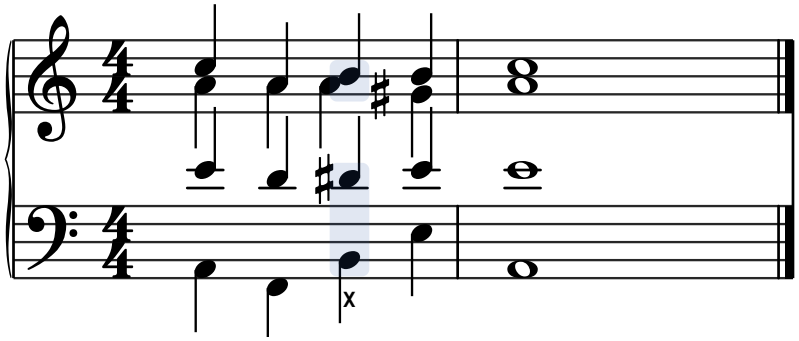

1. This passage is in E♭ major. Name the chord marked X.

A. V B. V7d/V C. V7d D. Vc

Answer: V7d/V. X is F–A–C–E♭: V7d/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (A) rises to the root of V.

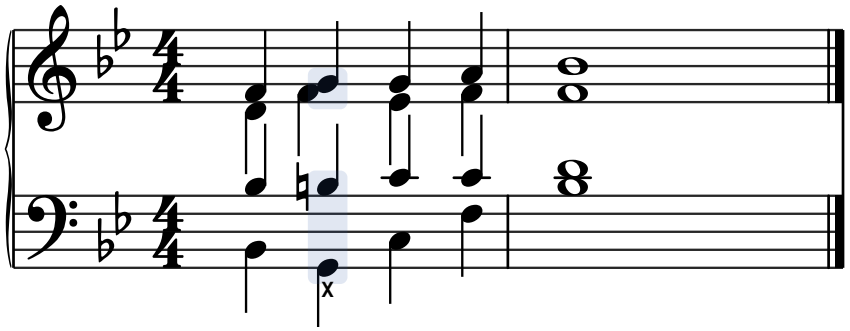

2. In A minor, V7/V (B–D♯–F♯–A) usually goes to which chord?

A. V B. VI C. II D. IV

Answer: V. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

3. This passage is in B♭ major. What kind of chord is X?

A. a German augmented 6th

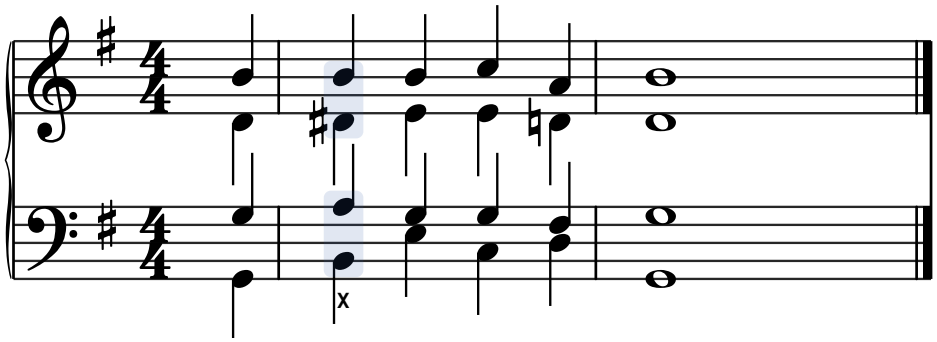

B. a secondary dominant (dominant 7th of II)

C. a French augmented 6th

D. a secondary dominant (dominant 7th of IV)

Answer: a secondary dominant (dominant 7th of II). X is G–B–D–F (V7/II): a secondary dominant (dominant 7th of II).

4. In G major, V7/VI (B–D♯–F♯–A) usually goes to which chord?

A. II

B. VI

C. V

D. IV

Answer: VI. A secondary dominant resolves to the chord it is the dominant of: VI. Here it goes to VI.

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Out-and-out: play It6 to V; he hears the two outer notes spread to the octave.

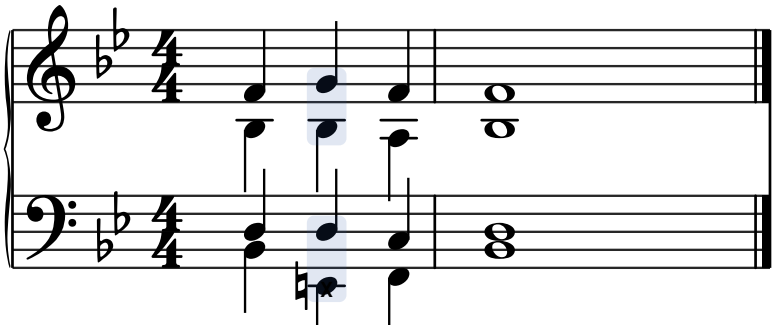

MOVE ON WHEN

He can find the augmented 6th in any It6 and say where both notes go.

Philip's worksheet · Day 93

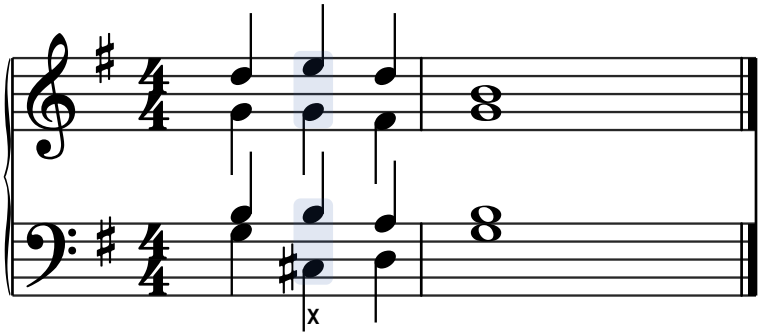

Name _____ Date _____ Score ____ / 8

1. In B♭ major, VII7/V (E–G–B♭–D) usually goes to which chord?

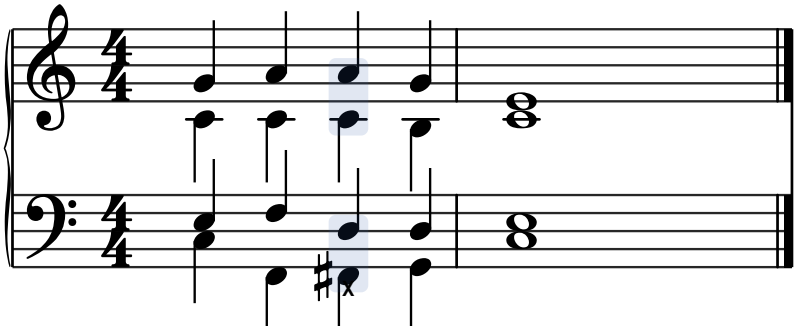

A. V B. I C. II D. VI

2. This passage is in G major. Name the chord marked X.

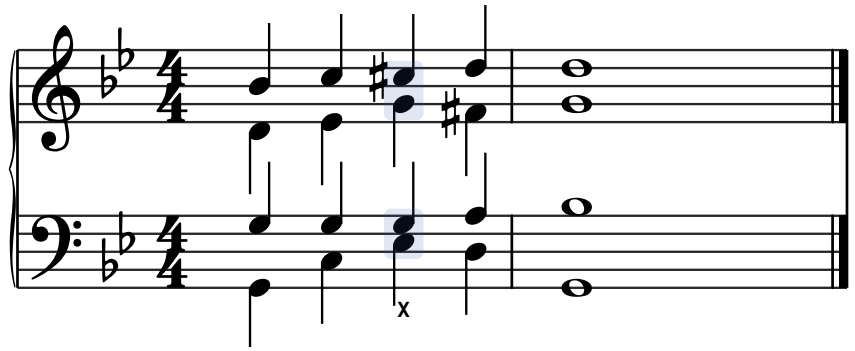

A. V7 B. Vc C. V7/V D. VII7/V

3. In C major, V7b/V (D–F♯–A–C) usually goes to which chord?

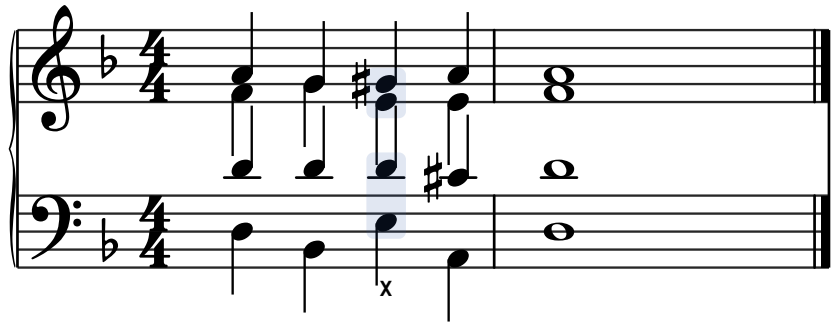

A. V B. VI C. I D. IV

4. This passage is in G minor. What kind of chord is X?

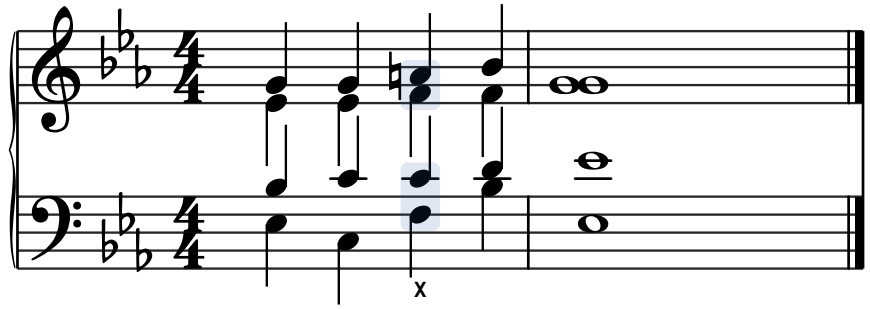

A. a Neapolitan 6th B. a diminished 7th C. a secondary dominant (dominant 7th of IV) D. an Italian augmented 6th

5. This passage is in D minor. Name the chord marked X.

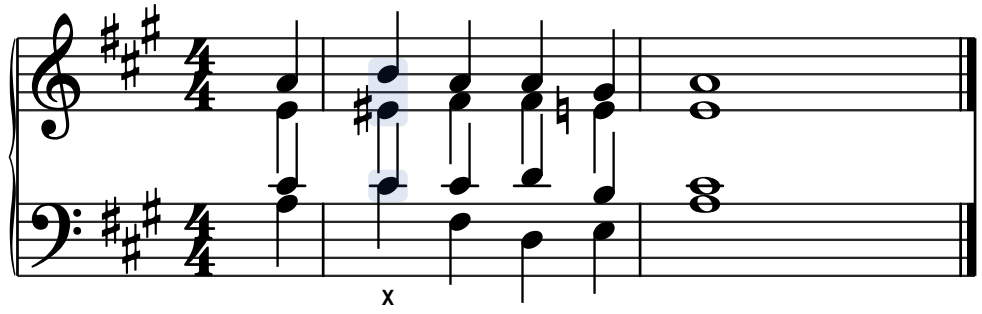

A. V7d B. Vc C. Ic D. V7/V

6. This passage is in E♭ major. What kind of chord is X?

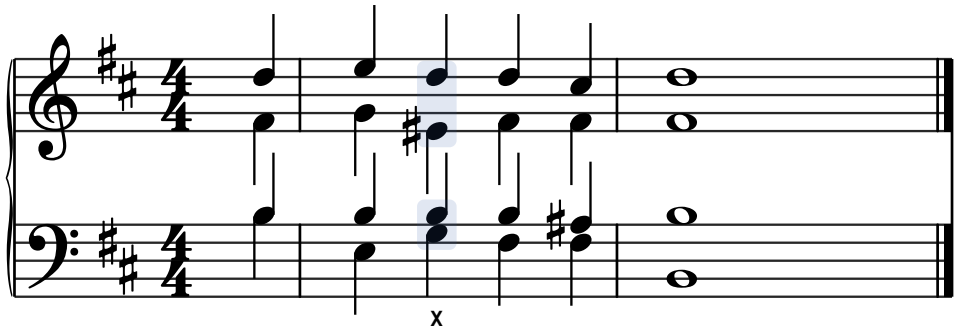

A. a secondary dominant (dominant 7th of IV) B. a secondary dominant (dominant of V) C. a secondary dominant (dominant 7th of V) D. a French augmented 6th

7. This passage is in A major. Name the chord marked X.

A. N6 B. II C. IV7d D. V7/VI

8. In B minor, Ger6 (G–B–D–E♯) usually goes to which chord?

A. V

B. VI

C. Ic, then V

D. IV

ANSWERS (FOR MUM)

1. **A: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
2. **D: VII7/V**. X is C♯–E–G–B: VII7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (C♯) rises to the root of V.
3. **A: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.
4. **D: an Italian augmented 6th**. X is E♭–G–C♯ (It6): an Italian augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
5. **D: V7/V**. X is E–G♯–B–D: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (G♯) rises to the root of V.
6. **B: a secondary dominant (dominant of V)**. X is F–A–C (V/V): a secondary dominant (dominant of V).
7. **D: V7/VI**. X is C♯–E♯–G♯–B: V7/VI, a secondary dominant (dominant 7th of VI). It is V7 of the key of VI, so its leading note (E♯) rises to the root of VI.
8. **C: Ic, then V**. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.

Day 94: French and German augmented 6ths

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Italian has three notes, French adds the 2nd, German adds the flat 3rd. Think 'I, F, G: 1, 2, 3 extra'."*

- French 6th: add the supertonic. In C minor A♭–C–D–F♯ (figured ♯6/4/3).
- German 6th: add the flattened 3rd instead. In C minor A♭–C–E♭–F♯ (figured ♯6/5). It sounds like a dominant 7th, but the F♯ is spelt as a sharp.
- The German 6th going straight to V makes consecutive 5ths (A♭–E♭ to G–D), so it usually goes to Ic first: Ger6–Ic–V.
- All three resolve to V; the French sounds the most 'spicy', the German the fullest.

Worked example

Is A♭–C–E♭–F♯ in C minor a German 6th or an A♭ dominant 7th?

1. A♭ dominant 7th would be A♭–C–E♭–G♭.
2. Here the top note is F♯, a sharpened 4th, which rises to G.
3. So it's a German 6th, going to Ic then V.

Watch out for

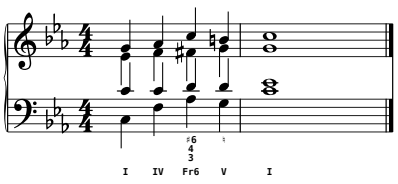

- Taking the German 6th straight to V (consecutive 5ths).
- Mixing up French (2nd) and German (♭3rd).

In the exam: Score questions ask 'name the type of chord': say Italian, French or German augmented 6th.

Show him these cards

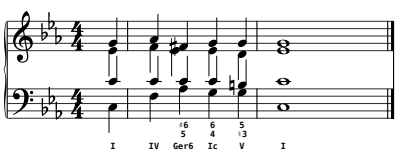

1

French 6th: add the 2nd. In C minor A♭–C–D–F♯.

2

German 6th: add ♭3. In C minor A♭–C–E♭–F♯. It goes to Ic first.

3

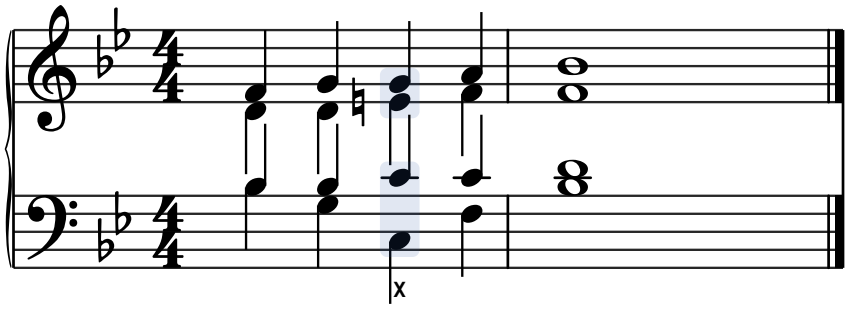

Why Ic? Ger6 straight to V makes 5ths: A♭–E♭ then G–D.

3 · DO TOGETHER (10 MIN)

- Write It6, Fr6 and Ger6 in G minor, each resolving to V (Ger6 via Ic).

Four questions to work through together

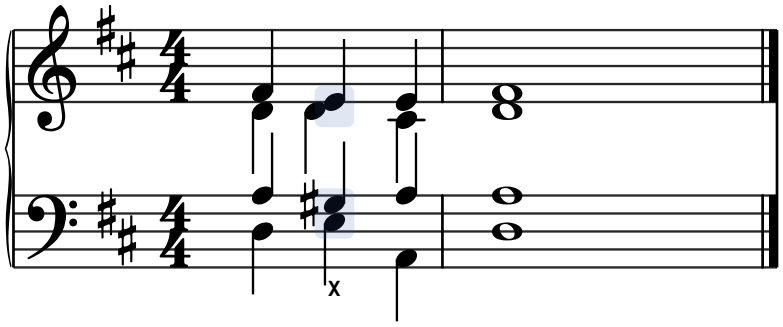

1. This passage is in B♭ major. What kind of chord is X?

A. a secondary dominant (dominant of V)
B. a secondary dominant (dominant 7th of IV)
C. a French augmented 6th
D. an Italian augmented 6th

Answer: a secondary dominant (dominant of V). X is C–E–G (V/V): a secondary dominant (dominant of V).

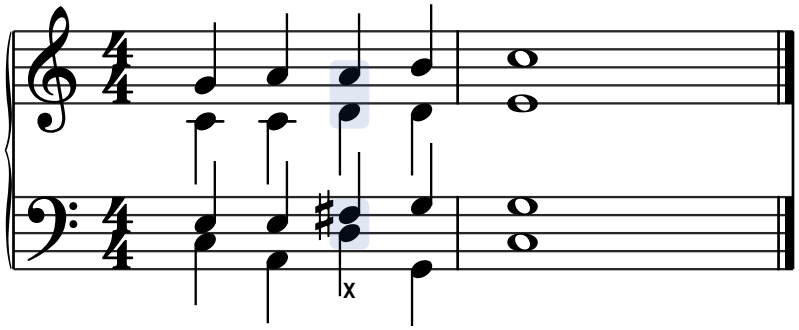

2. This passage is in D major. What kind of chord is X?

A. a French augmented 6th
B. a German augmented 6th
C. a secondary dominant (dominant 7th of V)
D. a diminished 7th

Answer: a secondary dominant (dominant 7th of V). X is E–G♯–B–D (V7/V): a secondary dominant (dominant 7th of V).

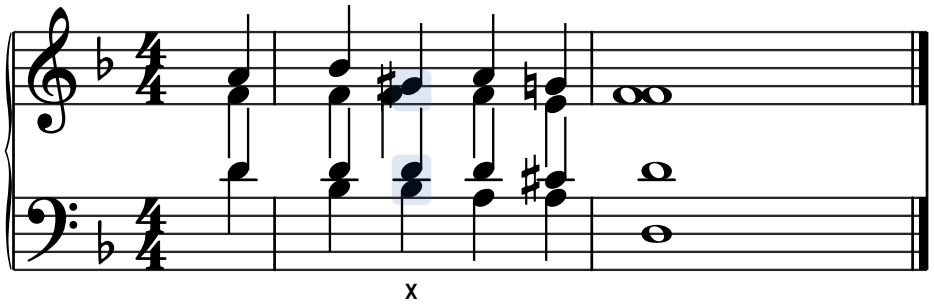

3. This passage is in C major. What kind of chord is X?

A. an Italian augmented 6th
B. a Neapolitan 6th
C. a secondary dominant (dominant of V)
D. a French augmented 6th

Answer: a secondary dominant (dominant of V). X is D–F♯–A (V/V): a secondary dominant (dominant of V).

4. In D minor, Ger6 (B♭–D–F–G♯) usually goes to which chord?

A. VI B. V C. Ic, then V D. I

Answer: Ic, then V. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Which nation? You play It6, Fr6 or Ger6; he names it from how full it sounds.

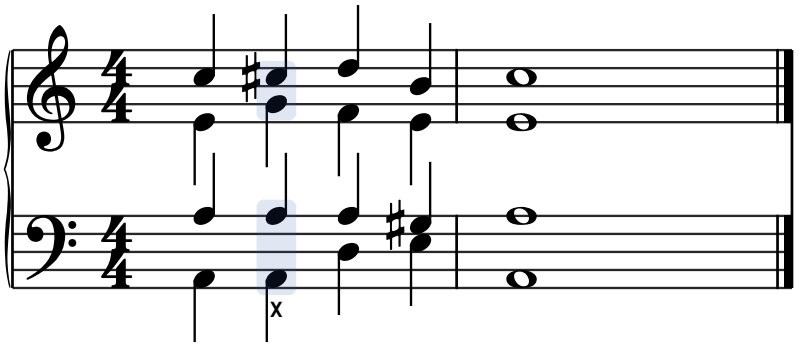

MOVE ON WHEN

He can tell the three augmented 6ths apart on paper.

Philip's worksheet · Day 94

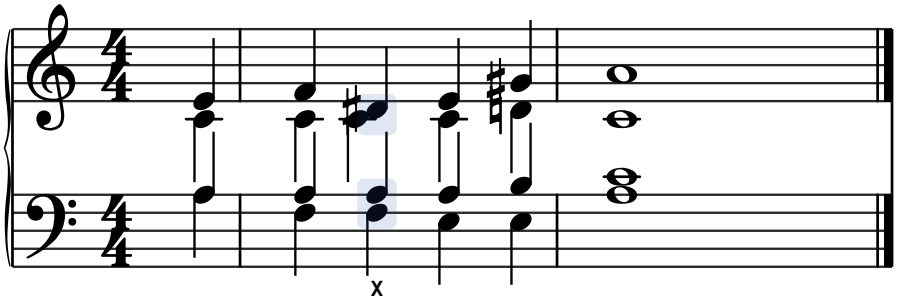

Name _____ Date _____ Score ____ / 8

1. This passage is in A minor. Name the chord marked X.

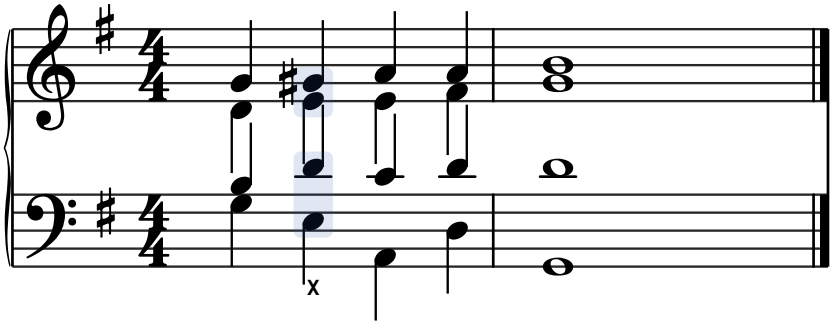

A. II7b B. I7d C. V7/IV D. V7d

2. This passage is in A minor. What kind of chord is X?

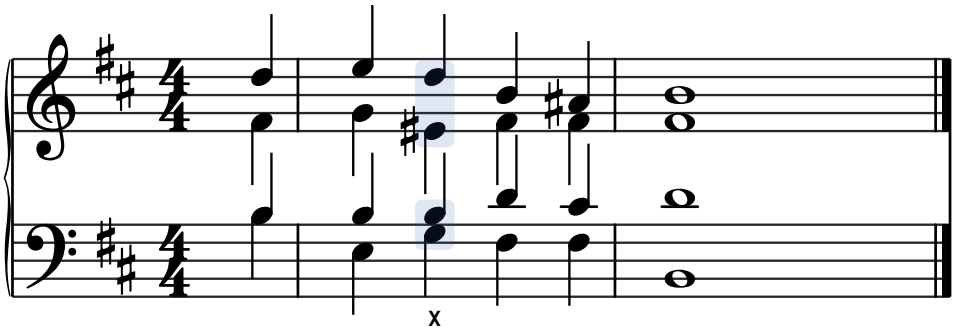

A. a secondary dominant (dominant of V) B. a secondary dominant (dominant 7th of V) C. a German augmented 6th D. a Neapolitan 6th

3. In G major, V7/II (E–G♯–B–D) usually goes to which chord?

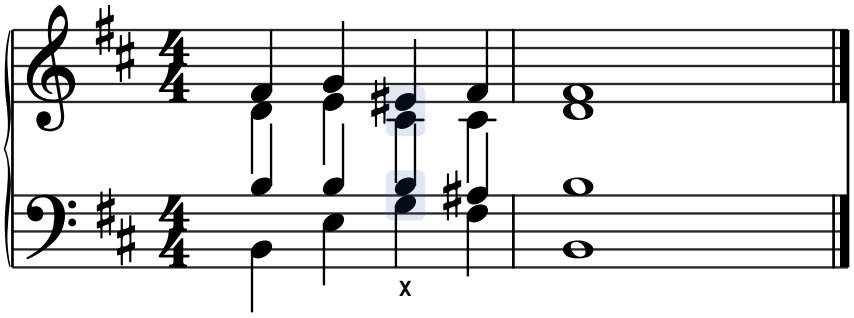

A. II B. IV C. V D. I

4. In B minor, Ger6 (G–B–D–E♯) usually goes to which chord?

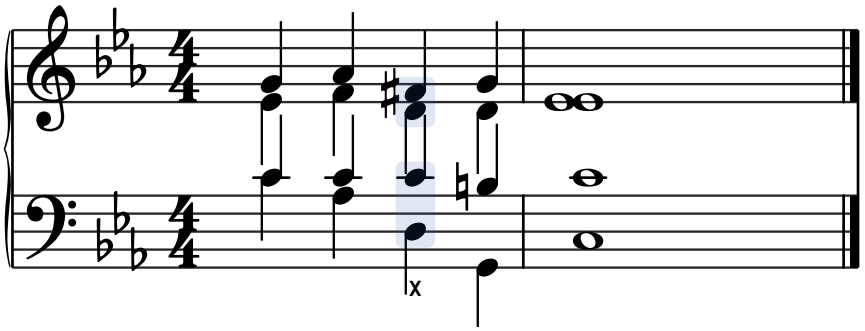

A. Ic, then V B. VI C. V D. I

5. This passage is in B minor. What kind of chord is X?

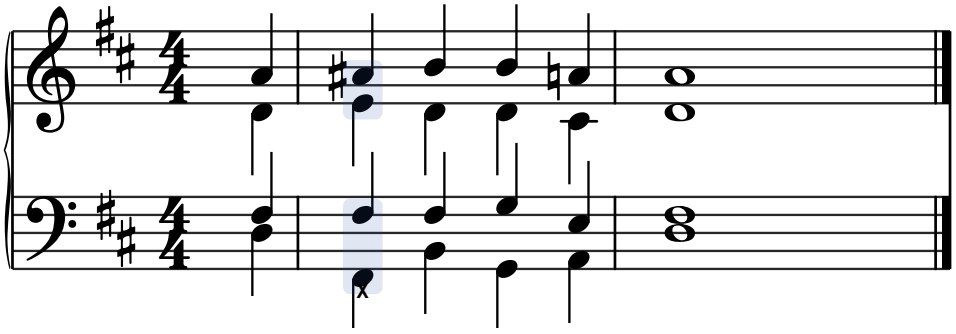

A. a French augmented 6th B. an Italian augmented 6th C. a secondary dominant (dominant 7th of V) D. a German augmented 6th

6. This passage is in C minor. What kind of chord is X?

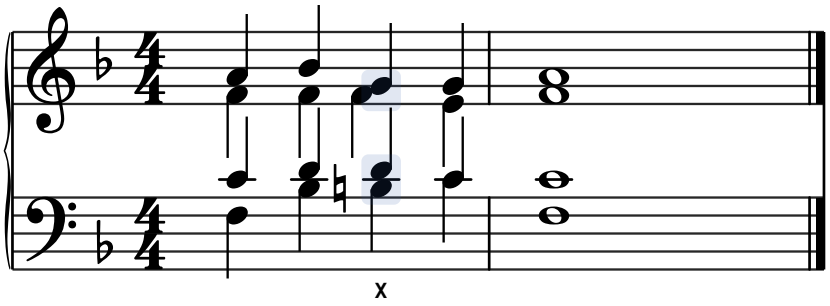

A. a German augmented 6th B. a secondary dominant (dominant 7th of V) C. a French augmented 6th D. a Neapolitan 6th

7. This passage is in D major. Name the chord marked X.

A. II7b B. VII7/V C. V7/VI D. V7b

8. In F major, V7b/V (G–B–D–F) usually goes to which chord?

A. V B. I C. IV D. II

ANSWERS (FOR MUM)

1. **C: V7/IV**. X is A–C♯–E–G: V7/IV, a secondary dominant (dominant 7th of IV). It is V7 of the key of IV, so its leading note (C♯) rises to the root of IV.
2. **C: a German augmented 6th**. X is F–A–C–D♯ (Ger6): a German augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
3. **A: II**. A secondary dominant resolves to the chord it is the dominant of: II. Here it goes to II.
4. **A: Ic, then V**. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.
5. **A: a French augmented 6th**. X is G–B–C♯–E♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.
6. **B: a secondary dominant (dominant 7th of V)**. X is D–F♯–A–C (V7/V): a secondary dominant (dominant 7th of V).
7. **C: V7/VI**. X is F♯–A♯–C♯–E: V7/VI, a secondary dominant (dominant 7th of VI). It is V7 of the key of VI, so its leading note (A♯) rises to the root of VI.
8. **A: V**. A secondary dominant resolves to the chord it is the dominant of: V. Here it goes to V.

