Day 104: Question 2: completing a keyboard outline

G8 Keyboard · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"The first bar shows you the pattern; the rest is the same pattern on new chords."*

- Question 2 gives a keyboard piece from about Haydn's time onwards. The opening bar or two are complete; after that you get the melody and the bass, sometimes with chord symbols.
- You continue the accompaniment pattern (Alberti bass, broken chords, a waltz bass...) to fit each chord, and add any missing inner notes.
- First work out the chord under every melody note: bass + melody + key.

Worked example

The melody is E and the bass is C in C major. What's the chord?

1. C and E are both in C major's chord I (C–E–G).
2. So the pattern uses C, E and G.

Watch out for

- Changing the pattern halfway through.

In the exam: 15 marks; about 25 minutes.

Show him these cards

1

Question 2: a keyboard piece. Bar 1 is complete. After that, melody and bass only.

2

Work out each chord from melody + bass + key.

3

Continue the left-hand pattern to fit each chord.

3 · DO TOGETHER (10 MIN)

- Look at a Haydn or Mozart sonata slow movement together and name its left-hand pattern.

Four questions to work through together

1. This keyboard piece (G major) has a left-hand pattern (waltz bass). Which left hand continues bar 4 correctly?

A. 

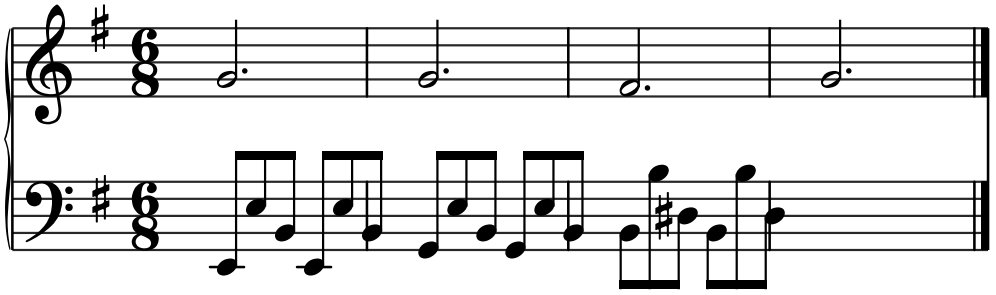

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 4 has I under the melody, so the waltz bass uses G–B–D, keeping the same shape as bar 1.

2. This keyboard piece (E minor) has a left-hand pattern (rocking quavers). Which left hand continues bar 4 correctly?

A. 

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 4 has I under the melody, so the rocking quavers uses E–G–B, keeping the same shape as bar 1.

3. This keyboard piece (F major) has a left-hand pattern (broken chord). Which left hand continues bar 2 correctly?

A. 

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 2 has V7 then VI under the melody, so the broken chord uses C–E–G–B♭, then D–F–A, keeping the same shape as bar 1.

4. This keyboard piece (B minor) has a left-hand pattern (Alberti bass). Which left hand continues bar 3 correctly?

A.  B.  C.  D. 

Answer: the right chords and pattern. Bar 3 has V7/IV then IV under the melody, so the Alberti bass uses B–D♯–F♯–A, then E–G–B, keeping the same shape as bar 1.

4 · ON HIS OWN (12 MIN)

- Keyboard patterns practice.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Pattern names: you play Alberti, broken chord, waltz bass and rocking quavers; he names each.

ANSWERS (FOR MUM)

1. **D: the right chords and pattern**. Bar 3 has V under the melody, so the rocking quavers uses F–A–C, keeping the same shape as bar 1.
2. **B: the right chords and pattern**. Bar 4 has IV then V under the melody, so the Alberti bass uses F–A♭–C, then G–B–D, keeping the same shape as bar 1.
3. **D: the right chords and pattern**. Bar 4 has V under the melody, so the waltz bass uses A–C♯–E, keeping the same shape as bar 1.
4. **A: the right chords and pattern**. Bar 2 has IV under the melody, so the waltz bass uses B–D–F♯, keeping the same shape as bar 1.
5. **B: the right chords and pattern**. Bar 3 has V under the melody, so the rocking quavers uses C–E–G, keeping the same shape as bar 1.
6. **A: the right chords and pattern**. Bar 2 has VII7/V under the melody, so the waltz bass uses C♯–E–G–B, keeping the same shape as bar 1.
7. **A: the right chords and pattern**. Bar 4 has V then I under the melody, so the Alberti bass uses B♭–D–F, then E♭–G–B♭, keeping the same shape as bar 1.
8. **C: the right chords and pattern**. Bar 4 has I under the melody, so the rocking quavers uses C–E–G, keeping the same shape as bar 1.

Day 105: Alberti and broken-chord patterns

G8 Keyboard · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Alberti is a rocking shape: bottom, top, middle, top."*

- Alberti bass: lowest–highest–middle–highest (C–G–E–G). Broken chord: lowest–middle–highest–middle (C–E–G–E).
- Keep the same shape and rhythm all the way through; only the notes change with the chord.
- Use the bass note given as the first note of each group, then the chord notes just above it. Keep the left hand below the melody.

Worked example

Write the Alberti pattern for V7 in C with G in the bass.

1. V7 = G–B–D–F.
2. Bottom G, then the notes above: D (top) and B (middle) or F.
3. G–D–B–D (or G–F–B–F to show the 7th).

Watch out for

- Letting the left hand climb into the melody.

In the exam: Copy the given bar's shape exactly.

Show him these cards

1

Alberti bass: low–high–middle–high.

2

Broken chord: low–middle–high–middle.

3

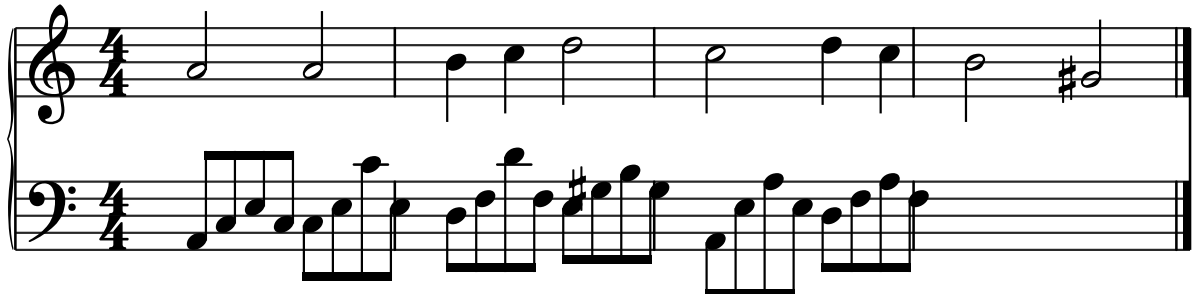

Same shape and rhythm all through; only the notes change.

3 · DO TOGETHER (10 MIN)

- Continue an Alberti bass through I–IV–V7–I in C and in G.

Four questions to work through together

1. This keyboard piece (A minor) has a left-hand pattern (broken chord). Which left hand continues bar 4 correctly?

A. 

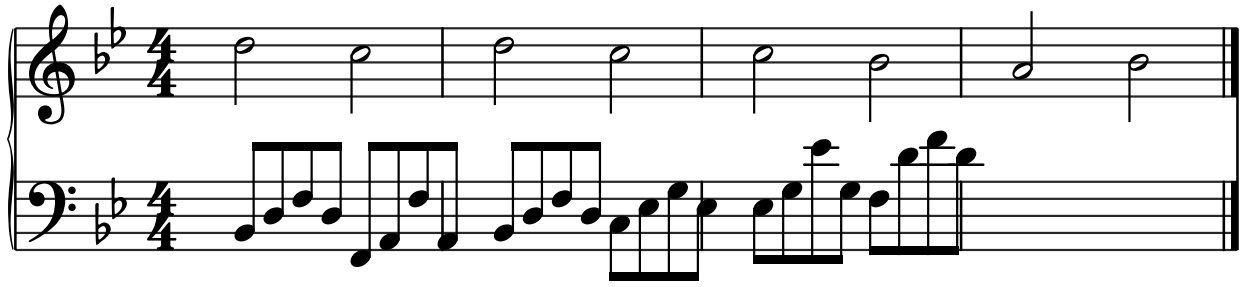

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 4 has IIb then V under the melody, so the broken chord uses B–D–F, then E–G♯–B, keeping the same shape as bar 1.