Day 95: Grade 8 terms and directions

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Group the terms: speed, mood, and how to play. Then they stick."*

- Grade 8 scores use Italian, French and German directions. Italian: sotto voce, mezza voce, a piacere, l'istesso tempo, incalzando, lontano, piangevole. French: pressez, en animant, à volonté, cuivré, sur la touche. German: Hauptstimme, Nebenstimme, ausdrucksvoll, kräftig, gedämpft, langsamer, lebhaft, nicht zu schnell, innig.
- Learn them in groups: speed changes, moods, playing techniques.

Worked example

What does 'l'istesso tempo' mean when the time changes from 2/4 to 6/8?

1. It means 'the same speed'.
2. The beat stays the same: a crotchet in 2/4 equals a dotted crotchet in 6/8.

Watch out for

- Mixing up 'pressez' (hurry) and 'cédez' (slow down).

In the exam: Expect two or three term questions in questions 4 and 5.

Show him these cards

1

Italian: sotto voce (in an undertone), mezza voce (half voice), lontano (distant), l'istesso tempo (same beat).

2

French: pressez (hurry), en animant (getting livelier), cuivré (brassy), sur la touche (bow over the fingerboard).

3

German: innig (heartfelt), ausdrucksvoll (expressively), Hauptstimme (main part), gedämpft (muted), lebhaft (lively).

3 · DO TOGETHER (10 MIN)

- Sort the Grade 8 terms into speed, mood and technique groups.

Four questions to work through together

1. Which term means "not too fast (German)"?

A. nicht zu schnell B. stringendo C. un peu D. divisi (div.)

Answer: nicht zu schnell. nicht zu schnell means "not too fast (German)".

2. What does this mean?

markiert

A. getting quicker and louder
B. marked, accented (German)
C. heartfelt, intimate (German)
D. somewhat, rather (German)

Answer: marked, accented (German). markiert means "marked, accented (German)".

3. What does this mean?

mezza voce

A. divided: players share the notes
B. at half voice, restrained
C. hesitating, slowing (German)
D. let it vibrate (don't damp the sound)

Answer: at half voice, restrained. mezza voce means "at half voice, restrained".

4. Which term means "getting quicker and louder"?

A. incalzando
B. laissez vibrer
C. bewegt
D. mesto

Answer: incalzando. incalzando means "getting quicker and louder".

4 · ON HIS OWN (12 MIN)

- Grade 8 terms practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Word cards and Match pairs with the Grade 8 terms.

MOVE ON WHEN

He knows 25 of the 32 new terms.

Philip's worksheet · Day 95

Name _____ Date _____ Score ____ / 8

1. Which term means "the main part: bring it out (German)"?

A. piangevole B. lugubre C. Hauptstimme D. innig

2. What does this mean?

zögernd

A. tearful, sad B. bow near the bridge C. strong, vigorous (German) D. hesitating, slowing (German)

3. Which term means "bow over the fingerboard (French)"?

A. lamentoso B. sur la touche C. ausdrucksvoll D. affrettando

4. What does this mean?

un peu

A. bow over the fingerboard (French) B. mysteriously C. heartfelt, intimate (German) D. a little (French)

5. What does this mean?

au mouvement

A. back to the original speed (French) B. with some freedom of time C. hurry (French) D. tearful, sad

6. What does this mean?

non vibrato

A. together again after divisi B. mournful C. without vibrato D. somewhat, rather (German)

7. Which term means "getting quicker and louder"?

A. un peu B. tempo primo (Tempo I) C. incalzando D. en animant

8. What does this mean?

piangevole

A. heartfelt, intimate (German) B. bow over the fingerboard (French) C. expressively (German) D. plaintive, tearful

ANSWERS (FOR MUM)

1. **C: Hauptstimme**. Hauptstimme means "the main part: bring it out (German)".
2. **D: hesitating, slowing (German)**. zögernd means "hesitating, slowing (German)".
3. **B: sur la touche**. sur la touche means "bow over the fingerboard (French)".
4. **D: a little (French)**. un peu means "a little (French)".
5. **A: back to the original speed (French)**. au mouvement means "back to the original speed (French)".
6. **C: without vibrato**. non vibrato means "without vibrato".
7. **C: incalzando**. incalzando means "getting quicker and louder".
8. **D: plaintive, tearful**. piangevole means "plaintive, tearful".

Day 96: Review: Grade 8 chords (Days 89–95)

G8 Chords · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

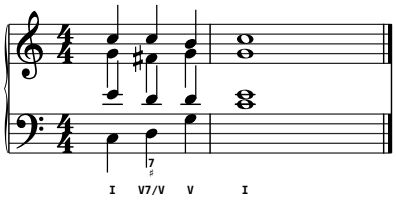

2 · TEACH (10 MIN)

- Go back over Days 89–95: secondary dominants, diminished 7ths on other degrees, the three augmented 6ths and the new terms.

Show him these cards

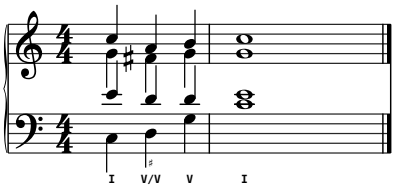

1

New chords: secondary dominants like V7 of V, and the augmented 6ths.

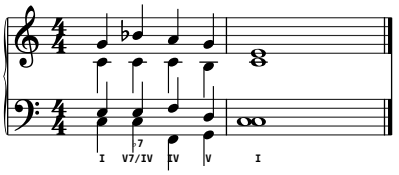

2

V of V is the dominant of the dominant. In C major: D–F♯–A. The F♯ is G major's leading note.

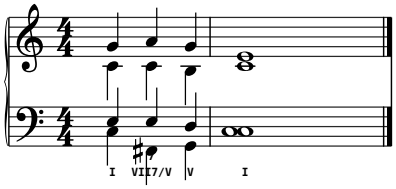

3

V7/IV in C: C–E–G–B♭. The B♭ falls to A in IV.

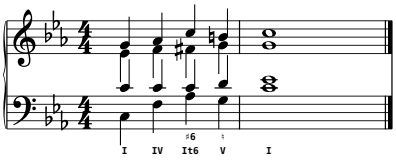

4

VII7/V is the diminished 7th of V. In C: F♯–A–C–E♭.

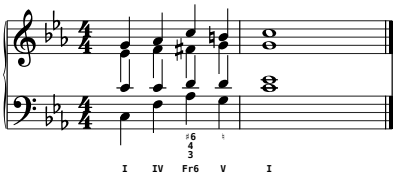

5

The Italian 6th: ♭6 in the bass, then 1 and ♯4. In C minor: A♭–C–F♯.

6

French 6th: add the 2nd. In C minor A♭–C–D–F♯.

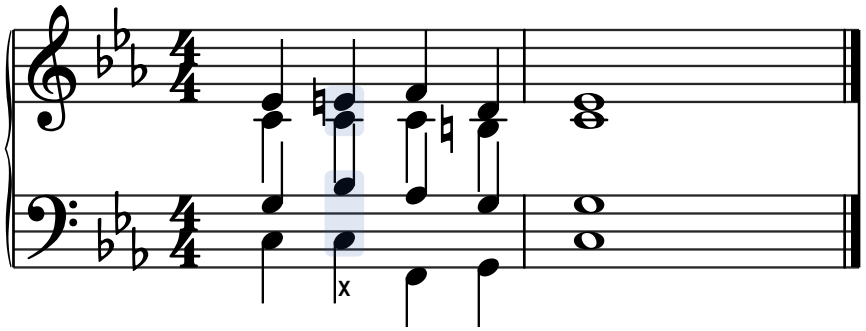

3 · DO TOGETHER (10 MIN)

- Name and resolve the chords in two passages from the lesson pack.

Four questions to work through together

1. This passage is in C minor. Name the chord marked X.

A. I7c B. V7/IV C. Ib D. II7c

Answer: V7/IV. X is C–E–G–B♭: V7/IV, a secondary dominant (dominant 7th of IV). It is V7 of the key of IV, so its leading note (E) rises to the root of IV.

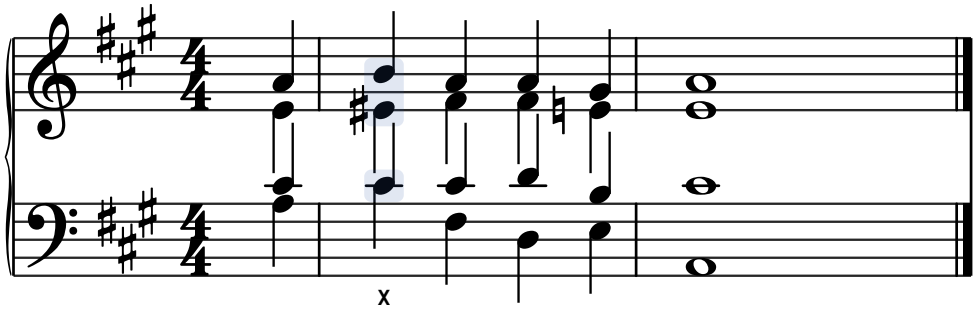

2. What does this mean?

lamentoso

A. heartfelt, intimate (German) B. lamenting C. lively (German) D. strong, vigorous (German)

Answer: lamenting. lamentoso means "lamenting".

3. In A major, V7/VI (C♯–E♯–G♯–B) usually goes to which chord?

A. VI B. V C. I D. II

Answer: VI. A secondary dominant resolves to the chord it is the dominant of: VI. Here it goes to VI.

4. Which term means "slower (German)"?

A. quasi B. Flatterzunge C. langsamer D. cédez

Answer: langsamer. langsamer means "slower (German)".

4 · ON HIS OWN (12 MIN)

- Grade 8 chords practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Chord detective: play eight chords in a row; he shouts at the chromatic one.

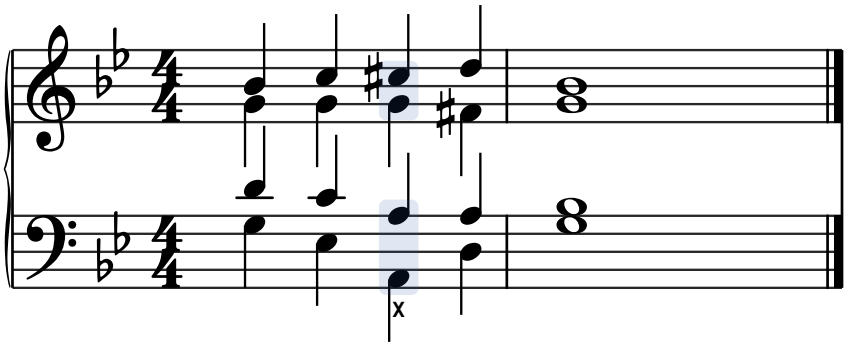

MOVE ON WHEN

Above 80% on the Grade 8 chords drill.

Philip's worksheet · Day 96

Name _____ Date _____ Score ____ / 8

1. This passage is in G minor. Name the chord marked X.

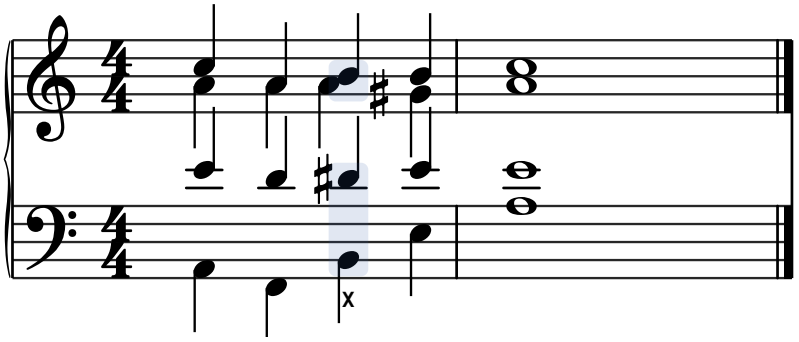

A. IVc B. VII7d C. V7/V D. VII7c

2. What does this mean?

lontano

A. not too fast (German) B. distant C. hurry (French) D. very (French)

3. This passage is in A minor. Name the chord marked X.

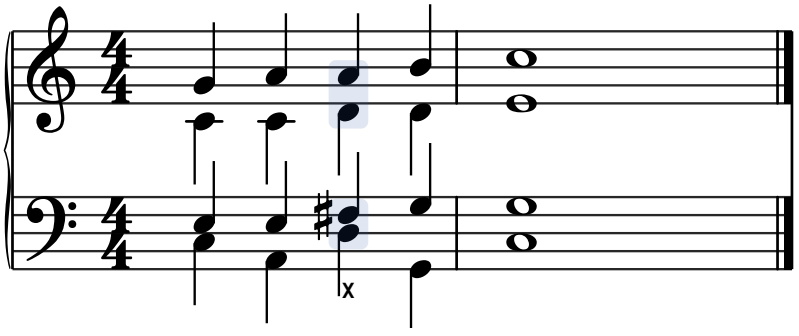

A. V7/V B. IV7d C. VII7c D. V7b

4. Which term means "at the same speed (the beat stays the same)"?

A. Flatterzunge B. zögernd C. l'istesso tempo D. tempo rubato

5. This passage is in C major. Name the chord marked X.

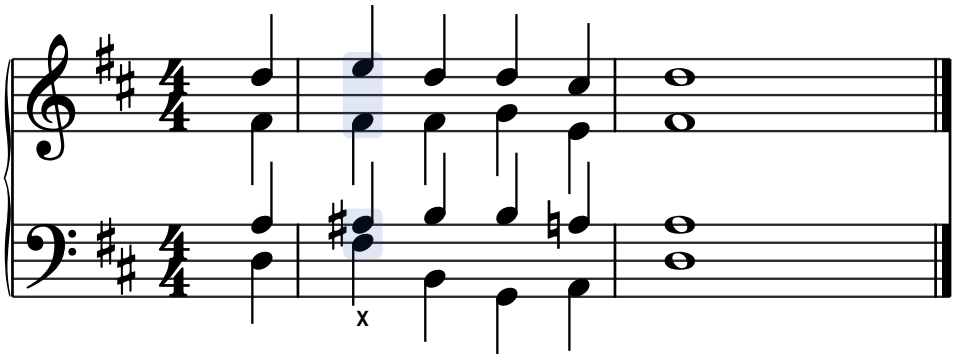

A. Ic B. VI7b C. V/V D. II7c

6. What does this mean?

laissez vibrer

A. in an undertone, quietly
B. getting quicker and louder
C. flutter-tonguing (German)
D. let it vibrate (don't damp the sound)

7. This passage is in D major. Name the chord marked X.

A. It6
B. V7/VI
C. IVc
D. V/V

8. Which term means "in an undertone, quietly"?

A. tempo rubato
B. lamentoso
C. sotto voce
D. piangevole

ANSWERS (FOR MUM)

1. **C: V7/V**. X is A–C♯–E–G: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (C♯) rises to the root of V.
2. **B: distant**. lontano means "distant".
3. **A: V7/V**. X is B–D♯–F♯–A: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (D♯) rises to the root of V.
4. **C: l'istesso tempo**. l'istesso tempo means "at the same speed (the beat stays the same)".
5. **C: V/V**. X is D–F♯–A: V/V, a secondary dominant (dominant of V). It is V of the key of V, so its leading note (F♯) rises to the root of V.
6. **D: let it vibrate (don't damp the sound)**. laissez vibrer means "let it vibrate (don't damp the sound)".
7. **B: V7/VI**. X is F♯–A♯–C♯–E: V7/VI, a secondary dominant (dominant 7th of VI). It is V7 of the key of VI, so its leading note (A♯) rises to the root of VI.
8. **C: sotto voce**. sotto voce means "in an undertone, quietly".

Day 97: Question 1: the Baroque trio sonata

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Think of it as a conversation: two violins chatting over a walking bass."*

- A trio sonata (about 1650–1750) has two treble instruments (often violins) and a continuo bass, played by a cello with a harpsichord realising the figures.
- In question 1, the bass and figures are given all the way through, with the opening of both upper parts. You continue the two upper parts to the end.
- Think in three real parts: the two violins and the bass together must make each chord. The harpsichord fills in, so you don't need four parts.

Worked example

What do you need to write in question 1?

1. Both upper parts (violin I and violin II) from where they stop to the end.
2. Follow the figured bass for every chord.
3. Make them move, and end with a cadence.

Watch out for

- Writing four parts: there are three.

In the exam: 15 marks; about 25 minutes.

Show him these cards

1

A trio sonata: two violins and a continuo bass with figures.

2

You get the bass, the figures and the opening of both violins. You finish the violins.

3

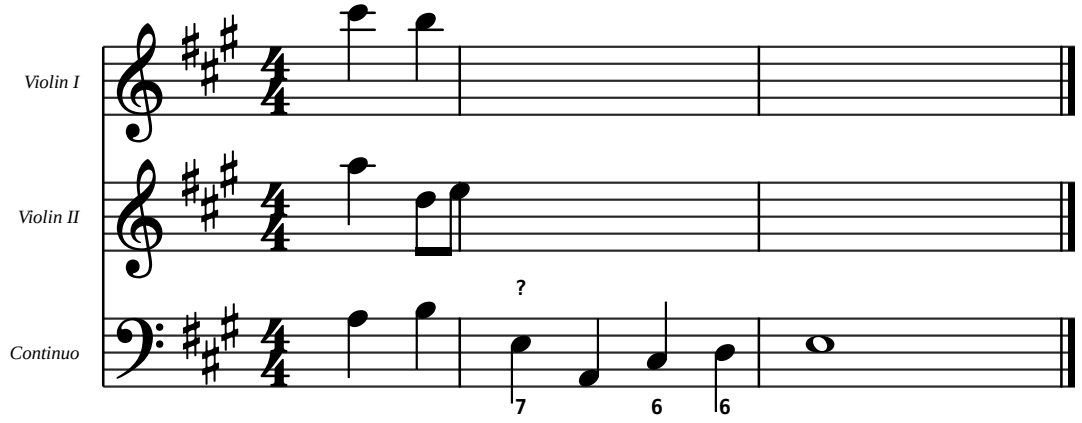

Only three real parts, so each chord needs its 3rd.

3 · DO TOGETHER (10 MIN)

- Look at a real trio sonata movement (Corelli or Handel) together and point out the figures.

Four questions to work through together

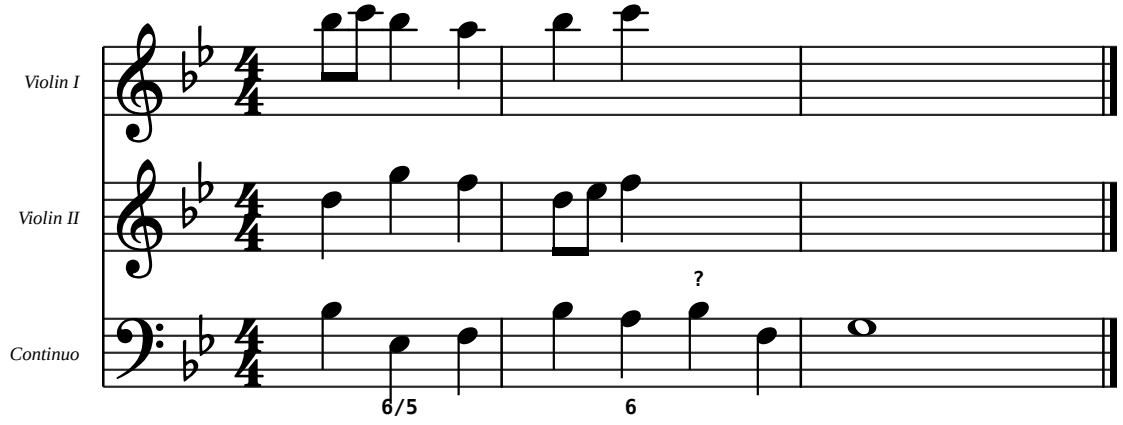

1. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II D5 B. violin I E5, violin II D5 C. violin I F♯5, violin II D5 D. violin I G♯5, violin II D5

Answer: violin I G♯5, violin II D5. violin I G♯5, violin II D5 is right: both notes belong to V7 (E–G♯–B–D), the 3rd is present and there are no consecutives. violin I E5, violin II D5 makes consecutive 5ths or octaves with the part before. A5 isn't in the chord the figures show (E–G♯–B–D). F♯5 isn't in the chord the figures show (E–G♯–B–D).

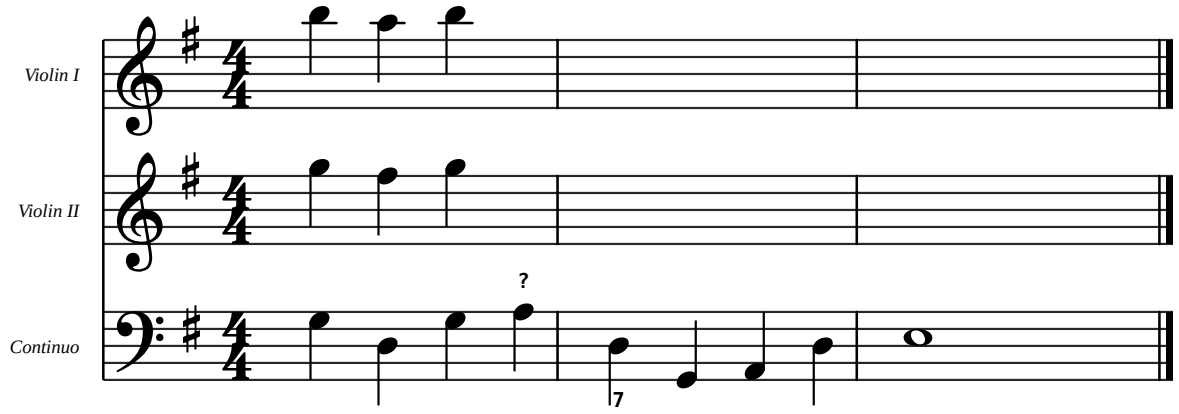

2. Trio sonata in B♭ major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I C6, violin II D5 B. violin I B♭5, violin II D5 C. violin I B♭5, violin II B♭4 D. violin I B♭5, violin II C5

Answer: violin I B♭5, violin II D5. violin I B♭5, violin II D5 is right: both notes belong to I (B♭–D–F), the 3rd is present and there are no consecutives. C5 isn't in the chord the figures show (B♭–D–F). C6 isn't in the chord the figures show (B♭–D–F). violin I B♭5, violin II B♭4 leaves out the 3rd (D): with only three parts, the 3rd must be there.

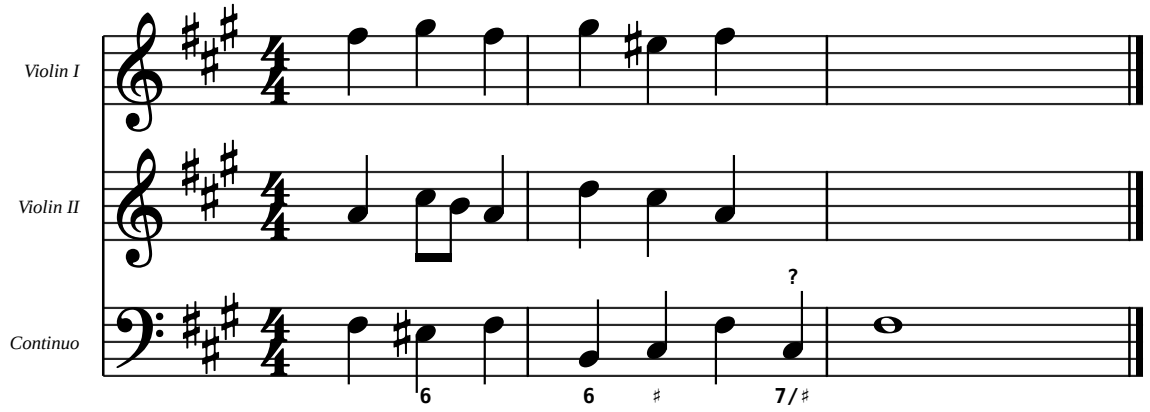

3. Trio sonata in G major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II A4 B. violin I B5, violin II C5 C. violin I A5, violin II C5 D. violin I A5, violin II B4

Answer: violin I A5, violin II C5. violin I A5, violin II C5 is right: both notes belong to II (A–C–E), the 3rd is present and there are no consecutives. violin I A5, violin II A4 makes consecutive 5ths or octaves with the part before. B4 isn't in the chord the figures show (A–C–E). B5 isn't in the chord the figures show (A–C–E).

4. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I F♯5, violin II B4 B. violin I D5, violin II B4 C. violin I C♯5, violin II B4 D. violin I E♯5, violin II B4

Answer: violin I E♯5, violin II B4. violin I E♯5, violin II B4 is right: both notes belong to V7 (C♯–E♯–G♯–B), the 3rd is present and there are no consecutives. violin I C♯5, violin II B4 makes consecutive 5ths or octaves with the part before. F♯5 isn't in the chord the figures show (C♯–E♯–G♯–B). D5 isn't in the chord the figures show (C♯–E♯–G♯–B).

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Follow the bass: play a figured bass slowly; he sings the top of each chord.

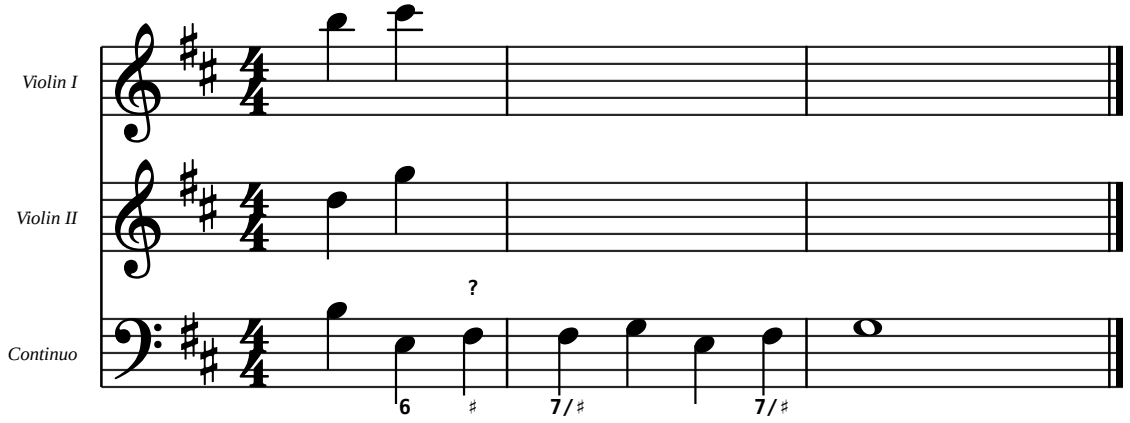

MOVE ON WHEN

He can explain what the three parts of a trio sonata are.

Philip's worksheet · Day 97

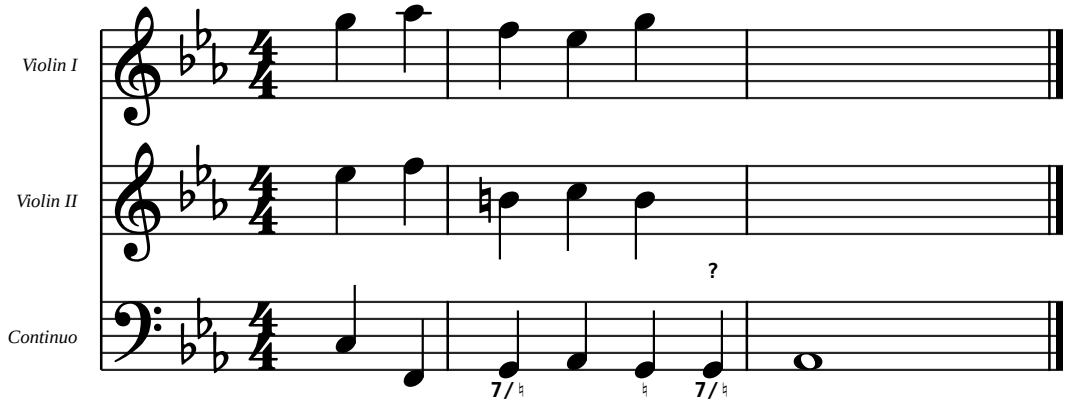

Name _____ Date _____ Score ____ / 8

1. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

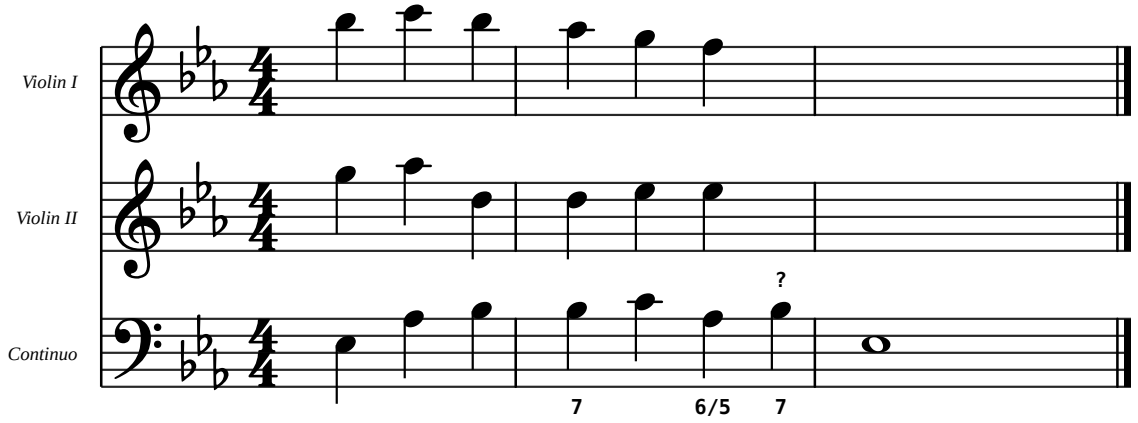

A. violin I A♯5, violin II G5 B. violin I A♯5, violin II E5 C. violin I F♯5, violin II F♯5 D. violin I A♯5, violin II F♯5

2. Trio sonata in C minor. Which pair of notes fits the beat marked ? (read the figures)

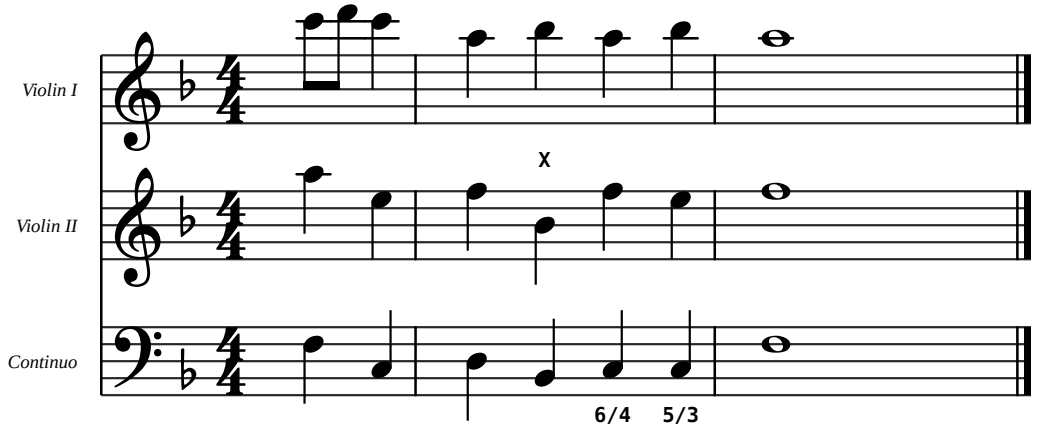

A. violin I F5, violin II B4 B. violin I F5, violin II G4 C. violin I F5, violin II C5 D. violin I E♭5, violin II B4

3. Trio sonata in E♭ major. Which pair of notes fits the beat marked ? (read the figures)

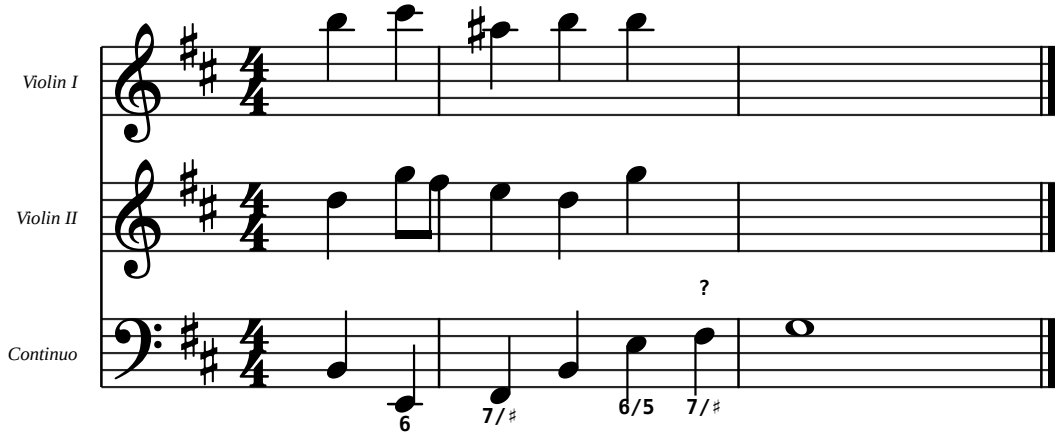

A. violin I A♭5, violin II D5 B. violin I A♭5, violin II C5 C. violin I G5, violin II D5 D. violin I A♭5, violin II F5

4. Trio sonata in F major. The violin II note marked X breaks a rule. Which one?

A. the 3rd is missing B. a missing or wrong accidental C. the leading note doesn't rise D. the leading note is doubled

5. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

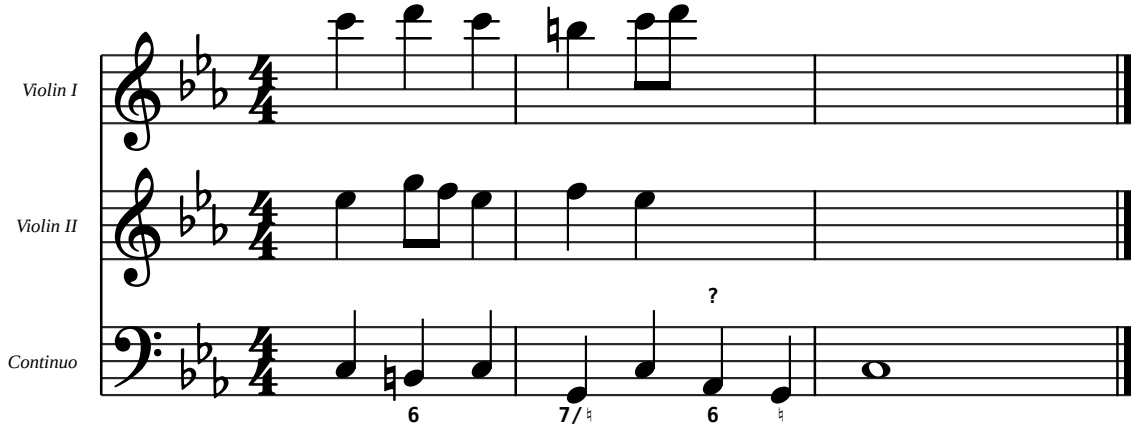

A. violin I C♯6, violin II E5 B. violin I B5, violin II E5 C. violin I A♯5, violin II E5 D. violin I A♯5, violin II D5

6. Trio sonata in C major. The violin II note marked X breaks a rule. Which one?

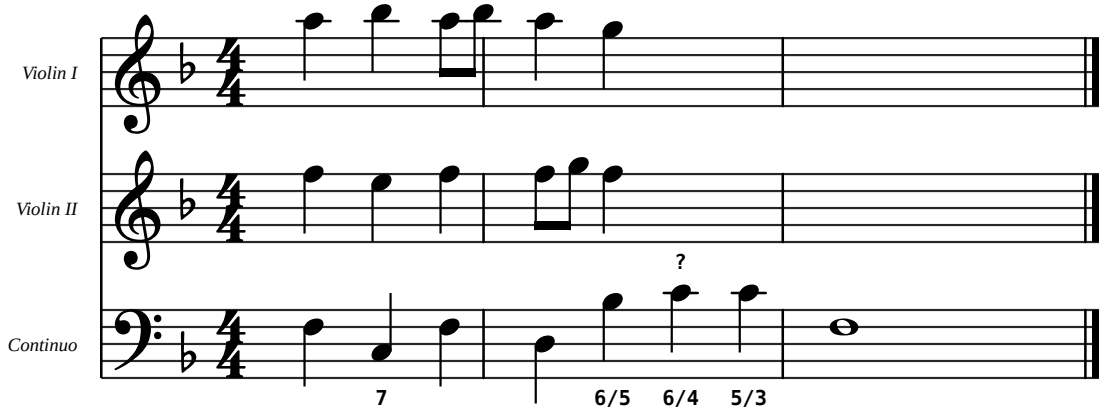

A. an augmented 2nd in a violin part B. the leading note is doubled C. consecutive 5ths D. the 3rd is missing

7. Trio sonata in C minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I C6, violin II F5 B. violin I A♭5, violin II F5 C. violin I C6, violin II E♭5 D. violin I C6, violin II G5

8. Trio sonata in F major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I B♭5, violin II F5 B. violin I A5, violin II E5 C. violin I A5, violin II F5 D. violin I F5, violin II F5

ANSWERS (FOR MUM)

1. **D: violin I A♯5, violin II F♯5**. violin I A♯5, violin II F♯5 is right: both notes belong to V (F♯–A♯–C♯), the 3rd is present and there are no consecutives. E5 isn't in the chord the figures show (F♯–A♯–C♯). G5 isn't in the chord the figures show (F♯–A♯–C♯). violin I F♯5, violin II F♯5 leaves out the 3rd (A♯): with only three parts, the 3rd must be there.
2. **A: violin I F5, violin II B4**. violin I F5, violin II B4 is right: both notes belong to V7 (G–B–D–F), the 3rd is present and there are no consecutives. E♭5 isn't in the chord the figures show (G–B–D–F). C5 isn't in the chord the figures show (G–B–D–F). violin I F5, violin II G4 leaves out the 3rd (B): with only three parts, the 3rd must be there.
3. **A: violin I A♭5, violin II D5**. violin I A♭5, violin II D5 is right: both notes belong to V7 (B♭–D–F–A♭), the 3rd is present and there are no consecutives. violin I A♭5, violin II F5 makes consecutive 5ths or octaves with the part before. C5 isn't in the chord the figures show (B♭–D–F–A♭). G5 isn't in the chord the figures show (B♭–D–F–A♭).
4. **A: the 3rd is missing**. the 3rd (D) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
5. **C: violin I A♯5, violin II E5**. violin I A♯5, violin II E5 is right: both notes belong to V7 (F♯–A♯–C♯–E), the 3rd is present and there are no consecutives. violin I C♯6, violin II E5 makes consecutive 5ths or octaves with the part before. B5 isn't in the chord the figures show (F♯–A♯–C♯–E). D5 isn't in the chord the figures show (F♯–A♯–C♯–E).
6. **D: the 3rd is missing**. the 3rd (B) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
7. **A: violin I C6, violin II F5**. violin I C6, violin II F5 is right: both notes belong to IVb (F–A♭–C), the 3rd is present and there are no consecutives. violin I A♭5, violin II F5 makes consecutive 5ths or octaves with the part before. G5 isn't in the chord the figures show (F–A♭–C). E♭5 isn't in the chord the figures show (F–A♭–C).
8. **C: violin I A5, violin II F5**. violin I A5, violin II F5 is right: both notes belong to Ic (F–A–C), the 3rd is present and there are no consecutives. B♭5 isn't in the chord the figures show (F–A–C). E5 isn't in the chord the figures show (F–A–C). violin I F5, violin II F5 leaves out the 3rd (A): with only three parts, the 3rd must be there.

Day 98: Reading the figures in a trio

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Figures are a code. Crack each one before you write a single violin note."*

- Each figure tells you the chord. No figure means 5/3. 6 means a first inversion. 7, 6/5, 4/3 and 4/2 are the 7th chord positions. ♯ or ♮ alone raises the 3rd above the bass.
- Write the chord's letter names above each bass note in pencil before you write any violin notes.
- Watch for accidentals in the figures: in minor keys they show the raised leading note.

Worked example

In G minor, the bass is F♯ with figure 6. What's the chord?

1. F♯ is the leading note, so it's a chord of D (V) in first inversion: D–F♯–A.
2. With F♯ in the bass, the violins have D and A (not another F♯).

Watch out for

- Reading figures from the top note instead of the bass.

In the exam: Write chord names in pencil and rub them out at the end.

Show him these cards

1

No figure = 5/3. 6 = first inversion. 7, 6/5, 4/3, 4/2 = 7th chords. ♯ alone = sharpen the 3rd.

2

Pencil the three chord notes above each bass note first.

3

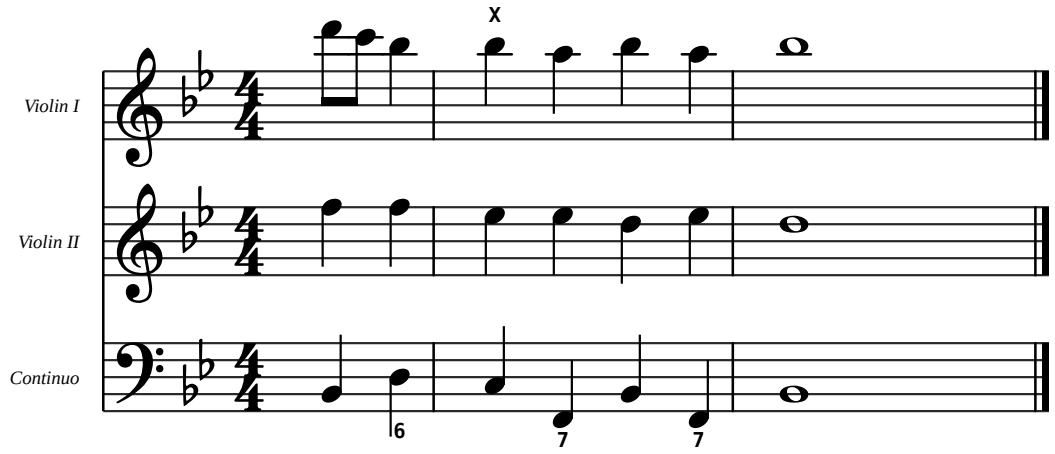

In minor, the ♯ or ♮ shows the raised leading note.

3 · DO TOGETHER (10 MIN)

- Pencil the chord notes above every bass note of two given basses.

Four questions to work through together

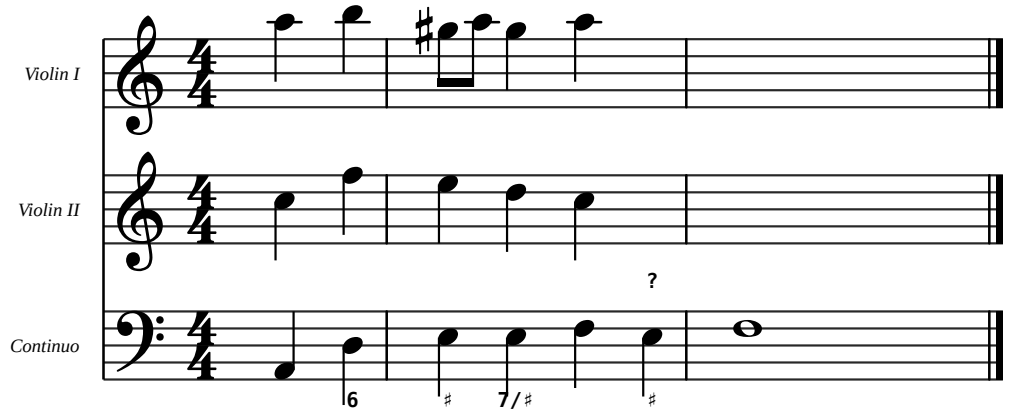

1. Trio sonata in B♭ major. The violin I note marked X breaks a rule. Which one?

A. a leap of a 7th in a violin part
B. a missing or wrong accidental
C. an augmented 2nd in a violin part
D. a note isn't in the chord

Answer: a note isn't in the chord. violin I's B♭ isn't in the chord. The notes are C, E♭, G. Check the chord from the figures, then the movement into and out of the note.

2. Trio sonata in A minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G♯5, violin II E5
B. violin I G♯5, violin II D5
C. violin I A5, violin II E5
D. violin I G♯5, violin II B4

Answer: violin I G♯5, violin II E5. violin I G♯5, violin II E5 is right: both notes belong to V (E–G♯–B), the 3rd is present and there are no consecutives. violin I G♯5, violin II B4 makes consecutive 5ths or octaves with the part before. D5 isn't in the chord the figures show (E–G♯–B). A5 isn't in the chord the figures show (E–G♯–B).

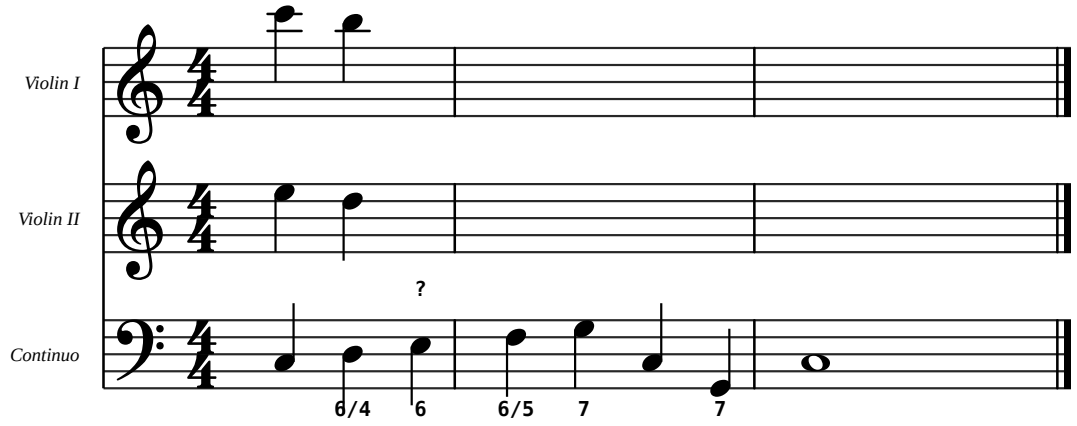

3. Trio sonata in C major. The violin I note marked X breaks a rule. Which one?

A. consecutive octaves (or unisons) B. the 7th doesn't fall C. a leap of a 7th in a violin part D. the 3rd is missing

Answer: consecutive octaves (or unisons). consecutive octaves (or unisons) between violin I and bass. Check the chord from the figures, then the movement into and out of the note.

4. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I C6, violin II D5 B. violin I C6, violin II E5 C. violin I C6, violin II C5 D. violin I D6, violin II C5

Answer: violin I C6, violin II C5. violin I C6, violin II C5 is right: both notes belong to Ib (C–E–G), the 3rd is present and there are no consecutives. violin I C6, violin II E5 makes consecutive 5ths or octaves with the part before. D5 isn't in the chord the figures show (C–E–G). D6 isn't in the chord the figures show (C–E–G).

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Figure flash: show a bass note with figures; he says the three notes fast.

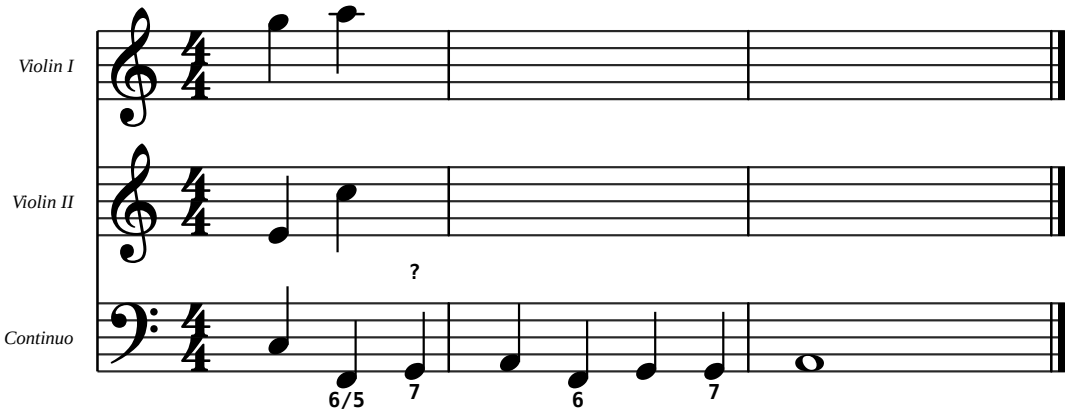

MOVE ON WHEN

He can spell the chord for any figure in under 5 seconds.

Philip's worksheet · Day 98

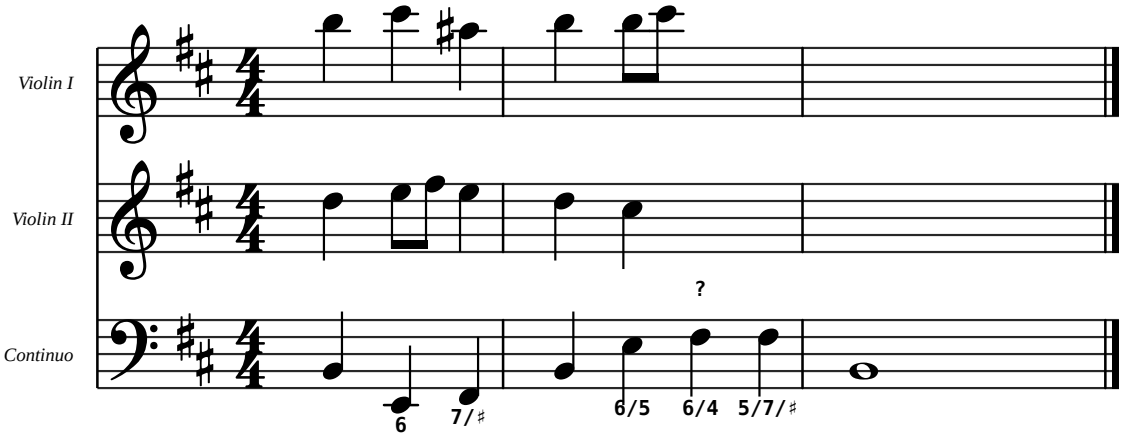

Name _____ Date _____ Score ____ / 8

1. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

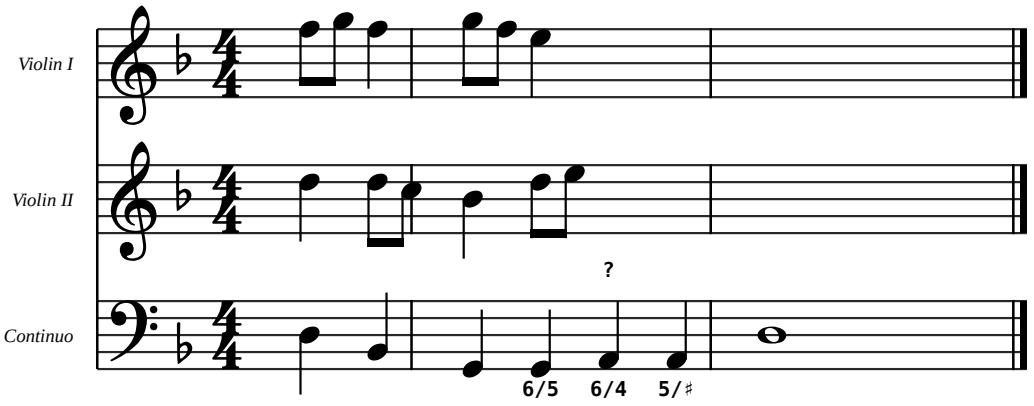

A. violin I F5, violin II D5 B. violin I F5, violin II B4 C. violin I F5, violin II C5 D. violin I E5, violin II B4

2. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

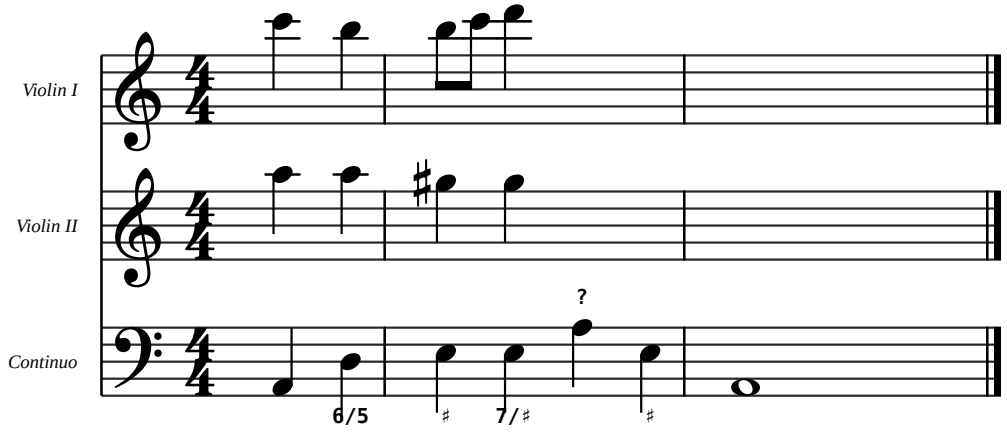

A. violin I B5, violin II D5 B. violin I B5, violin II C♯5 C. violin I B5, violin II B4 D. violin I C♯6, violin II D5

3. Trio sonata in D minor. Which pair of notes fits the beat marked ? (read the figures)

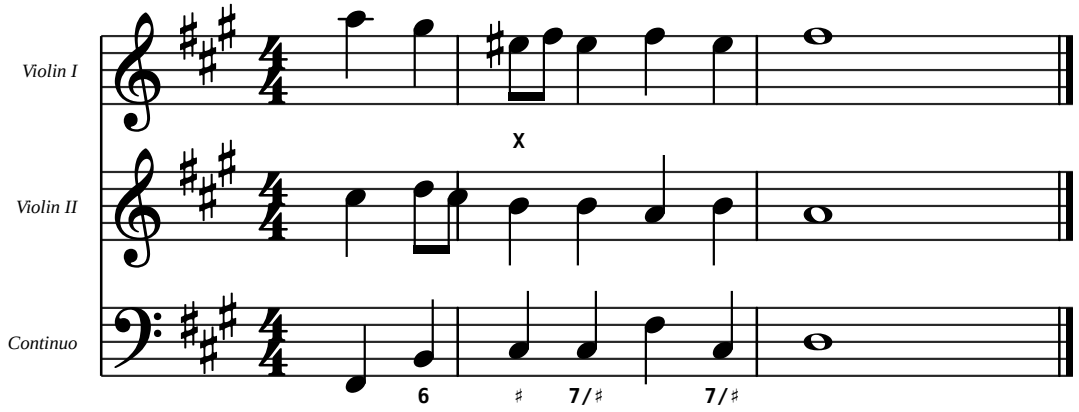

A. violin I F5, violin II D5 B. violin I F5, violin II E5 C. violin I F5, violin II C5 D. violin I D5, violin II D5

4. Trio sonata in A minor. Which pair of notes fits the beat marked ? (read the figures)

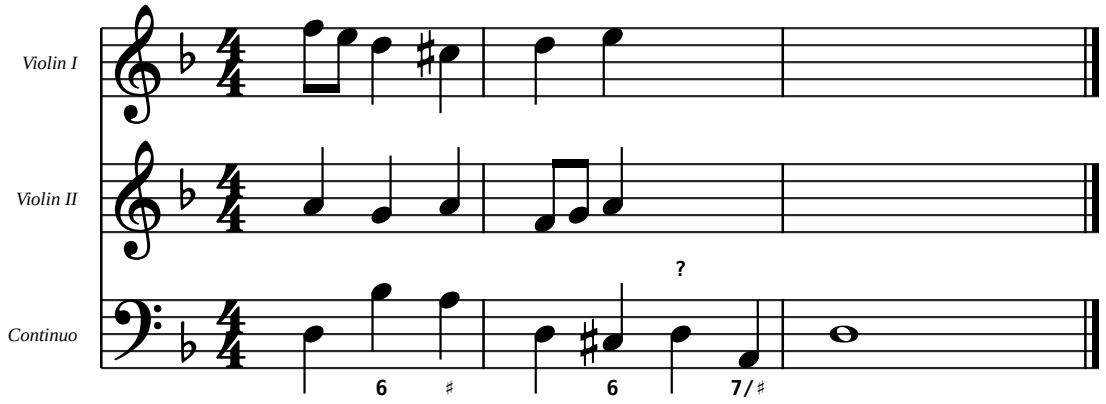

A. violin I C6, violin II A5 B. violin I A5, violin II A5 C. violin I B5, violin II A5 D. violin I C6, violin II G5

5. Trio sonata in F♯ minor. The violin II note marked X breaks a rule. Which one?

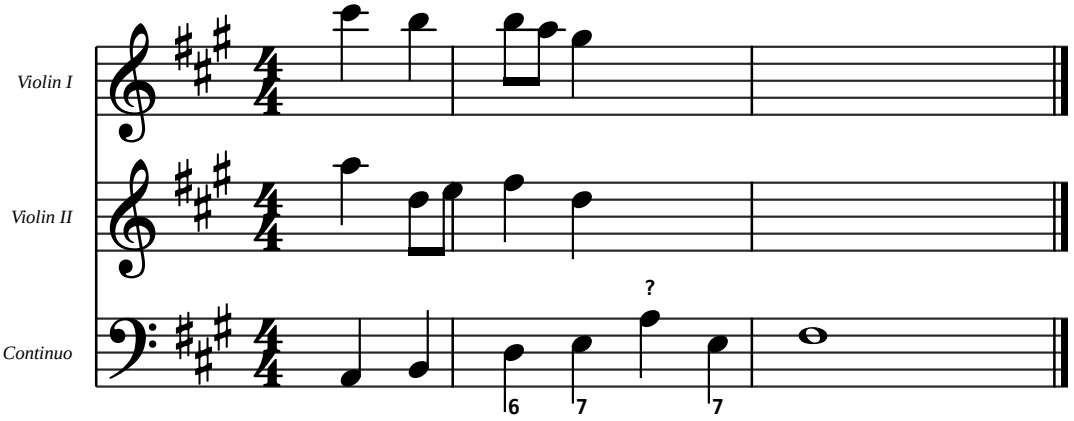

A. an augmented 2nd in a violin part B. a leap of a 7th in a violin part C. a note isn't in the chord D. the 7th doesn't fall