2. This keyboard piece (B♭ major) has a left-hand pattern (broken chord). Which left hand continues bar 4 correctly?

A. 

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 4 has V then I under the melody, so the broken chord uses F–A–C, then B♭–D–F, keeping the same shape as bar 1.

3. This keyboard piece (F major) has a left-hand pattern (rocking quavers). Which left hand continues bar 3 correctly?

A. 

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 3 has V under the melody, so the rocking quavers uses C–E–G, keeping the same shape as bar 1.

4. This keyboard piece (G minor) has a left-hand pattern (waltz bass). Which left hand continues bar 4 correctly?

A. 

B. 

C. 

D. 

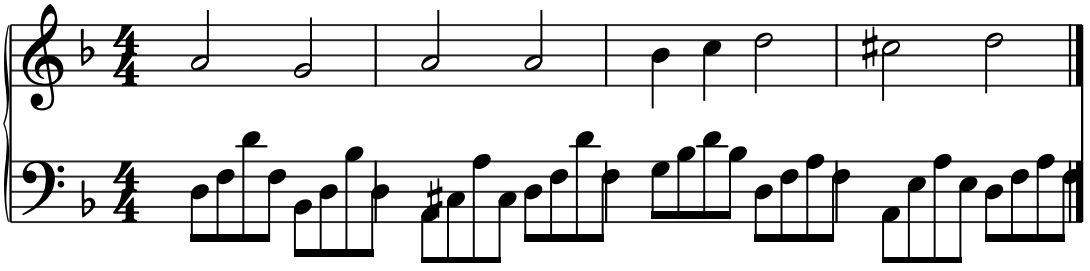

Answer: the right chords and pattern. Bar 4 has V under the melody, so the waltz bass uses D–F♯–A, keeping the same shape as bar 1.

TODAY'S KEYBOARD OUTLINE

Complete this keyboard outline (D minor). Bar 1 is complete; in the other bars the melody and bass are given. Continue the left-hand broken chord to the end, fitting each chord.

One model answer (for Mum)

Chords: I – IVb – V – I – IV – I – V – I

1. The pattern from bar 1 is kept exactly in shape and rhythm
2. Every bar fits the harmony implied by the melody and bass
3. Chromatic notes (secondary dominants, augmented 6ths) are spelled correctly
4. No consecutive octaves or 5ths between the melody and the bass
5. The cadence is clear, ending on a full tonic chord
6. The texture suits the piano: comfortable for the hands

Marking: start from 15. Take off 1–2 for each bar with a wrong chord or a broken pattern, and 2 for each consecutive.

7. **A: the right chords and pattern**. Bar 2 has V then I under the melody, so the broken chord uses F♯–A♯–C♯, then B–D–F♯, keeping the same shape as bar 1.
8. **C: the right chords and pattern**. Bar 2 has V then I under the melody, so the Alberti bass uses F♯–A♯–C♯, then B–D–F♯, keeping the same shape as bar 1.

Day 106: Waltz and 6/8 patterns

G8 Keyboard · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Oom-pah-pah: the 'oom' is the bass, the 'pah-pahs' are the chord."*

- Waltz bass (3/4): bass note on beat 1, the two upper chord notes together on beats 2 and 3 ('oom-pah-pah').
- 6/8 rocking quavers: bass–5th–3rd, bass–5th–3rd, or similar, keeping the lilt.
- When the chord changes in the middle of a bar, change the notes at that point but keep the pattern.

Worked example

In a 3/4 waltz in F, bar 2 is chord IV. What does the left hand play?

1. IV in F = B♭–D–F.
2. Beat 1: B♭ (the bass).
3. Beats 2 and 3: D and F together.

Watch out for

- Putting the full chord on beat 1.

In the exam: Keep the rhythm of the given bars.

Show him these cards

1

Waltz bass (3/4): bass on beat 1, chord on beats 2 and 3.

2

6/8 rocking: bass–5th–3rd, twice a bar.

3

If the chord changes mid-bar, change the notes there and keep the pattern.

3 · DO TOGETHER (10 MIN)

- Write a waltz accompaniment for an 8-bar tune in F, and a 6/8 pattern in D.

Day 107: Chromatic chords in a keyboard texture

G8 Keyboard · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Chromatic notes are signposts: follow where they point."*

- Grade 8 outlines often include secondary dominants and augmented 6ths. The melody or bass will show the accidental: F♯ in C major often means V7/V; A♭ in the bass going to G means an augmented 6th.
- Spell the chromatic note exactly as the chord needs it (F♯ not G♭) and resolve it the right way, even inside the pattern.
- Don't add accidentals the chord doesn't need.

Worked example

In C major, the melody has F♯ and the bass D, before a G chord. What's the chord?

1. D–F♯–A(–C) is the dominant (7th) of G.
2. It's V7/V, going to V.
3. The pattern uses D, F♯, A (and C).

Watch out for

- Writing G♭ instead of F♯.

In the exam: Each wrong chord in the pattern costs marks.

Show him these cards

1

An F♯ in C major often means V7/V: keep it, and let it rise.

2

A♭ falling to G in the bass can mean an augmented 6th.

3

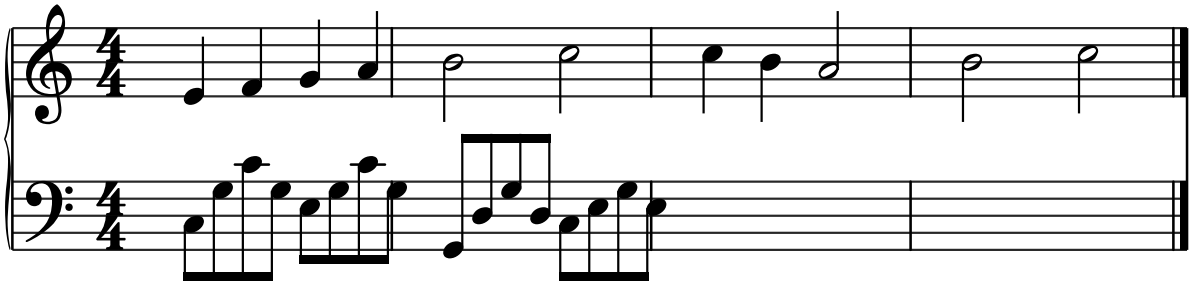

Spell chromatic notes as the chord needs them.

3 · DO TOGETHER (10 MIN)

- Find and label the chromatic chords in two given outlines, then complete them.

8. **D: the right chords and pattern**. Bar 4 has I under the melody, so the waltz bass uses G–B♭–D, keeping the same shape as bar 1.

Day 108: Keeping the melody alive

G8 Keyboard · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Finish like a composer: a clear cadence and nothing left hanging.”*

- If the right hand has gaps, carry on its style: passing notes, appoggiaturas and a turn or two (as in the given bars).
- Keep consecutive octaves and 5ths out between the melody and the bass: check every beat where the bass moves.
- Finish with a clear cadence and a full tonic chord.

Worked example

How do you check for consecutives between melody and bass?

1. On every beat where both move, name the interval between them.
2. Two 5ths or two octaves in a row (in the same direction) = consecutives.

Watch out for

- Ending on an incomplete chord.

In the exam: Practise with the 'Complete a keyboard piece' tile.

Show him these cards

1

Keep the melody alive: passing notes and appoggiaturas, as in the given bars.

2

Check melody against bass for consecutive 5ths and octaves.

3

End with a clear cadence and a full tonic chord.

3 · DO TOGETHER (10 MIN)

- Complete a keyboard piece together, then check melody against bass for consecutives.

2. This keyboard piece (F major) has a left-hand pattern (Alberti bass). Which left hand continues bar 3 correctly?

A. 

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 3 has V7 then I under the melody, so the Alberti bass uses C–E–G–B♭, then F–A–C, keeping the same shape as bar 1.

3. This keyboard piece (D minor) has a left-hand pattern (waltz bass). Which left hand continues bar 3 correctly?

A. 