6. Trio sonata in D minor. Which pair of notes fits the beat marked ? (read the figures)

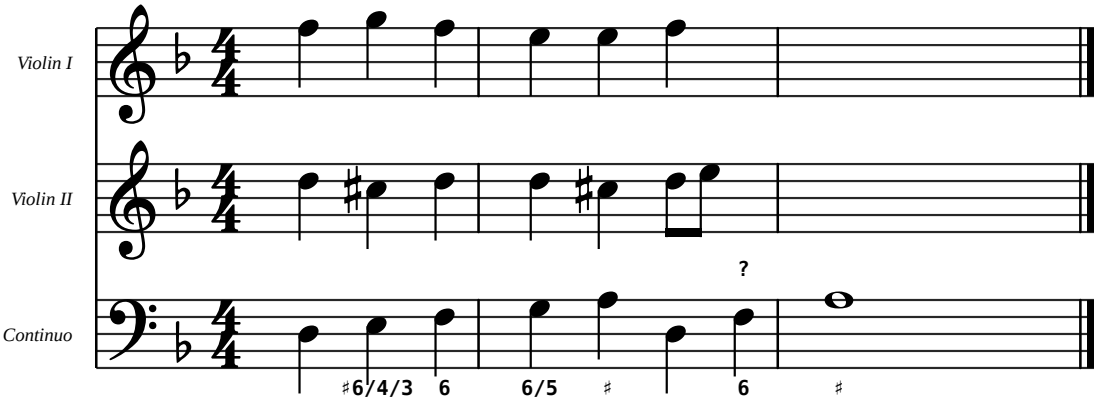

A. violin I D5, violin II F4 B. violin I D5, violin II E4 C. violin I E5, violin II F4 D. violin I D5, violin II D4

7. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II B4 B. violin I A5, violin II A4 C. violin I A5, violin II D5 D. violin I A5, violin II C♯5

8. Trio sonata in D minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II D5 B. violin I F5, violin II F5 C. violin I F5, violin II D5 D. violin I E5, violin II D5

ANSWERS (FOR MUM)

1. **B: violin I F5, violin II B4**. violin I F5, violin II B4 is right: both notes belong to V7 (G–B–D–F), the 3rd is present and there are no consecutives. violin I F5, violin II D5 makes consecutive 5ths or octaves with the part before. E5 isn't in the chord the figures show (G–B–D–F). C5 isn't in the chord the figures show (G–B–D–F).
2. **A: violin I B5, violin II D5**. violin I B5, violin II D5 is right: both notes belong to Ic (B–D–F♯), the 3rd is present and there are no consecutives. C♯5 isn't in the chord the figures show (B–D–F♯). C♯6 isn't in the chord the figures show (B–D–F♯). violin I B5, violin II B4 leaves out the 3rd (D): with only three parts, the 3rd must be there.
3. **A: violin I F5, violin II D5**. violin I F5, violin II D5 is right: both notes belong to Ic (D–F–A), the 3rd is present and there are no consecutives. E5 isn't in the chord the figures show (D–F–A). C5 isn't in the chord the figures show (D–F–A). violin I D5, violin II D5 leaves out the 3rd (F): with only three parts, the 3rd must be there.
4. **A: violin I C6, violin II A5**. violin I C6, violin II A5 is right: both notes belong to I (A–C–E), the 3rd is present and there are no consecutives. G5 isn't in the chord the figures show (A–C–E). B5 isn't in the chord the figures show (A–C–E). violin I A5, violin II A5 leaves out the 3rd (C): with only three parts, the 3rd must be there.
5. **C: a note isn't in the chord**. violin II's B isn't in the chord. The notes are C♯, E♯, G♯. Check the chord from the figures, then the movement into and out of the note.
6. **A: violin I D5, violin II F4**. violin I D5, violin II F4 is right: both notes belong to I (D–F–A), the 3rd is present and there are no consecutives. E4 isn't in the chord the figures show (D–F–A). E5 isn't in the chord the figures show (D–F–A). violin I D5, violin II D4 leaves out the 3rd (F): with only three parts, the 3rd must be there.
7. **D: violin I A5, violin II C♯5**. violin I A5, violin II C♯5 is right: both notes belong to I (A–C♯–E), the 3rd is present and there are no consecutives. B4 isn't in the chord the figures show (A–C♯–E). D5 isn't in the chord the figures show (A–C♯–E). violin I A5, violin II A4 leaves out the 3rd (C♯): with only three parts, the 3rd must be there.
8. **C: violin I F5, violin II D5**. violin I F5, violin II D5 is right: both notes belong to Ib (D–F–A), the 3rd is present and there are no consecutives. violin I F5, violin II F5 makes consecutive 5ths or octaves with the part before. G5 isn't in the chord the figures show (D–F–A). E5 isn't in the chord the figures show (D–F–A).

Day 99: Three parts: which notes to keep

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Three parts can't carry every note, so choose: 3rd always, 7th if there is one.”*

- With only three parts, every chord needs its 3rd (the 3rd says major or minor). In a 7th chord keep the 3rd and the 7th; the 5th can go.
- Don't double the leading note or a 7th. In a 6 chord, doubling the bass is fine in a trio if the 3rd is there.
- No consecutive 5ths or octaves between any two of the three parts, including violin and bass. Check each pair.

Worked example

Over a V7 chord in C (bass G), which two notes should the violins have?

1. V7 = G–B–D–F.
2. The bass has G (the root).
3. The violins take B (the 3rd) and F (the 7th).

Watch out for

- Leaving out the 3rd for a bare 5th.
- Doubling the leading note.

In the exam: Examiners take marks off for missing 3rds and consecutives.

Show him these cards

1

Keep the 3rd: it says major or minor.

2

In a 7th chord keep the 3rd and the 7th; the 5th can go.

3

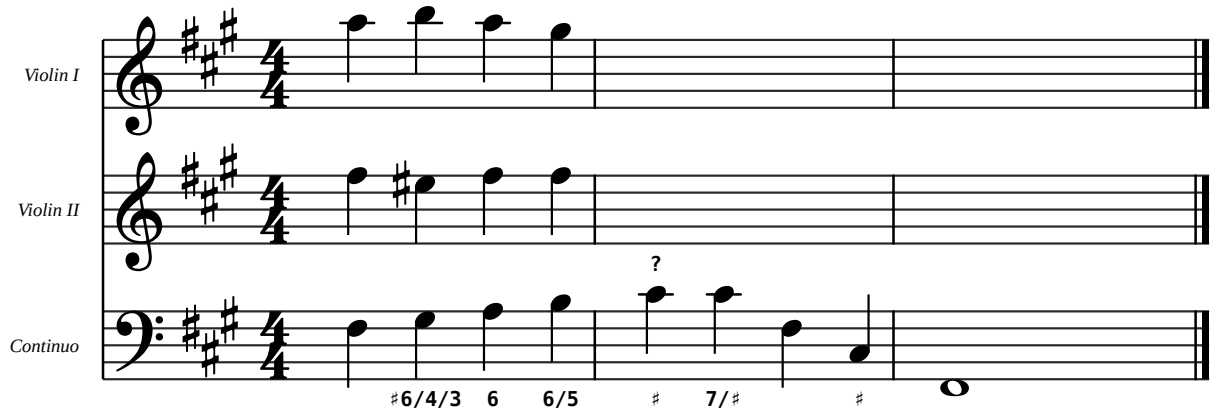

Check each pair: violin I–II, violin I–bass, violin II–bass for 5ths and octaves.

3 · DO TOGETHER (10 MIN)

- Take a four-part passage and cut it to three parts, keeping the right notes.

Four questions to work through together

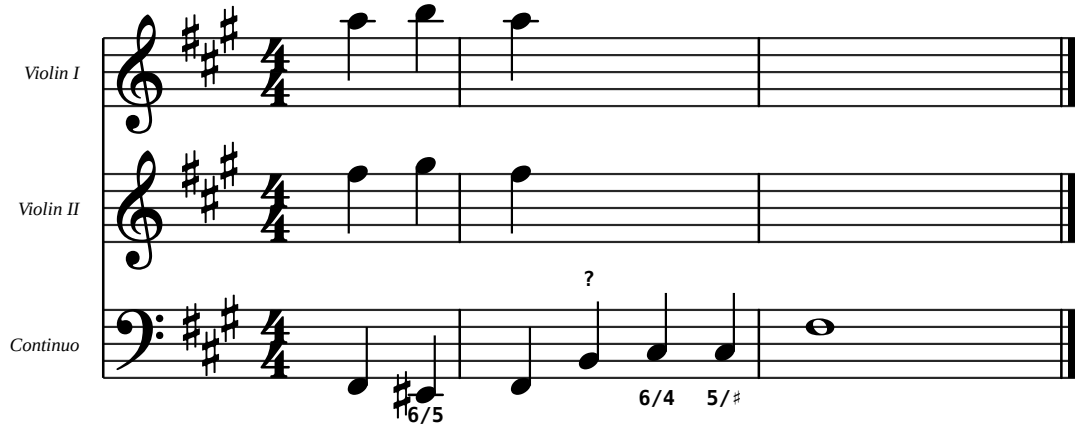

1. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G♯5, violin II F♯5 B. violin I G♯5, violin II G♯5 C. violin I A5, violin II E♯5 D. violin I G♯5, violin II E♯5

Answer: violin I G♯5, violin II E♯5. violin I G♯5, violin II E♯5 is right: both notes belong to V (C♯–E♯–G♯), the 3rd is present and there are no consecutives. violin I G♯5, violin II G♯5 makes consecutive 5ths or octaves with the part before. A5 isn't in the chord the figures show (C♯–E♯–G♯). F♯5 isn't in the chord the figures show (C♯–E♯–G♯).

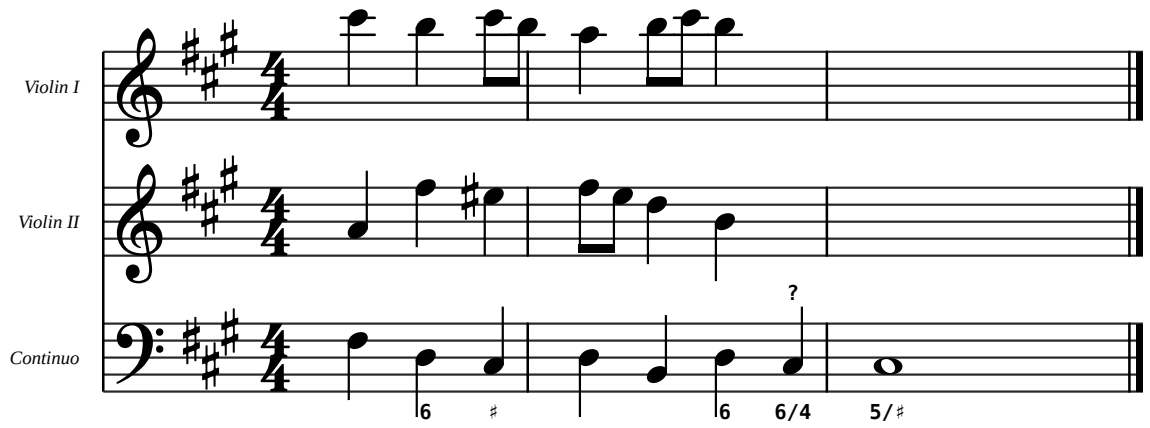

2. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I B5, violin II D5 B. violin I B5, violin II C♯5 C. violin I B5, violin II B4 D. violin I C♯6, violin II D5

Answer: violin I B5, violin II D5. violin I B5, violin II D5 is right: both notes belong to IV (B–D–F♯), the 3rd is present and there are no consecutives. violin I B5, violin II B4 makes consecutive 5ths or octaves with the part before. C♯6 isn't in the chord the figures show (B–D–F♯). C♯5 isn't in the chord the figures show (B–D–F♯).

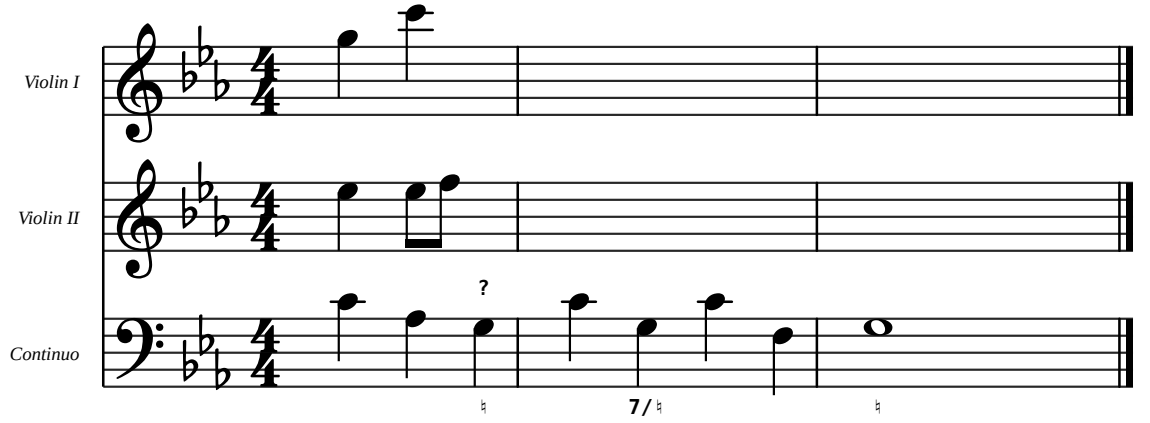

3. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II D5 B. violin I G♯5, violin II C♯5 C. violin I A5, violin II C♯5 D. violin I A5, violin II A4

Answer: violin I A5, violin II C♯5. violin I A5, violin II C♯5 is right: both notes belong to Ic (F♯–A–C♯), the 3rd is present and there are no consecutives. violin I A5, violin II A4 makes consecutive 5ths or octaves with the part before. D5 isn't in the chord the figures show (F♯–A–C♯). G♯5 isn't in the chord the figures show (F♯–A–C♯).

4. Trio sonata in C minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I B5, violin II G5 B. violin I B5, violin II D5 C. violin I A♭5, violin II G5 D. violin I B5, violin II A♭5

Answer: violin I B5, violin II G5. violin I B5, violin II G5 is right: both notes belong to V (G–B–D), the 3rd is present and there are no consecutives. violin I B5, violin II D5 makes consecutive 5ths or octaves with the part before. A♭5 isn't in the chord the figures show (G–B–D). A♭5 isn't in the chord the figures show (G–B–D).

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Missing 3rd hunt: you play two-note chords with a bass; he says when the 3rd is missing.

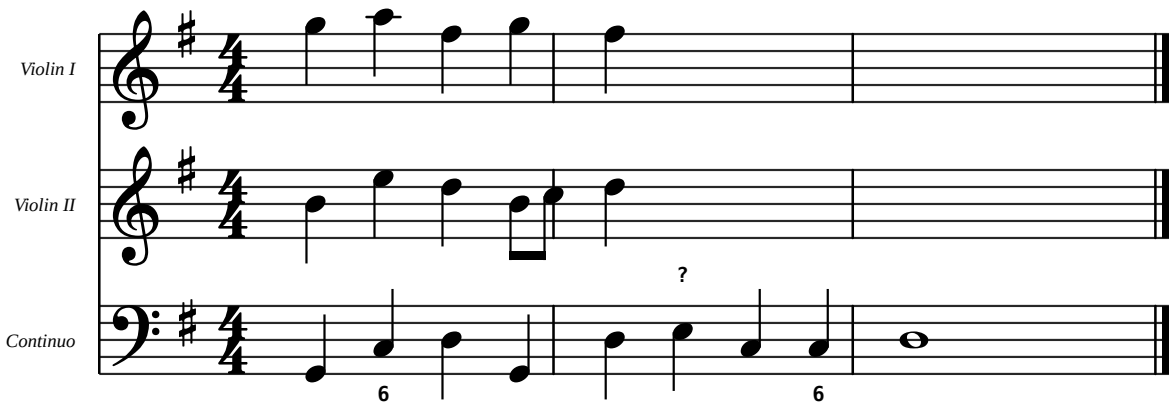

MOVE ON WHEN

He chooses the right notes for three parts every time.

Philip's worksheet · Day 99

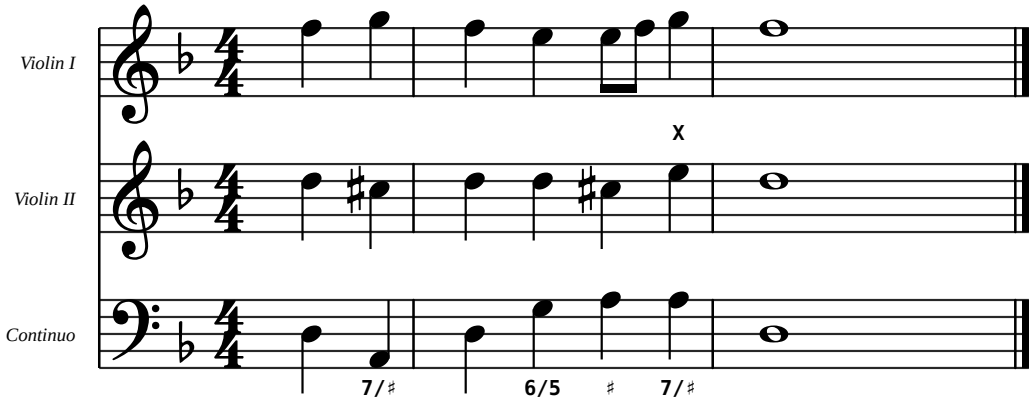

Name _____ Date _____ Score ___ / 8

1. Trio sonata in G major. Which pair of notes fits the beat marked ? (read the figures)

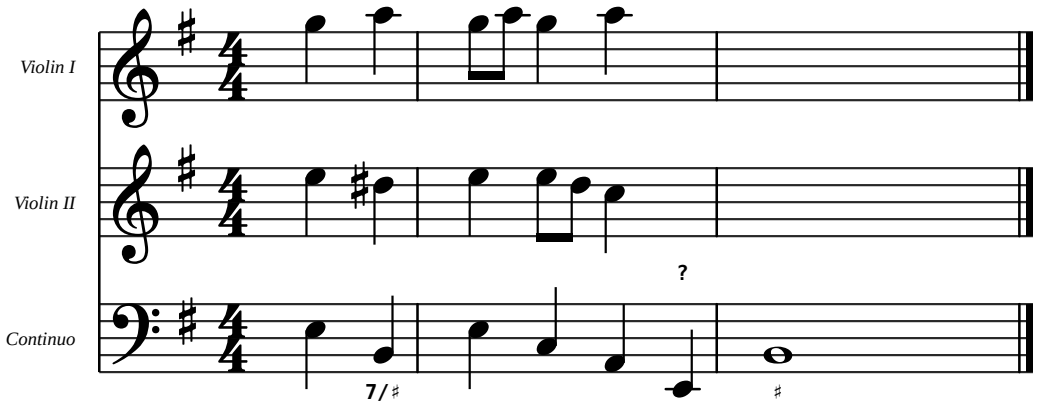

A. violin I G5, violin II E4 B. violin I G5, violin II B4 C. violin I F♯5, violin II B4 D. violin I G5, violin II C5

2. Trio sonata in D minor. The violin II note marked X breaks a rule. Which one?

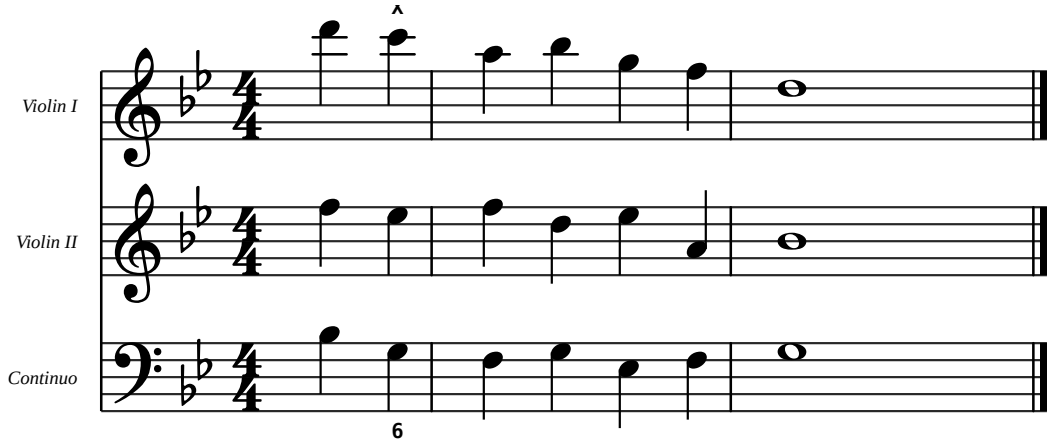

A. a leap of a 7th in a violin part B. an augmented 2nd in a violin part C. the leading note is doubled D. the 3rd is missing

3. Trio sonata in E minor. Which pair of notes fits the beat marked ? (read the figures)

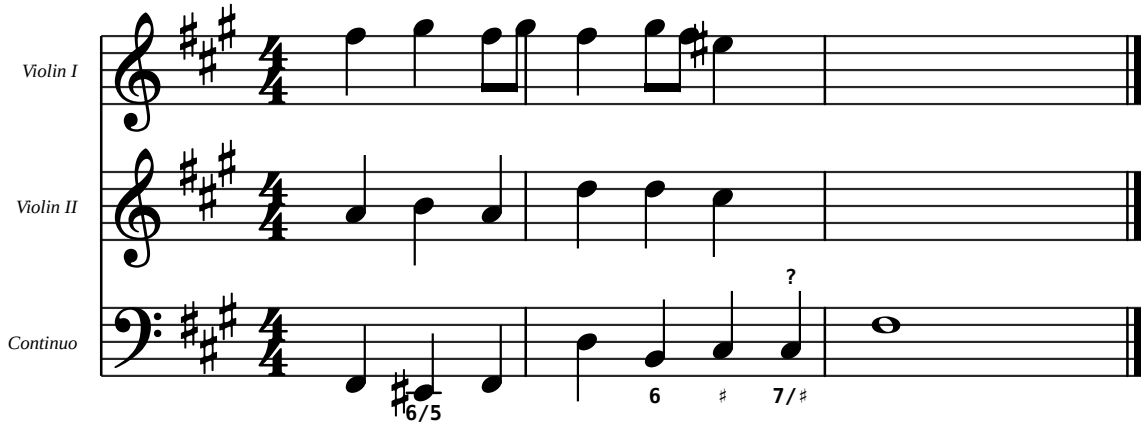

A. violin I A5, violin II E5 B. violin I E5, violin II E5 C. violin I F♯5, violin II E5 D. violin I G5, violin II E5

4. Trio sonata in B♭ major. The violin I note marked X breaks a rule. Which one?

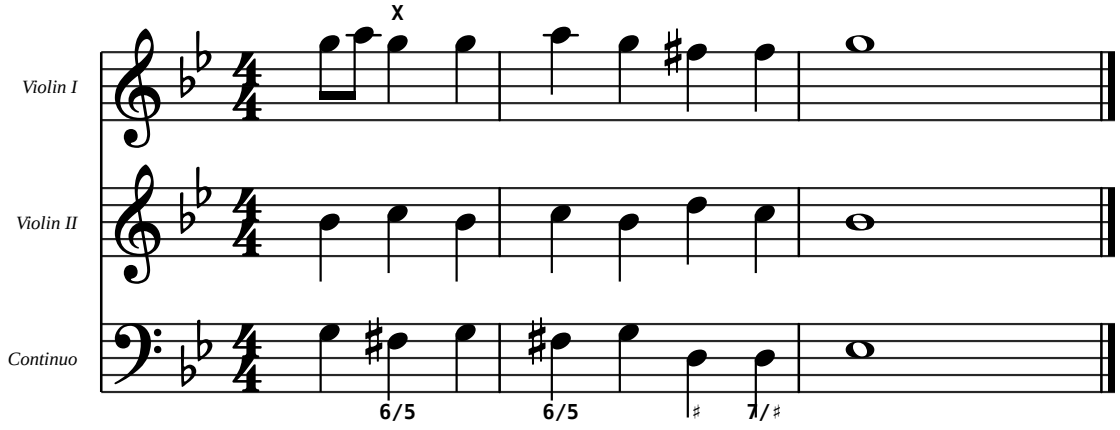

A. an augmented 2nd in a violin part
B. a note isn't in the chord
C. the leading note doesn't rise
D. the 7th doesn't fall

5. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

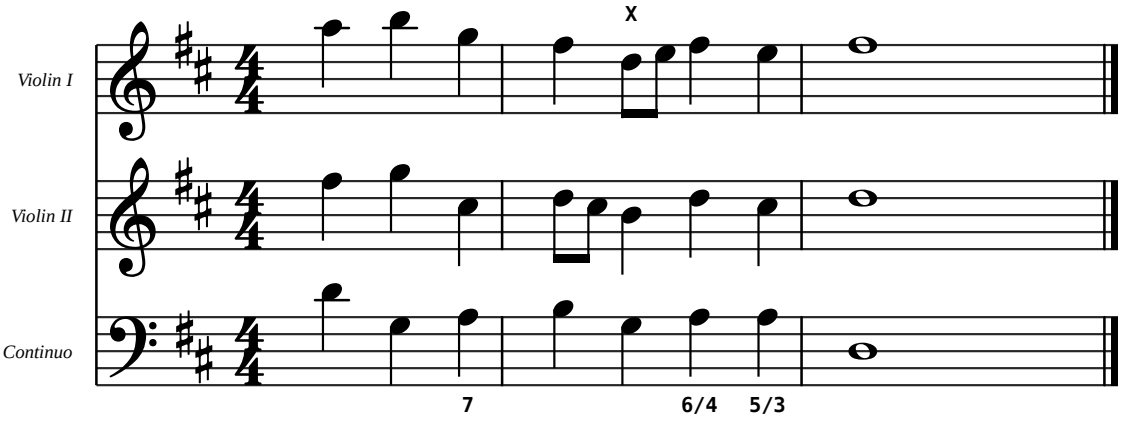

A. violin I E♯5, violin II B4
B. violin I F♯5, violin II B4
C. violin I C♯5, violin II B4
D. violin I E♯5, violin II A4

6. Trio sonata in G minor. The violin I note marked X breaks a rule. Which one?

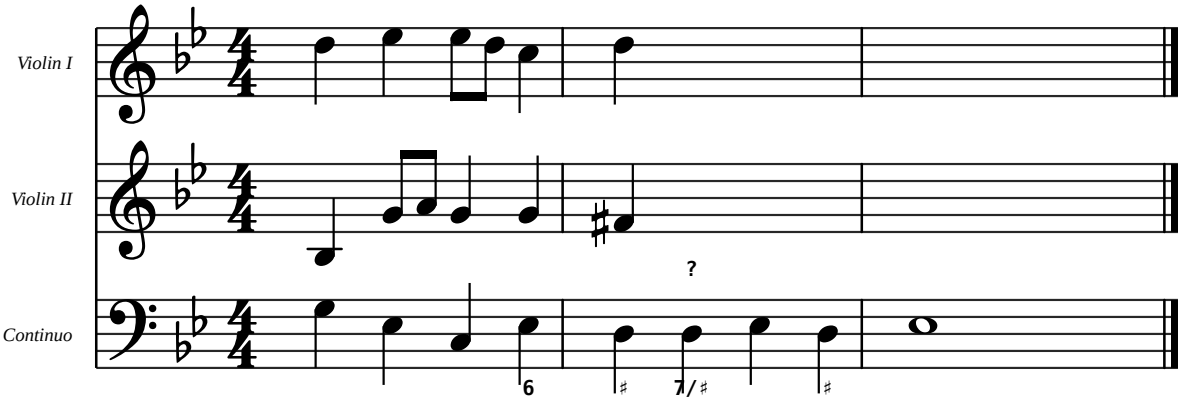

A. a note isn't in the chord
B. consecutive 5ths
C. the 7th doesn't fall
D. the 3rd is missing

7. Trio sonata in D major. The violin I note marked X breaks a rule. Which one?

A. a missing or wrong accidental
B. a note isn't in the chord
C. consecutive 5ths
D. consecutive octaves (or unisons)

8. Trio sonata in G minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I C5, violin II G4
B. violin I C5, violin II E♭4
C. violin I C5, violin II F♯4
D. violin I C5, violin II D4

ANSWERS (FOR MUM)

1. **B: violin I G5, violin II B4**. violin I G5, violin II B4 is right: both notes belong to VI (E–G–B), the 3rd is present and there are no consecutives. violin I G5, violin II E4 makes consecutive 5ths or octaves with the part before. C5 isn't in the chord the figures show (E–G–B). F♯5 isn't in the chord the figures show (E–G–B).
2. **D: the 3rd is missing**. the 3rd (C♯) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
3. **D: violin I G5, violin II E5**. violin I G5, violin II E5 is right: both notes belong to I (E–G–B), the 3rd is present and there are no consecutives. violin I E5, violin II E5 makes consecutive 5ths or octaves with the part before. A5 isn't in the chord the figures show (E–G–B). F♯5 isn't in the chord the figures show (E–G–B).
4. **B: a note isn't in the chord**. violin I's C isn't in the chord. The notes are E♭, G, B♭. Check the chord from the figures, then the movement into and out of the note.
5. **A: violin I E♯5, violin II B4**. violin I E♯5, violin II B4 is right: both notes belong to V7 (C♯–E♯–G♯–B), the 3rd is present and there are no consecutives. F♯5 isn't in the chord the figures show (C♯–E♯–G♯–B). A4 isn't in the chord the figures show (C♯–E♯–G♯–B). violin I C♯5, violin II B4 leaves out the 3rd (E♯): with only three parts, the 3rd must be there.
6. **A: a note isn't in the chord**. violin I's G isn't in the chord. The notes are D, F♯, A, C. Check the chord from the figures, then the movement into and out of the note.
7. **C: consecutive 5ths**. consecutive 5ths between violin I and bass (B–F♯ to G–D). Check the chord from the figures, then the movement into and out of the note.
8. **C: violin I C5, violin II F♯4**. violin I C5, violin II F♯4 is right: both notes belong to V7 (D–F♯–A–C), the 3rd is present and there are no consecutives. E♭4 isn't in the chord the figures show (D–F♯–A–C). G4 isn't in the chord the figures show (D–F♯–A–C). violin I C5, violin II D4 leaves out the 3rd (F♯): with only three parts, the 3rd must be there.

Day 100: Making the violins move: passing notes, imitation, sequence

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Two tunes that take turns sound alive; two tunes that move together sound like hymn parts.”*

- The violins should sound like two independent tunes. Take turns to move: when one holds, the other moves in quavers.
- Fill leaps of a 3rd with passing notes. Use contrary motion between the violins and against the bass.
- Imitation: violin II copies violin I's figure a beat or a bar later. Sequence: repeat a figure a step lower when the bass moves in a sequence.
- The violins may cross briefly; keep them within about an octave.

Worked example

Violin I goes C–A over two beats. How can you add movement?

1. Fill the 3rd: C–B♭–A (or C–B–A in the right key) as quavers.
2. Keep violin II still on that beat so the two take turns.

Watch out for

- Both violins in quavers all the time.
- Violins more than an octave apart.

In the exam: Movement and independence earn marks; correct chords earn more.

Show him these cards

1

Take turns: one violin moves while the other holds.

2

Fill a leap of a 3rd with a passing note.

3

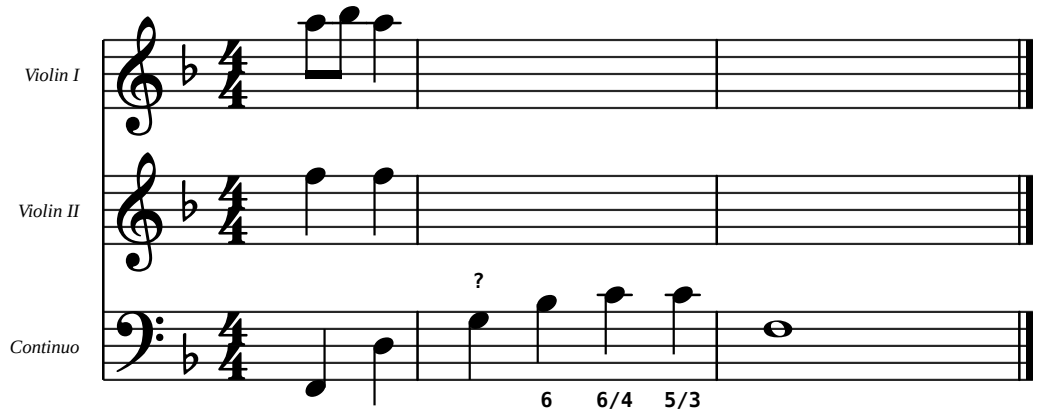

Imitation: violin II copies violin I's figure a little later.

3 · DO TOGETHER (10 MIN)

- Add passing notes and one bit of imitation to a plain two-violin version.

Four questions to work through together

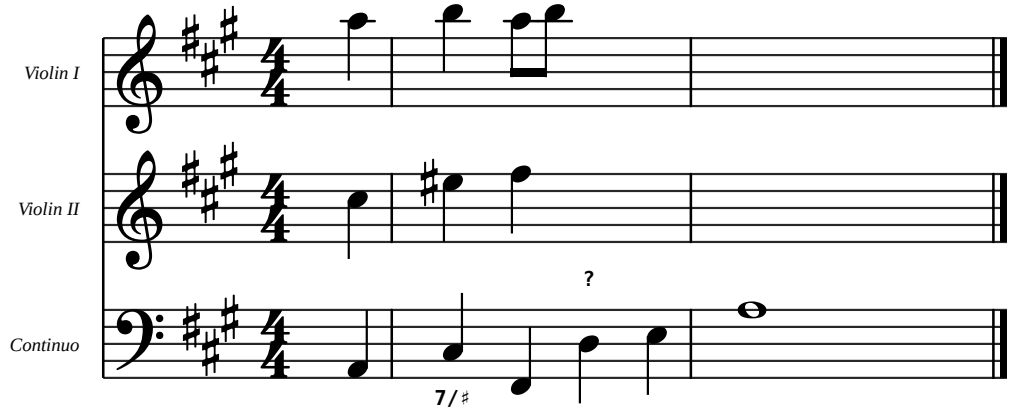

1. Trio sonata in F major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I C6, violin II G5 B. violin I B♭5, violin II G5 C. violin I D6, violin II G5 D. violin I B♭5, violin II A5

Answer: violin I B♭5, violin II G5. violin I B♭5, violin II G5 is right: both notes belong to II (G–B♭–D), the 3rd is present and there are no consecutives. violin I D6, violin II G5 makes consecutive 5ths or octaves with the part before. C6 isn't in the chord the figures show (G–B♭–D). A5 isn't in the chord the figures show (G–B♭–D).

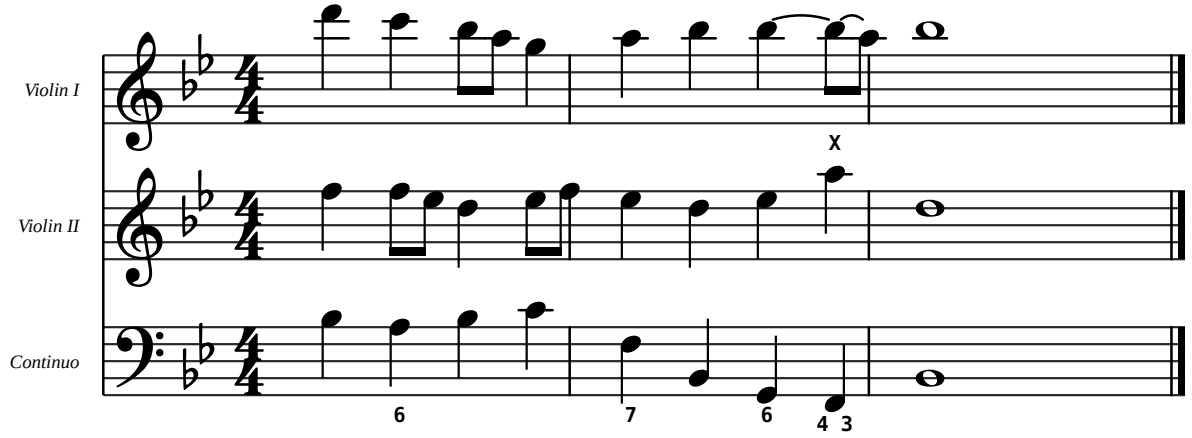

2. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II D5 B. violin I A5, violin II F♯5 C. violin I A5, violin II G♯5 D. violin I A5, violin II E5

Answer: violin I A5, violin II F♯5. violin I A5, violin II F♯5 is right: both notes belong to IV (D–F♯–A), the 3rd is present and there are no consecutives. violin I A5, violin II D5 makes consecutive 5ths or octaves with the part before. E5 isn't in the chord the figures show (D–F♯–A). G♯5 isn't in the chord the figures show (D–F♯–A).

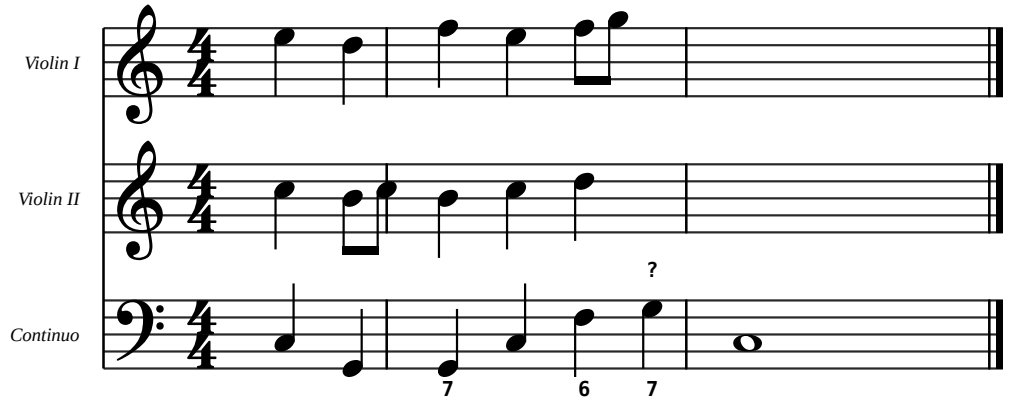

3. Trio sonata in B♭ major. The violin II note marked X breaks a rule. Which one?

A. the 7th doesn't fall B. an augmented 2nd in a violin part C. a leap of a 7th in a violin part D. the leading note is doubled

Answer: the leading note is doubled. the leading note (A) is doubled. Check the chord from the figures, then the movement into and out of the note.

4. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

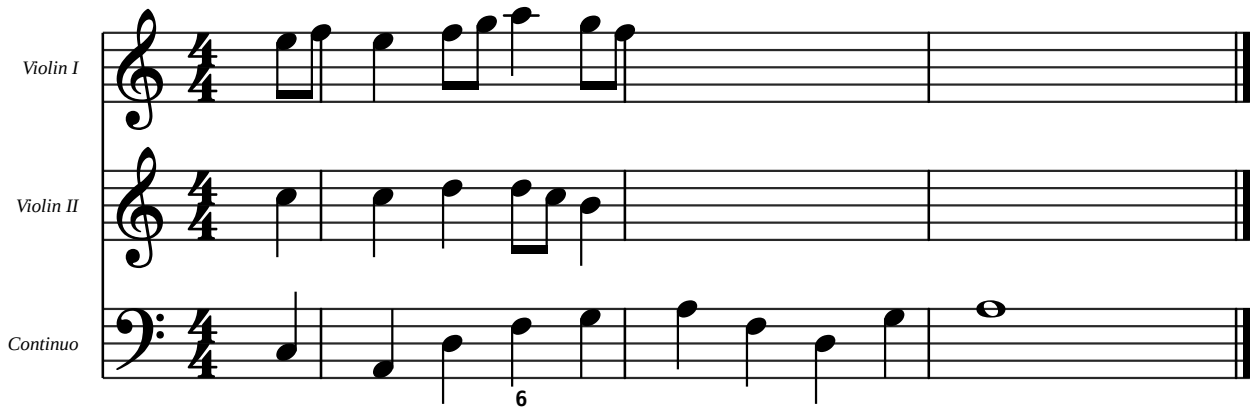

A. violin I G5, violin II B4 B. violin I F5, violin II A4 C. violin I F5, violin II B4 D. violin I E5, violin II B4

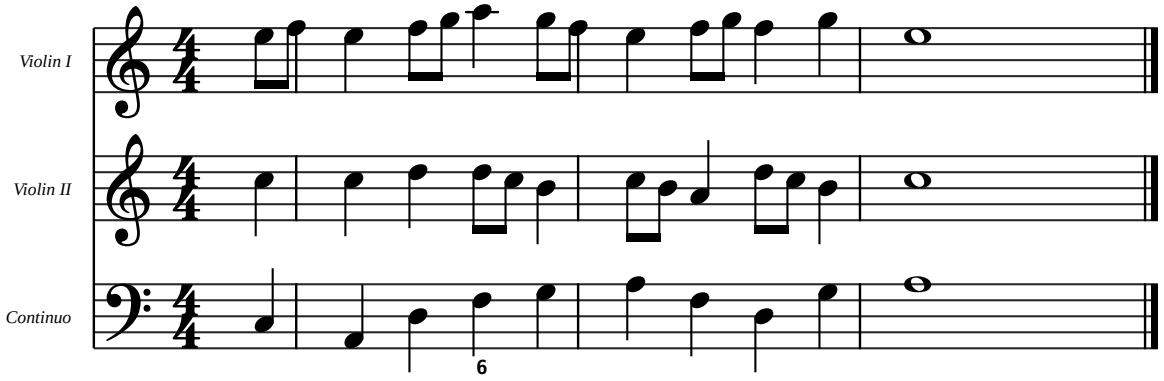

Answer: violin I F5, violin II B4. violin I F5, violin II B4 is right: both notes belong to V7 (G–B–D–F), the 3rd is present and there are no consecutives. violin I G5, violin II B4 makes consecutive 5ths or octaves with the part before. E5 isn't in the chord the figures show (G–B–D–F). A4 isn't in the chord the figures show (G–B–D–F).

TODAY'S TRIO PASSAGE

Continue the two violin parts of this trio sonata (C major) to the end, following the figured bass. Keep the parts independent and write a cadence at the end.

One model answer (for Mum)

1. Every chord follows the figures, with the 3rd present
2. No consecutive 5ths or octaves between any two parts (including the bass)
3. The two violins are independent: contrary or oblique motion, some imitation or sequence
4. Leading notes rise, 7ths fall, suspensions are prepared and resolve down
5. The violins stay mostly within an octave of each other (they may cross)
6. Some quaver movement for life; a clear cadence at the end

Marking: start from 15. Take off 2 for each wrong chord, missing 3rd or consecutive; 1 for a weak part (no movement, too far apart). Other good answers earn full marks.

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Echo: he plays a short violin figure; you answer it a step lower (sequence).

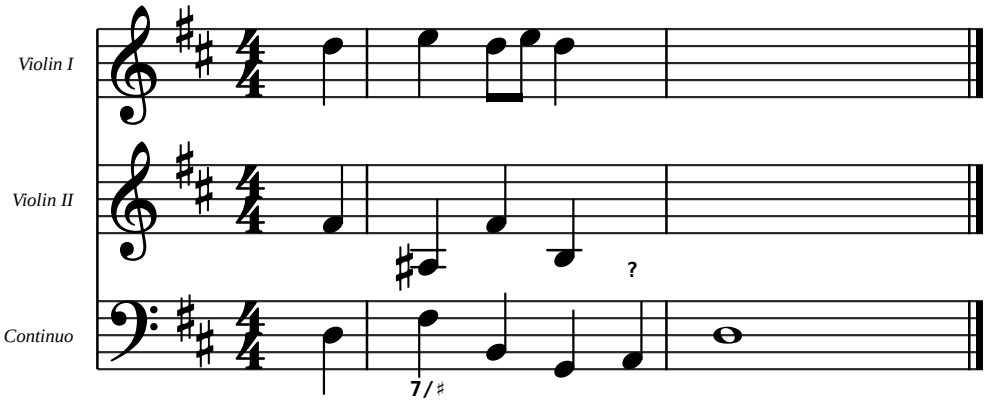

MOVE ON WHEN

His violin parts take turns and include one imitation.

Philip's worksheet · Day 100

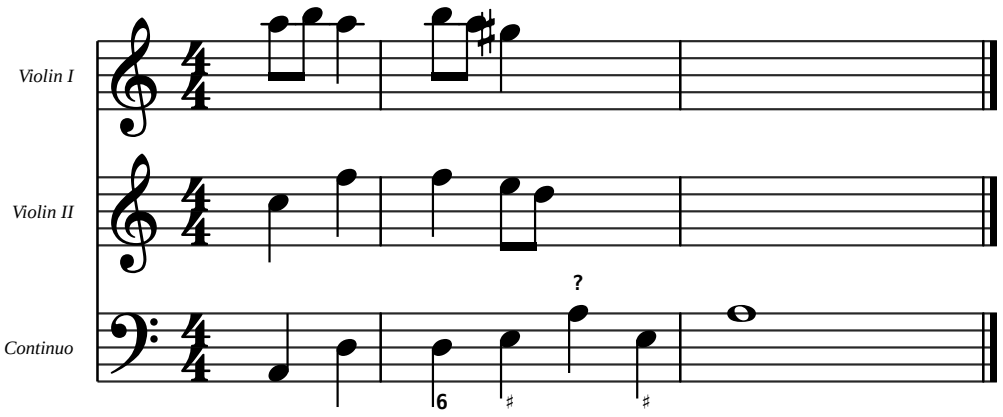

Name _____ Date _____ Score ____ / 8

1. Trio sonata in D major. Which pair of notes fits the beat marked ? (read the figures)

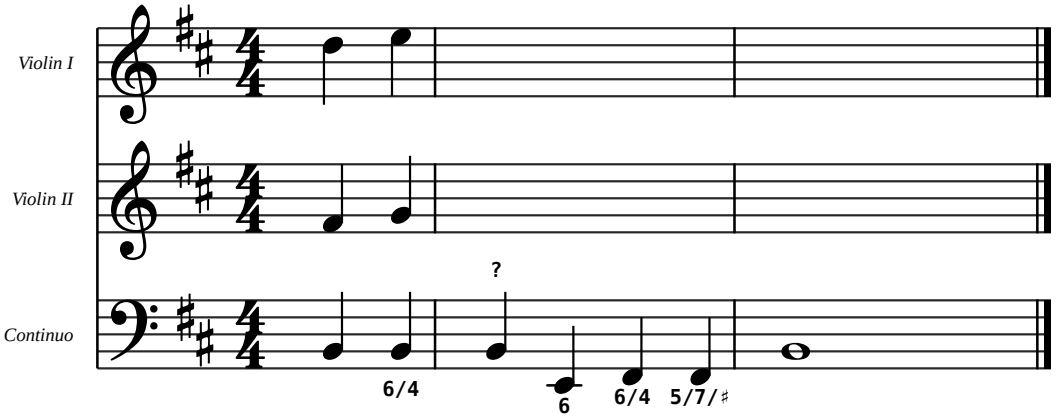

A. violin I C♯5, violin II F♯4 B. violin I E5, violin II E4 C. violin I C♯5, violin II D4 D. violin I C♯5, violin II E4

2. Trio sonata in A minor. Which pair of notes fits the beat marked ? (read the figures)

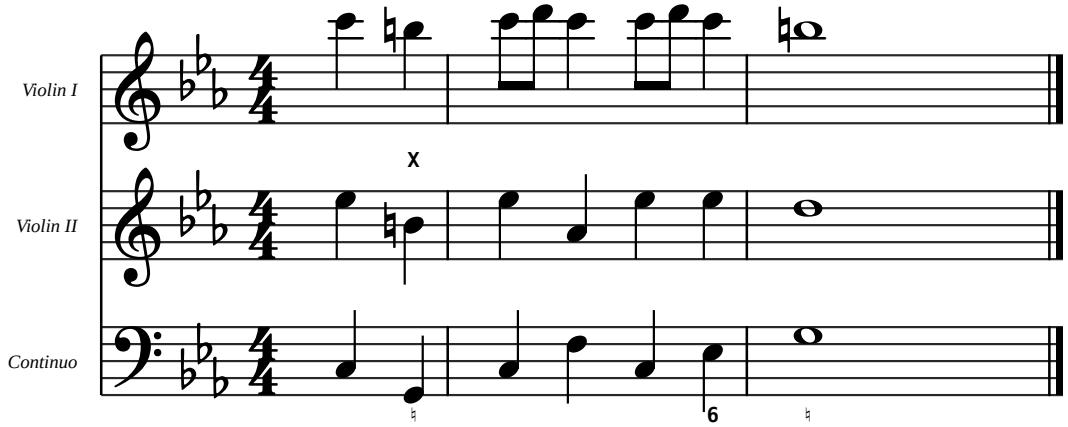

A. violin I A5, violin II C5 B. violin I A5, violin II B4 C. violin I A5, violin II A4 D. violin I B5, violin II C5

3. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

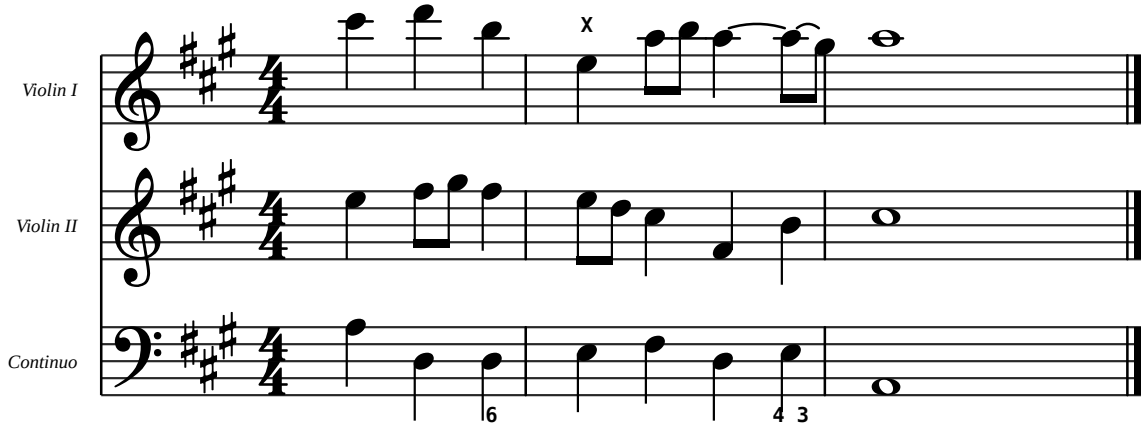

A. violin I E5, violin II F♯4 B. violin I B4, violin II F♯4 C. violin I C♯5, violin II F♯4 D. violin I D5, violin II F♯4

4. Trio sonata in C minor. The violin II note marked X breaks a rule. Which one?

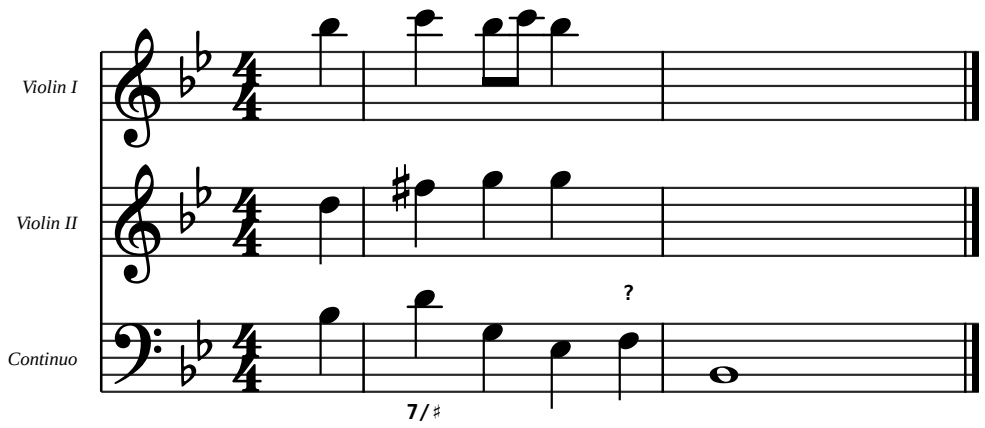

A. consecutive octaves (or unisons)
B. the 3rd is missing
C. the leading note doesn't rise
D. the leading note is doubled

5. Trio sonata in A major. The violin I note marked X breaks a rule. Which one?

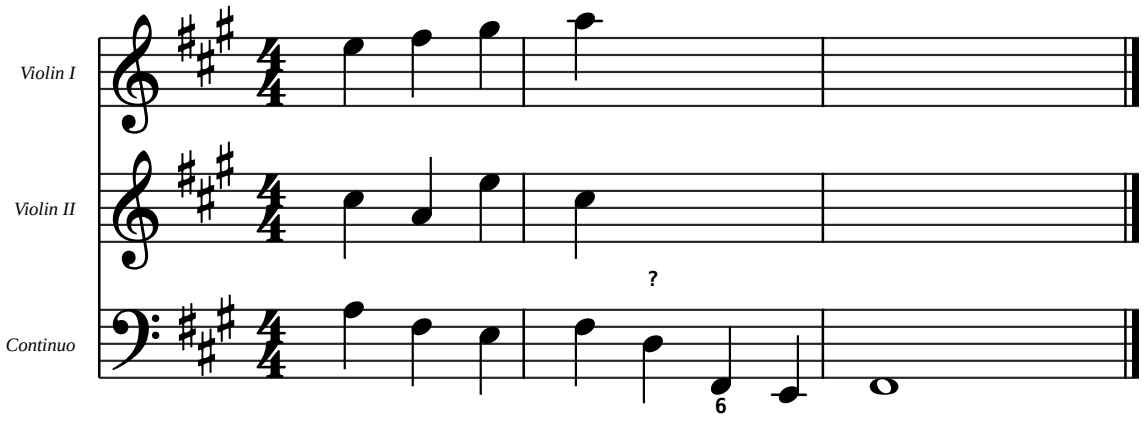

A. the 3rd is missing
B. a leap of a 7th in a violin part
C. consecutive octaves (or unisons)
D. an augmented 2nd in a violin part

6. Trio sonata in B♭ major. Which pair of notes fits the beat marked ? (read the figures)

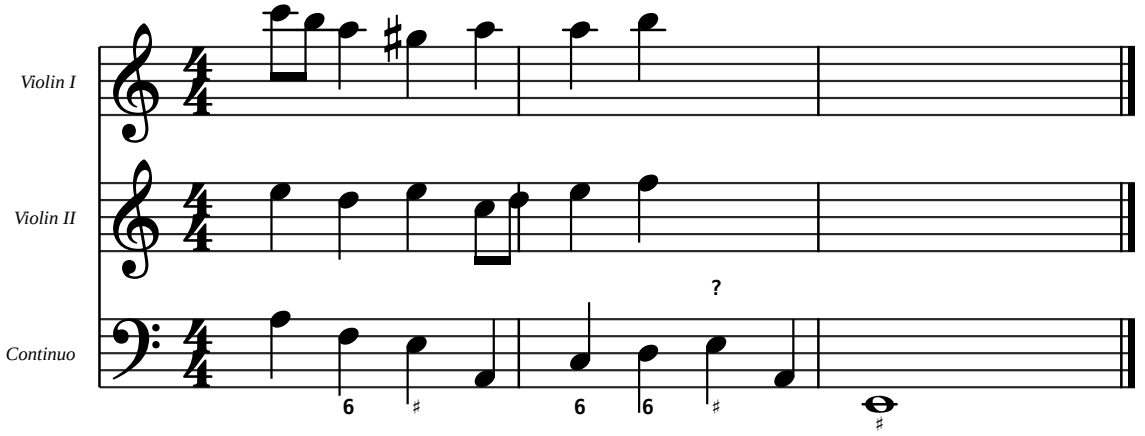

A. violin I G5, violin II F5
B. violin I C6, violin II F5
C. violin I A5, violin II G5
D. violin I A5, violin II F5

7. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G♯5, violin II D5 B. violin I F♯5, violin II D5 C. violin I F♯5, violin II C♯5 D. violin I F♯5, violin II A4

8. Trio sonata in A minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I E5, violin II E5 B. violin I G♯5, violin II E5 C. violin I A5, violin II E5 D. violin I F5, violin II E5

ANSWERS (FOR MUM)

1. **D: violin I C♯5, violin II E4**. violin I C♯5, violin II E4 is right: both notes belong to V (A–C♯–E), the 3rd is present and there are no consecutives. violin I E5, violin II E4 makes consecutive 5ths or octaves with the part before. D4 isn't in the chord the figures show (A–C♯–E). F♯4 isn't in the chord the figures show (A–C♯–E).
2. **A: violin I A5, violin II C5**. violin I A5, violin II C5 is right: both notes belong to I (A–C–E), the 3rd is present and there are no consecutives. violin I A5, violin II A4 makes consecutive 5ths or octaves with the part before. B5 isn't in the chord the figures show (A–C–E). B4 isn't in the chord the figures show (A–C–E).
3. **D: violin I D5, violin II F♯4**. violin I D5, violin II F♯4 is right: both notes belong to I (B–D–F♯), the 3rd is present and there are no consecutives. C♯5 isn't in the chord the figures show (B–D–F♯). E5 isn't in the chord the figures show (B–D–F♯). violin I B4, violin II F♯4 leaves out the 3rd (D): with only three parts, the 3rd must be there.
4. **D: the leading note is doubled**. the leading note (B) is doubled. Check the chord from the figures, then the movement into and out of the note.
5. **A: the 3rd is missing**. the 3rd (G♯) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
6. **D: violin I A5, violin II F5**. violin I A5, violin II F5 is right: both notes belong to V (F–A–C), the 3rd is present and there are no consecutives. violin I C6, violin II F5 makes consecutive 5ths or octaves with the part before. G5 isn't in the chord the figures show (F–A–C). G5 isn't in the chord the figures show (F–A–C).
7. **B: violin I F♯5, violin II D5**. violin I F♯5, violin II D5 is right: both notes belong to IV (D–F♯–A), the 3rd is present and there are no consecutives. violin I F♯5, violin II A4 makes consecutive 5ths or octaves with the part before. C♯5 isn't in the chord the figures show (D–F♯–A). G♯5 isn't in the chord the figures show (D–F♯–A).
8. **B: violin I G♯5, violin II E5**. violin I G♯5, violin II E5 is right: both notes belong to V (E–G♯–B), the 3rd is present and there are no consecutives. F5 isn't in the chord the figures show (E–G♯–B). A5 isn't in the chord the figures show (E–G♯–B). violin I E5, violin II E5 leaves out the 3rd (G♯): with only three parts, the 3rd must be there.