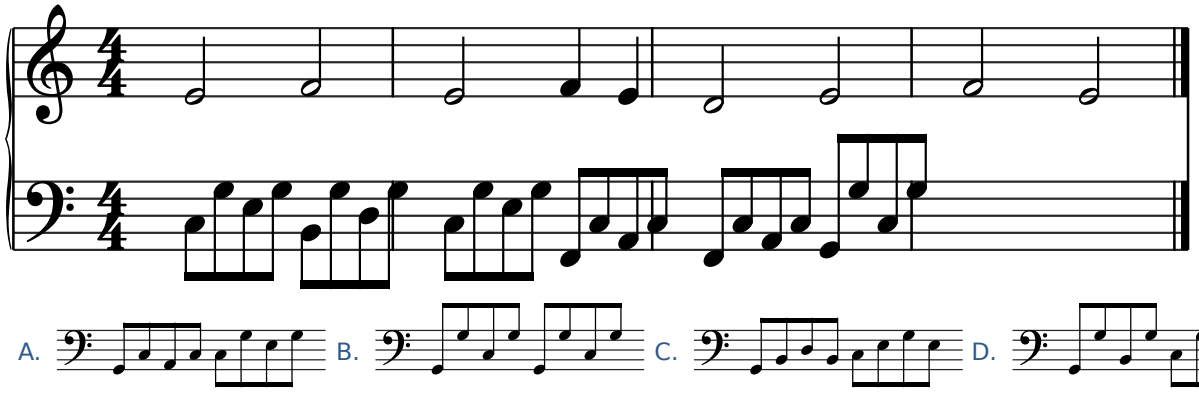

B. 

C. 

D. 

Answer: the right chords and pattern. Bar 3 has Ic under the melody, so the waltz bass uses D–F–A, keeping the same shape as bar 1.

4. This keyboard piece (C major) has a left-hand pattern (Alberti bass). Which left hand continues bar 4 correctly?

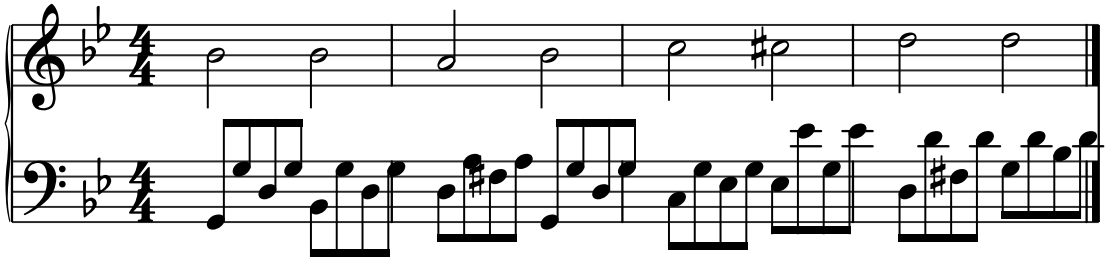

Answer: the right chords and pattern. Bar 4 has V7 then I under the melody, so the Alberti bass uses G–B–D–F, then C–E–G, keeping the same shape as bar 1.

TODAY'S KEYBOARD OUTLINE

Complete this keyboard outline (G minor). Bar 1 is complete; in the other bars the melody and bass are given. Continue the left-hand Alberti bass to the end, fitting each chord.

One model answer (for Mum)

Chords: I – Ib – V – I – IV – It6 – V – I

1. The pattern from bar 1 is kept exactly in shape and rhythm
2. Every bar fits the harmony implied by the melody and bass
3. Chromatic notes (secondary dominants, augmented 6ths) are spelled correctly
4. No consecutive octaves or 5ths between the melody and the bass
5. The cadence is clear, ending on a full tonic chord
6. The texture suits the piano: comfortable for the hands

Marking: start from 15. Take off 1–2 for each bar with a wrong chord or a broken pattern, and 2 for each consecutive.

ANSWERS (FOR MUM)

1. **A: the right chords and pattern**. Bar 3 has V7 under the melody, so the waltz bass uses C♯–E♯–G♯–B, keeping the same shape as bar 1.
2. **A: the right chords and pattern**. Bar 2 has IVb under the melody, so the rocking quavers uses C–E♭–G, keeping the same shape as bar 1.
3. **B: the right chords and pattern**. Bar 3 has Ger6 then Ic under the melody, so the Alberti bass uses D–F♯–A–B♯, then F♯–A–C♯, keeping the same shape as bar 1.
4. **B: the right chords and pattern**. Bar 2 has V then I under the melody, so the Alberti bass uses D–F♯–A, then G–B♭–D, keeping the same shape as bar 1.
5. **B: the right chords and pattern**. Bar 4 has I under the melody, so the rocking quavers uses C–E–G, keeping the same shape as bar 1.
6. **D: the right chords and pattern**. Bar 3 has V then I under the melody, so the broken chord uses A–C♯–E, then D–F♯–A, keeping the same shape as bar 1.
7. **B: the right chords and pattern**. Bar 4 has V then I under the melody, so the Alberti bass uses C♯–E♯–G♯, then F♯–A–C♯, keeping the same shape as bar 1.
8. **A: the right chords and pattern**. Bar 3 has I then IV under the melody, so the broken chord uses G–B♭–D, then C–E♭–G, keeping the same shape as bar 1.

Question 2: a keyboard piece. Bar 1 is complete. After that, melody and bass only.

2

Alberti bass: low–high–middle–high.

3

Waltz bass (3/4): bass on beat 1, chord on beats 2 and 3.

4

An F♯ in C major often means V7/V: keep it, and let it rise.

5

Keep the melody alive: passing notes and appoggiaturas, as in the given bars.

3 · DO TOGETHER (10 MIN)

- A question 2 from the lesson pack, timed at 25 minutes.

Four questions to work through together

1. This keyboard piece (D minor) has a left-hand pattern (rocking quavers). Which left hand continues bar 2 correctly?

A. 
B. 
C. 
D. 

Answer: the right chords and pattern. Bar 2 has IV under the melody, so the rocking quavers uses G–B♭–D, keeping the same shape as bar 1.

2. This keyboard piece (E minor) has a left-hand pattern (rocking quavers). Which left hand continues bar 2 correctly?

A. 
B. 
C. 
D. 

Answer: the right chords and pattern. Bar 2 has VI under the melody, so the rocking quavers uses C–E–G, keeping the same shape as bar 1.

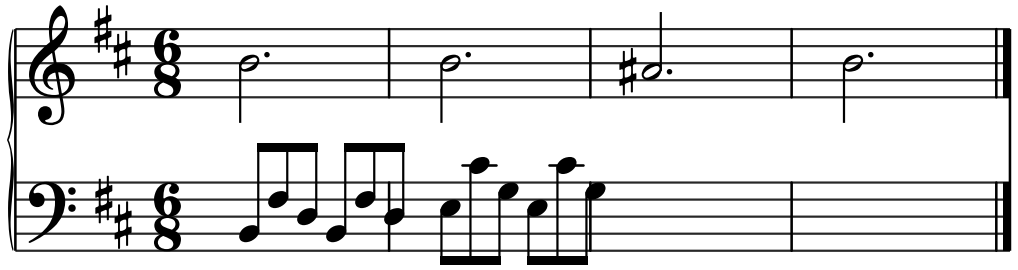

3. This keyboard piece (E minor) has a left-hand pattern (waltz bass). Which left hand continues bar 4 correctly?

A. 
B. 
C. 
D. 

Answer: the right chords and pattern. Bar 4 has I under the melody, so the waltz bass uses E–G–B, keeping the same shape as bar 1.

4. This keyboard piece (B minor) has a left-hand pattern (rocking quavers). Which left hand continues bar 3 correctly?

A. 

B. 

C. 

D. 