Day 101: Suspensions and cadences in a trio

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"A suspension is a note that stays too long, clashes, then steps down."*

- Figures like 7 6, 4 3 and 9 8 show suspensions: prepare the note, tie it over, resolve down a step.
- Chains of 7–6 suspensions over a falling bass are very Baroque: one violin holds while the other moves.
- Cadences: the leading note rises, the 7th of V7 falls. A 4–3 suspension over V at the final cadence is the classic ending.
- A cadential trill on the leading note is stylish (tr above the note).

Worked example

Where can a 4–3 suspension go at a perfect cadence in C?

1. Over the G (V) in the bass.
2. Prepare C in the chord before (I or IV).
3. Hold C over the G (a 4th), then fall to B (the 3rd).

Watch out for

- Not preparing the suspension.
- Resolving upwards.

In the exam: A well-made suspension shows real Baroque style.

Show him these cards

1

A 4–3 suspension over V at the cadence: prepare, hold, fall.

2

7–6 chains over a falling bass are very Baroque.

3

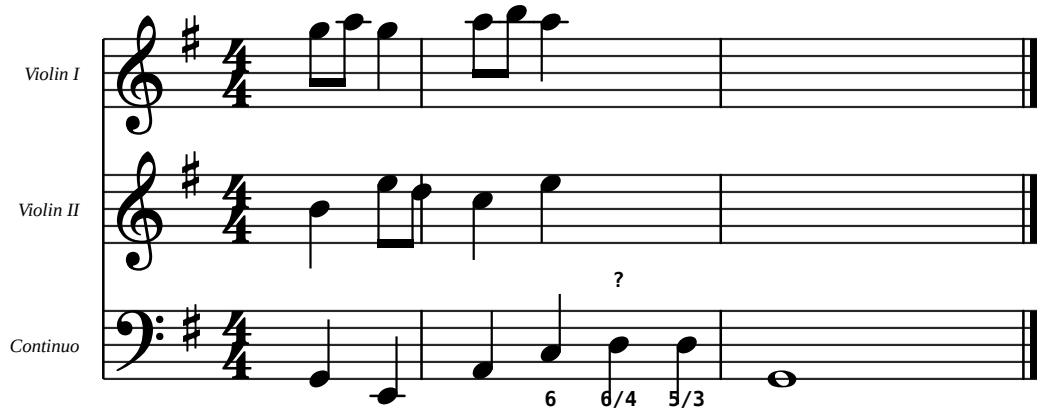

Leading note rises; the 7th of V7 falls.

3 · DO TOGETHER (10 MIN)

- Write a 7–6 chain over a falling bass and a 4–3 cadence.

Four questions to work through together

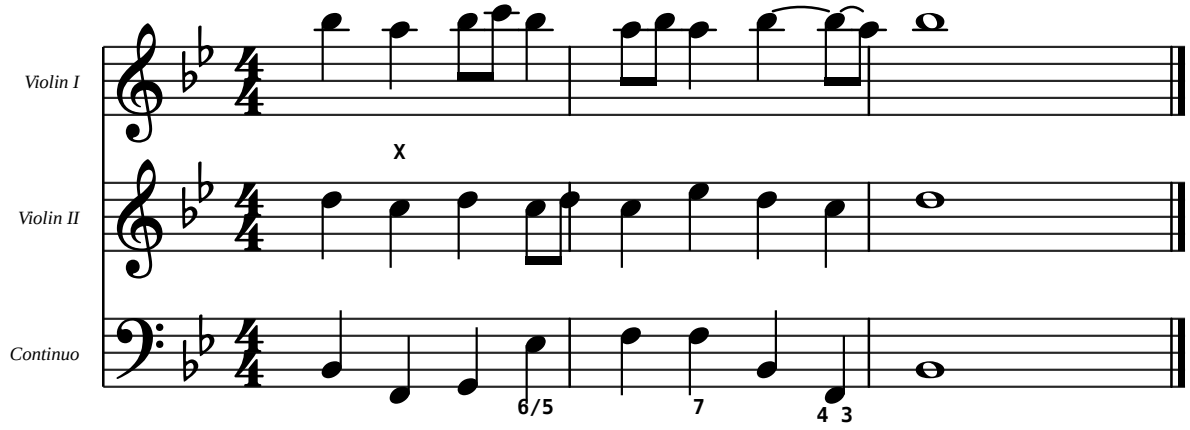

1. Trio sonata in G major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II G4 B. violin I G5, violin II C5 C. violin I G5, violin II B4 D. violin I G5, violin II A4

Answer: violin I G5, violin II B4. violin I G5, violin II B4 is right: both notes belong to Ic (G–B–D), the 3rd is present and there are no consecutives. A4 isn't in the chord the figures show (G–B–D). C5 isn't in the chord the figures show (G–B–D). violin I G5, violin II G4 leaves out the 3rd (B): with only three parts, the 3rd must be there.

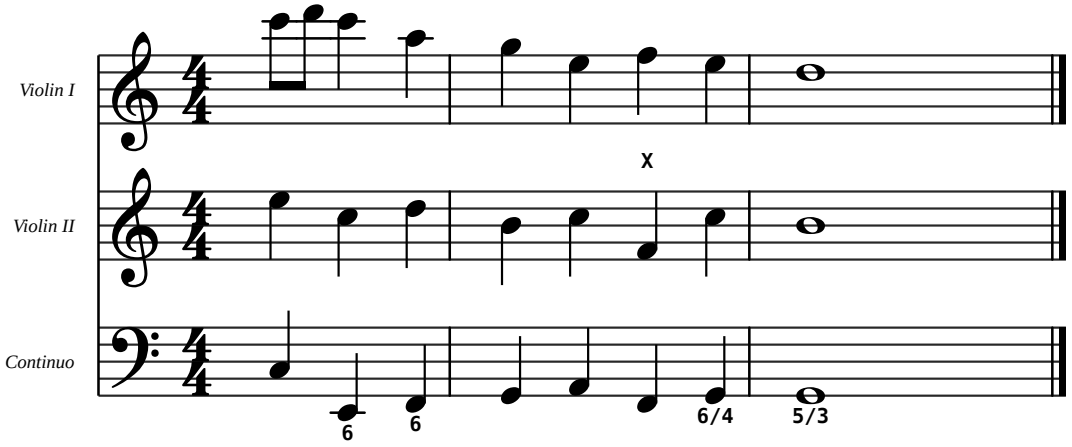

2. Trio sonata in B♭ major. The violin II note marked X breaks a rule. Which one?

A. consecutive octaves (or unisons) B. the 3rd is missing C. an augmented 2nd in a violin part D. consecutive 5ths

Answer: consecutive 5ths. consecutive 5ths between violin II and bass (F–C to G–D). Check the chord from the figures, then the movement into and out of the note.

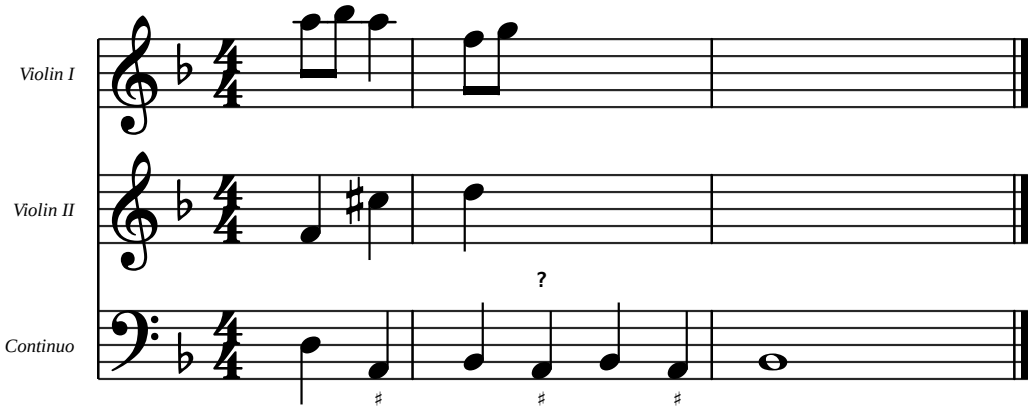

3. Trio sonata in C major. The violin II note marked X breaks a rule. Which one?

A. a missing or wrong accidental
B. the 7th doesn't fall
C. a note isn't in the chord
D. the 3rd is missing

Answer: the 3rd is missing. the 3rd (A) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.

4. Trio sonata in D minor. Which pair of notes fits the beat marked ? (read the figures)

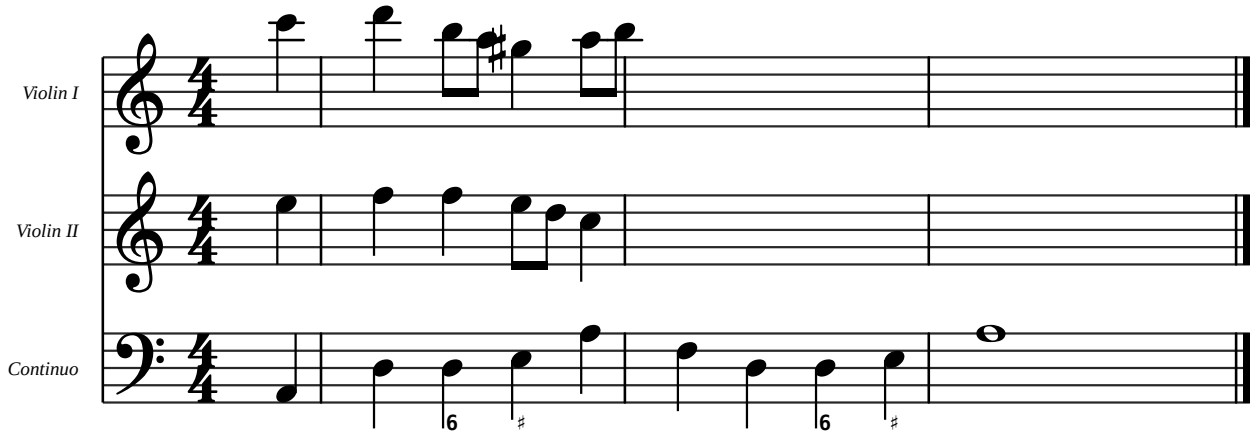

A. violin I B♭5, violin II C♯5
B. violin I G5, violin II C♯5
C. violin I A5, violin II C♯5
D. violin I E5, violin II C♯5

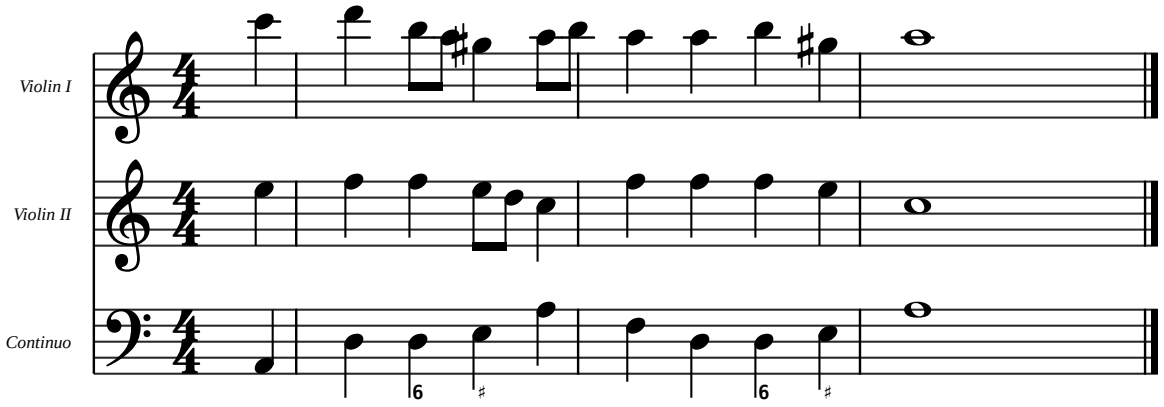

Answer: violin I A5, violin II C♯5. violin I A5, violin II C♯5 is right: both notes belong to V (A–C♯–E), the 3rd is present and there are no consecutives. violin I E5, violin II C♯5 makes consecutive 5ths or octaves with the part before. B♭5 isn't in the chord the figures show (A–C♯–E). G5 isn't in the chord the figures show (A–C♯–E).

TODAY'S TRIO PASSAGE

Continue the two violin parts of this trio sonata (A minor) to the end, following the figured bass. Keep the parts independent and write a cadence at the end.

One model answer (for Mum)

1. Every chord follows the figures, with the 3rd present
2. No consecutive 5ths or octaves between any two parts (including the bass)
3. The two violins are independent: contrary or oblique motion, some imitation or sequence
4. Leading notes rise, 7ths fall, suspensions are prepared and resolve down
5. The violins stay mostly within an octave of each other (they may cross)
6. Some quaver movement for life; a clear cadence at the end

Marking: start from 15. Take off 2 for each wrong chord, missing 3rd or consecutive; 1 for a weak part (no movement, too far apart). Other good answers earn full marks.

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Tie and fall: you play the bass, he sings the suspension and its resolution.

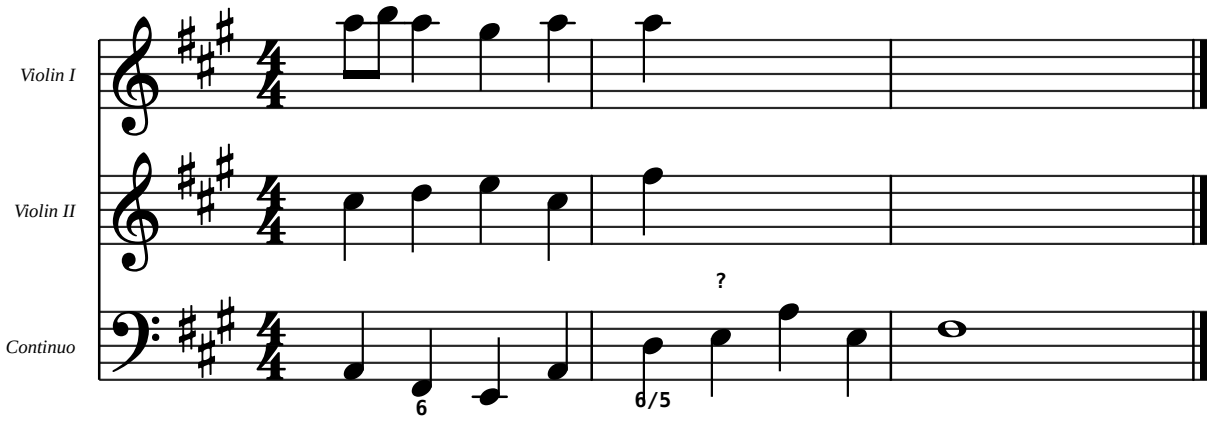

MOVE ON WHEN

He writes a correct 4–3 suspension at a cadence.

Philip's worksheet · Day 101

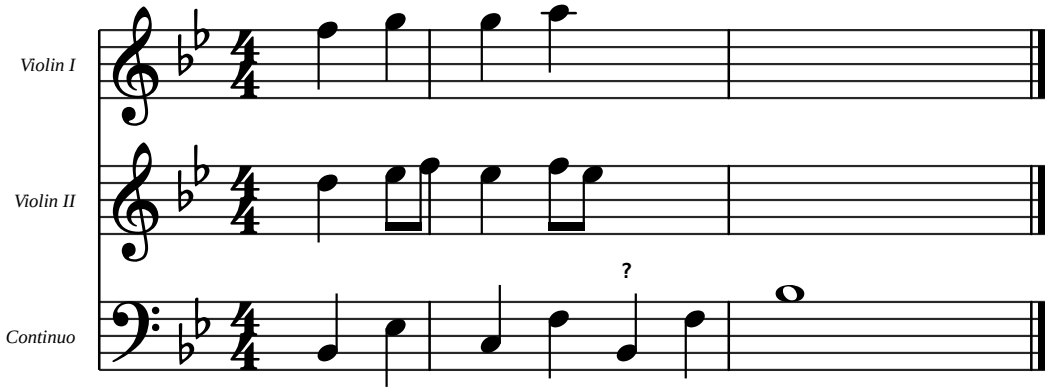

Name _____ Date _____ Score ____ / 8

1. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

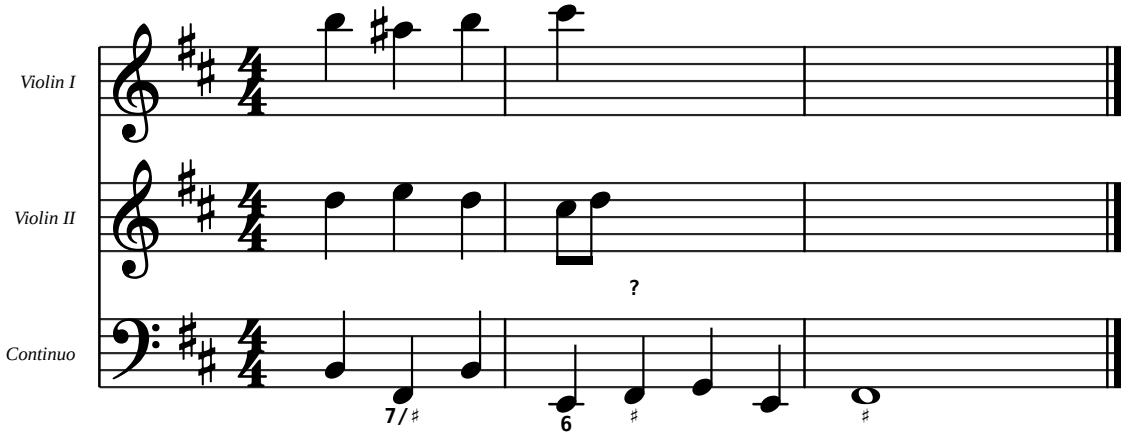

A. violin I G♯5, violin II E5 B. violin I F♯5, violin II E5 C. violin I G♯5, violin II D5 D. violin I B5, violin II E5

2. Trio sonata in B♭ major. Which pair of notes fits the beat marked ? (read the figures)

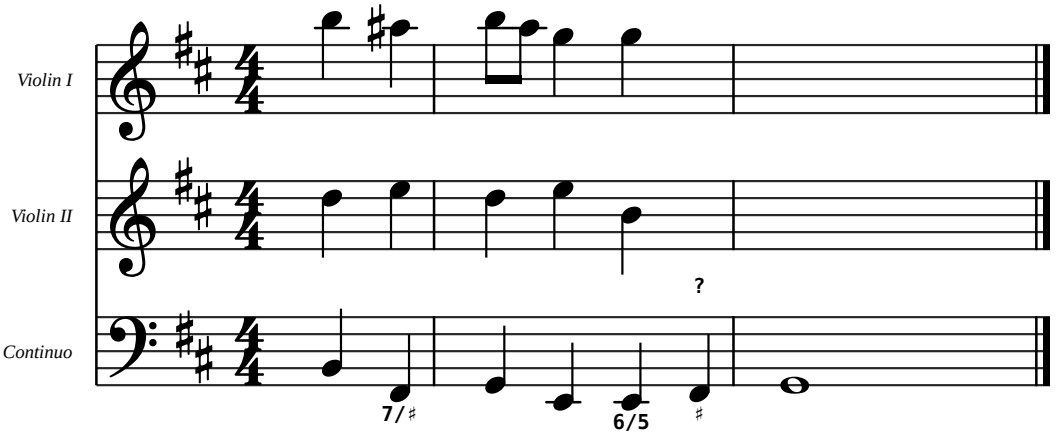

A. violin I B♭5, violin II D5 B. violin I B♭5, violin II B♭4 C. violin I B♭5, violin II C5 D. violin I B♭5, violin II E♭5

3. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

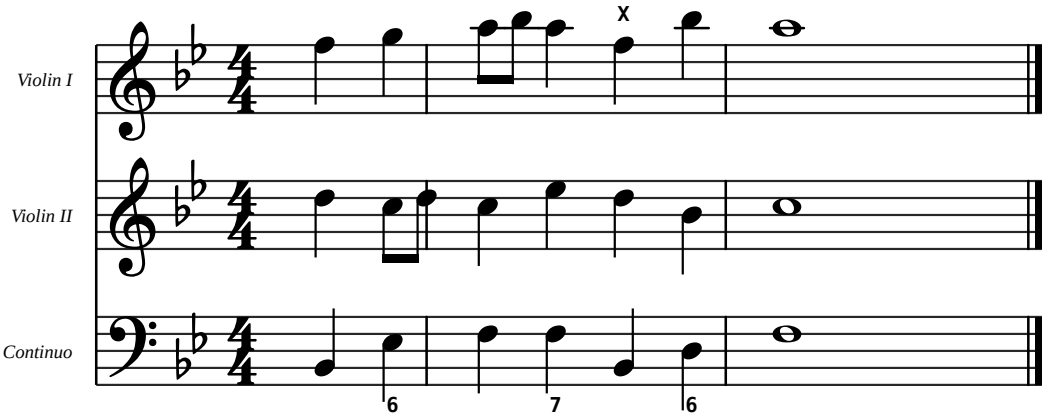

A. violin I A♯5, violin II B4 B. violin I A♯5, violin II D5 C. violin I A♯5, violin II C♯5 D. violin I A♯5, violin II A♯4

4. Trio sonata in B minor. Which pair of notes fits the beat marked ? (read the figures)

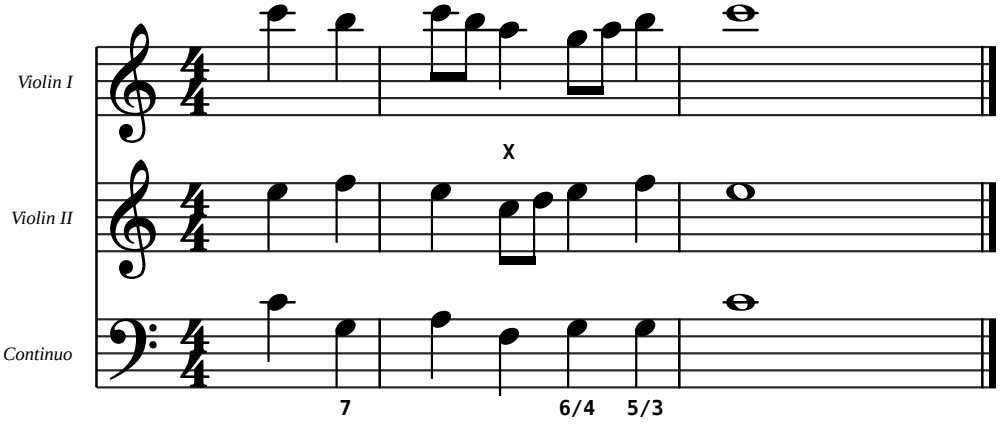

A. violin I F♯5, violin II B4 B. violin I F♯5, violin II G4 C. violin I F♯5, violin II C♯5 D. violin I F♯5, violin II A♯4

5. Trio sonata in B♭ major. The violin I note marked X breaks a rule. Which one?

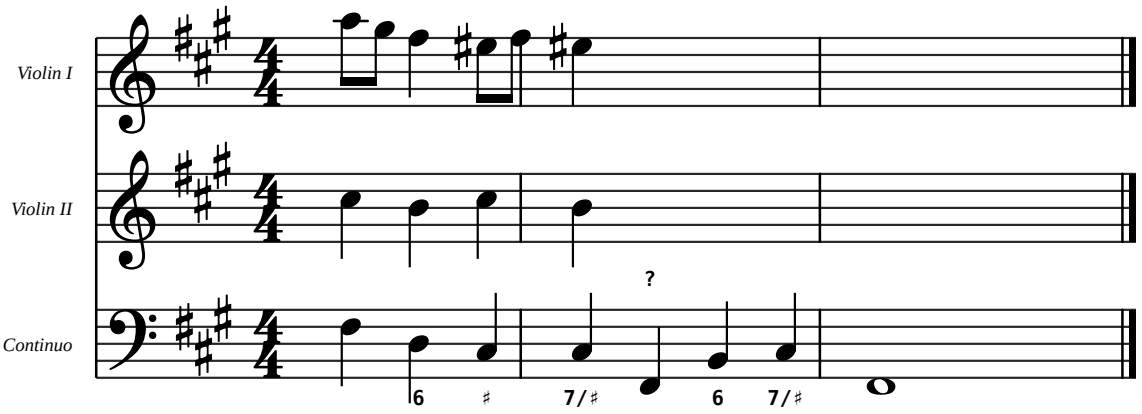

A. a leap of a 7th in a violin part B. a note isn't in the chord C. the 3rd is missing D. the leading note doesn't rise

6. Trio sonata in C major. The violin II note marked X breaks a rule. Which one?

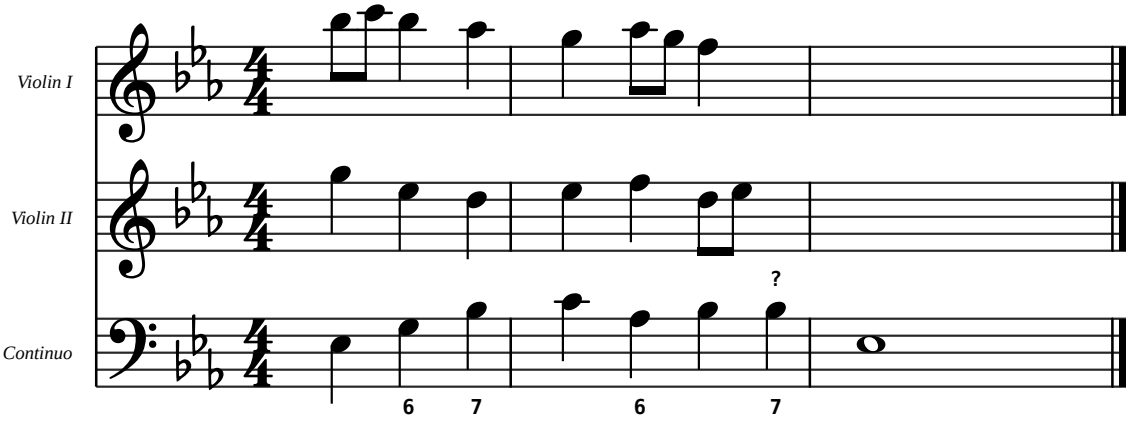

A. the 7th doesn't fall B. the leading note doesn't rise C. consecutive 5ths D. a leap of a 7th in a violin part

7. Trio sonata in F♯ minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G♯5, violin II A4 B. violin I F♯5, violin II G♯4 C. violin I F♯5, violin II A4 D. violin I F♯5, violin II F♯4

8. Trio sonata in E♭ major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II D5 B. violin I A♭5, violin II B♭4 C. violin I A♭5, violin II C5 D. violin I A♭5, violin II D5

ANSWERS (FOR MUM)

1. **A: violin I G♯5, violin II E5**. violin I G♯5, violin II E5 is right: both notes belong to V (E–G♯–B), the 3rd is present and there are no consecutives. violin I B5, violin II E5 makes consecutive 5ths or octaves with the part before. D5 isn't in the chord the figures show (E–G♯–B). F♯5 isn't in the chord the figures show (E–G♯–B).
2. **A: violin I B♭5, violin II D5**. violin I B♭5, violin II D5 is right: both notes belong to I (B♭–D–F), the 3rd is present and there are no consecutives. violin I B♭5, violin II B♭4 makes consecutive 5ths or octaves with the part before. E♭5 isn't in the chord the figures show (B♭–D–F). C5 isn't in the chord the figures show (B♭–D–F).
3. **C: violin I A♯5, violin II C♯5**. violin I A♯5, violin II C♯5 is right: both notes belong to V (F♯–A♯–C♯), the 3rd is present and there are no consecutives. violin I A♯5, violin II A♯4 makes consecutive 5ths or octaves with the part before. B4 isn't in the chord the figures show (F♯–A♯–C♯). D5 isn't in the chord the figures show (F♯–A♯–C♯).
4. **D: violin I F♯5, violin II A♯4**. violin I F♯5, violin II A♯4 is right: both notes belong to V (F♯–A♯–C♯), the 3rd is present and there are no consecutives. violin I F♯5, violin II C♯5 makes consecutive 5ths or octaves with the part before. G4 isn't in the chord the figures show (F♯–A♯–C♯). B4 isn't in the chord the figures show (F♯–A♯–C♯).
5. **D: the leading note doesn't rise**. the leading note (A) in violin I should rise. Check the chord from the figures, then the movement into and out of the note.
6. **C: consecutive 5ths**. consecutive 5ths between violin II and bass (A–E to F–C). Check the chord from the figures, then the movement into and out of the note.
7. **C: violin I F♯5, violin II A4**. violin I F♯5, violin II A4 is right: both notes belong to I (F♯–A–C♯), the 3rd is present and there are no consecutives. G♯4 isn't in the chord the figures show (F♯–A–C♯). G♯5 isn't in the chord the figures show (F♯–A–C♯). violin I F♯5, violin II F♯4 leaves out the 3rd (A): with only three parts, the 3rd must be there.
8. **D: violin I A♭5, violin II D5**. violin I A♭5, violin II D5 is right: both notes belong to V7 (B♭–D–F–A♭), the 3rd is present and there are no consecutives. C5 isn't in the chord the figures show (B♭–D–F–A♭). G5 isn't in the chord the figures show (B♭–D–F–A♭). violin I A♭5, violin II B♭4 leaves out the 3rd (D): with only three parts, the 3rd must be there.

Day 102: A full question 1, step by step

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Seven steps, 25 minutes: plan, write, check.”*

- Method: 1. Find the key and any modulations (accidentals in figures). 2. Pencil each chord's notes. 3. Plan the cadences. 4. Write violin I as a tune, then violin II against it. 5. Add movement: passing notes, a suspension, imitation. 6. Check: 3rds present, no consecutives, leading notes and 7ths resolved.
- About 25 minutes in the exam.

Worked example

How long for question 1?

1. About 25 minutes.
2. 5 to plan, 15 to write, 5 to check.

Watch out for

- Skipping the check: most lost marks are consecutives.

In the exam: Use the 'Write a trio' tile for practice; compare with the model.

Show him these cards

1

Step 1: key and modulations. Step 2: pencil the chords. Step 3: plan the cadences.

2

Step 4: violin I as a tune. Step 5: violin II against it. Step 6: add movement.

3

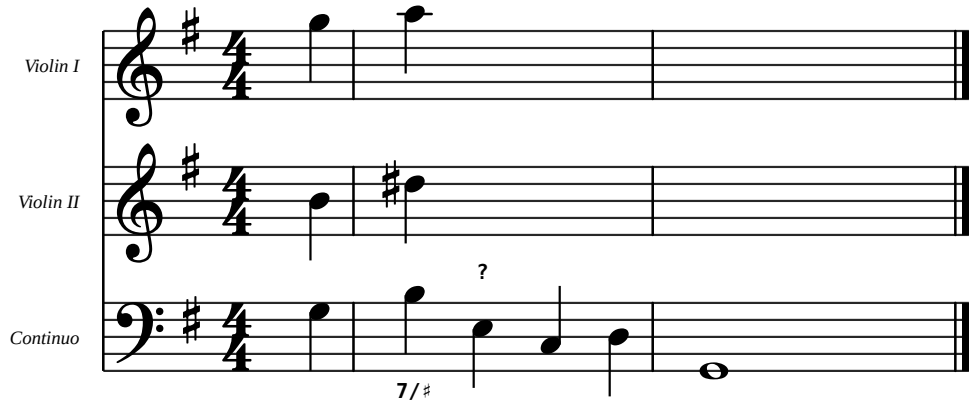

Step 7: check 3rds, consecutives, leading notes and 7ths.

3 · DO TOGETHER (10 MIN)

- Do one question 1 together, talking through each step.

Four questions to work through together

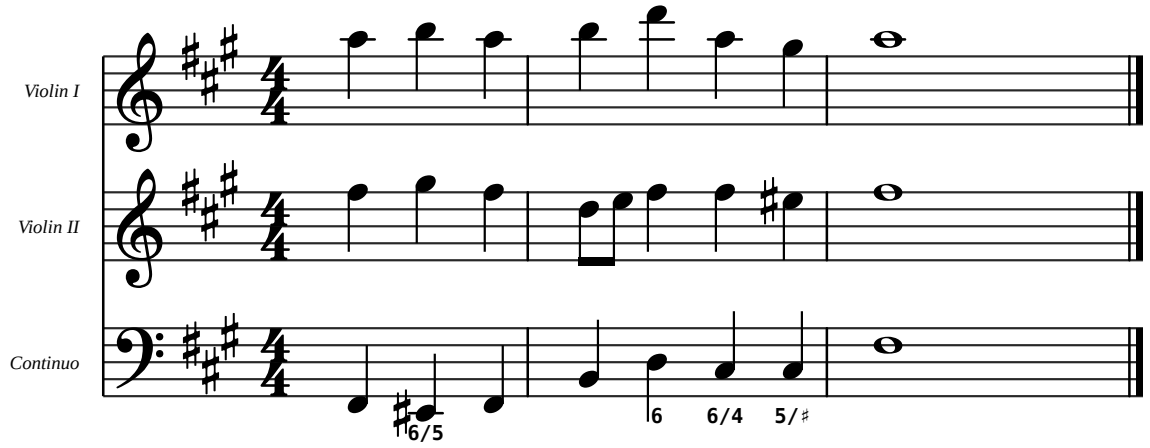

1. Trio sonata in G major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II E5 B. violin I G5, violin II D5 C. violin I E5, violin II E5 D. violin I F♯5, violin II E5

Answer: violin I G5, violin II E5. violin I G5, violin II E5 is right: both notes belong to VI (E–G–B), the 3rd is present and there are no consecutives. F♯5 isn't in the chord the figures show (E–G–B). D5 isn't in the chord the figures show (E–G–B). violin I E5, violin II E5 leaves out the 3rd (G): with only three parts, the 3rd must be there.

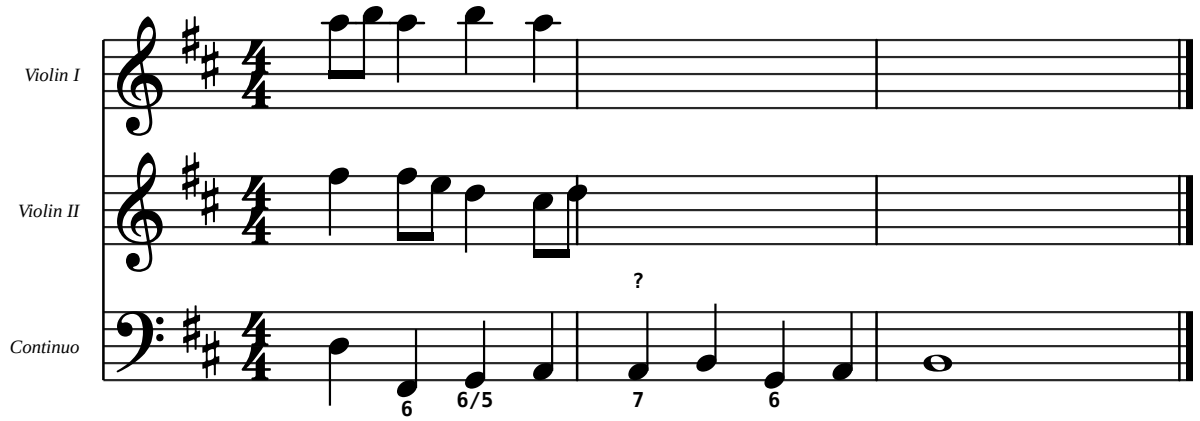

2. Trio sonata in F♯ minor. The violin I note marked X breaks a rule. Which one?

A. a leap of a 7th in a violin part B. consecutive octaves (or unisons) C. the leading note is doubled D. consecutive 5ths

Answer: consecutive octaves (or unisons). consecutive octaves (or unisons) between violin I and bass. Check the chord from the figures, then the movement into and out of the note.

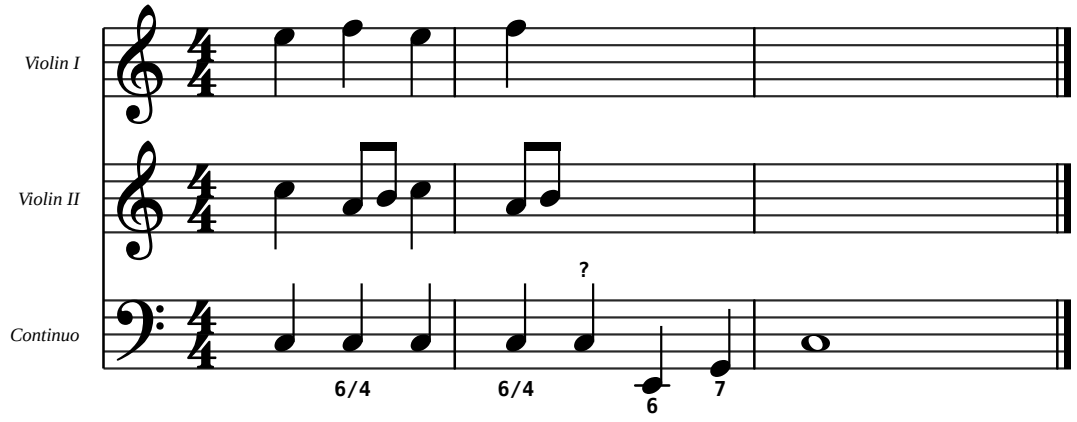

3. Trio sonata in D major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II A4 B. violin I F♯5, violin II C♯5 C. violin I G5, violin II C♯5 D. violin I G5, violin II B4

Answer: violin I G5, violin II C♯5. violin I G5, violin II C♯5 is right: both notes belong to V7 (A–C♯–E–G), the 3rd is present and there are no consecutives. F♯5 isn't in the chord the figures show (A–C♯–E–G). B4 isn't in the chord the figures show (A–C♯–E–G). violin I G5, violin II A4 leaves out the 3rd (C♯): with only three parts, the 3rd must be there.

4. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I E5, violin II C5 B. violin I F5, violin II C5 C. violin I C5, violin II C5 D. violin I E5, violin II B4

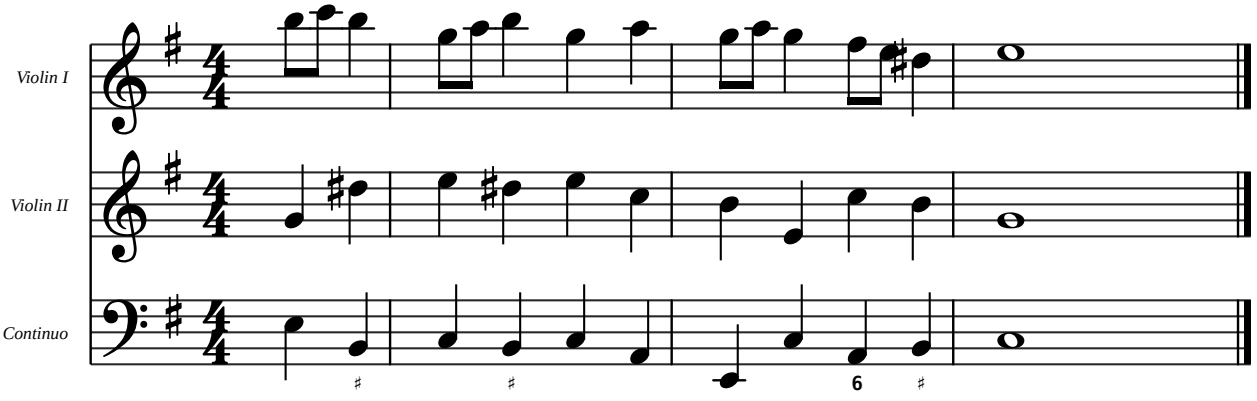

Answer: violin I E5, violin II C5. violin I E5, violin II C5 is right: both notes belong to I (C–E–G), the 3rd is present and there are no consecutives. B4 isn't in the chord the figures show (C–E–G). F5 isn't in the chord the figures show (C–E–G). violin I C5, violin II C5 leaves out the 3rd (E): with only three parts, the 3rd must be there.

TODAY'S TRIO PASSAGE

Continue the two violin parts of this trio sonata (E minor) to the end, following the figured bass. Keep the parts independent and write a cadence at the end.

One model answer (for Mum)

1. Every chord follows the figures, with the 3rd present
2. No consecutive 5ths or octaves between any two parts (including the bass)
3. The two violins are independent: contrary or oblique motion, some imitation or sequence
4. Leading notes rise, 7ths fall, suspensions are prepared and resolve down
5. The violins stay mostly within an octave of each other (they may cross)
6. Some quaver movement for life; a clear cadence at the end

Marking: start from 15. Take off 2 for each wrong chord, missing 3rd or consecutive; 1 for a weak part (no movement, too far apart). Other good answers earn full marks.

4 · ON HIS OWN (12 MIN)

- Write a trio (the tile in Philip's corner): one passage, then compare with the model.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Spot the error: you show his own passage with one planted mistake.

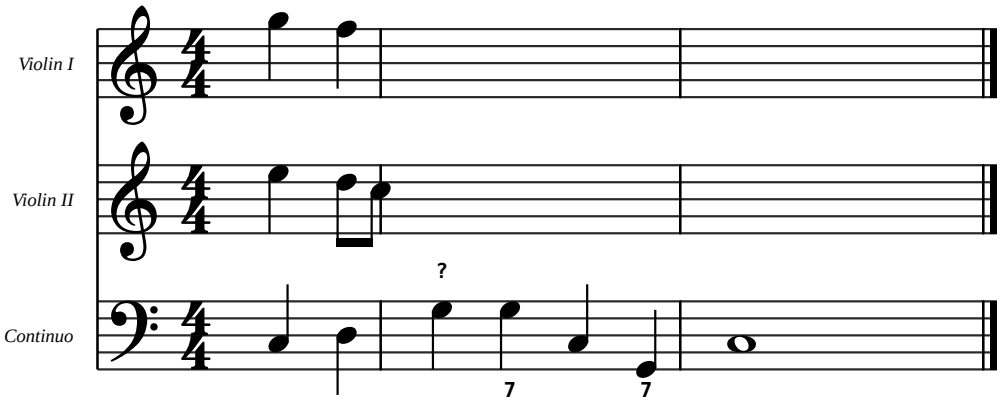

MOVE ON WHEN

He completes a passage with no consecutives and all 3rds present.

Philip's worksheet · Day 102

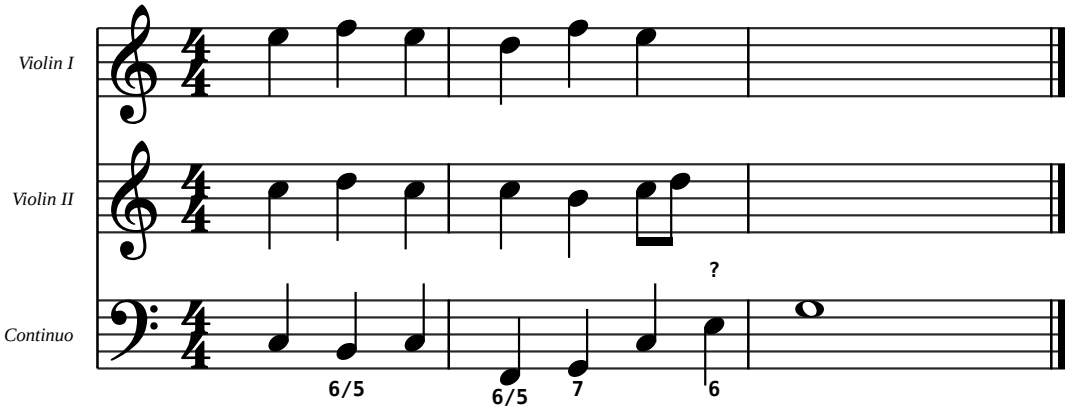

Name _____ Date _____ Score ____ / 8

1. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

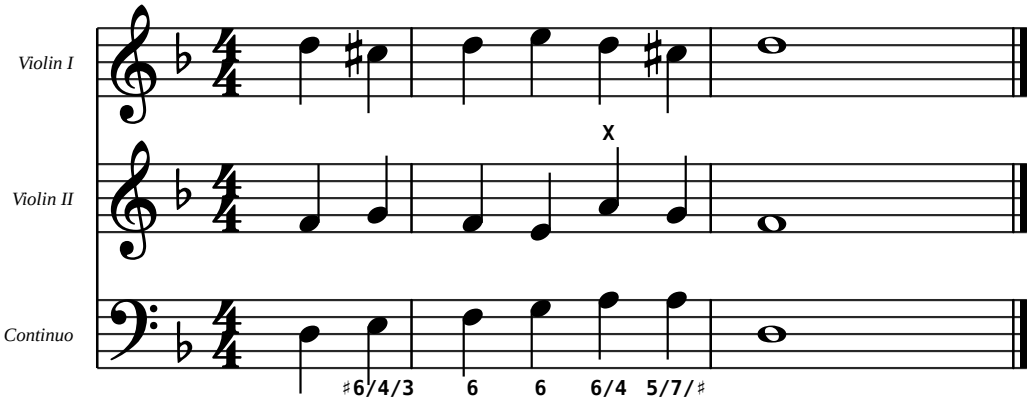

A. violin I F5, violin II B4 B. violin I A5, violin II B4 C. violin I G5, violin II G4 D. violin I G5, violin II B4

2. Trio sonata in C major. Which pair of notes fits the beat marked ? (read the figures)

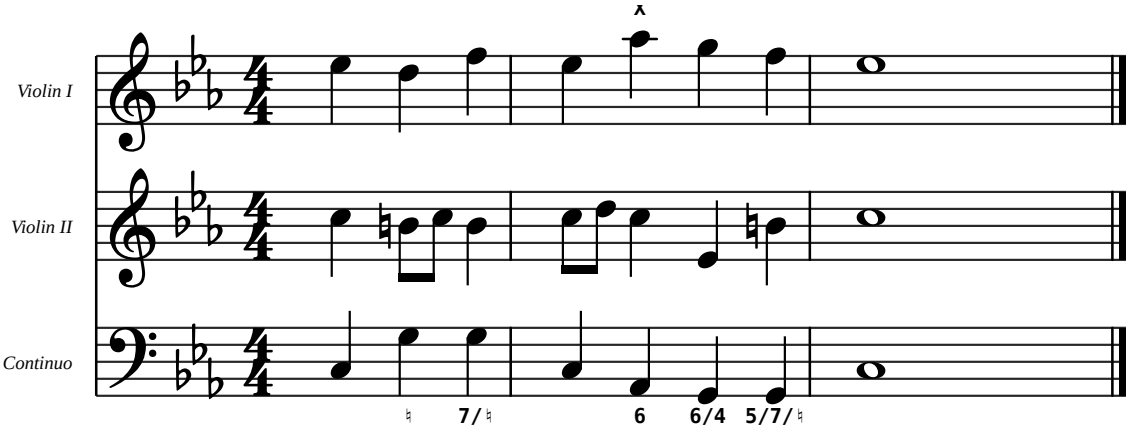

A. violin I G5, violin II E5 B. violin I G5, violin II C5 C. violin I A5, violin II C5 D. violin I G5, violin II D5

3. Trio sonata in D minor. The violin II note marked X breaks a rule. Which one?

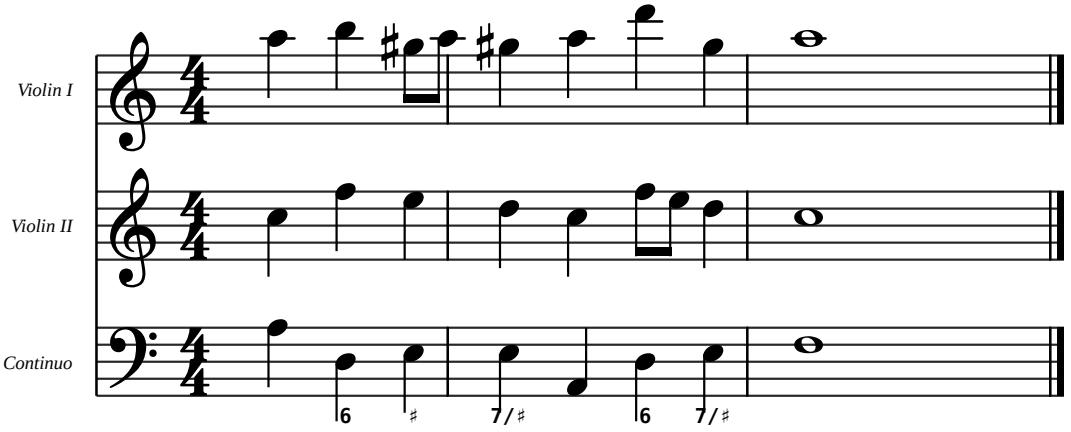

A. the leading note is doubled B. the leading note doesn't rise C. consecutive 5ths D. the 3rd is missing

4. Trio sonata in C minor. The violin I note marked X breaks a rule. Which one?

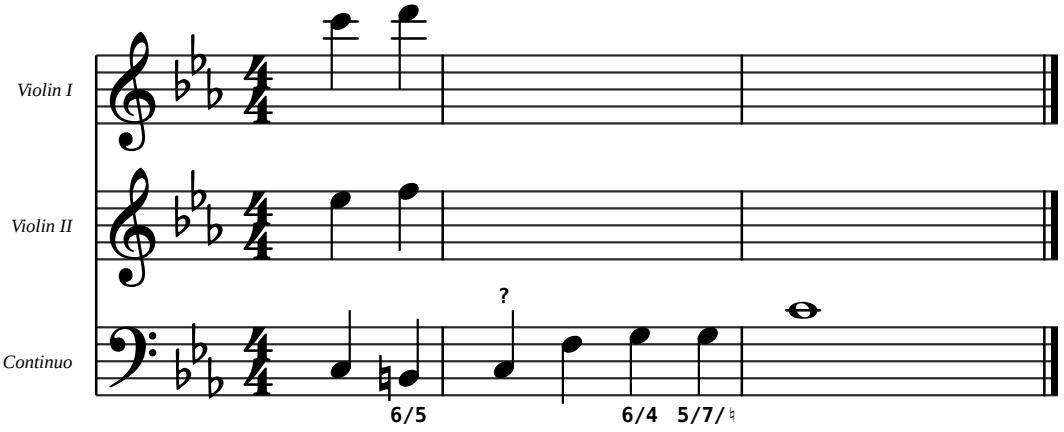

A. the 3rd is missing
B. an augmented 2nd in a violin part
C. the leading note doesn't rise
D. consecutive octaves (or unisons)

5. Trio sonata in A minor. The violin I note marked X breaks a rule. Which one?

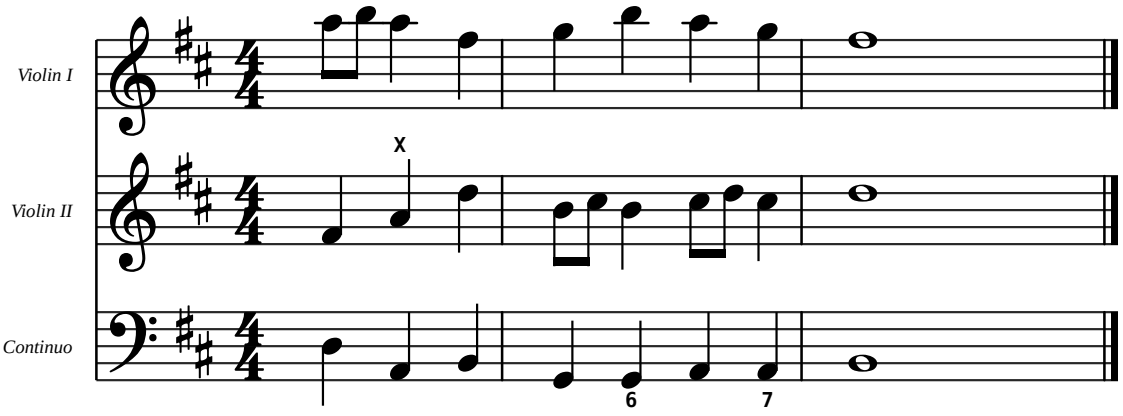

A. consecutive octaves (or unisons)
B. a note isn't in the chord
C. an augmented 2nd in a violin part
D. a missing or wrong accidental

6. Trio sonata in C minor. Which pair of notes fits the beat marked ? (read the figures)

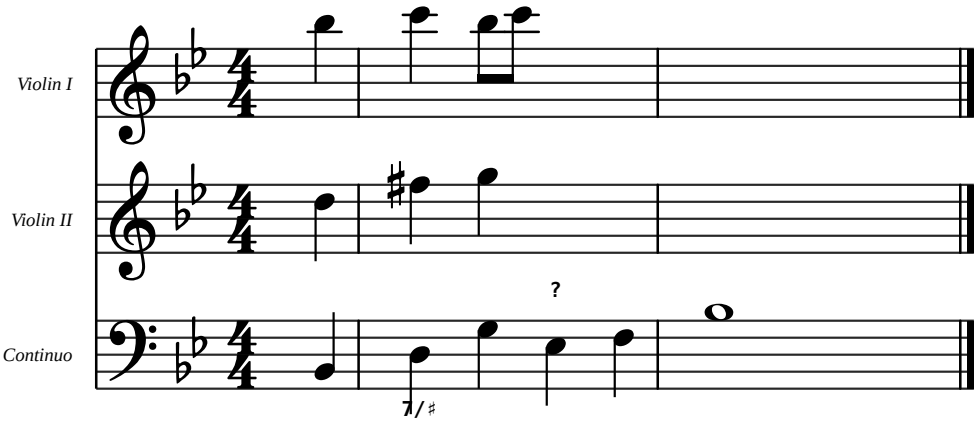

A. violin I D6, violin II E♭5
B. violin I C6, violin II E♭5
C. violin I C6, violin II C5
D. violin I C6, violin II D5

7. Trio sonata in D major. The violin II note marked X breaks a rule. Which one?

A. consecutive 5ths B. consecutive octaves (or unisons) C. the 3rd is missing D. the leading note is doubled

8. Trio sonata in B♭ major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I B♭5, violin II E♭5 B. violin I B♭5, violin II F5 C. violin I B♭5, violin II G5 D. violin I B♭5, violin II A5

ANSWERS (FOR MUM)

1. **D: violin I G5, violin II B4**. violin I G5, violin II B4 is right: both notes belong to V (G–B–D), the 3rd is present and there are no consecutives. violin I G5, violin II G4 makes consecutive 5ths or octaves with the part before. A5 isn't in the chord the figures show (G–B–D). F5 isn't in the chord the figures show (G–B–D).
2. **B: violin I G5, violin II C5**. violin I G5, violin II C5 is right: both notes belong to Ib (C–E–G), the 3rd is present and there are no consecutives. violin I G5, violin II E5 makes consecutive 5ths or octaves with the part before. D5 isn't in the chord the figures show (C–E–G). A5 isn't in the chord the figures show (C–E–G).
3. **D: the 3rd is missing**. the 3rd (F) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
4. **D: consecutive octaves (or unisons)**. consecutive octaves (or unisons) between violin I and bass. Check the chord from the figures, then the movement into and out of the note.
5. **A: consecutive octaves (or unisons)**. consecutive octaves (or unisons) between violin I and bass. Check the chord from the figures, then the movement into and out of the note.
6. **B: violin I C6, violin II E♭5**. violin I C6, violin II E♭5 is right: both notes belong to I (C–E♭–G), the 3rd is present and there are no consecutives. D5 isn't in the chord the figures show (C–E♭–G). D6 isn't in the chord the figures show (C–E♭–G). violin I C6, violin II C5 leaves out the 3rd (E♭): with only three parts, the 3rd must be there.
7. **C: the 3rd is missing**. the 3rd (C♯) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
8. **C: violin I B♭5, violin II G5**. violin I B♭5, violin II G5 is right: both notes belong to IV (E♭–G–B♭), the 3rd is present and there are no consecutives. violin I B♭5, violin II E♭5 makes consecutive 5ths or octaves with the part before. A5 isn't in the chord the figures show (E♭–G–B♭). F5 isn't in the chord the figures show (E♭–G–B♭).