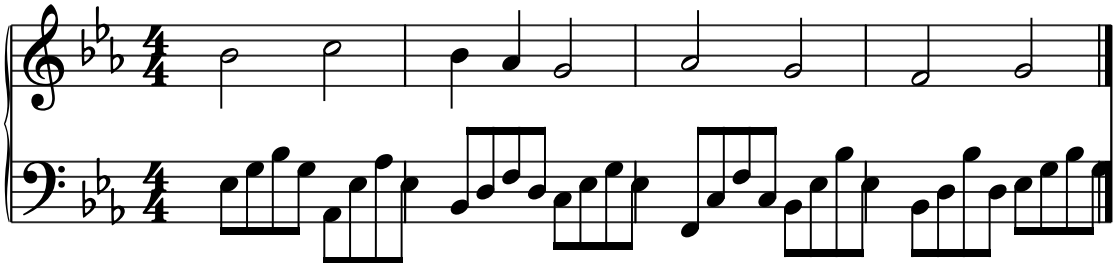

Answer: the right chords and pattern. Bar 3 has V under the melody, so the rocking quavers uses F♯–A♯–C♯, keeping the same shape as bar 1.

ANSWERS (FOR MUM)

1. **D: the right chords and pattern**. Bar 4 has V7 then I under the melody, so the Alberti bass uses C–E–G–B♭, then F–A–C, keeping the same shape as bar 1.
2. **A: the right chords and pattern**. Bar 2 has VII7/V under the melody, so the rocking quavers uses F♯–A–C–E, keeping the same shape as bar 1.

8. **A: the right chords and pattern**. Bar 2 has Ib under the melody, so the waltz bass uses E–G–B, keeping the same shape as bar 1.

Day 110: Question 3: planning a 12-bar melody

G8 Compose · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Plan the journey before you set off: where you'll pause, where you'll travel, where you'll arrive.”*

- Question 3 gives an opening (usually 2 bars) for an instrument. Continue it to make at least 12 bars, with performance directions.
- Plan before writing: three 4-bar phrases is a good shape. Bars 1–4 end on an imperfect cadence; bars 5–8 modulate (to the dominant or relative); bars 9–12 come home and end on the tonic.
- Mark the high point (usually in the second half) and the cadences in pencil first.

Worked example

Plan 12 bars for an opening in D major.

1. Bars 1–4: end on an imperfect cadence (on A, E or C♯).
2. Bars 5–8: modulate to A major (G♯) and cadence on A.
3. Bars 9–12: G♮ brings you home; high point in bar 10; end on D.

Watch out for

- Writing bar by bar with no plan.

In the exam: 20 marks; about 35 minutes.

Show him these cards

1

Question 3: continue an opening to at least 12 bars.

2

Plan: 4 + 4 + 4 bars. Imperfect cadence, then modulate, then home.

3

Pencil the cadences and the high point first.

3 · DO TOGETHER (10 MIN)

- Plan the 12 bars of a melody together: phrases, keys, cadences, high point.

Four questions to work through together

1. Which term means "lively (German)"?

A. lebhaft B. à volonté C. sotto voce D. zögernd

Answer: lebhaft. lebhaft means "lively (German)".

2. What does this mean?

lusingando

A. let it vibrate (don't damp the sound) B. coaxing, caressing C. distant D. plaintive, tearful

Answer: coaxing, caressing. lusingando means "coaxing, caressing".

3. What does this mean?

au mouvement

A. pressing on, getting faster B. let it vibrate (don't damp the sound) C. back to the original speed (French) D. at the performer's choice (tempo or whether to play)

Answer: back to the original speed (French). au mouvement means "back to the original speed (French)".

4. What does this mean?

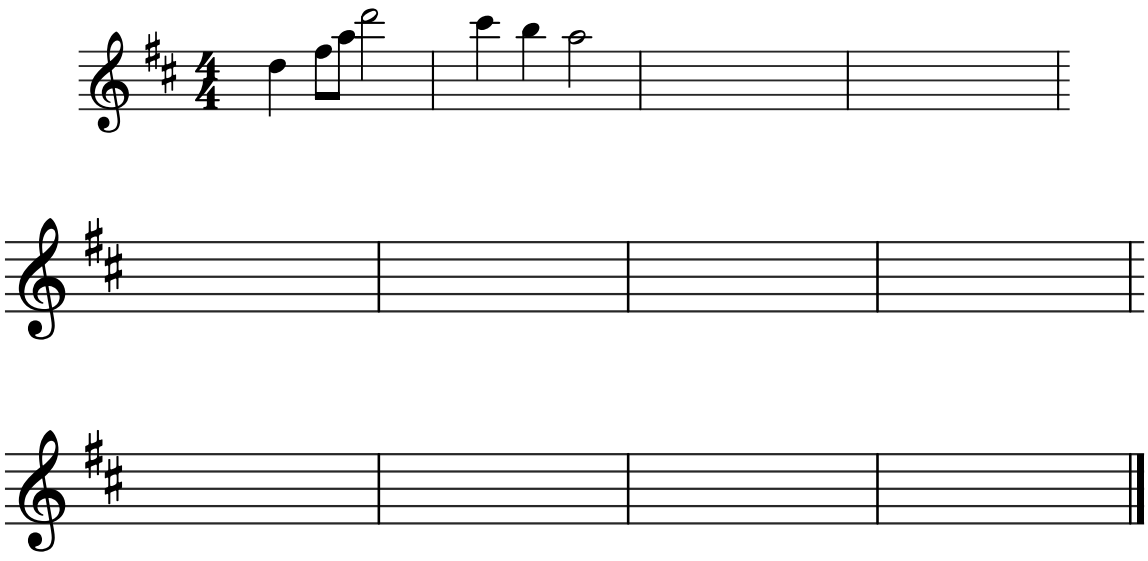

tempo primo (Tempo I)

A. a secondary part (German) B. back to the first speed C. very (French) D. tenderly, delicately (German)

Answer: back to the first speed. tempo primo (Tempo I) means "back to the first speed".

TODAY'S COMPOSITION TASK

Continue this opening for violin to at least 12 bars (D major).

violin range: G3 upwards (comfortably up to about E6).

One model answer (for Mum)

Allegro con brio

1. Bars 1–4: the opening and an answer that falls to E over the dominant (an imperfect cadence).
2. Bars 5–8: the opening returns, then G♯ takes the music to A major (the dominant), with the high point E6 in bar 7 and a cadence on A in bar 8.
3. Bars 9–12: G♮ brings us home; the line falls, climbs again and ends on D, the tonic.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
4. A modulation to a related key with the right accidental, then a clear return
5. One high point, a good balance of steps and leaps, a strong ending on the tonic
6. Written for the instrument: range, breathing or bowing, idiomatic figures
7. Tempo, dynamics with changes, phrasing and articulation

8. What does this mean?

lacrimoso

A. very (French) B. at half voice, restrained C. tearful, sad D. divided: players share the notes

ANSWERS (FOR MUM)

1. **B: sur la touche**. sur la touche means "bow over the fingerboard (French)".
2. **D: back to the original speed (French)**. au mouvement means "back to the original speed (French)".
3. **D: brought out, prominent (French)**. en dehors means "brought out, prominent (French)".
4. **B: gedämpft**. gedämpft means "muted (German)".
5. **C: heavily**. pesante means "heavily".
6. **D: getting quicker and louder**. incalzando means "getting quicker and louder".
7. **A: smorzando (smorz.)**. smorzando (smorz.) means "dying away".
8. **C: tearful, sad**. lacrimoso means "tearful, sad".

Day 111: Modulating in a melody

G8 Compose · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“One new accidental and a cadence: that's a modulation.”*

- A melody shows its key by its accidentals and cadences. To reach the dominant, use the sharpened 4th (F♯ in C) and cadence on the new tonic. To reach the relative major from minor, cancel the raised leading note (G♮ instead of G♯ in A minor) and cadence on C.
- Then cancel the new accidental to come home.
- Keep the modulation clear: put the new accidental near the cadence, and land on the new tonic on a strong beat.

Worked example

A melody in E minor goes to G major. Which accidental changes?

1. E minor uses D♯ as its leading note.
2. G major uses D♮.
3. So write D♮ and cadence on G; then D♯ again to return.

Watch out for

- Modulating without a cadence: it doesn't sound like a new key.

In the exam: Examiners look for a clear modulation and return.

Show him these cards

1

To the dominant: sharpen the 4th (F♯ in C), cadence on G.

2

From minor to the relative major: cancel the raised leading note (G♮ in A minor), cadence on C.

3

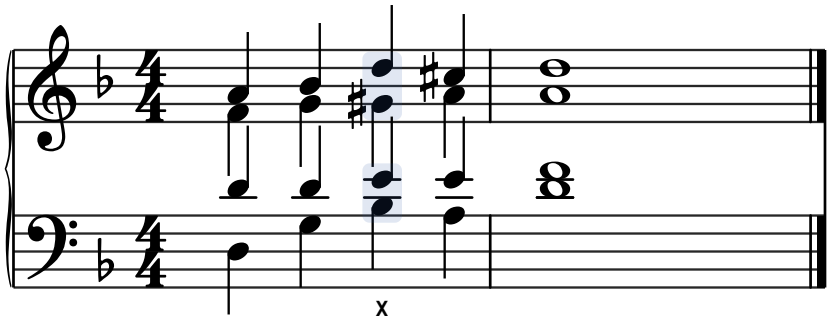

Cancel the new accidental to come home.

3 · DO TOGETHER (10 MIN)

- Write the middle 4 bars of a melody that modulate to the dominant and back.

Four questions to work through together

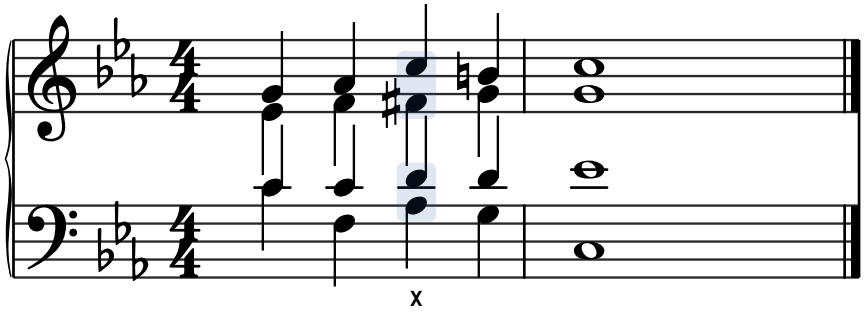

1. This passage is in D minor. Name the chord marked X.

A. V7b B. VIIb C. Fr6 D. V7

Answer: Fr6. X is B♭–D–E–G♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.

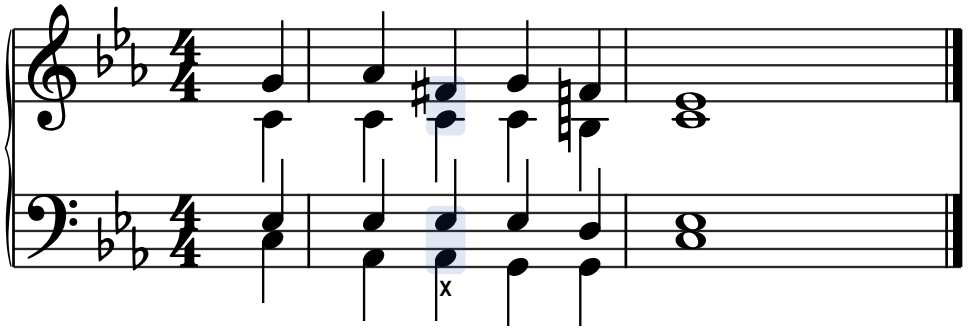

2. This passage is in C minor. What kind of chord is X?

A. a secondary dominant (dominant of V) B. a French augmented 6th C. a German augmented 6th D. a Neapolitan 6th

Answer: a French augmented 6th. X is A♭–C–D–F♯ (Fr6): a French augmented 6th. Italian: 3 notes (♭6, 1, ♯4). French adds the 2nd. German adds the ♭3.

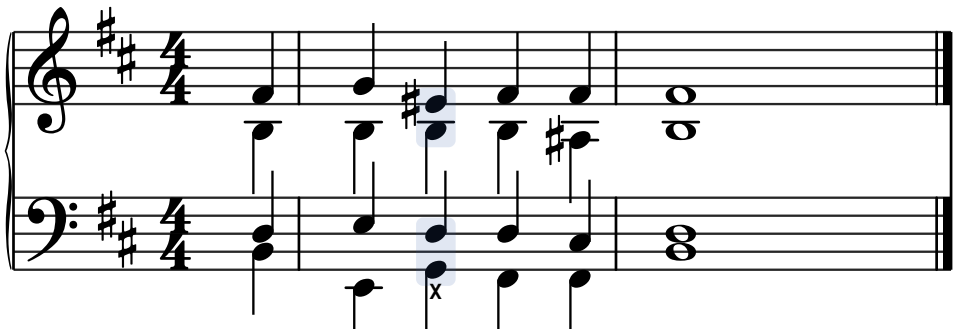

3. This passage is in C minor. Name the chord marked X.

A. Ger6 B. VII7c C. V7d D. I

Answer: Ger6. X is A♭–C–E♭–F♯: Ger6, a German augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.

4. In B minor, Ger6 (G–B–D–E♯) usually goes to which chord?

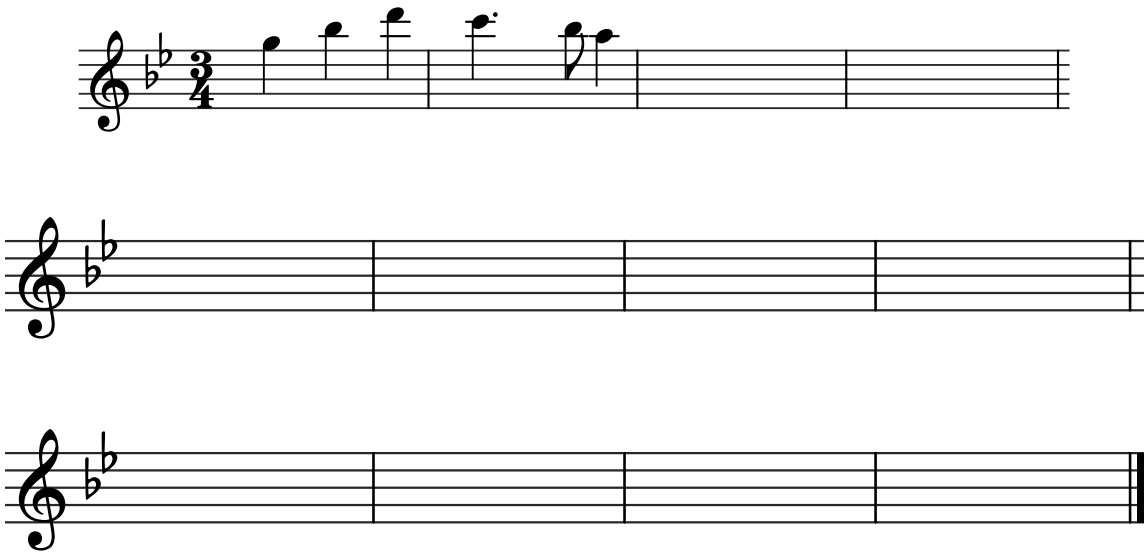

A. V B. Ic, then V C. IV D. I

Answer: Ic, then V. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.

TODAY'S COMPOSITION TASK

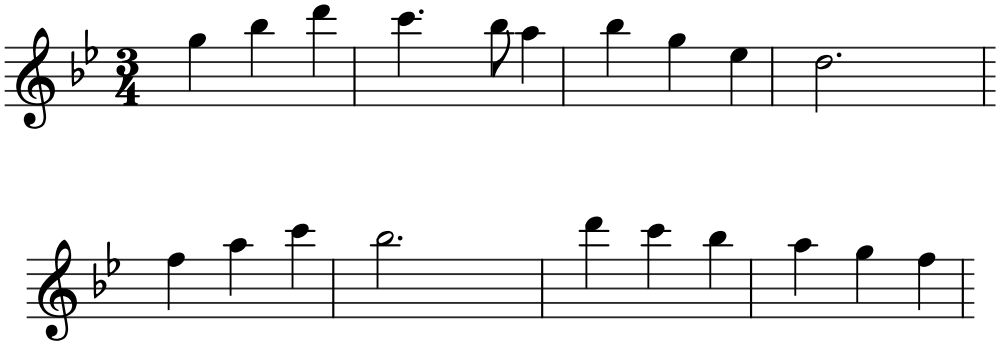

Continue this opening for flute to at least 12 bars (G minor).

flute range: C4 to about C7.