Day 103: Review: trio sonata (Days 97–102)

G8 Trio · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

- Go back over Days 97–102: the trio texture, reading figures, three-part rules, movement and imitation, suspensions and cadences.

Show him these cards

1

A trio sonata: two violins and a continuo bass with figures.

2

No figure = 5/3. 6 = first inversion. 7, 6/5, 4/3, 4/2 = 7th chords. ♯ alone = sharpen the 3rd.

3

Keep the 3rd: it says major or minor.

4

Take turns: one violin moves while the other holds.

5

A 4–3 suspension over V at the cadence: prepare, hold, fall.

6

Step 4: violin I as a tune. Step 5: violin II against it. Step 6: add movement.

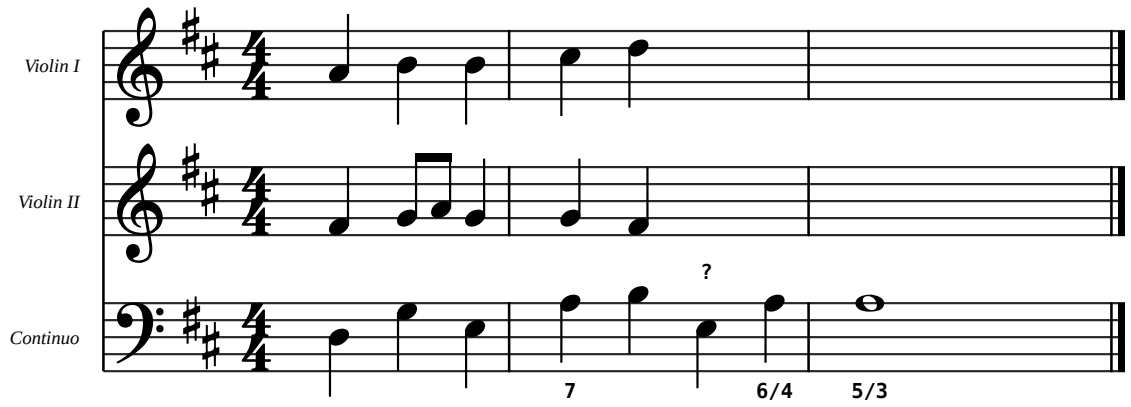

3 · DO TOGETHER (10 MIN)

- An exam-style question 1 from the lesson pack, timed at 25 minutes.

Four questions to work through together

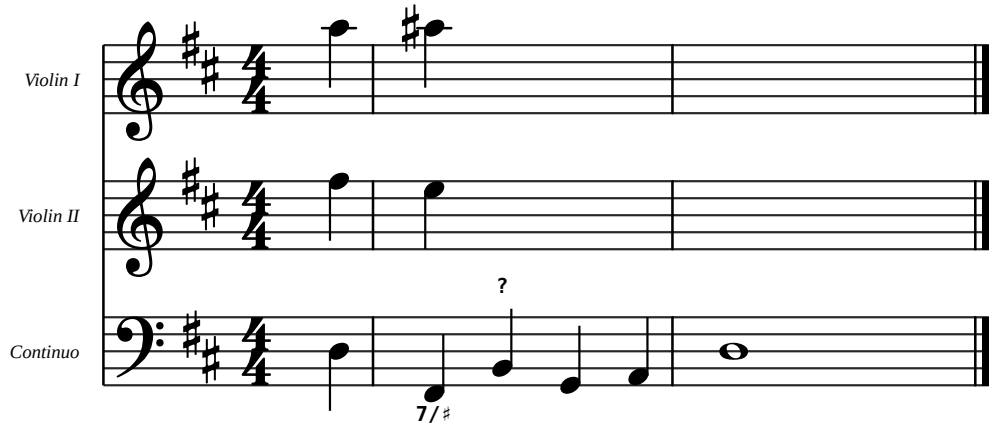

1. Trio sonata in D major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I E5, violin II G4 B. violin I E5, violin II F♯4 C. violin I F♯5, violin II G4 D. violin I E5, violin II B4

Answer: violin I E5, violin II G4. violin I E5, violin II G4 is right: both notes belong to II (E–G–B), the 3rd is present and there are no consecutives. violin I E5, violin II B4 makes consecutive 5ths or octaves with the part before. F♯5 isn't in the chord the figures show (E–G–B). F♯4 isn't in the chord the figures show (E–G–B).

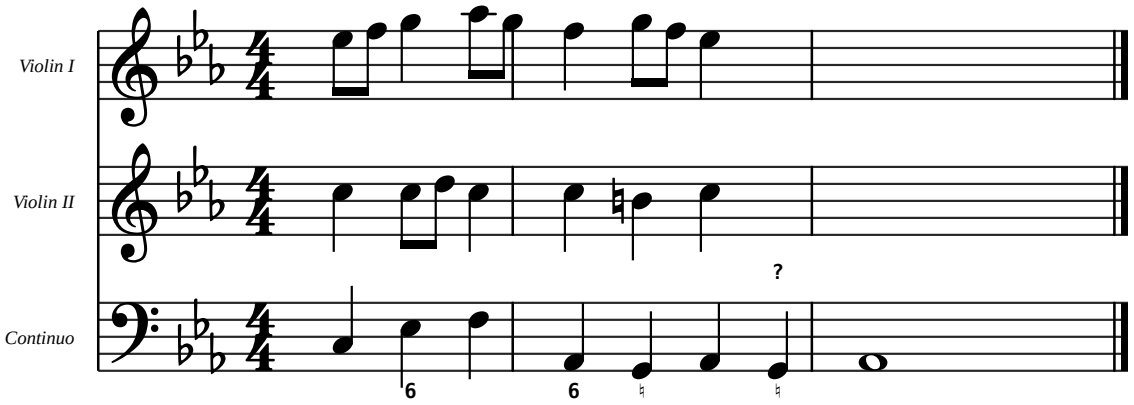

2. Trio sonata in D major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I B5, violin II D5 B. violin I C♯6, violin II D5 C. violin I B5, violin II B4 D. violin I B5, violin II E5

Answer: violin I B5, violin II D5. violin I B5, violin II D5 is right: both notes belong to VI (B–D–F♯), the 3rd is present and there are no consecutives. E5 isn't in the chord the figures show (B–D–F♯). C♯6 isn't in the chord the figures show (B–D–F♯). violin I B5, violin II B4 leaves out the 3rd (D): with only three parts, the 3rd must be there.

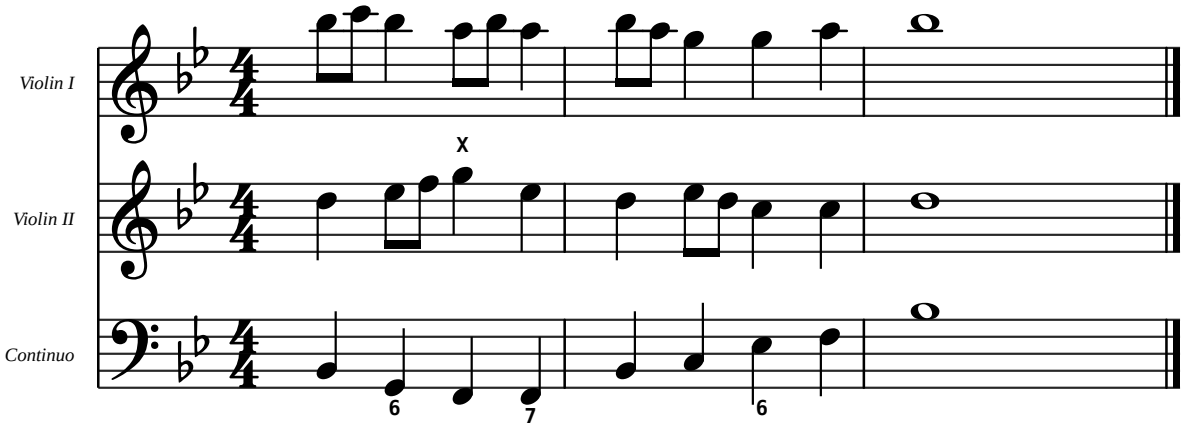

3. Trio sonata in C minor. Which pair of notes fits the beat marked ? (read the figures)

A. violin I G5, violin II A♭4 B. violin I D5, violin II B4 C. violin I G5, violin II B4 D. violin I F5, violin II B4

Answer: violin I G5, violin II B4. violin I G5, violin II B4 is right: both notes belong to V (G–B–D), the 3rd is present and there are no consecutives. violin I D5, violin II B4 makes consecutive 5ths or octaves with the part before. A♭4 isn't in the chord the figures show (G–B–D). F5 isn't in the chord the figures show (G–B–D).

4. Trio sonata in B♭ major. The violin II note marked X breaks a rule. Which one?

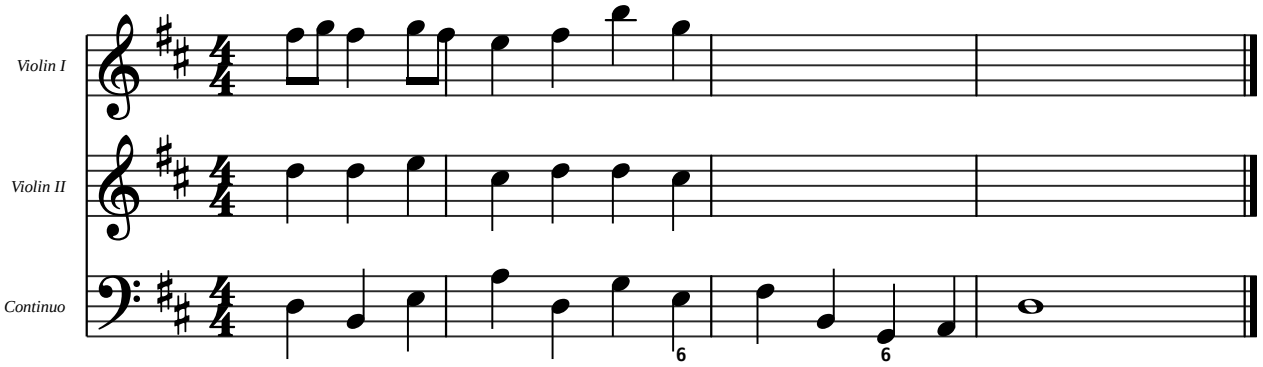

A. consecutive 5ths B. the 7th doesn't fall C. a note isn't in the chord D. a missing or wrong accidental

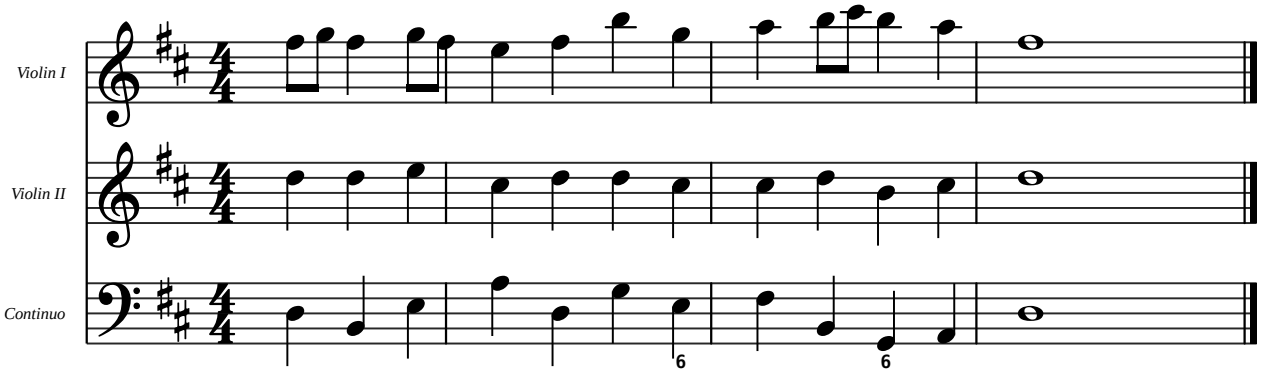

Answer: a note isn't in the chord. violin II's G isn't in the chord. The notes are F, A, C. Check the chord from the figures, then the movement into and out of the note.

TODAY'S TRIO PASSAGE

Continue the two violin parts of this trio sonata (D major) to the end, following the figured bass. Keep the parts independent and write a cadence at the end.

One model answer (for Mum)

1. Every chord follows the figures, with the 3rd present
2. No consecutive 5ths or octaves between any two parts (including the bass)
3. The two violins are independent: contrary or oblique motion, some imitation or sequence
4. Leading notes rise, 7ths fall, suspensions are prepared and resolve down
5. The violins stay mostly within an octave of each other (they may cross)
6. Some quaver movement for life; a clear cadence at the end

Marking: start from 15. Take off 2 for each wrong chord, missing 3rd or consecutive; 1 for a weak part (no movement, too far apart). Other good answers earn full marks.

4 · ON HIS OWN (12 MIN)

- Trio sonata practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

His choice.

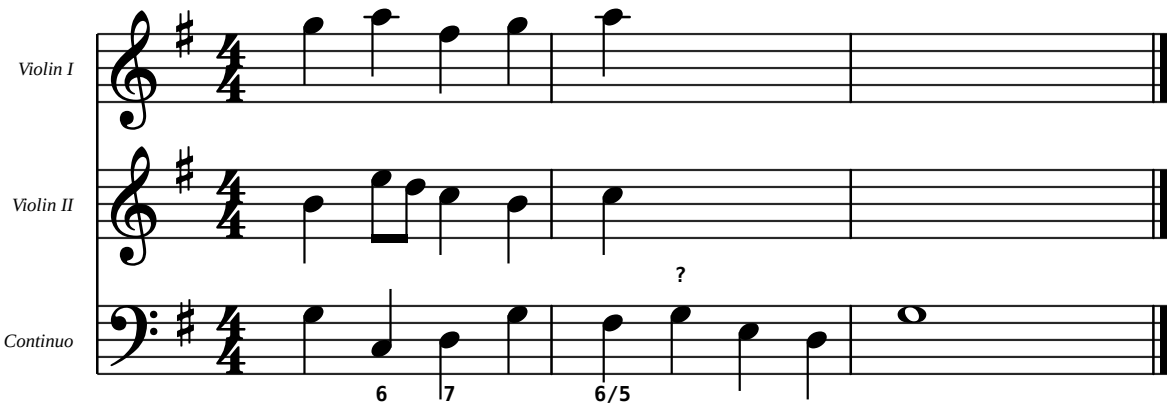

MOVE ON WHEN

Question 1 scored 11/15 or more.

Philip's worksheet · Day 103

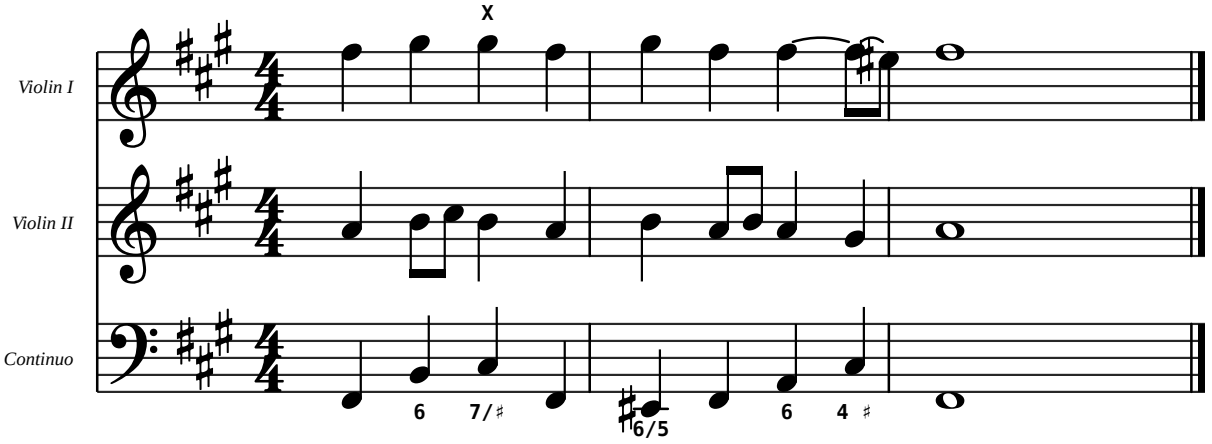

Name _____ Date _____ Score ___ / 8

1. Trio sonata in G major. Which pair of notes fits the beat marked ? (read the figures)

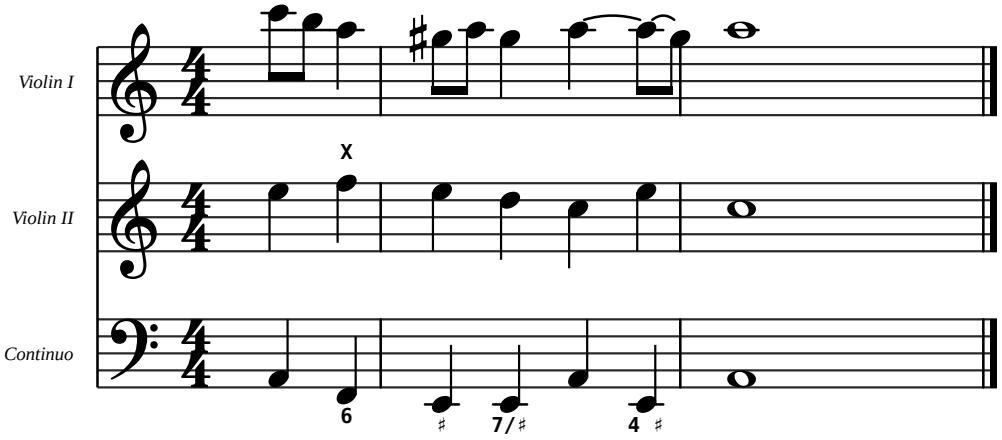

A. violin I G5, violin II B4 B. violin I G5, violin II G4 C. violin I G5, violin II C5 D. violin I A5, violin II B4

2. Trio sonata in F♯ minor. The violin I note marked X breaks a rule. Which one?

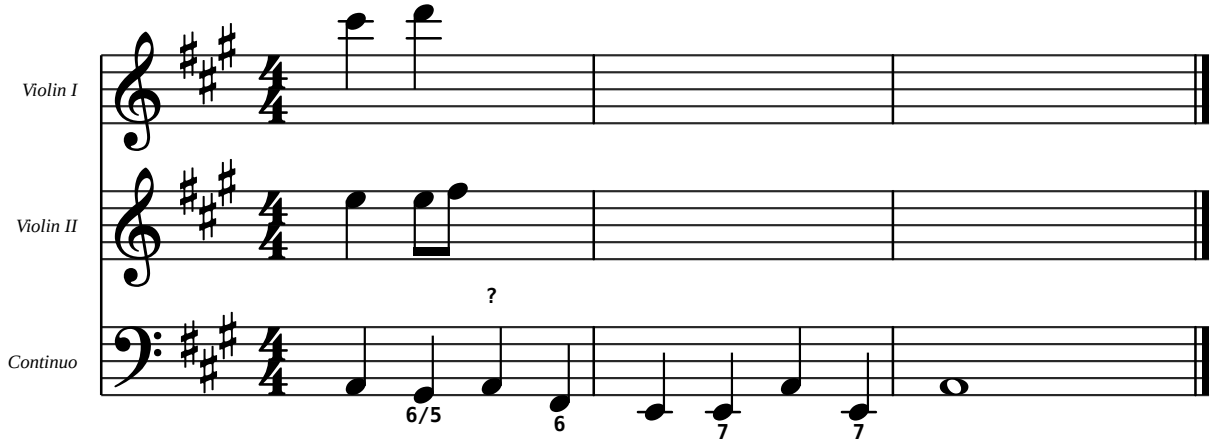

A. the 7th doesn't fall B. the 3rd is missing C. an augmented 2nd in a violin part D. a leap of a 7th in a violin part

3. Trio sonata in A minor. The violin II note marked X breaks a rule. Which one?

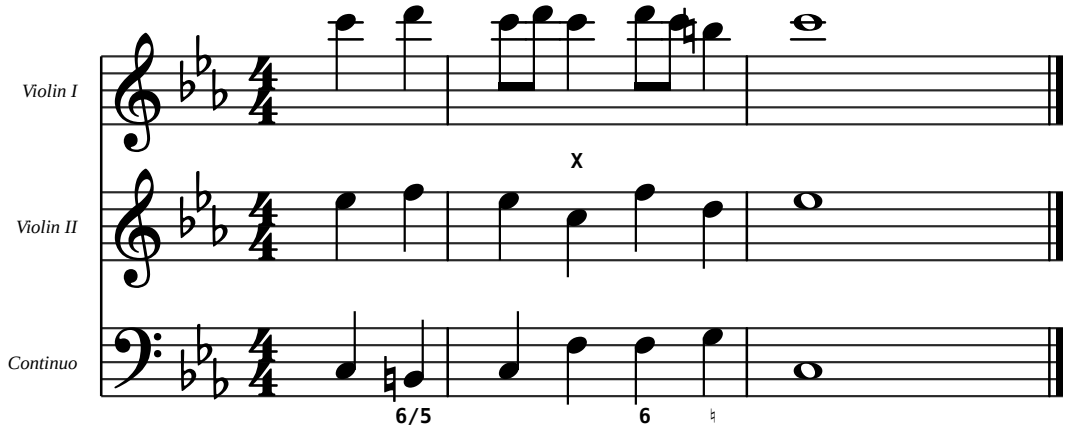

A. a leap of a 7th in a violin part B. the leading note is doubled C. consecutive octaves (or unisons) D. the leading note doesn't rise

4. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

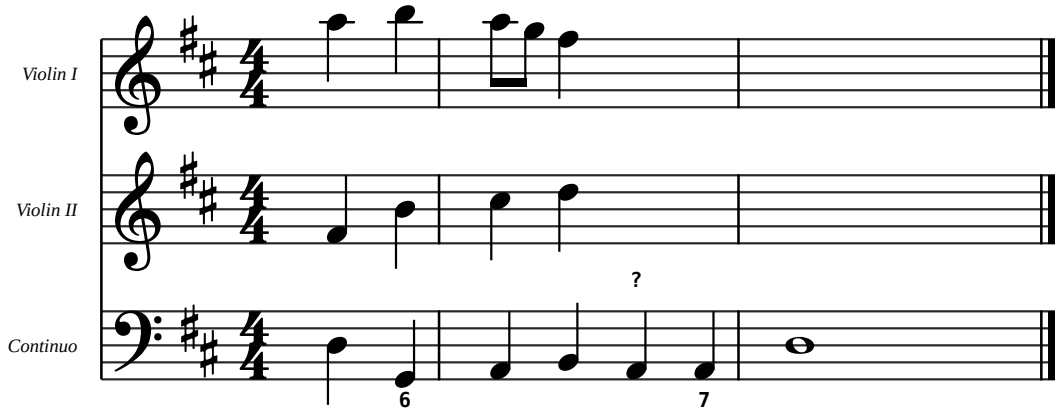

A. violin I D6, violin II E5 B. violin I A5, violin II E5 C. violin I C♯6, violin II E5 D. violin I C♯6, violin II D5

5. Trio sonata in C minor. The violin II note marked X breaks a rule. Which one?

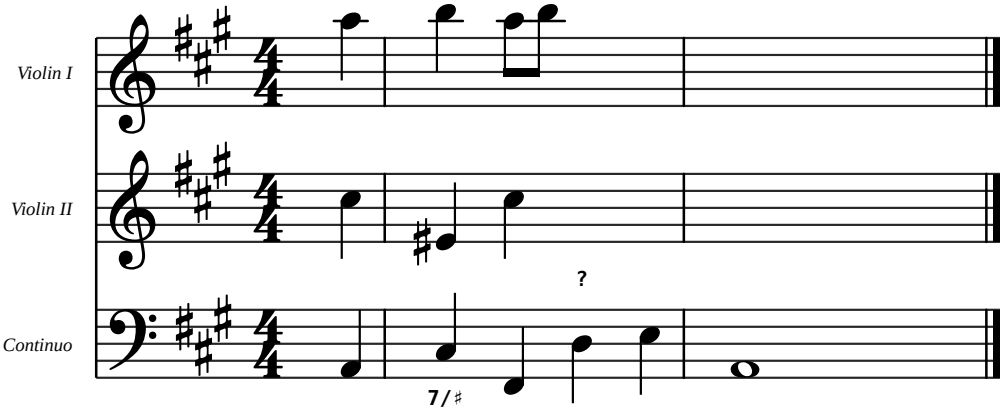

A. a leap of a 7th in a violin part B. consecutive octaves (or unisons) C. the 3rd is missing D. an augmented 2nd in a violin part

6. Trio sonata in D major. Which pair of notes fits the beat marked ? (read the figures)

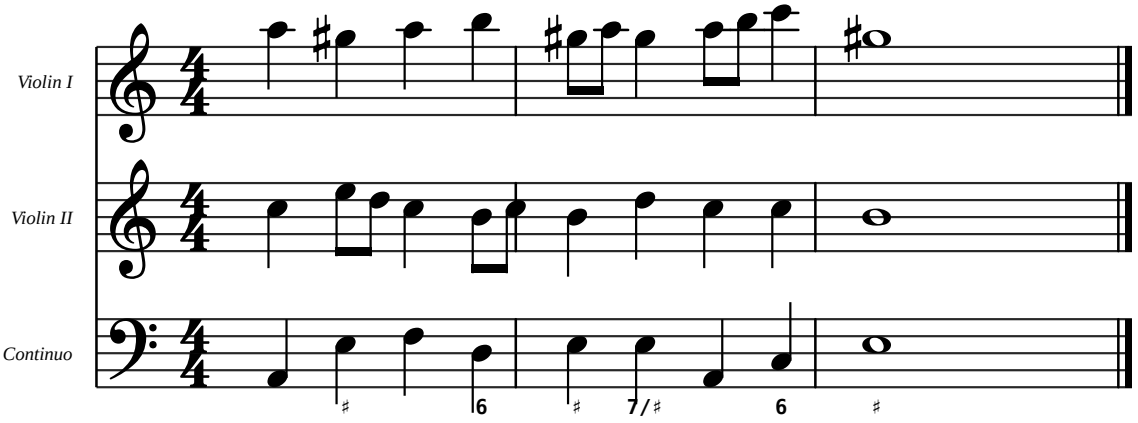

A. violin I A5, violin II B4 B. violin I G5, violin II C♯5 C. violin I A5, violin II C♯5 D. violin I E5, violin II C♯5

7. Trio sonata in A major. Which pair of notes fits the beat marked ? (read the figures)

A. violin I A5, violin II E4 B. violin I A5, violin II F♯4 C. violin I A5, violin II A4 D. violin I A5, violin II G♯4

8. Trio sonata in A minor. The violin I note marked X breaks a rule. Which one?

A. consecutive octaves (or unisons)

B. the leading note is doubled

C. a missing or wrong accidental

D. the 7th doesn't fall

ANSWERS (FOR MUM)

1. **A: violin I G5, violin II B4**. violin I G5, violin II B4 is right: both notes belong to I (G–B–D), the 3rd is present and there are no consecutives. C5 isn't in the chord the figures show (G–B–D). A5 isn't in the chord the figures show (G–B–D). violin I G5, violin II G4 leaves out the 3rd (B): with only three parts, the 3rd must be there.
2. **B: the 3rd is missing**. the 3rd (E♯) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
3. **C: consecutive octaves (or unisons)**. consecutive octaves (or unisons) between violin II and bass. Check the chord from the figures, then the movement into and out of the note.
4. **C: violin I C♯6, violin II E5**. violin I C♯6, violin II E5 is right: both notes belong to I (A–C♯–E), the 3rd is present and there are no consecutives. D5 isn't in the chord the figures show (A–C♯–E). D6 isn't in the chord the figures show (A–C♯–E). violin I A5, violin II E5 leaves out the 3rd (C♯): with only three parts, the 3rd must be there.
5. **C: the 3rd is missing**. the 3rd (A♭) is missing. With only three parts, the 3rd must be there. Check the chord from the figures, then the movement into and out of the note.
6. **C: violin I A5, violin II C♯5**. violin I A5, violin II C♯5 is right: both notes belong to V (A–C♯–E), the 3rd is present and there are no consecutives. violin I E5, violin II C♯5 makes consecutive 5ths or octaves with the part before. B4 isn't in the chord the figures show (A–C♯–E). G5 isn't in the chord the figures show (A–C♯–E).
7. **B: violin I A5, violin II F♯4**. violin I A5, violin II F♯4 is right: both notes belong to IV (D–F♯–A), the 3rd is present and there are no consecutives. violin I A5, violin II A4 makes consecutive 5ths or octaves with the part before. G♯4 isn't in the chord the figures show (D–F♯–A). E4 isn't in the chord the figures show (D–F♯–A).
8. **A: consecutive octaves (or unisons)**. consecutive octaves (or unisons) between violin I and bass. Check the chord from the figures, then the movement into and out of the note.