One model answer (for Mum)

Andante espressivo

1. Bars 1–4: the opening, then a fall to D, the dominant (an imperfect cadence).
2. Bars 5–6: F♮ instead of F♯ and a rise to B♭: a cadence in B♭ major, the relative major.
3. Bars 7–10: a falling sequence, then F♯ returns to point back to G minor.
4. Bars 11–12: the leading note F♯ rises to the tonic G.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
4. A modulation to a related key with the right accidental, then a clear return

8. This passage is in A minor. Name the chord marked X.

A. VII7d

B. Fr6

C. V7d

D. IVc

ANSWERS (FOR MUM)

1. **A: V7/IV**. X is C–E–G–B♭: V7/IV, a secondary dominant (dominant 7th of IV). It is V7 of the key of IV, so its leading note (E) rises to the root of IV.
2. **B: Fr6**. X is B♭–D–E–G♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
3. **B: V**. Augmented 6ths resolve to the dominant. Here it goes to V.
4. **C: V7/VI**. X is B–D♯–F♯–A: V7/VI, a secondary dominant (dominant 7th of VI). It is V7 of the key of VI, so its leading note (D♯) rises to the root of VI.
5. **D: Ger6**. X is F–A–C–D♯: Ger6, a German augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
6. **C: Ic, then V**. Augmented 6ths resolve to the dominant; the German is usually followed by Ic first, to avoid consecutive 5ths. Here it goes to Ic.
7. **D: VII7/V**. X is A–C–E♭–G: VII7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (A) rises to the root of V.
8. **B: Fr6**. X is F–A–B–D♯: Fr6, a French augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.

Day 112: Developing the opening

G8 Compose · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Your best material is already in the opening. Develop it."*

- The best answers grow from the opening. Ways to develop it: sequence (repeat it higher or lower), inversion (turn the shape upside down), new rhythm (keep the notes, change the rhythm), extension (add a bar), fragmentation (use just part of it).
- Use the opening rhythm at the start of phrase 2 and phrase 3, changed.
- Balance steps and leaps; after a big leap, step back the other way.

Worked example

The opening is C–E–G–C (rising). Give two developments.

1. Sequence a step higher: D–F–A–D.
2. Inversion: C–A–F–C (falling).

Watch out for

- Throwing the opening away after bar 2.

In the exam: Development of the opening is one of the main marks.

Show him these cards

1

Sequence: repeat the idea higher or lower.

2

Inversion: turn the shape upside down.

3

New rhythm: same notes, changed rhythm.

3 · DO TOGETHER (10 MIN)

- Take the opening of a task and write three different developments of it.

Four questions to work through together

1. What does this mean?

stringendo

A. pressing on, getting faster
B. flutter-tonguing (German)
C. hurry (French)
D. tenderly, delicately (German)

Answer: pressing on, getting faster. stringendo means "pressing on, getting faster".

2. What does this mean?

Nebenstimme

A. with the wood of the bow
B. together again after divisi
C. at the performer's choice (tempo or whether to play)
D. a secondary part (German)

Answer: a secondary part (German). Nebenstimme means "a secondary part (German)".

3. What does this mean?

piangevole

A. hurry (French)
B. with the wood of the bow
C. getting livelier (French)
D. plaintive, tearful

Answer: plaintive, tearful. piangevole means "plaintive, tearful".

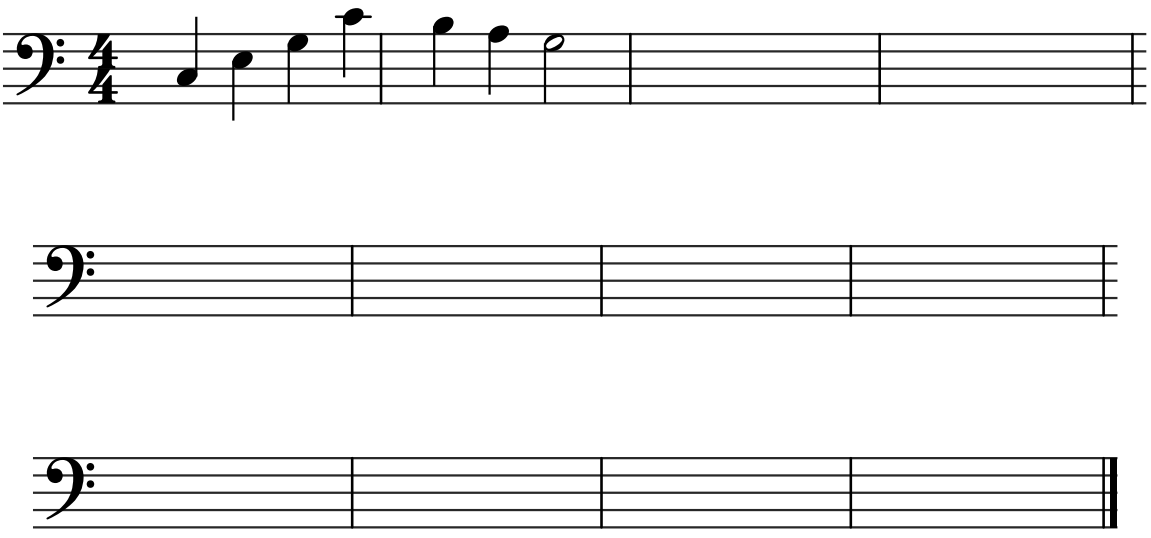

4. Which term means "getting quicker and louder"?

A. incalzando
B. elegiaco
C. l'istesso tempo
D. divisi (div.)

Answer: incalzando. incalzando means "getting quicker and louder".

TODAY'S COMPOSITION TASK

Continue this opening for cello to at least 12 bars (C major).

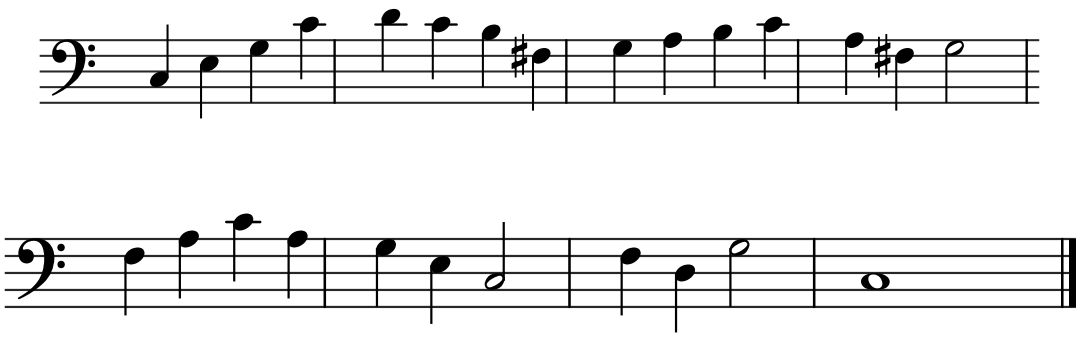

cello range: C2 upwards (tenor clef for high notes).

One model answer (for Mum)

Moderato cantabile

1. Bars 1–4: the arpeggio opening and an answer falling to G, the dominant.
2. Bars 5–8: the opening again; F♯ takes the music to G major, with a cadence in bar 8.
3. Bars 9–12: F♮ returns to C major; the last phrase ends with a falling 5th, G to C.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
4. A modulation to a related key with the right accidental, then a clear return
5. One high point, a good balance of steps and leaps, a strong ending on the tonic

Day 113: Writing for strings and wind

G8 Compose · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *"Write so a real player would enjoy playing it."*

- Strings: slurs show bowing (not too many notes per bow); double stops and pizzicato are possible but not needed. Ranges: violin from G3, viola from C3 (alto clef), cello from C2 (tenor clef high up).
- Wind: phrases need breathing places (a rest or a long note every 2–4 bars). Flute from C4, oboe from B♭3, clarinet from E3, bassoon from B♭1.
- Keep well inside the range and avoid awkward big leaps.

Worked example

Is A3 a good note for the flute?

1. No: the flute's lowest note is C4 (B3 on some).
2. Move the passage up or change the shape.

Watch out for

- Writing below the instrument's range.
- No breathing places for wind.

In the exam: One mark area is 'suits the instrument'.

Show him these cards

1

Strings: slurs show bowing. Violin from G3, viola from C3, cello from C2.

2

Wind: leave places to breathe. Flute from C4, oboe from B♭3, clarinet from E3.

3

Stay well inside the range.

3 · DO TOGETHER (10 MIN)

- Check two of his melodies for range and breathing or bowing.

Four questions to work through together

1. Which term means "getting quicker and louder"?

A. lontano B. nicht zu schnell C. incalzando D. stringendo

Answer: incalzando. incalzando means "getting quicker and louder".

2. What does this mean?

markiert

A. marked, accented (German)
B. getting livelier (French)
C. back to the original speed (French)
D. with the wood of the bow

Answer: marked, accented (German). markiert means "marked, accented (German)".

3. Which term means "hesitating, slowing (German)"?

A. misterioso
B. zögernd
C. flautando
D. quasi

Answer: zögernd. zögernd means "hesitating, slowing (German)".

4. What does this mean?

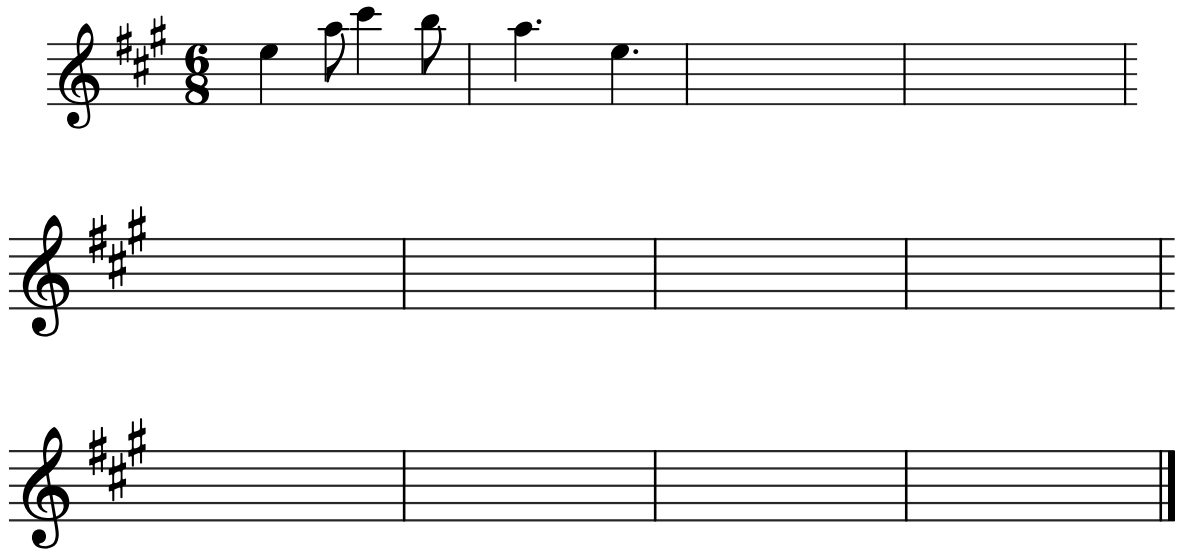

calando

A. broadening, getting slower and fuller
B. tearful, sad
C. lively (German)
D. getting softer and slower

Answer: getting softer and slower. calando means "getting softer and slower".

TODAY'S COMPOSITION TASK

Continue this opening for oboe to at least 12 bars (A major).

oboe range: B♭3 to about F6.

One model answer (for Mum)

Allegretto grazioso

1. Bars 1–4: the lilting opening, a sequence a step higher, and a pause on E over the dominant.
2. Bars 5–8: D♯ takes the music to E major (the dominant), cadencing in bar 8.
3. Bars 9–12: D♮ returns to A major; the melody winds down to the tonic.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
4. A modulation to a related key with the right accidental, then a clear return
5. One high point, a good balance of steps and leaps, a strong ending on the tonic
6. Written for the instrument: range, breathing or bowing, idiomatic figures
7. Tempo, dynamics with changes, phrasing and articulation

4 · ON HIS OWN (12 MIN)

- Compose (Grade 8): choose a different instrument.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Breathe! You play a wind melody; he marks where a player would breathe.

MOVE ON WHEN

He states the range of five instruments.

Name _____ Date _____ Score ____ / 8

1. What does this mean?

cédez

A. dying away B. slow down (French) C. very (German) D. go straight on to the next movement

2. Which term means "lively (German)"?

A. a piacere B. calando C. lebhaft D. piangevole

3. What does this mean?

ad libitum (ad lib.)

A. broadly (German) B. a little (French) C. bow lightly to give a flute-like sound D. at the performer's choice (tempo or whether to play)

4. Which term means "mute (French)"?

A. en dehors B. à volonté C. sourdine D. etwas

5. Which term means "a little (French)"?

A. laissez vibrer B. affrettando C. à volonté D. un peu

6. What does this mean?

calando

A. getting softer and slower B. bow over the fingerboard (French) C. brassy, a forced brass tone (French) D. calmly

7. Which term means "mysteriously"?

A. misterioso B. breit C. allargando D. a 2

8. What does this mean?

lontano

A. distant B. lamenting C. bow lightly to give a flute-like sound D. mournful

ANSWERS (FOR MUM)

1. **B: slow down (French)**. cédez means "slow down (French)".
2. **C: lebhaft**. lebhaft means "lively (German)".
3. **D: at the performer's choice (tempo or whether to play)**. ad libitum (ad lib.) means "at the performer's choice (tempo or whether to play)".
4. **C: sourdine**. sourdine means "mute (French)".
5. **D: un peu**. un peu means "a little (French)".
6. **A: getting softer and slower**. calando means "getting softer and slower".
7. **A: misterioso**. misterioso means "mysteriously".
8. **A: distant**. lontano means "distant".

Day 114: Performance directions that earn marks

G8 Compose · about 40 minutes: warm-up 5 · teach 10 · together 10 · on his own 12 · game 3

1 · WARM-UP (5 MIN)

Today's practice in Philip's corner, or the first two 'together' questions below.

2 · TEACH (10 MIN)

Say: *“Directions turn notes into music.”*

- Marks are given for a tempo marking, dynamics (with changes: cresc., dim., hairpins), phrasing (slurs) and articulation (staccato, accents, tenuto).
- Match them to the music: crescendo to the high point, diminuendo to the end, accents for rhythmic energy, slurs over stepwise lines.
- Use some Grade 8 terms if they fit (mezza voce, con slancio).

Worked example

Where should a crescendo go?

1. Towards the high point.
2. Then a diminuendo towards the end, or a forte final cadence for a bold ending.

Watch out for

- Only one dynamic for the whole piece.

In the exam: Easy marks: never leave directions out.

Show him these cards

1

Tempo at the start.

2

Dynamics with changes: crescendo to the high point.

3

Phrasing slurs and articulation: staccato, accents.

3 · DO TOGETHER (10 MIN)

- Add directions to one of his finished melodies together.

Four questions to work through together

1. What does this mean?

breit

A. broadly (German) B. dying away C. freely, at the performer's pleasure D. brassy, a forced brass tone (French)

Answer: broadly (German). breit means "broadly (German)".

2. Which term means "at the performer's choice (tempo or whether to play)"?

A. lontano B. ad libitum (ad lib.) C. mesto D. incalzando

Answer: ad libitum (ad lib.). ad libitum (ad lib.) means "at the performer's choice (tempo or whether to play)".

3. What does this mean?

lamentoso

A. muted (German) B. bow near the bridge C. lamenting D. lively (German)

Answer: lamenting. lamentoso means "lamenting".

4. What does this mean?

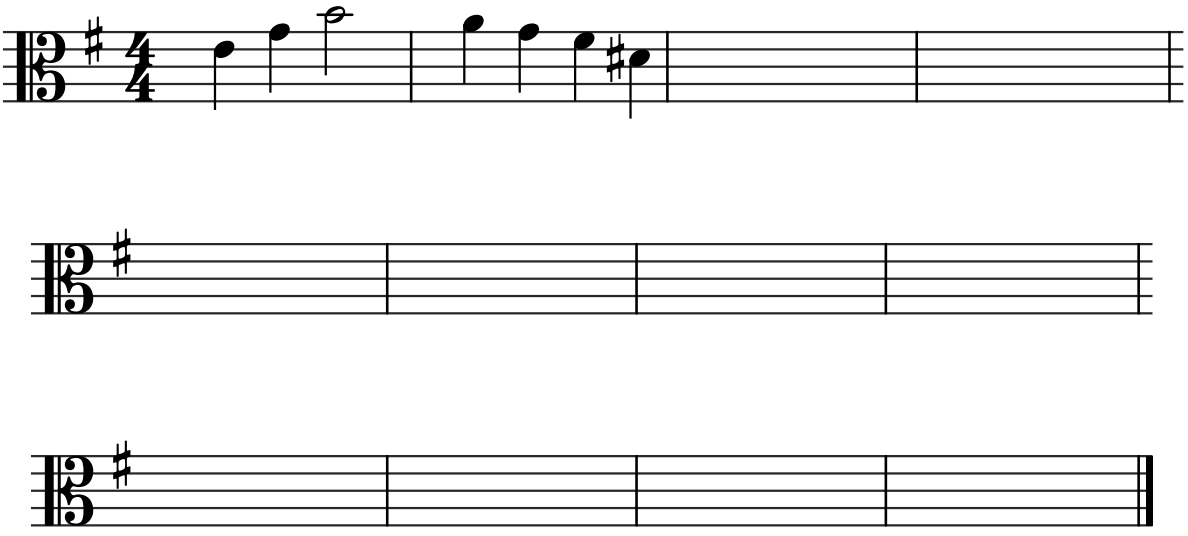

sehr

A. very (German) B. freely, at the performer's pleasure C. back to the original speed (French) D. without vibrato

Answer: very (German). sehr means "very (German)".

TODAY'S COMPOSITION TASK

Continue this opening for viola to at least 12 bars (E minor).

viola range: C3 upwards (comfortably up to about E5).

One model answer (for Mum)

Adagio

1. Bars 1–4: the opening and a rise to B over the dominant (an imperfect cadence).
2. Bars 5–8: D♮ instead of D♯ points to G major, the relative major, with a cadence on G in bar 7.
3. Bars 9–12: D♯ returns; the last phrase climbs to C, then the leading note rises to E.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)
4. A modulation to a related key with the right accidental, then a clear return
5. One high point, a good balance of steps and leaps, a strong ending on the tonic
6. Written for the instrument: range, breathing or bowing, idiomatic figures
7. Tempo, dynamics with changes, phrasing and articulation

4 · ON HIS OWN (12 MIN)

- Compose (Grade 8): a full task, with directions.

His worksheet is on the next page (answers at the end).

5 · GAME (3 MIN)

Question 3: continue an opening to at least 12 bars.

2

To the dominant: sharpen the 4th (F♯ in C), cadence on G.

3

Sequence: repeat the idea higher or lower.

4

Strings: slurs show bowing. Violin from G3, viola from C3, cello from C2.

5

Tempo at the start.

3 · DO TOGETHER (10 MIN)

- A full question 3 from the lesson pack, timed at 35 minutes, marked with the checklist.

Four questions to work through together

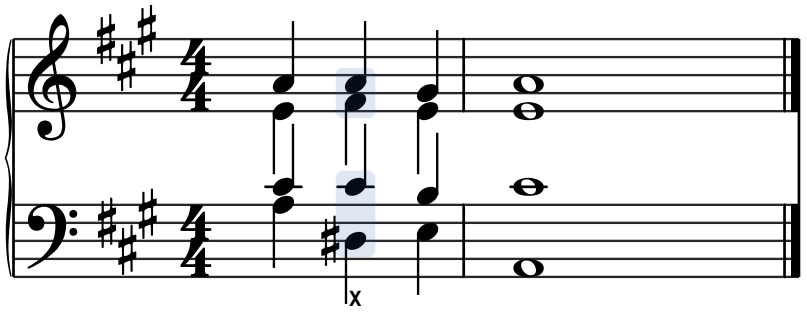

1. What does this mean?

quasi

A. hurrying B. hesitating, slowing (German) C. as if, almost D. hurry (French)

Answer: as if, almost. quasi means "as if, almost".

2. This passage is in A major. What kind of chord is X?

A. a secondary dominant (dominant 7th of IV)
B. a German augmented 6th
C. a secondary dominant (dominant 7th of V)
D. an Italian augmented 6th

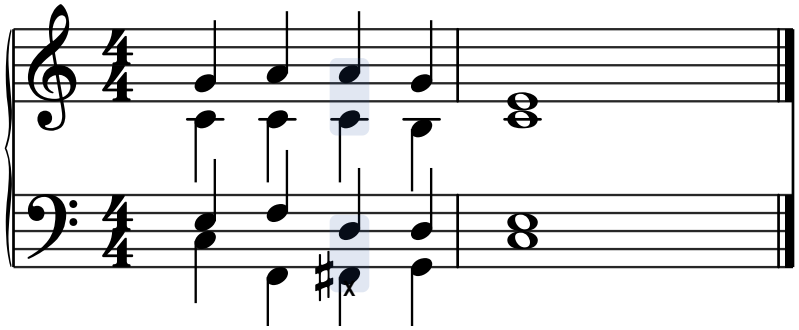

Answer: a secondary dominant (dominant 7th of V). X is D♯–F♯–A–C♯ (VII7/V): a secondary dominant (dominant 7th of V).

3. Which term means "distant"?

A. lusingando
B. con slancio
C. lontano
D. tranquillo

Answer: lontano. lontano means "distant".

4. This passage is in C major. What kind of chord is X?

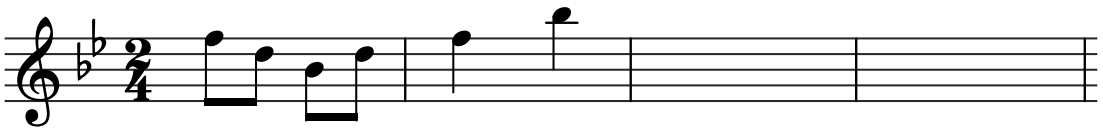

A. a German augmented 6th
B. a secondary dominant (dominant 7th of V)
C. a Neapolitan 6th
D. a diminished 7th

Answer: a secondary dominant (dominant 7th of V). X is D–F♯–A–C (V7b/V): a secondary dominant (dominant 7th of V).

TODAY'S COMPOSITION TASK

Continue this opening for violin to at least 12 bars (B♭ major).

violin range: G3 upwards (comfortably up to about E6).

One model answer (for Mum)

Vivace

1. Bars 1–4: the lively opening and a scale falling to C (an imperfect cadence).
2. Bars 5–8: E♮ takes the music to F major, the dominant, cadencing on F in bar 8.
3. Bars 9–12: E♭ returns; the last phrase ends with A, the leading note, rising to B♭.

Checklist:

1. At least 12 bars, every bar the right length
2. Clear phrases (often 4 + 4 + 4) with cadences at the ends
3. The opening idea comes back, varied or developed (sequence, inversion, new rhythm)

D. back to the original speed (French)

8. This passage is in A major. What kind of chord is X?

A. a secondary dominant (dominant 7th of V)
B. a German augmented 6th
C. a diminished 7th
D. a secondary dominant (dominant 7th of IV)

ANSWERS (FOR MUM)

1. **A: at half voice, restrained**. mezza voce means "at half voice, restrained".
2. **A: Ger6**. X is D–F♯–A–B♯: Ger6, a German augmented 6th. Its augmented 6th (between the bass and the ♯4) opens out to the octave on the dominant.
3. **B: pressez**. pressez means "hurry (French)".
4. **A: V7/V**. X is C–E–G–B♭: V7/V, a secondary dominant (dominant 7th of V). It is V7 of the key of V, so its leading note (E) rises to the root of V.
5. **B: lusingando**. lusingando means "coaxing, caressing".
6. **C: a secondary dominant (dominant of V)**. X is B–D♯–F♯ (V/V): a secondary dominant (dominant of V).
7. **C: getting quicker and louder**. incalzando means "getting quicker and louder".
8. **A: a secondary dominant (dominant 7th of V)**. X is D♯–F♯–A–C♯ (VII7/V): a secondary dominant (dominant 7th of V).
